TOWN AND COUNTRY.

SATURDAY EVENING, MARCH 30, 1872

☞ *SEE FIRST PAGE.*

THE SNOW BY-LAW has been lain upon the shelf. There is no more use for it.

SEE First page for Napanee Temperance Lecture, Bath Excitement, &c.

THE SLEIGHING in the city is exhausted.

TO-MORROW is Easter Sunday, but the bills like "the printers have struck, for 25 cts. a doz. for eggs.

OLD WINTER is holding his own bravely while March lasts. On Thursday night we had a fall of "sugar" snow.

POLICE COURT, Friday.—Good Friday was recognized as a Holiday in this court, according to ancient custom.

Mr. James Clark, (God willing) will preach in the City Hall to-morrow (Sunday) at 2:30 p.m. and in the Good Templar's Hall in the evening at 6:30.

SINGULAR.—That with the ice the thickest of the year, a horse should get into the water yesterday. The animal was saved.

THE ENGLISH MAIL per the *Prussian* was delivered yesterday. We thank Mr. Ferguson and other gentlemen for late English and Scottish papers.

THE DRY GOODS SALES.—The sale by Mr. McMillan of the balance of the stock of the late Mr. Davis, opened this morning, and was attended by a crowd. The goods are selling cheap.

MAJOR PHILLIPS visited Picton this week on a tour of inspection. He took to the ice at Kingston, and drove to Picton without leaving it. Something remarkable for this time of year.

A SAD CASE.—A boy living on William street, about ten years of age, was made drunk with liquor the other day, and brought home in an insensible state. It required the assistance of a medical gentleman to bring him to. The case excited much indignation.

INFANTRY SCHOOL.—The following cadets passed successful examinations for second class certificates on the 28th instant, before Lt.-Col. Jarvis, Commandant of the Infantry School:—D. J. Milsap, Odessa; G. H. Case, Colborne; and John Robertson, Madoc.

POLICE COURT, Fridsy.—Archibald Buchanan kept yesterday's holiday in fasting and prayer. He was in the cells all day, and so was Adeline Miller,—both for being drunk. They were committed for 30 days. Alfred Prowes, drunk, was fined $2 and costs.

THE HARBOR NUISANCE.—A man was summonsed up to-day at the Police Court for depositing nuisance on the ice. He, however, was penitent, removed the nuisance, and the case dropped. We hope such vigilance of the health officers will last.

A GREAT MARKET.—To-day's was a great Easter Market. The square was filled, and more than filled, with sleighs, and the meat displayed was of the very best quality. Kingston has the best markets in the province, and they would be better if we had "Free Roads and No Tolls."

MARINE.—Mr. Shickluna, of St. Catharines, is building a 90 ton yacht, for a Toronto Merchant. The Schooner Garibaldi, belonging to the Wallace Bros., is being rebuilt at Port Hope. The Str. Picton is to resume her trips on the opening of navigation between Belleville and Oswego, making three trips a week, instead of two, as formerly.

It is a matter of singular remark that witnesses in the Palmatier murder case who at the first trial freely identified the prisoner, and did so in the most carefull, deliberate manner, could not swear to their identity yesterday. It is sad to think of this growing want of memory in a community.

CONCERT AND READINGS.—The Concert and Readings advertised for Tuesday evening, at the School House, Barriefield, for the benefit of St. Mark's Church organ fund and Library, will take place on Friday evening next. Major Geraghty, Professor Smith, Mr. Parnell, and several other gentlemen and ladies have promised to take part. There are a large number of tickets sold, and a crowded house may be expected.

GOOD FRIDAY.—Yesterday was, of course, unexceptionally observed as a public holiday. The stores and all business places were closed, hot cross bun factories excepted. Only the Assize Court was open, and there numbers, in the absence of other attractions, congregated. There was, however, little interest felt in the cases. The weather was very fine, and walking was much indulged in, and the streets were full of life. The Anglican Churches called together the usual number of worshippers, and St. Mary's Cathedral was filled at all the services. Service was held in Queen street Wesleyan Church. The Rev. J. R. Sanderson preached a sermon appropriate to the day. In the evening the Easter Markets were visited by hundreds of people, and the shambles was a scene of great crowding and crushing. There were no cases of disorderly conduct on the street during the day or last night, so far as reported.

KINGSTON BOARD OF TRADE.

ENCOURAGEMENT TO MANUFACTURERS.

A special meeting of the Board of Trade was held in the Council Chamber on Tuesday evening, to receive the Report of the Committee appointed to receive suggestions for the encouraging of manufactures, and for the general interests of this city. Among those present were Messrs. A. Livingston, President; James Shannon, Secretary; Wm. Robinson, M.P.P., Geo. M. Kinghorn, Neil McNeil, Jno. Fraser, Capt. Middleton, M. Gage, R. M. Rose, Capt. Putnam, Geo. Offord, R. M. Ford, Wm. Ford, John Mucklestor, W. B. Simpson, Edwin Chown, W. Stewart, Geo. Oldreive, J. Wilson, W. R. McRae, Geo. W. Andrews, Jas. Moore, S. P. White, J. G. Tandy, and J. Shiels.

The committee reported that a number of schemes had been submitted to them for consideration, from Messrs. Offord, Fraser, Simpson, Rose, Carruthers, Power, Harty, and others. These were read separately by the Secretary, and some discussion took place on the merits of each; the principle contained in the greater number of them being approved by the meeting. They all recommend the encouragement of manufacturers in some way or other—the leading feature being exemption from taxation. Another idea suggested was the granting of bonuses to new manufactures, upon certain conditions. Mr. Carruthers' scheme recommended the erection of a large building for central power, with one or more engines which could be used for different branches of manufacture. Mr. Kinghorn and Mr. H. Cunningham were opposed to the granting of bonuses, as the city had quite as much to bear as it was well able to stand. They were willing, however, to encourage new manufactures by exemption from taxation. Mr. Wm. Robinson pointed out the fact, that Kingston was better off, financially, than any other city in the Province. He deprecated the habit of running down the credit of the city. Mr. Wm. Harty thought that bonuses given to the encouragement of manufactures would be better spent money than in giving it to railroads, and quoted several cases to prove his statement. Mr. Simpson and others spoke of the want of facilities for shipping goods on the part of the Grand Trunk Railway Company, and of the large rates charged for carriage. Kingston is dealt unfairly with in this matter. Messrs. Chown, McNeil, Fraser, Tandy, Power, W. Ford, Rose, Offord and White took part in the discussions on the different schemes submitted. It was the unanimous opinion of all the gentlemen present that the time had arrived when something should be done to encourage manufacturers to come to Kingston. It was felt that the city had not a good name elsewhere, and an effort, in some way, must be made to shew that Kingston can offer as many inducements as any other place. The schemes submitted to the meeting will all be reconsidered, when a decided policy will be arrived at. The Council of the Board of Trade will then present the same to the City Council for its consideration.

The Report of the Committee on Harbor Improvements was read, which will form the subject of discussion at a subsequent meeting of the Board.

MR. CARRUTHERS' REPORT.

In order to attract manufacturers to this city I would suggest that a large and suitable building be erected in some convenient locality, where a powerful engine or engines could be placed with proper shafting running through the whole structure. This could be carried out by a Joint Stock Company, who should be free from taxation for ten years. The power would be let out as required, and no doubt many manufacturers of moderate means would be glad to avail themselves of this arrangement. They also should be free from taxation for ten years, where they do not interfere with any manufactories now established, but in case they do come in competition both should be placed on the same footing.

I would also adopt the proposition of Mr. Powers, viz., of exempting manufactures of a certain class and standard from taxation for ten years, where they do not come in competition with those already established.

This city, from its central position, has great facilities for shipping and receiving, viz.:—

By In. Navigation Co.'s Lines of Express steamers, east and west.

By propellers plying to upper lakes and river ports.

By Cape Vincent and Clayton steamers.

By Bay of Quinte steamers.

By Rideau Canal steamers and barges.

And by the many sail vessels to and from all Ontario and Western lake ports, thus ensuring cheap freights to all parts.

For receiving, our position is unsurpassed, by the several lines of barges plying between this port, Montreal and Quebec, which will enable manufacturers to get their raw materials at low rates of freight.

And in addition to the above means of communication, we have the Grand Trunk Railway, with its depot located in the centre of the city, where goods can be received or shipped daily.

We are in a good position for getting supplies of all kinds of wood for manufacturing purposes, and for fuel, which, no doubt, will be benefitted by the building of the K. & P. RR.

We have a large number of youths in the city who would be available for factories, at moderate wages, as they now have to seek employment abroad. And in such establishments where girls can be employed, a good many can be secured from the city and county.

Our markets for necessaries of housekeeping are well supplied by farmers' conveyances, and steamers during the season of navigation, from Rideau Canal, Bay of Quinte, and the neighbouring islands.

These advantages, I think, should induce manufacturers to locate here.

Riel and Lepine.

It is reported from Manitoba that Governor Archibald's Government has really furnished Riel and Lepine, the murderers of Scott, with an abundant supply of money to get them out of the Province; and that Mr. McKay, the brother of Mr. Archibald, President of the Council, escorted the two scoundrels to St. Paul, in the United States. This has been done, it is said, to prevent the arrest of these fugitives from justice under the Proclamation of the Government of Ontario, offering a reward of $5,000 for their arrest and trial, and to prevent the Local Government of Manitoba from being involved in political trouble. Well, if the villains have been permanently driven from the country, by the influence of the proclamation, one good result has been achieved, if no more.

Why is the sleighing of the present time like a woman's tongue? Because its going lively.

AUCTION SALE

—OF—

DRY GOODS.
