HALL'S
Vegetable Sicilian Hair Renewer
Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard, and to those who have never used it we can confidently say, that it is the only reliable and perfected preparation to restore **GRAY OR FADED HAIR** *to its youthful color, making it soft, lustrous, and silken; the scalp, by its use, becomes white and clean; it removes all eruptions and dandruff, and by its tonic properties prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use the hair grows thicker and stronger. In baldness it restores the capillary glands to their normal vigor, and will create a new growth except in extreme old age. It is the most economical* **HAIR DRESSING** *ever used, as it requires fewer applications, and gives the hair that splendid glossy appearance so much admired by all. A. A. Hayes, M.D., State Assayer of Mass., says, "the constituents are pure and carefully selected for excellent quality, and I consider it the* **BEST PREPARATION** *for its intended purposes." We publish a treatise on the hair, which we send free by mail upon application, which contains commendatory notices from clergymen, physicians, the press, and others. We have made the study of the hair and its diseases a specialty for years, and know that we make the most effective preparation for the restoration and the preservation of the hair, extant, and so acknowledged by the best Medical and Chemical Authority.*

MEMENTO MORI

(Written by Charles Sangster on a late bereavement in Mr. R. McColl's family.)

Love ribbon tied to the crape on the door,
One of Christ's little ones gone to its rest;
Stretching white hands from the farthermost shore,
Drawing us on to the place of the blest.

Daily we follow wherever it leads,
Leaving the world and its follies behind;
Precious the glimpses of flowery meads,
Precious the vistas to eyes that were blind.

No looking back, well assured that afar
Earth is receding and He draweth nigh,
Flashing a welcome through planet and star,
Lighting our way through the uttermost sky.

No looking back, for the tender white hands
Bear us aloft to the far-gleaming goal;
Day after day the new region expands,
Lo, we are changing to spirit and soul.

Whither away, little wandering feet,
Climbing the space with a rapture divine
Whither? where'er be thy final retreat,
Humbly we tread in those foot-prints of thine.

Ay, Brother Bard, of a surety we know
These are God's couriers leading the way;
Heralds whose souls are as white as the snow,
Lights to our feet that we go not astray.

Stretching white hands from the farthermost shore,
One of Christ's little ones gone to its rest,
Smilingly points to the wide-open door
Whence we can enter the place of the blest.

CHAS. SANGSTER.

The Arabic language is the spoken tongue of 60,000,000, and the sacred language of 120,000,000, of Moslems. The entire Bible has been translated into it, and is now issued in many editions.

There was dismay in a Chicago police court the other day, when a woman whom the coroner has pronounced dead from excessive use of intoxicating liquors walked up and plead guilty to a charge for drunkenness and vagrancy.

We advise our lady readers, when they get their lamp glasses, to put them into a kettle of cold water; set the kettle on the stove until it boils; then take the kettle off, allowing the glasses to remain in the water until it is cold; and they won't hear the "crack! crack!! crack!!!" so often."

The population of the British Empire including the colonies, did not exceed 12,000,000 in 1760, when the Third George became King. At the present time the populations in both the Old and New Worlds which speak the English language may be considered to far exceed 60,000,000.

The address nuisance on the recovery of the Prince of Wales will probably be succeeded says the London *Musical World*, by the weakest poetical and musical compositions in honor of the occasion. We have a foretaste of what we may expect by the advertisements in the daily papers. See for example—"The Prince of Wales' Recovery Polka. Dedicated to the royal nurses and physicians. By Blanch Belgravia."

An English publisher says that the circulation of Tennyson's Poems is larger in America than in England, and Longfellow's larger in England than America, so that it would seem that it is, in a measure, with poets as with prophets—they do best outside "their own country."

PRICES IN MANITOBA.—Butter is 37c; milk, 12½c per qt. and in several instances 9c per lb. in cakes; Canadian cheese, 30c to 50c; wheat $1 to $1.25; oats, none for sale; peas none; barley, $1 to $1.25; cows, $50 to $60; horses, $100 to $200; wood, $1.25 to $1.75 for an ox sled load. I think if cut and corded, it would be from $4 to $5 per cord, and mostly poplar. Sometimes green oak can be had, and green poplar is plentiful, but good, dry poplar wood is very scarce. Hay, $5 for an ox sled load, or about $20 per ton, and very scarce even at that; about five sled loads are considered sufficient for a cow during the winter. During the month of January a large quantity of goods arrived by sleds and sleighs from Breckenridge, and according to the Customs reports the duty collected was $941 28; value of goods, $12,755 78. Part of the goods was coal oil, which the importer bought in Minnesota for 35c, and sold here for from $2 to $2.25 per gallon. Retail price $2.50 to $3. Flour $3.75 to $4.25.

The number of stars visible to the naked eye, in the entire circuit of the heavens, has been usually estimated at about 6,000; an ordinary opera-glass will exhibit something like ten times than number; a comparatively small telescope easily shows 200,000 while there are telescopes in existence with which, there is reason to believe, not less than 25,000,000 stars are visible.

A piano filled with gold and silver watches, jewellery, cloth, linen, etc, was seized at Castle Garden, New York, on Saturday. It was the property of a steerage passenger.

A True Balsam.—Dr. Wistar's Balsam of Wild Cherry is truly a balsam. It contains the balsamic principle of the Wild Cherry, the balsamic properties of tar and of pine. Its ingredients are all balsamic. Coughs, Colds, Sore Throat, Bronchitis, and Consumption speedily disappear under its balsamic influence.

The crown of womanly beauty is an elegant *coiffure*. As this cannot be obtained without the use of some Hair Gloss or fixateur, even by the most skilful *artiste*, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age. *Coco-Glycerine*, which nourishes and beautifies the Hair, is delightfully perfumed, *and leaves no stain on the gentlemen's waistcoats.* Ask for *Coco-Glycerine*. 14

☞ After war, pestilence and intemperance—colds lead to the greatest destruction of human life, mainly, because it is considered by many to be of no consequence and hence systematically neglected, until a simple, curable disease, is converted into a fatal pulmonary one. Everyone troubled with what is called a slight cold or cough, should immediately use Bryan's Pulmonic Wafers—they allay irritation at once, and exert a most benefical influence on all the Bronchial and pulmonary organs. Sold by all druggists and country dealers. Price 25 cts. per box.

It is a rare thing that physicians give any countenance to a medicine, the manufacture of which is a secret. About the only exception we know of is Johnson's Anodyne Liniment. This, we believe, all endorse, and many of them use it in their practice with great success.

Persons requiring purgative pills should be careful what they buy. Some pills not only cause griping pains, but leave the bowels in a torpid, costive state. Parsons' Purgative Pills will relieve the bowels and cleanse the blood without injury to the system.

A Good Horse.—There is much pleasure and profit in a good horse, and but very little of either in a bad one; no person from choice will retain a bad horse, many, however, are in possession of such, who need not be. We think there are few horses so bad but that their condition can be improved and rendered more valuable and useful for their owners, to effect which there is nothing equal to Darley's Condition Powders and Arabian Heave Remedy; it has effected astonishing results in thousands of cases. Remember the name, and see that the signature of Hord & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

The great superiority of Dr. Wheeler's Compound Elixir of Phosphates and Calisaya over all other remedies consists in its being purely physiological in its action, being composed only of ingredients that enter into the formation of the system, and in such carefully adjusted proportions as are readily absorbed and assimilated. It supplies the waste constantly going on from the decomposition of tissues, as the result of mental and physical exertion, and prevents nervous prostration and general debility. For building up constitutions of low vitality, depending upon hereditary influences or irregular habits, is has no equal, as it immediately imparts energy to the organs of nutrition, and creates healthy blood. Its tonic, vitalizing power is felt at once, and it builds up diseased structures radically in the same manner as our daily food, with no liability of relapse. Sold by all druggists at $1.
