Dundas County.

WINCHESTER SPRINGS.

A large and enthusiastic meeting of the Liberal-Conservative Party was held here to-day (April 9th) under the presidency of David Rae, Winchester, ex-Warden. Nearly every section of the County was represented. Among those present and who took part in the meeting were Andrew Broder, Esq., M.P.P.; John S. Ross, Esq., ex-M.P., Iroquis; John H. Munro, Esq., ex-M.P.P.; Adam Harkness, ex-Warden; John McKercher, Esq., Reeve of Winchester; George Malloy, Esq., Reeve of Mountain; Captain Farlinger, ex-Reeve of Williamsburg; Dr. Hickey, J. P. Whitney, Wm. Broder, Esq., Jacob Marselis, Wm. Whitaker, and H. C. Kennedy, *Courier*, Morrisburg.

It was decided that the candidate should be nominated by a delegate convention consisting of 30 from each township and 10 each from the villages. A meeting is to be held in each municipality on the 10th instant for the purpose of electing delegates who will meet in County convention here. The following gentlemen have been named as aspirants, but all declare they will abide by the selection of the coming convention, and do their utmost to secure the triumphant return of the Party's candidate: John S. Ross, Esq., ex-M.P., Iroquis; John H. Munro, Esq., ex-M.P., Morrisburg; Dr. Hickey, Morrisburg; Capt. Farlinger, Morrisburg; Adam Harkness, ex-Warden, Matilda; David Rae, Winchester.—*Com.*

Alexandria Bay.

A correspondent of the Watertown despatch has been visiting Alexandria Bay and describes the improvements which have been made during the winter. A dock for the landing of boats has been built out in the river, fronting 1,150 feet long. Seven or eight miles of avenues have been graded and cleared from trees and underbush, making some of the finest drives in the world. The boarding house, a large structure, will be finished by May first. The ice-house contains 6,000 cakes of ice, to the parched tongue of the weary visitor. The chapel, offices, stores, etc., are all going forward under the management of this prince of good fellows, Hon. Andrew Cornwall, who can point out to you more beauties of nature and can see the sublime and ridiculous whenever it exists, is a true lover of nature's great works. The Crossmans are also making improvements, and the improvements about are immense. The great rocks that for thousands of years have withstood the storms and tempests in front of the grand band stand are there no more as they have been torn from their resting place and are now slumbering in the waters of the noble St. Lawrence. This improvement makes one of the finest stone docks on the whole river and giving over twenty feet more front to the hotel, while a stone esplanade is being built the whole length of the grounds.—Workmen are busy now quarrying stone for the walk. Roses, trees of all kinds, flowering shrubs are now being set all over the grounds, and in a short time the once barren rocks will be a blooming, shady grove. The grand piazza in the rear is being pushed forward rapidly, and the iron spring lately purchased is being put in complete order The bath houses will be so constructed as to accommodate both ladies and gentlemen to a swimming or plunge bath, with hot and cold water, which will also be the only hotel where outside baths are to be had. This is a long needed improvement. The proprietor is arranging for a tropical garden on the roof of this immense establishment.

A Debateable Question.

While much has been written concerning the use of "put up" medicines, the question is still an open one, and demands of the people a careful consideration. The salient points may be briefly stated, and answered as follows:—1st, Are the sick capable of determining their real condition, the nature of their malady, and selecting the proper remedy or means of cure? 2nd, Can a physician, no matter how skilful, prepare a universal remedy, adapted to the peculiar ailments of a large class of people, residing in different latitudes, and subject to various climatic influences? In answer to the first proposition, we would say, diseases are named and known by certain "signs" or symptoms, and, as a mother does not need a physician to tell her that her child has the whooping-cough, or indicate a remedy, so people when afflicted with many of the symptoms concomitant to "impure blood," "torpid liver," and "bad digestion," require no other knowledge of their condition, or the remedy indicated, than they already possess. Second proposition—Many physicians argue that diseases are sectionally peculiar, and that their treatment therefore vary, and yet quinine, morphine, podophyllin, and hundreds of other remedies are prescribed in all countries to overcome certain conditions. Is it not, therefore, self-evident that a physician whose large experience has made him familiar with the many phases incident to all impurities of the blood, general and nervous debility, liver complaint, dyspepsia, consumption and catarrh, can prepare a series of remedies exactly adapted to meet the conditions manifest, wherever, and by whatever means, it may have been engendered? The family medicines prepared by R. V. Pierce, M.D., of Buffalo, N.Y., fulfill the above requirements. Many physicians prescribe them in their practice. His Golden Medical Discovery has no equal as a blood-purifier and general tonic, while his Favourite Prescription cures those weaknesses peculiar to women, after physicians have failed. His Pleasant Purgative Pellets, which are sugar-coated and little larger than mustard seeds, are a safe and certain cure for "torpid" liver and constipation. If you wish to save money by avoiding doctors and keep or regain your health, buy the People's Common Sense Medical Adviser, an illustrated work of over 900 pages. It contains instruction concerning anatomy, physiology, hygiene, and the treatment of disease. Over one hundred thousand copies already sold. Price (post-paid), $1.50. Address the author, R. V. Pierce, M.D., Buffalo, N.Y.

Testimonial from Capt. Joshua Harper.

Sackville, N.B., Feb. 13, 1877.

J. H. Robinson, Esq., St. John, N.B.

Dear Sir,—Early in October last I took a severe cold which settled on my lungs. After having a bad cough for about six weeks, I had a very severe attack of bleeding from the lungs, while on a passage from Queenstown to Dover. I had daily spells of bleeding for some days, until I lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put back to Queenstown, where I received such medical assistance as enabled me to get home.

I saw an advertisement of your Phosporized Cod Liver Oil Emulsion in a paper. I immediately sent and got half a dozen bottles, after taking which I feel myself a well man again. My weight, which was reduced to 120 pounds, is now up to my usual standard of 152 pounds. Seeing what it has done for me, I can confidently recommend it to others afflicted with lung diseases.

Yours very truly,
(Signed) JOSHUA HARPER,
Of the barque "Mary Lowerson."

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of Lime, is prepared only by J. H. Robinson, St. John, N.B., and is for sale by Druggists and General Dealers. Price $1.00 per bottle; six bottles for $5.00.

M. JOLY.

The Quebec Premier as a Protectionist.

The following is the letter written on the 23rd March, 1876, to Dr. Orton by M. Joly, during the sitting of the Agricultural Protection Committee:—

"My Dear Doctor,—I only received to-day a printed form of questions from your Committee, in the labours of which I take a deep interest, and hasten to send you my answers. I am afraid they are rather lengthy, but I must acknowledge that I feel some satisfaction in being able to give my views on the subject however little weight they may carry. It is a sort of protest against the accusation of inconsistency which has been brought against me during this session of the House of Commons, and in the press, for having given up the main plank of the platform of our *Parti Nationale*. We claimed above all things a *National Commercial Policy*. My friends have been twitted with having given it up, and I was brought in as the leader of the *Parti Nationale*; *but I have not given it up*. If I remembered correctly, you helped me in 1873 to obtain the exemption of the duty for the beet-root sugar manufacture, and I hope you will approve my views on the subject."

MR MACKENZIE'S PROFESSIONS VS. HIS PRACTICE.

Said Mr Mackenzie in his goody-goody days:—

"The United States, a country with 400,000,000 of people is governed by seven Ministers, while we with 4,000,000 of people require thirteen. It is absurd and monstrous. There the Secretary of the Treasury attends to all the financial business. Here the Finance Department is divided up between the Finance Minister, the Receiver-General, the Minister of Customs and the Minister of Inland Revenue—four of them. The system is extravagant in the extreme."

After being in power nearly five years, Mr Mackenzie proposes to carry out a reform by abolishing the Receiver-Generalship, dividing the Department of Justice into two and creating an Attorney-Generalship. Reform is a fearful and wonderful mystery. —*Mail.*

WILL CURE CONSUMPTION.

To all suffering from the following diseases a ray of hope is offered through the kindness of a missionary friend who has sent me the formula of a purely vegetable medicine which has long been used by the native medicine men of Hindostan: for the positive and radical cure of consumption, bronchitis, asthma, catarrh, dyspepsia, throat and lung difficulty, general debility, loss of manhood and all nervous affections, its power has been tested in hundreds of cases without a failure. I now feel it my sacred duty as far as possible to relieve human misery, and will send the recipe—*free of charge*—to any person who may desire it with directions for using. Sent by return mail by addressing with two stamps naming this paper Dr. O. R. Brigham, Drawer 28, Utica, N.Y.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, Bible House, New York City.*

☞ Sharp competition is the order of the day among the first class hotels in New York. With one or two exceptions, they are trying to keep their old trade while adhering to their previous high rates. The Grand Central has reaped much benefit from this, by quietly "cutting" the rates from one to two dollars per day.

Blacksmithing.

THE undersigned, in returning thanks for the liberal support he has received since his father's death, begs to say to all old customers and others, that he will carry on the business at the OLD STAND, Princess Street, HORSE-SHOEING and GENERAL JOBBING done on the shortest notice and at moderate charges.
