Beautiful Forever.

How to be beautiful when old?
I can tell you maiden fair—
Not by lotions, dyes and pigements,
Not by washes for your hair,
While you're young and gentle,
Keep your passions well controlled;
Walk, work and do your duty,
You'll be handsome when you're old.

'Tis the soul that shapes the features,
Fires the eye, attunes the voice;
Sweet sixteen, be these your maxims,
When you're sixty you'll rejoice.

Learn a Little Every Day.

Little rills make wider streamlets,
Streamlets swell the river's flow;
Rivers join the mountain billows,
Onward, onward as they go!
Life is made of smallest fragments,
Shade and sunshine, work and play,
So may we with greatest profit
Learn a little every day.

Tiny seeds make boundless harvests,
Drops of rain compose the showers;
Seconds make the flying minutes,
And the minutes make the hours.
Let us hasten then and catch them
As they pass us on the way;
And with honest true endeavor
Learn a little every day.

Let us read some striking passage,
Cull a flower from every page;
Here a line and there a sentence,
'Gainst the lonely time of age.
At our work or by the wayside,
While the sunshine's making hay,
Thus we may, by help or study,
Learn a little every day.

CANADIAN.

—The Legislature of Nova Scotia has been summoned to meet on the 27th inst.

—The Hon. William Macdougall arrived in England on the 3rd inst. His mission there is on emigration matters.

—Mr. Peter Gillespie, millowner of the township of Grafton, was caught in the machinery yesterday, and instantly killed.

—Sir John A. Macdonald has completely recovered from the severe influenza with which he was attacked at the end of last week.

—A marble statue of the Queen, which was ordered of Mr. Marshall Wood by Mr. Sandfield McDonald for the Assembly Chamber, is expected shortly at Toronto.

—A painful report comes from Fort Garry that Mr. Schmidt, M.P.P., was so intoxicated upon the opening of the Legislative Assembly that he had to be removed from the House.

—On Friday last, Josephine Wells, 17 years of age, living at Mr. Hiram Eckert's, Hallowell, deliberately cut her throat and nearly severed the wind-pipe. At last accounts the unfortunate girl was still living, but she is not expected to recover.

—Wm. Christy, of Hallowell, has up the earnings of eight cows during eight and a-half months of the summer of 1872, as follows:

Amount of milk delivered at the factory, 32,886lbs.
Cash received for cheese, $573.51¼.
Cash received for butter at 17c., 48.45.
Total, $421.96¼.
Average earnings per cow, 52.74.

—The Member for South Grenville, Mr. Fraser, says the London *Advertiser*, bids fair to make his mark in the Ontario Legislature. In the House he denounced the Scott Murder and the inaction of the Ottawa Government in an eloquently indignant speech. His flagellation of Mr. Rykert will probably not be without its effect on that rather presumptuous representative.

CURRENCY.

—The only perfect thing—A mother's first boy.

—A great many living men were as valuable to society two hundred years ago as they are to-day.

—The prohibitory liquor law has had the effect of closing all but 2,768 bars in the city of Boston.

—One of the most successful mercantile characters in Memphis is a newsboy three and a-half years old.

—In Freeborn county, Minn., the pupils in seven schools were made prisoners by the recent heavy snow-storm.

—It is a good omen of a genial summer when there is in February much rain, snow and rough weather.

—Nearly one-fifth of the population of Berlin is composed of paupers regularly inscribed on the public charity list.

—A stern Chicago parent, aged 105, was recently fined $5 for cruelly whipping his son, a tender youth scarcely eighty years old.

—It is stated that the power of Niagara Falls is more than ten times as great as that of all the 52,000 water-wheels in America combined.

A student was escorted home the other night by a squad of dogs. The only remarkable thing about the occurrence was the rapid time made.

—A Cincinnati lover has been discarded by his affianced million-heiress for treading on her pet cat's tail. He vowed it was an accident, but she insisted it was done on poor puss.

—A prudent New Jersey woman who hasn't left the house all winter for fear of slipping on the ice and hurting herself fell down her own stairs and broke her leg last week.

—In Juniata county, Pa., a man shot his son's dog, and the son retorted by setting fire to his father's house and barn. The local paper praises the youth for being so faithful of his dog.

—A Lafayette, Ind., street car conductor has got rich enough to buy out the company, and now proposes to extend the road and run two trips a day, which will necessitate the purchase of another horse.

—An Ohio editor was rendered insane while going home one night by hearing the following words come from a dark porch on a shady street: "Oh! John, I wonder if that moustache feels as good on your lips as it did on mine?"

—Among the saddest episodes in the late storm in Minnesota, according to a western paper, was the freezing of the hands, forehead, everything but the cheek, of a life assurance agent.

—Rumors are afloat, to the effect that a grand swindling ring exists in the American Institute of New York. Well, what next? Only $200,000 have been spent in riotous living by the implicated parties.

—The Governor and Council of Massachusetts have decided not to interfere to save the neck of McElhaney, the South Boston glass-blower, who murdered his wife when stung to madness by the treatment of his mother-in-law. He made a fatal mistake choosing his wife as the victim of his madness instead of his mother-in-law.

ENOCH ARDEN IMPROVED.—Schenectady has the latest Enoch Ardenism. Husband was gone sixteen years; wife became the third spouse of a wealthy citizen, and when her husband returned to look into the window (figuratively, for he went squarely into the door), she asked the wealthy citizen to whom he should leave his property. "To my children," said he, "children by my first wife." "Then I shall have to leave you;" and she did, in company with her first and earliest.

BREAKFAST.—EPPS'S COCOA—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many doctors' bills."—*Civil Service Gazette.* Made simply with Boiling Water or Milk. Each packet is labelled—"JAMES EPPS & Co., Homœopathic Chemists, London."

It is said that every extensive advertiser has to pay a very large sum for experience before he learns how to invest his money judiciously. It would be better to entrust the business to a responsible Advertising Agency, like that of Geo. P. Rowell & Co., No. 41 Park Row, New York, and thus gain the benefit of experience without cost. Contracts can be made with them as low as with publishers direct.

ASTHMA AND BRONCHITIS effectually relieved by the use of Datura Tatula for years. A most fearful attack of asthma, Lord Lyttons say had scarcely smoked the Datura Tatula, for more than a minute or so, when the symptoms abated, and in ten minutes every trace he was relieved wonderfully. THE STOMACH AND ITS DERANGEMENTS are the common cause of most of the Chronic Wasting Diseases for which invalids are constantly seeking specifics. When the food is imperfectly digested and assimilated the blood becomes impoverished and all the organs and tissues of the body debilitated by want of nourishment. This general depravity of the system manifests itself in some constitutions by disease of the Lungs, Heart, Liver or Kidneys, and in others by Scrofulous enlargement of the glands, eruptions of the skin, ulcers of bone and flesh, spinal weakness, irregularities, exhausting discharges, nervous prostration mental anxiety, neuralgic and rheumatic pains, all of which rise from depraved nutrition. To invigorate the Stomach and perfect digestion, and the formation of healthy Blood DOCTOR WHEELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA is of great efficacy and reliability, being harmless to infant or adult, and prompt and permanent in its effects. Sold by all Druggists.

Asthmatic Bronchitis of Nine Years Standing Cured by this Syrup. St. John, N.B., 11th August, 1869. Mr. James I. Fellows—Dear Sir: I consider it my duty to inform you of the great benefit I have received from the use of your Compound Syrup of Hypophosphites. I have been, for the last nine years, a great sufferer from Bronchitis and Asthma, at times so so ill that for weeks I could neither lie down or take any nourishment of consequence, and during the time suffering intensely. I have had, at different times, the advice of twenty-two physicians. The least exposure to either damp or draught was sure to result in a severe attack of my disease. Finding no relief from all the medicines I had taken, I concluded to try your Compound Syrup of Hypophosphites, and have great reason to thank God for the result. I have, in all, taken twelve bottles, and now I feel as strong and well as ever I felt in my life, and for the last year have not had one moment's sickness and neither does dampness or draught have the least effect upon me. Were I to write upon the subject for hours, I could not say enough in praise of your invaluable Compound Syrup of Hypophosphites, or give an adequate idea of my sufferings.

You are at liberty to make what use you please of this letter, because I hope its publicity may be the means of benefitting other sufferers as much as it has me. I remain yours respectfully, MRS. HIRWELL, Exmouth, St.
