Connubial Spare Ribs

While Adam slept, God from him took
A bone; and, as an omen,
He made it like a seraph look,
And thus created woman.
He took this bone not from his pate,
To show her power more ample;
Nor from his feet, to designate
That he on her might trample;
But 'neath his arm, to clearly show
He always should protect her;
And near his heart, to let him know
How much he should respect her.
He took the bone crooked enough,
Most crooked of the human,
To show him how much crooked stuff
He'd always find in woman.

NOTES

Mr. Willet Platt proposes to build a new steam mill at Trenton.

Mr. Keeler has announced himself as a candidate for East Northumberland.

The second trial of Mrs. Fair is postponed until the first Monday in September.

Senor Merot, the leader of the Progressists, has been appointed Spanish Ambassador to England.

There are rumors of a Conservative indignation meeting to protest against the management of the *Mail*.

Mr. Thomas Bunn, Riel's Secretary, has been chosen candidate for Lisgar by the Conservatives. Nothing could be more natural. Scott was "shot, not murdered."

John Pope Hodnett, the Fenian Leader, has written a letter from Washington, in which he takes ground unqualifiedly in favor of Mr. Greeley for the presidency.

Would it not be well, in order to prevent the constantly recurring ambiguity between the Province of Quebec and the City of Quebec, to call the latter Stadacona? This is one of the finest Indian names on this continent and ought not to be lost.

Two of the Rothschilds have been honored by the Czar. He has conferred the first-class order of St. Anne upon Baron Charles Meier Von Rothschild, at Frankfort, and the first-class order of St. Stanislaus upon Baron Alphonse de Rothschild, of Paris.

At last there is a probability of a settlement of the trade disputes in Berlin, which have caused so much suffering and so lengthened a cessation from labor. Permanent courts of arbitration, to which all masters of disagreement between employers and workmen are to be referred, will, it is hoped, prevent future strikes by removing their cause.

Dedication at Westport.

The new and beautiful church at Westport was solemnly dedicated on Wednesday the 19th inst. The building is one whose architectural merits would be an ornament to any city in the Dominion. It was commenced in 1869 by the Rev. Mr. Foley, then Parish Priest of Westport. It was, however, reserved for the present pastor, the Rev. Father O'Donnell, to complete the work, in a manner worthy of the spirit with which it was commenced. There has been expended over $16,000, and an additional $5,000 will be expended before it is complete. The present debt is only $400. Father O'Donnell went to Westport scarcely four years ago, and in that length of time, besides building a church in Bedford, finishing a church in Phillipsville and paying the ordinary expenses of his mission, he has expended over $7,000 on his church at Westport.

Solemn High Mass was celebrated by the Rev. Chas. Murray, of Cornwall, assisted by the Rev. Chas. A. McWilliams, of Perth and the Rev. M. Connolly of Smith's Falls, as Deacons and Subdeacon. There was also present in the sanctuary the Rev. J. J. Chisholm, D.D., of Perth, Rev. J. O'Brien, of Brockville, and the Rev. J. Bourier of Arnprior. The service, was sung by the choir of St. John's church, Perth. After mass the Rev. Father O'Brien preached a very effective and eloquent discourse on the truth and vitality of the church, taking for his text, "Go ye, therefore and teach all nations."

A collection was taken up, the proceeds of which amounted to the very handsome sum of $300.

Earl Dufferin's Speech

Our new Governor General, Lord Dufferin, seems to be "the right man in the right place." In a speech at the banquet given him in Belfast on the eve of his departure for these shores, he thus declared himself in favor of judicious protection:—

"But of course the most constant and absorbing duty of every one connected with the Government of Canada will be that of fostering and advancing the development of the latent wealth and the enormous material resources of the vast territory comprised within my new jurisdiction."

On the independence question he was equally plain. Said he:—

"In fact, ladies and gentlemen, it may be doubted whether the inhabitants of the Dominion themselves are as yet fully awake to the magnificent destiny in store for them (hear, hear) or have altogether realized the promise of their young and fertile nationality. Like a virgin goddess in a primeval world, Canada still walks in unconscious beauty among her golden woods and along the margin of her trackless streams, catching but broken glances of her radiant majesty, as mirrored on their surface, and scarcely dreams as yet of the glorious future awaiting her in the Olympus of a nation (loud and continued cheering.)"

Free Roads.

We notice that a movement has been started in several localities for the abolition of toll roads, and we are pleased to learn that in each case the movement is likely to be successful. The United Counties of Lennox and Addington was the first municipality that determined to abolish all toll roads within its jurisdiction; and the Township Council of Brighton is following the good example, notice having been given of a by-law for the removal of toll gates from the roads within their municipality, upon which the ratepayers will be called upon to vote in a few days, and there is no doubt of its being carried.

We have often wondered why toll gates were continued on the roads leading into our town, as toll roads in densely settled and wealthy sections are entirely in opposition to the spirit of the age, and a species of old fogyism that should long since have been abolished.—*Cobourg Sentinel.*

Do you want the best shoe ever made, one that will not rip or come apart? Then buy the Cable Screw Wire Boots and Shoes—all have the patent.

Few People unacquainted with physiological chemistry are aware of the quantity of iron in the blood, but all should know the importance of keeping up the supply for debility, disease and death are sure to follow when the quantity becomes too reduced. The Peruvian Syrup (a protoxide of iron) supplies this vital element, and has cured many chronic diseases.

The crown of womanly beauty is an elegant *coiffure*. As this cannot be obtained without the use of some Hair Gloss or Switch, even by the most skilful *artiste*, how much should the ladies feel themselves indebted to the inventor of the Great Hair Dressing of the age. *Coco-Glycerene*, which nourishes and beautifies the Hair, is delightfully perfumed, *and leaves no stain on the sensitiveness* of *consistents*. Ask for *Coco-Glycerene*. 14

A Common cough or cold should never be trifled with, often when neglected it is converted into a serious and generally fatal pulmonary disease. The more prudent, aware of this, promptly use "Bryan's Pulmonic Wafers" a curative which has sustained its reputation for over twenty years—they are always efficacious and exert a most beneficial influence on all the Bronchial and Pulmonary organs. Sold by all Druggists and country dealers. Price 25 cts. per box.

Tooth ache proceeds from ague in the face, operating upon the exposed nerve of a decayed tooth. Rub the gum thoroughly with the finger, wet with Johnson's Anodyne Liniment, heat the face well, and lap a flannel wet with the liniment on the face, also put a little of the liniment into the cavity of the tooth on cotton.

The system frequently gets out of order and should be at once regulated, else other troubles will ensue; when physic is needed take Parsons' Purgative Pills; they are a safe, wholesome, and natural medicine.

Office of Evans, Mercer & Co., Wholesale Druggists, Montreal November, 1871.—Mr. James, I. Fellows. Dear Sir: We have a large and increasing demand for your Compound Syrup of Hypophosphites and there is no doubt as its valuable properties become more generally known, its sale will still further increase. The best proof of the efficiency and high character of the preparation is that medical men are largely prescribing it; and we hear from Dispensing Chemists that prescriptions for Syr. Hypo. C. Fellows are daily on the increase. We are respectfully, EVANS, MERCER & CO.

A preparation so widely and favorably known as Hall's Vegetable Sicilian Hair Renewer, needs few words of praise from us. The compound has won its way to the highest favor in the public mind; and multitudes, who have vainly used other other remedies for the restoration of their hair, have, on trying the Sicilian Renewer, been made glad by the speedy restoration of their gray hair to its natural color, and the thin locks thickened up, as in the days of early youth. It also prevents the hair falling out; and makes it soft and glossy, and is altogether the best preparation for its intended purposes before the public.—*Pittsburg Chronicle.*

ASTHMA AND BRONCHITIS effectually relieved by the use of Datura Tatula, for "in a most fearful attack of asthma, Lord Dunsany had scarcely smoked the Datura Tatula for more than a minute or so, when the symptoms abated, and in ten minutes more he was relieved wonderfully. He told me he had used it for years with the most perfect success. Certainly the inhalation had the most magical effect I ever witnessed."—*Dr. J. McVeagh.* "I have never known an instance in which relief was not obtained."—*Genl. Alexander.* Sold as tobacco, in tins, cigars and cigarettes, in boxes; also, pastilles for inhalation, in boxes by Savory and Moore, 143, New Bond Street, London, and all Chemists and Storekeepers.

To Owners of Horses.—It is a well attested fact confirmed by the experience of thousands that "Darley's Condition Powders and Arabian Heave Remedy" for horses is superior to anything of the kind now or ever known. We know that it has been used in many cases where the horse has been considered almost worthless, with the most satisfactory result, the horse having been restored to perfect soundness or so much benefitted that the complaint could scarcely be observed. Many such horses have afterwards been sold for from $50 to $100 more than they would have previously brought, and were well worth the difference; let all interested consider this. Remember the name, and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

A Chemical Food & Nutritive Tonic.

THE GREAT POPULARITY OF DR. WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA is owing to its perfect reliability in building up constitutions run down with diseases of the Stomach, Liver and Kidneys which arise from Dyspepsia or Feeble Digestion, and result in poor blood and breaking down of the general health. It effectually relieves pain or a sense of fullness in the Stomach after eating, Heart-burn, Flatulence, Constipation from torpid liver, Billious Headaches, Irritation of the Kidneys and Bladder from the red deposit in the Urine, irritability and restlessness followed by nervous prostration and general debility which inevitably arise from the one common cause—Dyspepsia or feeble Digestion. All those delicate constitutions that lack energy and vitality, and are unable to arouse themselves to any exertion or undergo any fatigue, will be astonished at the rapidity with which the whole system is raised out of this prostrate condition and energized and vitalized under the use of this preparation. It is harmless, delicious, does not lose its effect, and is not followed by a relapse. Sold at $1.00.

MARAVILLA COCOA—Opinions of the Press.—"Those who have not yet tried Maravilla will do well to do so."—*Morning Post.* "It may justly be called the perfection of pure Cocoa."—*British Medical Journal.*
