THURSDAY EVENING, SEPT. 5.

Gold in New York 100⅞.

☞ SARATOGA WAFERS—The latest novelty at the Italian Warehouse.

PROBABILITIES.—For the next twenty four hours: For the lower lake region, moderate winds and partly cloudy weather.

WHITE MICE.—A man dropped into the NEWS office to-day with a lot of white mice which were perfectly tame and ran all over him.

THE OLD LOG CABIN IN THE DELL.—This pretty song and chorus, composed by C. A. White, author of several well known pieces, is sold at John Henderson's at ten cents.

☞ The Grand Central Hotel is now offering unusual inducements to business men, families and tourists. The prices for board have never been so low, and the table is still kept up to its first-class high standard.

ROYAL MILITARY COLLEGE.—The Military College reopened to-day for the session. Quite a number of Cadets have arrived. We are informed that owing to work going on at the College, camping out will have to be done by the Cadets.

SCHOONER ASHORE.—Yesterday afternoon the schooner Algerine ran ashore on the Snake Island shoal during the prevalence of the thunderstorm. She was pulled off this morning by the tug Lady Franklin, having sustained no damage.

PROPELLOR WHEELS.—We call attention to the advertisement in another column of the propellor wheels made at the Kingston Kingston Foundry, by Messrs Davidson, Doran & Co. There is ample evidence of their excellence, and parties interested in steamboating should try them.

CHURCH PICNIC.—A grand picnic will be held at Indian woods, near Mill Point, on Thursday next, the 12th inst. Messrs John White, M.P., G. A. Kirkpatrick, M.P., J. S. McCuaig, Robert Clapp and others are expected to be present, and deliver addresses. A good time may be expected.

CITY COUNCIL.—A special meeting of the City Council was called last night to consider the Budget for the year. At eight o'clock, when the roll was called, the following answered their names: The Mayor, Alds. Fee, Mooers and Walkem. Ald. Woods came in as the others left.

THE CIRCUS.—Cole's circus shows to-morrow in this city. It will arrive early in the morning by the Grand Trunk Railway, and the cars will be run into the city. The tents will be pitched, as usual, on the drill shed common. The grand street procession will take place about ten o'clock in the forenoon.

THE CHRONICLE AND NEWS published today contains a full report of the great meeting in the City Hall, and of Mr Allen's denunciation of Mr Mackenzie; also the meeting in Cataraqui Ward; the births, deaths and marriages, and the local news of the week. The CHRONICLE can be purchased at any of the bookstores or at the counter in wrappers for mailing, price five cents.

MASONIC.—A Toronto despatch says:—"There is much stir among the Masons here at the proposition, which will be carried into effect to morrow evening, to receive the members of a Lodge under the jurisdiction of the Grand Lodge of Ontario into membership with a Lodge working under the Grand Lodge of Canada. The matter will come up at the meeting of the latter body here next week."

A ROW.—Last night the residents of King street, between Brock and Princess streets, were much annoyed by a row in a recently started saloon. From what we can learn, the keeper of the saloon was acting in a very disorderly manner, and our informant says that he was beating his wife. We are informed that a petition is being got up for a revocation of the license, which will soon be presented to the License Commissioners. While on the subject of licenses we may state that complaints are still prevalent of the existence of rowdyism at a saloon near the Post Office, and it would be well if the authorities looked after it.

DEATH OF CAPTAIN DOWNS.—By a special despatch from Picton we deeply regret to learn of the death of Captain J. P. Downs, of that place, of heart disease, this (Wednesday) morning. Captain Downs was in his usual state of health on Tuesday, and worked in his office until about five o'clock. He retired to rest at the usual time, making no complaint of sickness, and was found dead in his bed on Wednesday morning. He had arrived at the mature age of seventy-eight. Captain Downs was an estimable citizen, and one of the oldest subscribers to the NEWS in Picton. We believe he leaves a widow, but no family, to lament his loss. His funeral will take place to-morrow (Friday.)

Mr Allen.

We received a letter addressed by Mr Allen, of Alwington, to our contemporary, which was refused admission in its entirety. Mr Allen brought the letter to this office this afternoon requesting that it be published. It will appear to-morrow.

Personals.

Mr J. J. Foy, of Toronto, Barrister, was in town to-day.

The Rev. Canon Mulock and Mrs Mulock will leave in a couple of weeks for Denver, Colorado, where their daughter, Mrs R. Cassels, is at present in a delicate state of health. During Mr Mulock's absence his duty will be taken by the Rev. T. C. Des Barres, M.A., of St. Thomas.

Short Notes.

Circus to-morrow.

There was no business before the Police Court this morning.

There can't be any complaint of a dry season now. We have had plenty of rain recently. Another heavy shower fell this morning.

Grand Trunk traffic receipts for week ending August 31—$175,208, being a decrease from corresponding week last year of $14,842.

We have not yet heard any explanation as to why the foundation of the Military College was built before the tenders were asked for.

The Watertown *Despatch* understands that Col. Flower has received the contract for the construction of twelve miles more railroad in Minnesota.

Captain W. M. Baillie of the 47th Battalion won a $10 prize in the Allcomers' match at the Dominion Association's meeting at Ottawa on Tuesday.

The House of Bishops of the Protestant Episcopal Church unanimously resolved to depose Bishop McCoskery, of Michigan. The sentence was publicly pronounced by the President, Bishop Smith.

The Utica Citizens' Cops, to the number of about 100, paid a visit to Ottawa on Tuesday, and were very cordially welcomed by the volunteers. They were entertained at lunch at the rifle ranges by the officers of the Dominion Rifle Association.

Political Notes.

Mr Mackenzie is holding meetings in his own constituency.

The *Irish Canadian* is very strong this week in its hostility to the Mackenzie Government.

The Brockville *Recorder* still wrestles with the speeches delivered at the Grit meeting at Gananoque on Saturday which omitted to say where the "eighteen pence" were to come from.

Mr Thos. Hodgins, Q.C., M.P.P., has accepted the Reform nomination for West Toronto. He is the second member of the Ontario Legislature who is running, Mr W. McDougall, who is in the field in Halton, being the other.

Dr. Wiggins, formerly of Brantford, has been unanimously nominated as the Liberal-Conservative candidate for Queen's County, N.B. Dr. Wiggins is an able speaker and it is confidently expected will carry the constituency.

We learn from a reliable source that East Northumberland is sure to be redeemed, and that the Biggar party are frightened at the turn affairs are taking among the farmers in that Riding. West Hastings is also certain for Wallbridge, several of Mr Brown's personal friends having recently gone back on him.

The Belleville *Ontario* says: "Messrs Cartwright and Huntington spoke at Gananoque last Saturday. It was an immense success." The immense success consisted of a meeting of four hundred persons, fully a half of whom were Conservatives, and who cheered lustily for Sir John Macdonald, and Mr D. F. Jones, the Conservative candidate.

Kingston Election Notes.

Meeting of Cataraqui Ward Committee at Central Room at 7.30 o'clock.

Read, on second page, Senator Macpherson's letter to Hon. George Brown.

Meeting of Sir John Macdonald's Committees at Central Room, Princess street, this evening at 8 o'clock.

In company with Alderman Harty and Mr Muckler, Sir John Macdonald made a very successful canvas of the lower part of Sydenham and Ontario Wards last evening, his old friends rallying around him enthusiastically. From all appearance there will be a good majority for Sir John in Sydenham.

From the statements published it is evident that it was the intention of Mr Gunn's supporters to pack the City Hall on Tuesday evening. A number of them attended and writhed under Mr Allen's arraignment of Mr Mackenzie and bogus "Reform." When Mr Gunn condescends to defend Mr Mackenzie in reply to Mr Allen we are sure the Conservaties will fondly return the compliment by attending in large numbers. They are anxious to hear Mr Gunn speak.

For the benefit of the Government contractors and others, we shall publish to-morrow some facts connected with Mr Mackenzie's Steel Rail purchase, which will open the eyes of the electors to the true state of the case. They will see what dependence is to be placed on Mr Mackenzie's statements, which in many instances have been proved to be utterly unreliable; how the firm of Cooper, Fairman & Co., were favoured; that in awarding contracts Mr Mackenzie set at naught the professions made by him in Opposition; and that *the bungling and jobbery connected with the transaction have resulted in a loss to the country of at least two millions of dollars!*

Yesterday's Thunderstorm.

The terrific storm which passed over the city yesterday afternoon seems to have been very general all over this section of the country, and reports from several places show that considerable damage was done. In the city, as mentioned yesterday, Cataraqui School House was slightly struck, the damage not being very extensive. There is a hole in the roof, which can be repaired in an hour or two. Mr J. H. Metcalfe's house, on Queen street, was entered by the lightning, and a general scatter was made. Nobody was injured, although the inmates were frightened. The flag pole on Mr George Brown's house, Princess street, was thrown down, as was a telegraph pole opposite. At the Court-House a large stone was dislodged from the north wall, and fell with a crash, breaking a window. It weighed between 1,200 and 1,500 lbs. This, so far as we could learn, was all the damage done in the city.

TOWNSHIP OF KINGSTON.

In the township of Kingston, just beyond Cataraqui, on the Sydenham Road, the storm was felt in all its fury. The thunder rolled, and the lightning flashed incessantly, the residents along that part of the road being considerably alarmed. The rain fell in torrents, and it seemed, as one of the people informed our reporter, as if a large lake had lost its bottom or had been turned upside down. The water actually came down in sheets. For a distance of about three miles this prevailed, and hay stacks, fences, and other things floated away. The water flowed to a depth sufficient to float a lake steamer. The track of the Kingston & Pembroke Railway for about half a mile, was completely washed away, and there was no passage for trains. The Cataraqui Grangers had an excursion to the Mississippi, and their progress home was stopped by the breaking up of the track. It will be repaired sufficiently to allow the cars to pass over it this afternoon. The damage done is expected to be large, but no estimate can yet be made.

TOWNSHIP OF STORRINGTON.

In this township the storm resulted in a very sad affair, the death of three young men by lightning. Michael McGarvey, son of Mr Terence McGarvey, with two hired men, named Daniel and Niram Spooner, brothers, went out to the field to dig potatoes, in which they were engaged when the thunderstorm came on. They ran for refuge to a small building on the farm used as an ice house. About six o'clock a man was sent out to the field with a horse and waggon to drive home the potatoes, but he could not find the diggers. Search was made for them, and after a while the three bodies were discovered, one of them lying outside the door of the building and the others inside. The lightning appears to have struck the back of the building, ran along the roof to the door, there descending to the ground. The men were standing in the door, and were there struck the electric fluid afterwards making a deep hole in the ground. When the bodies were found they were quite pliable, but afterwards became rigid. One of them seemed badly burned, as it had turned black. Much regret is felt in the neighbourhood at the untimely death of the young men, especially of Mr McGarvey, who was a hard working industrious young man. His father, Mr Terence McGarvey, has the sympathy of the entire community in his affliction, this being the second death in his family within a few weeks. Niram Spooner leaves a wife and two children to mourn his untimely fate, and they have the sympathy of all in their bereavement.

We have not heard of any other damage up to present writing, but it is probable some more did occur.

Diocese of Ontario.

MEETING OF MISSION BOARD.

The regular meeting of the Mission Board of the Diocese of Ontario was held at the Secretary's office, St. George's Hall, on Wednesday morning. There were present the Rev. Dr. Boswell, chairman; the Very Rev. Dean Lyster, Kingston; Ven. Archdeacon Lauder, Ottawa; Ven. Archdeacon Parnell, Kingston; Rev. Wm Lewin, Prescott; Rev. E. H. M. Baker, Tyendinaga; Rev. Canon Mulock, Brockville; Rev. G. W. White, Iroquois; Rev. J. W. Burke, Belleville; Rev. Canon Pettit, Cornwall; Rev. J. J. Bogart, Napanee; Messrs. R. V. Rogers, R. T. Walkem, James Shannon, E. Rose, Kingston; and Saml. Keefer, Brockville. The proceedings were opened with prayer. The Secretary read the minutes of the last meeting of committee, which were approved.

SUSTENTATION FUND.

Mr Walkem read the report of the committee appointed to prepare a canon for the management of the Sustentation Fund, which was as follows:

"Whereas a fund called the Sustentation Fund has been created in this Diocese with the object of supplementing the Mission Fund; and whereas hitherto no synodical action has been taken to provide for the management and disposal of the said fund to date:

"Be it enacted that the said fund be and it is hereby placed under the custody and control of this Synod, acting through the Mission Board, and that the capital thereof be invested from time to time in the same manner as the other permanent funds of this Diocese are invested.

"And be it further enacted that the interest of the said fund shall be subject to the disposition of the Mission Board, to be dealt with in the same manner as the other moneys at their disposal for mission purposes.

"Provided that if in any year the whole amount of the interest shall not be required or appropriated by the Mission Board, the surplus interest shall be carried to the credit of, and shall form part of the capital."

On motion the report was received and adopted, and a canon will be submitted to the Synod at its first meeting.

CANON XVI.

The Rev. J. J. Bogert said the committee appointed to digest Canon 16 were not prepared to report at present, and asked leave to report at next meeting, was granted.

SURPLUS COMMUTATION FUND.

A discussion arose concerning a resolution moved at the last meeting of the Board by the Rev. Mr Forest, that there should be no diminution in the grant by Mission Board to a clergyman who should happen to be in receipt of a grant from the Commutation Fund until his income reached the sum of $1,200 per annum. The resolution upon being put was negatived.

FINANCIAL STATEMENT.

The Secretary read the following report of the state of the finances at date:

By collections from 1st May to 31st August		$1757 90
To paid grants to missions for quarter ending 30th June	$2462 50	
" Rev. J. H. Simpson's pension	50 00	
" Outfits.		
Rev. John Osborne	100 00	
" R. B. Smith	100 00	
" T. Codd	100 00	
" share Clerical Secretary's salary	40 00	
" Archdeacon Parnell	25 00	
		$2877 00
Debit balance		1119 66
" " 1st May, 1878		2163 52
		$3283 12

T. A. PARNELL, Secretary.

The Secretary stated that the collections during the past year were in excess of those of the previous years.

APPLICATIONS.

A communication was read from the officers of Smiths' Falls congregation that it was desirable that Smith's Falls and Montague should constitute a separate parish, and that the out-stations of Lombardy and Port Elmsley should be provided with a clergyman, and asking for a grant of $300 for that purpose.

After considerable discussion it was resolved that the application be received, and that as soon as the parish of Newboro gives up New Boyne a new mission be originated for the relief of its two older missions.

A communication was read from the Rev. A. C. Nesbitt relative to the continuation of the grant to Bell's Corners for two years. The grant was continued to the 1st January next.

A communication was read from the churchwardens of Holy Trinity, Pembroke, asking a re-arrangement of the missions in connection with it, so that the grant of $300 formerly made to the parish might be continued, and entering fully into particulars. The Board referred the letter to the Classification Committee.

A communication was read from the Rev. S. Tighe asking that Franktown should be placed on the list of missions receiving $300 per annum. Referred to the Classification Committee.

A communication was read from Rev. H. B. Patton asking an increased grant to the mission of Gloucester. The communication was referred to the Classification Committee.

A communication was read from the Rev. S. McMorine asking for the continuation of the grant to the parish of Hazeldean and Huntley. It was agreed that the application should be considered when the Rev. Mr McMorine should be relieved of the station of Hazeldean.

An application was read from the Rev. Mr Phillips and the churchwardens, Hawkesbury, complaining of the reduction of the grant to that parish from $300 to $250, and protesting against it. The communication was referred to the Classification Committee.

A communication was read from the Rev. H. E. Pices asking for the restoration of the grant to the mission of Fitzroy Harbor. The application was not granted, there being a resolution of the Board which prevents a grant being made to the parish while it is served by a commuted clergyman.

The Clerical Secretary was ordered to send a notice to all the clergymen in the Diocese to transmit to him the list of all subscribers to the Mission Fund immediately, and that each clergyman inform his congregations that the list of such subscriptions, together with the Journal of Synod, shall be forwarded as soon as possible after the Synod shall meet.

The meeting was closed at one o'clock by the chairman pronouncing the benediction.

Fashion Gossip.

Kilted skirts are much worn.

A great deal of shirring is used on the latest Parisian dresses.

The Rembrandt hat, of white plush with large white plumes, is intended for blondes for dress occasions.

Whole suits are shown of the new ribbon material, comprising skirt, overskirt and sacque.

Little round capes made of lace, lawn, tulle, muslin or other very transparent fabrics are likely to be very popular.

A beautiful material of rich Oriental colouring, used for trimming hats and bonnets, is called "Nabob gauze."

A BOLD EXPLOIT.—The Tug McArthur of the Collinsby Rafting Co., commanded by Capt. McDonald, of this city, recently accomplished a feat in towing rafts, which has never been attempted before. The Company had a large timber raft consting of lockages drawing six feet of water which they were having taken to Quebec. On coming to the Long Sault rapids it was found to be inconvenient to go through the canal, the course which is unusually pursued when the raft is too deep to pass over the South Channel. Accordingly Capt. McDonald resolved to try the North Channel, the one which is used by steamboats, and whose rushing waters and perilous rocks have hitherto deterred the most adventurous. The timber was run over in safety and Capt. McDonald has the honour of having been the first to perform the daring exploit.

THE HANLAN-COURTNEY RACE.—A Toronto despatch says: There is a hitch in the Hanlan-Courtney arrangements. Messrs. Webster and Brister, Courtney's backers, are now in town in conference with the Hanlan Club. What the hitch is, nobody knows. Both parties being extremely reticent.

EXCURSION TO-MORROW.—The Geneva will run up the bay to Amherst Island to-morrow with Sir John Macdonald, Mr Kirkpatrick and party. She will leave at ten o'clock and return at four p.m. The fare will only be 25 cents.

THE WEATHER.—The weather continues very changeable. Last night there was a thunderstorm with heavy rain, and this forenoon a very heavy shower fell. The afternoon was intensely hot, and there are indications of more rain.

THE SYNOD.—It is understood that the meeting of the Synod of the Diocese will take place in the first week of December after the arrival of His Lordship the Bishop from England.

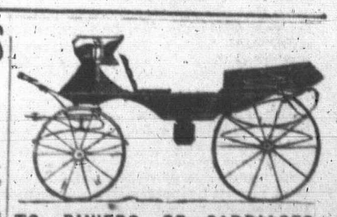
Kingston, 21st August, 1878.



TO BUYERS OF CARRIAGES.

MY CARRIAGES have been in constant use by private gentlemen and by the Princess Street Livery, to whom I am pleased to refer as to the general character of my work.

My Carriages are made for durability, comfort, style and good finish. And I am able also to furnish, when desired, others than those represented in my Warerooms.

Prices as low as the market can afford.

REPAIRING in all its branches at reasonable rates.

G. W. ROBINSON,
Princess Street, Kingston.
