CITY AND VICINITY.

A SHAKE UP.—At Metcalfe, near Ottawa, on Thursday night about eight o'clock, an earthquake shook.

PAPER POSTAGE.—The rate of postage on printed matter has been reduced from one cent to half a cent per ounce. This change took place on 1st of August.

PROPELLERS.—The Messrs. Allen's two new propellers will shortly be launched at Montreal. Another, being built for the Montreal Transportation Company of Kingston and Montreal, is nearly finished.

PIC-NIC IN BEDFORD.—A pic-nic, under the auspices of the R. C. congregation of Bedford township, will be held on the farm of Mr. Peter Brennan, on Thursday 18th Sept. Games, races, &c., will be indulged in, and a good time generally is anticipated.

POLITICAL MEETINGS.—The electors of Lennox will please remember that Mr. R. J. Cartwright, M. P., proposes to address his constituents at Napanee, Town Hall, on Tuesday evening next, at Bath on Wednesday, and Odessa on Thursday, on the present political position of the country.

The Allison Mausoleum.

The Napanee *Beaver* and *Express* speak of dedication of this splendid monument to the dead. It has been built by order of Mr. David W. Allison on the old Allison Homestead, Adolphustown, and will vie with any other in Canada. The vault is built of cut stone, will accommodate about thirty bodies, and has cost in the neighborhood of $6,000. On Wednesday last the steamer Pierrepont was chartered to remove the body of the late Mr. Joseph B. Allison, which was placed in the vault at Napanee last Spring, and also that of the late Mr. John Allison, which was brought from Port Perry. A large number of friends and acquaintances took passage and accompanied the remains to their last resting place. The steamer called at Mill Point and other places on the route, and by the time it arrived at its destination, the assembly numbered hundreds. Funeral sermons were preached by the Revs. McCalm, of Picton, and Chamers of Bath. It is seldom that such an imposing sight is seen in this section of Canada, as that on Wednesday. Friends of the family were present from Toronto and other places hundreds of miles distant. Rev. Mr. Howell, of Bloomfield, and Rev. Mr. Leach of Bath, also took part in the religious services. Mr. Robt. Gage of Kingston, was the architect, and Mr. Newland, of Kingston, the contractor for the work. The grounds are yet to be ornamented at considerable expense.

As it Should Be.

Mr. Mackenzie's reception in Nova Scotia has been in every way gratifying. He spoke at New Glasgow (in the constituency of Pictou, represented by Messrs. McDonald and Doull) on Monday for two hours, and carried the sympathies of his audience with him. The gallant Tupper was reported to have followed Mr. Mackenzie, in hot haste, to meet and annihilate him should he venture to speak anywhere in Nova Scotia, but he failed to put in an appearance at the meeting. Mr. Pictou McDonald, who is now one of the paid counsel for the Government, was, however, present, and performed his duty as advocate. Mr. Mackenzie's visit to the Maritime Provinces will be productive of good, in setting before the people there the principles on which the Reform party act. They only need to be known to be approved of.—*Hamilton Times.*

Funeral Services.

The funeral of the late Cecilia Letitia, Duchess of Inverness, relict by a morganatic marriage of the late Duke of Sussex, took place on August 8, at Kensal-green cemetery, where the remains were deposited by the side of her husband. Lord Camoys, Lord in Waiting to the Queen, represented Her Majesty on the occasion, and there were present also several of the Princes of the Royal Family and a large number of the nobility and gentry. During the interment the coffin of the Duke of Sussex was exposed to view, and was found to be in a wonderful state of preservation, although the Duke has been dead for thirty years. It showed no symptoms of decay, only the velvet of the coronet being faded.

JOSEPH HALL MANUFACTURING COMPANY.—We announced a few days ago that this Company had temporarily suspended payment. A meeting of creditors was held at the works in Oshawa, yesterday [27th], when five-sixths of the creditors were present. A statement was presented representing the liabilities to be $281,236, and the assets, $522,714, showing a surplus of $241,448. The balance in favor of the Company is very large, and is reduced to that amount, we understand, after making a fair allowance for bad and doubtful debts, at least all that could be ascertained as probably uncollectable in a hurried examination of the Company's affairs. The creditors present agreed to an extension of three years, in six semi-annual payments, and it is confidently anticipated that the remaining creditors will consent to the proposed arrangement. In the meantime the company continues operations.—*Montreal Herald.*

Not Valid.

The Chancellor has decided, in the case of Hughson v. Cook, that the Order in Council permitting settlers in the Free Grant districts to sell the pine timber on their lots is contrary to law, and void. The order in question was issued in 1870, while Hon. S. Richards presided over the Crown Lands Department.

BARNUM'S NEW SHOW.—Mr. P.T. Barnum, the greatest showman on earth, has organized a monster parlor entertainment which he proposes to take through the country. It consists of opera bouffe and burlesque of all sorts. The famous Majilton's will also be connected with the show. Ben Lowell, who is popular all over the country, is to have the management of the entertainment.
