## TOWN AND COUNTRY.

FRIDAY EVENG, MAY 17, 1872.

☞ *SEE FIRST AND FOURTH PAGES.*

MONTREAL, May 17.—The Corinthian arrived out to-day.

THE Mayor of Belleville has issued his Proclamation for a general holiday on the Queen's Birth Day. Is Kingston going to be loyal?

ONE of Mr. Berry's ships, built at Portsmouth in 1867, sold in Liverpool the other day for £3,525. The *Ottawa* was the vessel.

THE United States mails now close at 1 p.m. daily. There is a supplementary mail for Cape Vincent made up at 2 p.m.

TREE PLANTING.—Parties contemplating to plant trees should bear in mind that to do so successfully, now is the best time, as the season will be over in another fortnight.

THERE are at present in port at Montreal nine seagoing steamers, five of which belong to the Allan Line, three to the London Steamship Co., and one the SS. "Tigress."

MESSRS. Shaw & Minnes have the prettiest of shows of Prints, and they have the nicest of Dolly Vardens besides. The "Glasgow" flourishes.

THE RESIGNATION of Mr. Slater as Superintendent of the Rideau Canal has been accepted. He will be replaced by Mr. F. A. Wise, now engineer of the St. Lawrence and Ottawa Railway.

THE MENDELSSHON CONCERT.—This is the only entertainment on the Queen's Birth-day, and being a highly artistic one, it is likely to be well attended. We would advise the procuring of Tickets in advance, at the City Book Store, where the diagram of the Hall is to be seen.

THE DEPUTATION.—A meeting of the Joint Committee of the City Council and Board of Trade will be held this evening at 7:30 o'clock, to appoint the time for leaving for Ottawa to press the matter of our Harbor Improvement upon the notice of the Cabinet.

WHO IS THE FELLOW AND WHO IS THE LADY.—The Redwood (N.Y.) correspondent of the Watertown *Reunion* writes:—

"A sensational and somewhat tragic incident occurred a few days since near the county line in the person of one Prythick, whose past life as he claims has been spent as a surgeon and soldier in the British army. He obtained a gun and discharged a heavy musket shot (purposely) we think into the left arm lacerating the ligaments, facia, and radial artery, and then insisted strenuously that Dr. H. who dressed his wound should amputate it at once, giving as a reason that if it were off he could marry a lady in Kingston and live in luxury and affluence the remainder of his natural life. The man evidently has seen better days, but is doubtless the victim of disappointed ambition, hope or love; or perchance a devotee of Bacchus, either of which will eminently qualify him for an Asylum."

LOW WATER IN THE LAKES.—A Buffalo paper says:—"Mr. Robert E. Howard has sent a communication to the Buffalo Common Council on the subject of prevailing low water on the lakes. He says the level of the water is now from to three feet below the ordinary stage. Lake Erie has at least eighteen inches less water than for ten years past, and thinks low water will be the cause of serious loss this season to shipping and shipping interests. He suggests the erection of works of such a nature as would be able effectively to regulate the water level of Lake Erie and the other lakes. He proposes the experiment in the Niagara river, we suppose, by the erection of a dam. He thinks the Dominion of Canada would join our Government or the States in this work."

The Norwich *Advertiser* says: A young lady, very pretty, walked around the new road (7 miles) in one hour and forty-five minutes. We remember escorting one around the road once by moonlight. Time four hours and forty minutes. But then she said she wasn't in a hurry. The old folks had gone to camp meeting, and she had a night key.
