Smoking now banned in parks, playgrounds, sports fields and patios

No smoking signs are being installed in Town parks after the Province extended its no smoking ban to include public outdoor spaces— especially those that are frequented by children.

On Jan. 1 it became illegal to smoke on or around playgrounds, sports fields and other sports surfaces such as basketball and tennis courts.

In addition all outdoor bar and restaurant patios, except existing Royal Canadian Legion patios, are now smoke-free.

The new requirements of the Smoke Free Ontario Act are an attempt to lessen the impacts of tobacco related disease in terms of both lives lost and increased healthcare costs.

"We understand the Province's objective to protect the health of our children."

said Mayor Rick Bonnette. "Both the decision-making and enforcement of the smoke-free strategy is beyond the control of Council. The Province is counting on the support of municipalities to achieve the objectives of this program."

Residents will see "no smoking" signs being installed in Town parks in the coming weeks. Enforcement of the smoking ban will be led by the Region of Halton Health Department which can be reached toll free at 1-866-442-5866 (1-866-4HAL-TON).

More information on the Smoke-Free Ontario Strategy can be found on the Province's website at <http://www.ontario.ca/health-and-wellness/smoke-free-ontario> or by calling Service Ontario toll-free at 1-866-532-3161.
