MONDAY EVEN'G, JULY 7, 1873.

DEATH.

Out of the shadows of sadness,
Into the sunshine of gladness,
Into the land of the blest;
Out of the land of the dreary,
Out of the world of the weary,
Into the rapture of rest.

Out of to-day's sin and sorrow,
Into the blis-ful to-morrow,
Into a day without gloom;
Out of a land filled with sighing—
Land of the dead and the dying,
Into a land without tomb.

Out of a life of commotion,
Tempest-swept off as an ocean,
Dark with the waves drifting o'er;
Into a land calm and quiet,
Never a storm cometh nigh it—
Never a wreck on its shore.

Out of a land in whose powers
Perish and fade all the flowers—
Out of the land of decay
Into the Eden where fairest
Of flowers, and sweetest and rarest,
Never shall wither away.

Out of the world of the wailing,
Thronged with anguish and ailing,
Out of the world of the sad;
Into the world that rejoices—
World of bright visions and voices—
Into the world of the glad.

Out of a life ever lornful,
Out of the land ever mournful,
Where in bleak exile we roam;
Into a joyland above us,
Where there's a Father to love us—
Into "Our Home, Sweet Home."

PRINCE EDWARD ISLAND.

The Governor General's Reception.

The local government of Prince Edward's Island, and the Citizens' Committee of Charlottetown, are making extensive preparations for Lord Dufferin's reception. He is expected there on the 10th. The Charlottetown City Council, annoyed at not having been invited to join in the reception, have resolved not to participate officially therein, nor permit arches to be erected in the streets.

There is much excitement in the Island over the recent dismissals and appointments, and it is said a large body of Catholics will oppose the Pope party in the forthcoming elections for the Dominion Parliament on the school question

THINGS IN GENERAL.

—50,000 people attended Barnum's World's Fair at Buffalo.

A Kentucky woman has just been cut off from a 90-pound tumor.

—Mrs. Ross, of Ottawa, gave birth to four children on the 4th inst. All doing well.

—A Napanee girl tried to poison herself because her nose was turning red.

—Flora Myers, of Toronto celebrity, is running a dramatic troupe down east.

—They call it "naivete" in Stratford, when a young lady, waiting for ice cream, playfully places a spittoon on the table.

—A Guelph pig broke open a can of nitro-glycerine and swallowed a pound of the stuff, and no one dares to kick that porker now.

—A Pennsylvania woman by the name of Franks has 500 living descendants. History mentions that the Franks and Huns went in swarms.

—An Indianapolis woman drowned herself and child because her husband was intemperate. It would have been better to drown him.

—A travelling circus in Covington, Ky., on payment of the circumstomary fee, was permitted to perform in a burying-ground. "From grave to gay," with a vengeance.

—The billiard championship was won by Garmer, Cyrille Dion carrying off second honors. Dion has challenged Garner to another contest for the championship emblem and $1,000.

—The fashionable lady's fan of this season is something in size to startle the beholder. The delicately gloved hand of the fair one clasps it, when at rest, as if it were the handle of a base ball club, and oscillates it when in use with the unsteady motion of a street awning in a thunder storm.

—Mexico is apparently not one of the ungrateful Republics. She has voted $50,000 for a monument to the late President Juarez. The national flag is to be run up every time his birthday comes round, and each of his daughters has been voted a pension of $3,000 while single, and $1,500 after marriage. The best biographer of Juarez will also be rewarded with $2,000.

The Montreal Failures.

(Star.)

It is understood that Nelson Davis is amply secured, and that he will shortly resume business; the affairs of Ritchie, Gregg, Gillespie & Co. are very complicated, and it is thought the assets will bear a comparatively small proportion to the liabilities. Several failures of firms having intimate business connections are apprehended, and rumors of financial difficulties in which not a few are entangled are rife on the streets. Mr. Inglis, photographer, is said to be in such a condition; a meeting of his creditors took place this morning. Mr. Eddy, of Hull, has offered his numerous creditors 10 shillings down, or their full dues, on condition that they wait for a term of three years; Nelson, Wood & Co., who held a heavy account, have accepted the latter, being well able to permit an extension of time. Mr. A. McGibbon has entered into a partnership with Mr. Baird, grocer. The bank of B. N.A. anticipates that his estate will realize 12s 6d. in the pound.

COSTLY EMULATION.—Alluding to the Shah's visit to England the N. Y. *Tribune* says:—"The British Government seems to have been strongly influenced by the spirit of emulation in the effort to gain favour with the Shah of Persia. In order to efface the impression made on him by the grand military parade at St. Petersburg, Great Britain resolved to display her naval power. According to the account given by a correspondent of the *Tribune*, the manner in which the Shah was received by the British fleet was calculated to make a strong impression on the observing monarch."

—The Czarowitch, Prince of Wales and Duke of Edinburg were entertained at a banquet in London on Wednesday evening.

Stuck to the Wall.

The following letter has appeared at the head of the editorial columns of the *Globe*:—"In reference to the use of my name by Sir Hugh Allan in the Pacific Railway correspondence, published yesterday, I deem it due to my friends throughout the country to say that in proposing to reserve $50,000 of stock of the Pacific Railway Company for my subscription, the suggestion was the act of Sir Hugh Allan, and without authority from, or knowledge on my part. I have never in my life had the slightest interest, directly or indirectly, in any contract or work of any kind dependent on public aid, and the Canadian Pacific Railway contract was certainly the last enterprise I could, under any circumstances, have been induced to touch. GEO. BROWN."

—The recent earthquake in Italy, was more fatal in its effects than at first reported. A large smuggling transaction of lace goods has been discovered at New York. It is on so large a scale that the penalties to be enforced are estimated at two millions and a half.

HOW HE DID IT.—There is a story extant of a man over in Cape Vincent who had the toothache. He was a quarryman by profession, and he considered that the best way to rid his himself of the afflicted tooth would be to blast it out. So he filled his mouth with powder, fixed a slow match in it, lighted the match, and ran round the corner to get out of the way of the blast and to watch the result. When the explosion occurred, he was surprised to find how close it seemed. It was very successful, so far as the tooth was concerned, but when the man went home, the general aspect of his mouth resembled that of the Wolfe Island canal. The dentist says he would not undertake to fit him with a new set of teeth of the necessary size for less than a thousand dollars.

The Worcester (Mass.) Gazette says "They who wish to advertise judiciously and cheaply can find no better medium through which to reach the great public than through Geo. P. Rowell & Co's Agency, New York.

☞ *Is your throat sore*, or are you annoyed by a constant cough? If so, use promptly "Bryan's Pulmonic Wafers." They relieve the air passages of phlegm or mucous, and allay inflammation, and no safer remedy can be had for coughs, colds, or any complaint of the throat or lungs, and if taken in time their efficacy will soon be proved. Sold by all Druggists and country dealers. Price 25 cts. per box.

A Good Horse.—There is much profit in the service of a good horse, and but very little of either in a bad one; no person from choice will retain a bad horse, many, however are in possession of such who need not be. We think there are few horses so bad but that their condition can be improved and rendered more valuable and useful for their owners, to effect which there is nothing equal to "Darley's Condition Powders and Arabian Heave Remedy;" it has effected astonishing results in thousands of cases. Remember the name and see that the signature of Hurd & Co., is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada. Sold by all medicine dealers.

DR. WHEELER'S Compound Elixir of Phosphates and Calisaya.—Prescott, June 20, 1872.—"My wife for a number of years has been suffering from Asthma and Disease of the Heart. Her breathing was short and quick, at times causing great distress and apprehension of impending death, and she was greatly prostrate with general debility. At night she was constantly subject to attacks of great difficulty of breathing, the surface of the body becoming cold, and she was apparently lifeless, being restored only by great exertion on the part of attendants. She began taking your medicine about a year ago, and she has not had an attack since, and is in the enjoyment of very comfortable health. I have great reason to be thankful for her extraordinary improvement. W. ARMSTRONG, Landing Waiter."

NO RISK.

Thomas' Eclectric Oil! Worth Ten Time its Weight in Gold. Do you know anything of it? If not, it is time you did.

Pain cannot stay where it is used. It is the cheapest Medicine ever made. One dose cures common Sore Throat. One bottle has cured Bronchitis. Fifty cents worth has cured an Old Standing Cough. One or two bottles cure bad cases of Piles and Kidney troubles. Six to eight application cure any case of Excoriated Nipples or Inflamed breast. One bottle has cured Lame Back of eight years standing. Daniel Plank, of Brookfield, Tioga County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a wonderful cure of a Crooked Limb by six applications." Another, who has had the Asthma for years, says—"I have half of a 50 cent bottle left, and $100 would not buy it if I could get no more."
