County Notes.

(By our Travelling Correspondent.)

ROSSMORE.

Having visited the school taught by Mr Hugh Creighton, I found the teacher attentive to his duties, and the children very orderly. The average attendance is 27.

The Benjamin mines are in full operation, and are making a good show. There are some ten men employed here, and there is a boarding house attached to the mines under the superintendence of Mr Andrew Hill and Mr Thomas Sloan, the oldest miner in this part of the country. The work at the mines is progressing satisfactorily, about 150 tons of pure phosphate having been taken out.

There is quite an excitement in this section over the contest between Messrs. McRorey and Shibley, canvassing on both sides being engaged in with great vigour. The expectation is that Mr Shibley will be very hard run, as a large number of his supporters, disgusted with the actions of the Government, will give their support to Mr Rorey.

The mine worked by Messrs. Spence and Flanagan, I learn, is doing a large business in phosphate, of which 85 per cent. is the pure article.

Mr Jabez Stoness ought to be patronized by any who have business in this locality. His hotel is comfortable and well conducted.

SYDENHAM.

It is contemplated to erect a new school-house in this village, the old one having been disposed off. The cause of education here is very flourishing.

HARROWSMITH.

The blacksmith shop kept by Bertram, Cannon & Co. does a very large amount of work in this village, and carries on business with another shop in Hartington, in carriages, sleighs, &c. Mr Bertram imports largely from Montreal, and turns out first-class work generally.

Mr Thomas Fallon, of this village, is a man that will gain the esteem of all who call upon him at his hotel. He endeavours to make his guests feel at home.

I called upon Mr W. Russell here, and and found him at work. He does a large business. He kindly showed me the Orange Hall, of which he has charge. It is a neat frame building, painted white, and mounting a flag pole, upon which is hoisted the Canadian flag occasionally.

MILLBURN.

At this place I had the pleasure of visiting the school taught by Miss Weller, No. 10, Storrington, and found thirty-five pupils. They were very orderly, and Miss Weller pays close attention to them.

At Inverary I visited the school taught by Mr B. V. Davis, which is considered the best in the locality. Mr Davis is much liked in this section, and he is a hard worker in his profession.

BATTERSEA.

This village seems to have more life in it now than it had some time ago, although things are yet very dull comparatively speaking. The mills are all working, and the farmers are encouraged by the early spring and the excellent prospects of harvest.

At Mr George Rone's hotel it will be found that the host and hostess are very attentive to their guests, and do their utmost to make them comfortable.

I had the pleasure of being introduced to Dr. Darragh, of this place, an old Kingstonian and a friend of the NEWS. He is well liked in this village, and is rapidly acquiring a large practice. The services of a doctor were much required in this locality and Dr. Darragh has filled up the gap.

I also had the pleasure of meeting Mr D. J. Waggoner here, who is circulating a large amount of money in the purchase of cattle, and is meeting with success.

I visited the school taught here by Mr J. Orser and have pleasure in testifying to its efficiency.

PERTH ROAD VILLAGE.

Mr James Short is now landlord of the Farmers' Inn in this place, and he is very attentive to the comfort of those who patronize him.

The men of the Miners' Band are to be presented by Mr Stockwell with a neat uniform. Under the tuition of Mr Emerson the band has made rapid progress, and in consequence Mr Stockwell has come to the conclusion that the band is a credit to the mines and to the whole section. Mr Emerson has worked very hard in connection with the band, and we are glad to know his efforts have been successful.

YARKER.

This village is situated in a beautiful spot, being built on the banks of a fine stream. Quite a number of mills are at work here.

PETWORTH.

This village, like all the others on the same stream, enjoys numerous advantages with respect to water power, but these advantages are not embraced. Everything seems to be quite dull.

The school in the village is one the residents ought to be proud of, so far as the educational department is concerned. Mr Donald Joyner, the teacher, is very attentive to his duties, and has raised the standard very high. A new school-house is badly wanted, however.

PORTLAND.

I visited the school taught by Mr Peter Storey, in Section No. 6. The attendance of children was about twenty-five. A new building is badly wanted here, and there are other sections in this township not much better.

COLEBROOKE.

Mr John Boyce keeps a blacksmith shop in this village, doing a good business, but he complains sadly of dull times in the way of collecting money.

Mr Shangrew, of this village, does a good business as a storekeeper. He is an intelligent man, and an old friend to the News. He thinks that a great increase in the circulation of the CHRONICLE could be obtained here were times better.

GENERAL.

The prevailing topic of conversation all over the wide extent of country included in the foregoing is the elections, and particular attention is being devoted to that for Kingston. A very general hope is expressed for the success of Sir John Macdonald.

Mohawk Mission, Tyendinaga.

The annual Easter Vestry meeting was held in Christ Church on Easter Monday. The Rector, Rev. E. H. M. Baker, took the chair. For Christ Church the Rector chose as his Churchwarden Sampson Green, and the Vestry elected David Smith. For All Saints, Nelson Maracle was appointed Clergyman's Warden, and Thomas Claus he People's. The retiring Lay Delegate, Sampson Green, was re-elected to represent the parish in the Synod for the next three years. The financial exhibit presented by the Churchwardens for the past year was most satisfactory. The collections, both special and ordinary, in both the Mohawk Churches, were just double last year. The subscriptions to the Mission Fund were much larger. Within the year a new and commodious extension to the Parsonage had been erected, making the dwelling much more comfortable. The new building consists of dining room, passage and kitchen. Mr Baker took occasion to express his thanks to the Mohawks for the enterprise they had shown in the matter. The vestry instructed the Churchwardens to initiate measures for the erection of a shed adjoining each church, and appointed committees to co-operate with them. The meeting was well attended and harmonious.

St. Mark's Church, Mill Point.—At the adjourned Vestry meeting of this Church the Churchwardens' financial statement evidenced considerable progress. Messrs. W. G. Rae and Cornelius Olion were re-appointed Churchwardens. The Vestry are in treaty with the Mohawks for the purchase of a site for their new Church.

Extracts from a letter from C. H. S. Cronkhite, Esq.:

Canterbury Station, York Co., N.B., October, 10th, 1876.

Mr J. H. Robinson.

Dear Sir,—In reply to your letter of enquiry, I would say that your *Phosphorized Emulsion of Cod Liver Oil with Lacto phosphate of Lime* is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt like a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable, in the summer, to walk any distance without much fatigue. I can now take my gun and travel all day, and feel first-rate at night, and eat as much as any lumberman. Have not bled any since I took your preparation, and can now inflate my lungs without feeling any soreness, and I think I can inflate them up to the full measurement same as before I was sick; have also gained in flesh; my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly,
(Signed,) C. H. S. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witnesses to the effects of *Robinson's Phosphorized Emulsion* on the person of Mr Cronkhite, and do assert that the foregoing statement is correct in every particular.

ALEXANDER BENNETT, J.P.
(Signed.) WILLIAM MAIN.
REV. THOS. HANTIN.

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of Lime is prepared only by J. H. Robinson, Chemist, St. John's, N.B., and for sale by druggists and general dealers. Price $1.00 per bottle; six bottles for $5.00.

WILL CURE CONSUMPTION.

To all suffering from the following diseases a ray of hope is offered through the kindness of a missionary friend who has sent me the formula of a purely vegetable medicine which has long been used by the native medicine men of Hindostan—for the positive and radical cure of consumption, bronchitis, asthma, catarrh, dyspepsia, throat and lung difficulty, general debility, loss of manhood and all nervous affections, its power has been tested in hundreds of cases without a failure. I now feel it my sacred duty as far as possible to relieve human misery, and will send the recipe—*free of charge*—to any person who may desire it with directions for using. Sent by return mail by addressing with two stamps naming this paper Dr. O. R. Brigham, Drawer 28, Utica, N.Y.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, *Station D, Bible House, New York City.*
