TUESDAY EVENING, APRIL 16, 1872.

"Knock and it Shall be Opened."

Her hand was on the golden gate,
She paused upon the golden stair,
A crouching from rose up; "Too late;
They sleep within the golden gate,
The hour is passed. Beware!"

"O fright me not!" in pain she cried,
"Within they sleep not, day nor night,"
"And did they thus thy hope deride,"
The voice that frightened her replied,
"And mock thy piteous plight!"

"O Christ!" she sighed; "I came this way
To see if still Thy heart was made
A shelter for the cast-away!
My debt with tears I thought to pay."
"Too Late!"—the voice beside her said.

But One across the threshold came,
At sight of whom the tempter fled;
And—"Fear me not, I am the same!"
And on His heart she read the name
That gave what she had forfeited!

EDITOR'S TABLE—NO. 534.

The International Railway and Steam Navigation Guide. Montreal: C. R. Chisholm & Co. 10 c.

The Canadian Illustrated News for April 6th and 13th.

This national illustrated is improving rapidly, and is growing in popularity.

Bow Bells for April. This number is sent us by Mr. Henderson, Princess street. It is very popular with the ladies.

Wedding Bells for April.

Also supplied by Mr. Henderson. Like "Bow Bells," is a lady's favorite, full of enticing tales, beautiful illustrations, music, fashion plates, etc.

The Canada Lancet for April. J. Fulton, M.D., Toronto. $3 a year.

The American Journalist and Advertiser's Index for April. Coe, Wetherill & Co., Philadelphia.

Appleton's Journal for April 10. New York: D. Appleton & Co.

"Appleton is rapidly coming to the front among American magazines. Its illustrations are excellent, its tales well told, while its heavier matter is both interesting and instructive.

First Annual Report of the Ontario Institution for the Deaf and Dumb. Toronto: Hunter Rose & Co., a Blue Book of pp. 44.

Our Young Folks Illustrated Paper. E. C. Allen & Co., Augusta, Me. $1 a year.

The Land Owner for April. $1 a year. J. M. Wing & Co., Chicago. This elegantly illustrated paper is a Chicago novelty. Devoted to the interests of Real Estate Operators it is superbly illustrated with cuts of new buildings recently erected or in course of erection in Chicago. Nothing can convey a more vivid idea of the recuperative powers of the burnt city than a glance at the pages of this publication. It is kindly sent by a Kingstonian Mr. J. J. Linton, who is making a good position for himself in the Queen City.

Godey's Lady's Book for May. Philadelphia: L. A. Godey. $3.

We have so often spoken in favorable terms of this magazine that we find it difficult to add anything new, except we consider it in all its departments to be the best of the ladies' monthlies.

Ballou's Magazine for May. Thomas & Talbot.

A capital number filled with good stories, choice poetry and some excellent cuts. We know of no magazine that will compare with this for real worth when the price is taken into consideration.

The Newspaper Reporter for April 8. Geo. P. Rowell & Co., N. Y.

Harpers' Bazar for April 20. Harper Bros., N. Y. 10c.

Harpers' Weekly for April 20. Harper Bros., N. Y.

Saturday Evening Post for April 13. H. Peterson & Co., Philadelphia. 8c.

The Canadian Monthly for April. Toronto: Adam, Stevenson & Co.

Our national magazine maintains the high character of its first numbers. We are glad to have the assurance of the publisher that its permanent publication is guaranteed.

The Leisure Hour for April. 15c.

We have received the April number of this widely read periodical from Mr. Henderson, Princess street. The number is an average one, which is a sufficient guarantee that its contents are both instructive and interesting. Lofty in tone, eschewing sensationalism, but not neglecting healthy fiction, it is a genuine favorite in the family circle.

The Sunday at Home for April, Kingston: John Henderson. 15 cts.

Published by the same Society as that which prints the *Leisure Hour*, the same lofty aim is kept in view. Those who wish a healthy religious periodical devoid of sickly sentimentality should subscribe to *The Sunday at Home*.

Kingston and Pembroke Railway.

(To the Editor of the BRITISH WHIG.)

Mr. P. W. Nash, the Chief Engineer of this Road, is now here. He is making an examination of the passes through the hills to the east of the surveyed lines, to see how far it could be straightened and shortened. He also made an examination of the passes at Bottle Lake, in the south angle of this Township. Also, an examination of the iron ore deposit in that vicinity. He is in consultation with A. Browning and W. Gibson, and other experienced men, respecting the passes through the hills, and appears to be making a very careful study of the engineering difficulties in the direction of the line in this Township.

Robinson's Lake, Levant, April 10.

Attacked Again.—The Baron de Camin, who was mobbed in Ogdensburg a few months ago, has been assaulted and battered and kicked by the foreman of a clothing shop in Rochester, to whom the baron presented a bill for medicines delivered to the said foreman's son. The foreman said he had forbidden the baron to trust the boy. A magistrate before whom the case was brought, dismissed it.

CANADA.

—There are no less than fifty Government surveying parties in Manitoba, and the territory contiguous to it.

—The Montreal Nine Hours League have voted their sympathy, and $200 to the Toronto Bookbinders at present on strike.

—The Montreal Provident Fuel Association gives notice that it will apply for Incorporation under the Joint Stock Companies' Act.

—The *Seneca* leaves England shortly to carry the 87th Royal Irish Fusileers from Malta to Halifax, and take the 61st Regiment to England.

—Messrs. R. J. Reekie, A. W. Ogilvie and others will apply for a charter for a railway from Lake Nipissing westward through Fort Garry to British Columbia.

—Barnum has chartered seventy-five cars to transport his great show on its tour through the country. It is expected that he will visit the chief towns of the Dominion.

—The following article has been transferred to the list of goods which may be imported into Canada free, of duty—Three, four and six ply white and coloured unfinished cotton thread in hanks, not under No. twenty yard.

—Messrs. J. D. Noble, of Petrolea, and H. E. Parsons, of Toronto, are to Ottawa, representing the oil interests of Canada, to confer with the Government respecting the mode of collecting the present revenue tax on oil. They urge an inspector in place of the present excise arrangement.

Mormon Madness

Salt Lake City, April 12.—A correspondent at Beaver reports a most shameful speech delivered at that place a few days ago, by Elder A. M. Musser, Mormon telegraph superintendent. The speaker said that rather than surrender one single principle of their religion, the Mormons would make a Moscow of Salt Lake City, tearing up railroads, breaking down telegraph lines and destroying millions of other property. He spoke of Judge McKean as a dried up corrupt old dog, and of the President as Useless Grant, stigmatizing him and others as a corrupt set. He also included the President's wife in his outrageous attacks.

Caution! In our changeable climate coughs, colds, and diseases of the throat, lungs and chest will always prevail. Cruel consumption will claim its victims. These diseases, if attended to in time, can be arrested and cured. The remedy is Dr. Wistar's Balsam of Wild Cherry.

The crown of womanly beauty is an elegant *coiffure*. As this cannot be obtained without the use of some Hair Glaze or fixateur, even by the most skilful *artiste*, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age. *Coco-Glycerine*, which nourishes and beautifies the Hair, is delightfully perfumed, *and leaves no stain on the gentlemen's waistcoats.* Ask for *Coco-Glycerine*. 14

☞ Coughs and colds, when left to themselves, frequently bring on pulmonary complaints, which lead to that distressing and fatal disease, consumption; but if attended to in time, "Bryan's Pulmonic Wafers" are a certain remedy. They stop the irritating cough, and soothe and strengthen the bronchial tubes, allaying all irritations and inflammation. They are also particularly adapted for the use of singers and public speakers. Sold by all Druggists and country dealers. Price 25 cents per box.

Veterinary Surgeons all over the country are recommending Sheridan's Cavalry Condition Powders for the following troubles in horses:—Loss of appetite, roughness of the hair, stoppage of bowels or water, thick water, coughs and colds, swelling of the glands, worms, horse ail, thickwind and heaves.

A friend of ours who is chief clerk in the Governmental Dispensary, says no medicine chest is now complete without Johnson's Anodyne Liniment. We always suppose it was prescribed by law; if it is not, it ought to be, for certainly there is nothing in the whole materia medica of so much importance to the soldier and the sailor as Johnson's Anodyne Liniment.

How to make Money.—A horse dealer residing in the vicinity of Keyport, N.J., and who buys up horses for the New York market, purchases 'Darley's Condition Powders and Arabian Heave Remedy' by the dozen and feeds it to his horses; he he says it is superior to anything that he has ever used as a condition medicine, that the horses are so much more improved by its use as to sell more readily and command higher prices. Two other horse dealers, one residing at Huntingdon, the other at Glen Cove, L.I., also purchase it by the dozen and for the same purpose; these men, as well as many others similarly engaged, know too well the value and importance of this medicine ever to be without it.—Remember the name, and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

DR. WHEELER'S
Compound Elixir of Phosphates & Calisaya.
There is no diseased condition of the body in which Dr. Wheeler's Compound Elixir of Phosphates and Calisaya, may not be used with positive benefit. Being a Chemical Food and Nutritive Tonic, it acts physiologically in the same manner as our diet. It perfects Digestion, Assimilation, and the formation of healthy blood. It sustains the vital force by supplying the waste constantly going on, of nerve and muscle, as the result of mental and physical exertion, enabling mind and body to undergo great labor without fatigue. Its action in building up constitutions broken down with Wasting Chronic Diseases, by fast living and bad habits is truly extraordinary, its effect being immediate in energizing all the organs of the body. Phosphates being absolutely essential to cell formation and the growth of tissues, must for all time be Nature's great restorative and vitalizer. Sold by all druggists at $1.
