CITY AND VICINITY

☞ GOLD in New York at 12 o'clock 112½

POLICE.—Thomas Mulhall, drunk, fined $2 or 15 days. William Webb, disorderly, gave bail to keep the peace.

THE decisions in the Kingston and Addington elections will be given today.

Colinsby, June 28.—Arrival: Canada, from Lake Superior, timber. Departures: none.

CAVALRY.—There was a muster of the Frontenac Cavalry in the city to-day. They drill at Odessa.

DRILL.—The 47th Battalion is under instructions to drill twice a day at the Company headquarters. This will be more convenient than camping for the several companies and the members thereof.

TO THE BUTTS.—Company No. 6 and Casuals went to the butts for ball practice to day. The Casuals took in the band, the members of which fired a few balls into the woods at Pittsburg.

THE DAY.—There are only three places in the Province in which Dominion Day will be celebrated on Monday instead of Saturday, and these notable places are Picton, Peterboro, and Lindsay.

THAT CORNICE.—It is not generally known, tho' we referred to it, that the cornice now being put up on Ford's new block is galvanized iron, light but very pretty. It has a good look and will wear well.

NICE BUSINESS.—One of our carrier boys reports that on Tuesday evening a resident near the House of Industry, known to us, robbed him of four of that evening's papers—taking them forcibly. For a grown up man this is not creditable conduct.

AGRICULTURAL.—The Agl. list of the Society of Jefferson County, N.Y., embracing Watertown, has been issued, and we are indebted to the Secretary for a copy of the publication. It gives the fullest information touching the order of arrangements, the prize list, etc. The pamphlet is very nicely printed.

THE STADACONA.—To counteract a report to a contrary effect we may state that the Stadacona Insurance Company has issued circulars stating that all the claims against them in consequence of the late fires have been satisfactorily adjusted, and that an additional call upon the shareholders will not be necessary.

APPLETONS' JOURNAL.—With the number for June 24th, the weekly issue of *Appletons' Journal* terminated. It will be issued hereafter once a month, at the reduced rate of three dollars a year and twenty-five cents a number. The public interest is excited as to the effect of the change for the *Journal* is one of the popular institutions. The July monthly, number the initial copy of the new series, sustains its previous good repute.

NOT VALUABLE.—An aged man, weary and covered with dust, entered our office to-day to advertise that he had found $150. It turned out, however, that the mine was not so valuable, the supposed small fortune being merely a copy of an account passed from one man to another. The motives of the old man were just as good as if the paper represented so much gold. His honesty has thus been manifest.

CAMPING.—We have received an interesting and racy letter from Swiggins, who is now camping out with his bosom friend Dakie in the backwoods of this county. The letter is headed, "With the blood thirsty of Frontenac," descriptive of the trials of a pair of citizens from the everlasting onslaught of insects, winged and otherwise. It will appear to-morrow.

RACE.—We are glad that Dominion Day will not be allowed to pass without a regatta, but it will be confined to small or third class or open boats. The prize will be for a flag and sweepstakes. We hope the entries will be numerous. It is understood that the second class boats will go to Belleville and compete in the regatta to come off on Monday next.

BATH LOYAL.—The village of Bath is going to expend a deal of enthusiasm over the anniversary of the Dominion. For the past two years it has done itself credit on this day in the celebration line, and will doubtless have a crowd on Saturday. The steam yacht "Marquis of Lorne" makes a trip in that direction for the benefit of excursion parties, leaving here at 9 a.m., and calling at Colinsby, Fairfield's wharf and Lower Landing of Amherst Island, taking on and leaving off passengers at any of these places at low fares.

POLICE DUTY.—These are dull times, and the Chief of Police can very nicely spare a couple of men for two little jobs to which we see the necessity of their attention—one man to air himself along the docks and Cataraqui Bridge and prevent indecent exposure by bathing during the day time. Another could do service at the Cricket Field to prevent climbing of fences and shouting, and acting in a generally disorderly manner. The bathing especially must be attended to, and if the privates of the police force are too tired the Chief might spare one of his superfluous officers occasionally

WIND WAFTS.

—"Citizen's" letter on first page.

—Lord Cecil is in Brockville.

—This evening the band plays on the Queen's Wharf. Now for pleasure.

—Splendid fishing among the Thousand Islands. The catch of bass is good.

—Mr. Alex. Vanalstine has leased for a number of years the Nimmo mill.

—Picton objects to its harbor being the lodging place of every worn out hulk.

—New potatoes, new lettuce and green peas are as plentiful in the market as they luxuriant.

—There is a run on strawberries and ice-cream just now, but no danger of a "corner."

—Private pic nicing parties are now very numerous. The weather at present is rather delightful for the purpose.

—The fourth troop of the 4th regiment of cavalry, under the command of Major White, commenced their annual drill yesterday at Picton.

—Work has been commenced on the Albion Hotel, pro. tem. The new Albion will be rushed up as quick as possible.

—The Newburg *Reporter* is disgusted because some of the post office clerks will persist in haying a joke, by way of sending the wrong mail bag to that village

—Solomon Snyder, of North Fredericksburg, has been committed to Rockwood Asylum as a dangerous lunatic by Mr. James, Police Magistrate of Napanee.

—One of the Gas Works employees found a watch and chain on the sidewalk, Queen street, yesterday. It can be recovered on identification by the owner.

—The Gananoque Field Battery, under the command of Major Mackenzie, went into camp at Gananoque on Monday, for the performance of the annual drill.

—The daughter of W. R. McRae, Belleville, was injured by a brick falling from the roof of a house in process of erection.

—There will be two bands on the excursion to Oswego on the 4th of July. The "Oswego Belle" ought on that day to carry the happiest party over the lake that ever left Kingston.

—The latest thing is the Centennial collars with a picture of "the father of his country on each corner". The day is not far distant when a man earning only $6 per week can have his whole shirt decorated with pictures.

—Up to 11 o'clock yesterday morning about 160 persons had registered their dogs here. And up to the same hour there were 1,246 not registered. One day more, and—then—murder and bloodshed among the untaxed.

—Although the Council of Belleville has fixed upon Saturday as the holiday—the celebration of the anniversary of confederation—the regatta will not take place until Monday as had been previously arranged.

—The merchants of Napanee have issued hand-bills stating that they have agreed to observe Saturday, July 1st, as a public holiday, and will suspend business on that day. Ergo, the merchants of Napanee are more loyal than they are in Kingston.

—Nineteen cars loaded with cheese left the Belleville G.T.R. station yesterday, and a large number of wagons were at the time waiting to be unloaded. The highest price paid was 9½ cents per lb.

CHANGE FOR THE FOURTH.—Next week, commencing Monday, the steamers of the Bay of Quinte and Oswego Navigation Company will arrive and depart as follows: The Kincardine will arrive at Oswego Monday morning, leaving Belleville Sunday night. Omitting her trip to Toronto and Hamilton Monday, she will leave Oswego for Belleville ports Wednesday night. Her Friday night trip from Oswego to Bay ports will be passed. The Oswego Belle will arrive at Oswego on Tuesday morning, July 4, and will leave on her return Tuesday evening after the fire-works, going to Kingston only. She will return to Oswego and leave on her regular trip Wednesday night at six o'clock.

DOMINION DAY.—Our weekly readers are not given the benefit of the discussions over the approaching holiday which have appeared in the DAILY WHIG. The holiday will be kept on Saturday, under the Mayor's proclamation, and not on Monday as at first proposed. Base ball matches innumerable will take place, the best being those of the Flyaways of Ottawa vs. Young Earls of Kingston (Amateurs) and the Standards of Hamilton vs. St. Lawrence of Kingston, (professional) at 9:30 a.m. and 3 p.m; there will be excursions to this point from the Bay K & P. Line, Sackett's Harbor, &c., together with excursions hence to the Cape, Charbot Lake, and G. T. R. points eas and west; and a Firemen's Parade wil also be held.

SELFISHNESS.—We have been always willing enough to speak a good word in favor of the St. Lawrence Club, but we must say that the managers are showing an exceedingly selfish spirit. Yesterday we spoke of a match which had been arranged between the Flyaways and the Earls, and to-day we are informed that the St. Lawrence Club are not willing that they should have the ground unless the price of admission be reduced to 10 cents—rather a cool proceeding and a piece of tyrannical dictation. There is just this about it, if the St. Lawrence men don't mind their own business there will be a big noise.

THIS IS BUSINESS.—The Montreal Novelty Co. come out to-day with a new advertisement on our first page. Mr. Ridout, the manager, has been making alterations in his store and has now one of the neatest up-town stores. The strawberries they are selling to-day are really the finest in the city, and they have made arrangements for fresh supplies every morning. We commend parties to give this firm a trial.

NOT GOING.—The announcement of an excursion of the St. Patrick's Society to Watertown is premature. The Society did think of going, but on holding a meeting last week it was decided not to indulge in the trip at present.

The Liverpool grain circular says: The wheat trade has been generally dull and lower or tending downward. Foreign supplies continue to arrive at a fair extent, although not so liberally as heretofore, but with small continental demands, are amply sufficient for immediate wants. Flour dull; good American scarce, maintaining full rates. Corn in fair request at a decline of three pence.

A NEW TRUNK LINE.

The Intercolonial Railway opens a new route from Chicago to the sea. At Riviere du Loup the Intercolonial connects with the Michigan Central at Detroit. This route to Liverpool, however, will be longer than any other. The following table gives the distance from Chicago to Liverpool through several different parts:

Chicago to	Rail	Water.	T'l.
Liverpool via New York	373	2,980	3,964
Liverpool via Grand Trunk to Quebec	1,020	2,830	3,850
Liverpool via Grand Trunk to Portland	1,298	2,750	4,048
Liverpool via Halifax	1,705	2,400	4,105

It will be seen from this that what the new route loses on rail distance, it very nearly gains on the ocean, the saving on the Atlantic being 580 miles as compared with the New York route. The total distance from Chicago to Liverpool, via New York, is 3,963 miles, and via Halifax 4,005 miles—a difference of 142 miles. The people of Halifax believe they can get a share of the Western grain trade, and by maintaining low rates it is possible that a port on of the export traffic will go their way.—*Tiser.*

THE WEATHER AND THE CROPS.—The magnificent weather and timely rains both east and west during the past week or two has brought forward vegetation of every kind wonderfully, and there is now promise of an abundant crop, except hay, in some districts, whilst in others the return is expected to be more than any average one. In exposed and wet places it is light, the land having been what is termed scalded or winter killed by frost owing to the want of the usual amount of covering of snow. Apple and other tender fruit trees both large and smal suffered from the same cause. There is a fair prospect for a large yield of small fruit, although caterpillars and other enemies are already at work. Wheat, oats and other grain crops are looking remarkably well. Potatoes, so far, have a very promising appearance, notwithstanding that the potato bug has made its appearance in full force. Many farmers, believing that Paris Green is unwholesome and dangerous stuff to meddle with have gone to work and cleared the crop of all they could lay hands on, by shaking and picking them off. This tedious and expensive mode of defence will cause fewer potatoes to be planted in future unless some other less expensive mode of destruction is devised. It is to be hoped that the recent propitious weather will continue during the growing, and in which case there will be no anticipations of a late or deficient return at harvest time. Even now there is very little difference, if any, in the forwardness of crops generally when compared with former years, notwithstanding the lamentations about the late spring.

OBITUARY.—Our readers will regret to read of the demise of Mr. James McKay, of Ottawa, for some time a resident of Kingston, and a brother-in-law of Mr. Daniel Rourk. The *True Witness*, commenting on his death, says: "The hand of affliction has been laid heavily on our esteemed friend, McKay, whose family has been lessened each year for the last five by the death of one of its dear members. With truth may it be said that the departed ones but ripened for the grave; yet their virtuous and edifying lives, their gentle and loveable nature, their filial affection and obedience, prepared their pure soul for an immortality of bliss. All who know Mr. McKay will deeply sympathise in his bereavement, and pray that his grief may be assuaged and tempered by the consolations of a holy and happy death promised by the church to those who die in her sanctity."

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.* Made simply with Boiling Water or Milk.—Sold only in packets labelled—"JAMES EPPS & Co., Homœopathic Chemists, 48, Threadneedle Street, and 170, Piccadilly, Works, Euston Road and Camden Town, London."

PROCLAMATION!

DOMINION DAY.

[Copy of Requisition.]

To B. M. BRITTON, Esquire, Mayor of the City of Kingston:

SIR,—The undersigned members of the Council respectfully request that you will proclaim SATURDAY, the First day of July, proximo, the legal holiday, instead of Monday, now proclaimed by the City, and you will accept the action now taken by us as a reconsideration of the vote respecting the same at the last Meeting of the Council, believing it will prevent confusion.

SIGNED:

P. Harty.	J. H. Metcalfe.
C. F. Gildersleeve.	W. Power.
W. McRossie.	John McKelvey.
Sam'l P. White.	John Gaskin.
C. V. Price.	G. J. Tandy.
L. Clements.	Isaac Noble.
E. J. B. Pense.	Robert Carson.
Thos. R. Dupuis.	Robert Carnovosky.
James McCammon.	John McIntyre.

Kingston, June 27th, 1876.

IN COMPLIANCE WITH THE ABOVE Requisition, I hereby withdraw the Proclamation issued on the 26th day of June, instant, in reference to Monday, the 3rd day of July, and I respectfully request the Citizens of Kingston TO KEEP AND OBSERVE

Saturday, the 1st Day July,

AS A PUBLIC HOLIDAY,
