TOWN AND COUNTRY.

MONDAY EVENING, SEPT. 9, 1872.

ARRIVED OUT.—Sarmatian arrived out to-day.

The "oldest inhabitants" now tell us that last summer was the hottest of any in sixty years.

IT is as true of advertising as anything else in the world—that if it is worth doing at all, it is worth doing well.

OFF AGAIN.—The schooner *Alpha* has been taken off the lake shore, and towed by one of Calvin & Breck's tugs into Garden Island. She is considerably damaged.

POLICE COURT, Monday.—One drunk; discharged. Some boys were summoned for fruit stealing, and admonished. So long as there is an orchard around boys will be boys.

TESTIMONIAL.—We have seen in Mr. Werner's hands a letter from Mr. J. H. Price, acknowledging the very business-like and successful management of his late sale by the former gentleman.

SLAUGHTER HOUSES.—The police have reported the existence of nine unclean slaughter houses in Williamsville and within the city limits. The P.M. will perhaps interview the proprietors.

IT is reported that Morton's distillery, one of the best properties of the kind in the Dominion, is shortly to be re-opened under the energetic management of Mr. Felix Hooper.

The steamer "Kelley" will make but one trip trip per day boetwen Cape Vincent and Alexandria, leaving Cape Vincent in the morning and returning at night.

There is a considerable financial pressure felt in Montreal, where money commands extraordinary rates. Various opinions are hazarded as to the cause of this stringency, but there seems no reason for doubting that it is partially, at least, due to the inefficiency of our new banking system, which has on the first trial proved unable to resist any affain and has verified the predictions of its critics.

The Sabbath School Association of Canada will hold its ninth annual convention in the Zion Congregational Church, Montreal, on the fifteenth and two following days of next month. Pastors and other ordained Ministers of Evangelical Churches, delegates representing Sabbath schools in the provinces of Ontario and Quebec, and deputations from kindred Associations in the other British provinces and the United States are invited.

"BURNT BRANDY" is the result of a popular error, founded on ignorance. To burn brandy for medicinal or for any other purpose is simply to destroy that element of it in which alone consists its virtue. Brandy consists of alcohol, water and a peculiar flavoring matter in which lies its characteristic *bouquet*. To burn it is to destroy so much of its alcohol and thus waste so much of it. No doctor, unless an ass, would sanction the burning of brandy for any remedial purpose.

JACK FROST.—Irreparable mischief in a garden or an orchard is occasionally done by a nip of frost, late in the spring or early the autumn. A frost of several degrees may easily be prevented in this wise: Place one or more small heaps of moist hay and decayed chips in the garden at sunset. In the centre of the heap put a shovelful of live coals and cover over. The result will be a smouldering fire all night and an emission of smoke and the vapor of water. The opacity of the atmosphere produced, the heat and the precipitation of the watery vapor all combined, will prevent several degrees of frost and thus prevent the dreaded mischief. In an orchard of considerable extent, a few such fires will prevent the dreaded damage.

Cricket.

On Saturday afternoon the Base Ballers played the Newspaper Club at cricket, and administered the first defeat they have received in their short but brisk life. There was considerable interest taken in the match, and it afforded as much pleasure as any "crack" match could, have done. The base ballers not having an eleven on the field, were reinforced by Messrs. Alexander and Lowe of the Kingston Cricket Club, to their great advantage.

The pressmen went to the field without one of their strongest men, Mr. Glidden, the absence of whose bowling partly tells the tale of the B.B.'s success.

In the first innings the B.B.'s went to the bat first and Falconer and Lowe, cothold cricketers, were quite "at home" there almost to every ball. After piling up 67 the ball reached their wickets, and having discovered the read there it travelled very directly for the rest of that innings, though Dr. McCammon dosed it well. The score was 98, which took the spirit out of their opponents somewhat.

The Newspaper men played steadily and well. The bowling of Falconer, Eilbeck, Jarvis and Driver was nicely pitched and well on the wicket, and the "field" of the B.B.'s was very good, though overthrows frequently demoralized it. The total score was 63.

In the second innings of the B.B.'s Eilbeck, Alexander and Lowe distinguished themselves, while the others were not quite so easily extinguished as in the first innings. The score was 91—making a total of 189 in two innings. Hermiston, whom alone fortune seemed to favor, batted very prettily in the second innings of the newsmen, which ended for a total of 47—leaving the B.B.'s victors by 75 runs.

The following is the score:—

The B.B.'s are much elated at the victory, but the Printers say that they will have to do all their crowing this week, and put on sackcloth and ashes all the next after the return match. The basis of the next match will be base ball men exclusively against newspaper men.

TO-DAY'S CLEANINGS.

A child three months old lost its life in Portland by a cat sucking its breath while asleep.

Twenty thousand people attended the Scottish gathering at Jones' Wood, New York, on Thursday. The Montreal Caledonian Society was represented by Col. A. A. Stevenson, Dr. Finnie, Alex. Murray, Alex. Bertram, J. C. McLaren and D. E. Bowie.

JAPANESE COMMERCE.—We notice that a Japanese barque, flying the Japanese flag, manned by Japanese sailors, and carrying a very large cargo of tea, arrived at San Francisco some short time since. This is said to be the first arrival of a Japanese vessel on a regular commercial voyage that has ever been reported at an American port. The Japanese are expert and adventurous sailors, however, and have from time immemorial carried on an extensive commerce with China and other Asiatic countries. Of late years they have been introducing vessels of European models into their trade, and have purchased steamships in Europe which they have put together in their own yards.

THE GRAND GIFT CONCERT

A FIXED FACT.

SEPTEMBER 28th THE DAY

YOUR TICKETS NOW OR NEVER

THE vast sales of Tickets already made, and the increasing demand for them from all quarters, having determined the Trustees that the *Grand Gift Concert* for the benefit of the *Public Library of Kentucky*, advertised for *Saturday, September 28, 1872, shall positively come off on that day, without postponement*, the management now notifies all who expect to participate in the drawing that they should buy their tickets at once. Delay for a few days caused many who wanted tickets at the concert in December last to go without them. Some living in Louisville waited until sales were closed, expecting, no doubt, a postponement, and then offered fifteen, twenty and even twenty-five dollars for tickets which the day before were offered to purchasers at the regular price. Others living at a distance sent thousands of dollars by mail and express, which got here after sales were closed, and had to be sent back. These disappointments need not occur again if the warning now giving in due season is heeded.

The drawing will begin precisely at six o'clock Saturday morning, September 28, 1872, in the great Hall of the Public Library building, and continue until the one thousand gifts are all drawn.

The Concert itself will be the most brilliant orchestral display that ever occurred in the West. One hundred performers, gathered from all parts of this country and from Europe, under the direction of Prof. Hast, will contribute to this grand musical carnival. And to afford ample room for every ticket holder to enjoy such an unusual musical festival, the concert will be given in Central Park, where arrangements have been made to accommodate all who may come.

Persons holding whole, half or quarter tickets will be admitted to both the Concert and Drawing, and none without such tickets will be admitted to either:

PRICE OF TICKETS.

Whole Tickets at $10, half Tickets $5, quarter tickets, $2.50. 11 whole tickets for $100 28 for $255.50 for $500, 113 for $1,000, 285 for $1,500, 575 for $5,000. No discount on less than $100 worth of Tickets at a time.

In accordance with numerous solicitations, arrangements have been made with all the railroad and steamboat lines leading into the city for the sale of round-trip tickets good for six days to all persons who may wish to attend the concert or drawing. Such tickets will be furnished by the Louisville, Cincinnati and Lexington Railroad, the Ohio and Mississippi Railroad, the Louisville and Cincinnati Mailbeat Line, and the Louisville, Owensboro and Henderson Mail Line Packets.

All agents are required to close sales and make their returns in full time to reach this office by Thursday, September 25th. To do this successfully, those located at great distances must close days before the 25th.

All tickets to which gifts are awarded will be paid without discount by the Farmers' and Drovers' Bank, either in currency, or by sight draft upon the Fourth National Bank of New York, at option of the holder. The tickets first must be presented at this office, Room No. 4, Public Library Building, before they will be paid by the Bank.

The drawing will be published in the Louisville papers and New York Herald, and official copies sent to purchasers to whom tickets have been sent by letter.
