OUR BUDGET.

—Helmbold, the mighty quack, is insolvent.

—Dolly Varden sausage is a drug in the market.

—The strike of cartmen in Liverpool continues.

—Mille, Christina Nilsson sails to-day for Europe.

—The Baptists of Canada intend to issue a hymn-book.

—Father Gavazzi is preaching to large audiences in New York.

—Justin McCarthy calls Charles Reade a second-class novelist.

—Paris orchestra leaders are conspiring together to abolish the drum.

—Ottawa Ministers are dining their supporters at Saturday night re-unions.

—The small-pox is on the increase in Three Rivers. Fifty-two cases were reported.

—The South have green peas, ripe tomatoes, strawberries and new potatoes. Oh!

—The Misses Lafontaine, daughters of the Judge, were thrown from their carriage and much injured.

—There is a new thing under the sun: New York streets are being vigorously cleaned.

—Throughout the United States a vigorous assult is being made on obscene pictures and impure periodicals.

—The general elections for the House of Commons of Canada, will be held in September next. Wrong, Mr. *Mercury*.

—An exchange prints a chapter of the Bible without credit. How on earth are publishers to know where it came from?

—The Ritualists can't decide whether an ecclesiastical star has five or six points. We hope they will do nothing rash in the matter.

—David Barringer, from Brighton, Ont., was married to Catherine A. Matson, in the Michigan Central Railway Depot, Detroit, last week.

—Mr. John Dowsley, who has been for twenty years Assistant Postmaster at Prescott, has been appointed Postmaster, in room of Dr. Browne, resigned.

—The Wesleyan Conference meets at Montreal on the first Monday in June. Montreal is this year also the meeting-place of the Congregational Union.

—The Town Council of Guelph have adopted a resolution exempting from taxation for five years any person or firm who starts a manufactory within the Corporation.

—The Bostonians have decided to spend $22,500 for fireworks, music, regatta, childrens' entertainments, and estables and drinkables for its celebration on the Fourth of July.

—If a person "faints," place him on his back and let him alone; he wants arterial blood to the head; and it is easier for the heart to throw it there in a horizontal line than perpendicularly.

—The Internationals are in extremely bad odour in Europe at present. Even republican France will have none of them, and as fast as Thiers can lay hold of them he packs off the unfortunate theorists to the nearest jail.

—Duelling will be apt to go out of fashion in France if Thiers remains in power long. A couple of foreign Princes recently fought a duel there, in which one was thereupon arrested, tried, found guilty, and imprisoned for fifteen days.

—The Rev. Robert Moffat, the African missionary, who has himself been 1,500 miles into the interior of Africa, considers that his son-in-law, Dr. Livingstone, is safe, and is staying at the headquarters of some chief until he receives aid from home.

—In a recent interview with some travelling Americans, the Pope is reported to have said that if he should ever leave Rome he would be glad to take up his residence in New York, because no city in the world contains more earnest Catholics or those more devoted to the highest and best interests of the church.

—A gratifying proof to the extent to which civilization has spread in the Southern Pacific, is afforded by the fact that the King of Fiji, Thakomban by name, recently sent his Prime Minister to negociate a loan on the Stock Exchange of Sydney. The attempt, however, proved a failure, and it is to be feared that Thakomban will think civilization is not of much use, after all.

PRESENTATION TO DR. MOSTYN.—Lately, a number of the leading men of the North Lanark Agricultural Society assembled at the residence of Dr. Mostyn, Almonte, and presented him with a valuable Ormula clock, silver tray and gold-headed cane. The articles cost two hundred dollars. The presentation was made by the Vice-President; with a very complimentary address. After spending a pleasant evening the company dispersed, expressing unanimously the wish that the Doctor might long live to occupy the honourable position of President of the North Lanark Agricultural Society. Dr. Mostyn is a son of Thomas Mostyn, Esq., of this city, and is very popular in Almonte. His name has been mentioned in connection with the representation of North Lanark.

British enterprise is already anticipating the day when the Canadian Pacific Railway will be an accomplished fact. It is stated that a steamship company is being organized, with a capital of £750,000, to run a line of ocean steamships between British Columbia and China. Some day the trade of Asia will pass along the valley of the Saskatchewan.

One or two bottles cures bad cases of PILES and KILNEY TROUBLES. Six to eight applications cure ANY CASE OF EXCORIATED NIPPLES or INFLAMED BREAST. One bottle has cured LAME BACK of eight years standing. Daniel Plank, of Brookfield, Lloga County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a WONDERFUL CURE of a CROOKED LIMB by six applications." Another, who has had ASTHMA for years, says: "I have half of a 50 cent bottle left, and $100 would not buy it if I could get no more."

Rufus Robinson, of Nanda, N. Y., writes: "One small bottle of your ECLECTRIC OIL restored the voice where the person had not spoken above a whisper in FIVE YEARS." "Rev. J. Mallory, of Wyoming writes: "Your ECLECTRIC OIL cured me of Bronchitis in ONE WEEK." Dealers all over the country say: "We have never sold a medicine that has given such complete satisfaction as this."

HALL'S

Vegetable Sicilian Hair Renewer

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard, and to those who have never used it we can confidently say, that it is the only reliable and perfected preparation to restore **GRAY OR FADED HAIR** *to its youthful color, making it soft, lustrous, and silken; the scalp, by its use, becomes white and clean; it removes all eruptions and dandruff, and by its tonic properties prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use the hair grows thicker and stronger. In baldness it restores the capillary glands to their normal vigor, and will create a new growth except in extreme old age! It is the most economical* **HAIR DRESSING** *ever used, as it requires fewer applications, and gives the hair that splendid glossy appearance so much admired by all. A. A. Hayes, M.D., State Assayer of Mass., says, "the constituents are pure and carefully selected for excellent quality, and I consider it the* **BEST PREPARATION** *for its intended purposes." We publish a treatise on the hair, which we send free by mail upon application, which contains commendatory notices from clergymen, physicians, the press, and others. We have made the study of the hair and its diseases a specialty for years, and know that we make the most effective preparation for the restoration and the preservation of the hair, extant, and so acknowledged by the best Medical and Chemical Authority.*
