The Daily News.

MONDAY EVENING, OCTOBER 28.

Gold in New York 100¾.

LATE OVER.—A letter from Mr Hobart, President of the Y.M.C.A., in reference to Mr D. I. K. Rine, to whose attack on the Association we alluded a few days, will appear to morrow.

MRS HACKETT'S ENTERTAINMENT.—We bespeak a large audience for this entertainment, which comes off on Thursday evening next. Those who attend will not regret it. The programme contains some very fine dramatic selections.

SNOW.—Quite a large quantity of snow seems to have fallen in the country during the night or this morning. The cars of the Kingston & Pembroke Railway were covered when they reached town this morning. In the city some snow also fell, being quite visible in the shade until a late hour to day.

POOR LIGHT.—The manner in which the streets of Kingston are lighted would disgrace a one horse village. The gas in the lamps is very indifferent, not emitting as much light as a penny candle. It is time that an improvement was effected, as the present state of affairs is a disgrace to the city.

SIR JOHN'S SECRETARY.—Says the Cornwall *Freeholder*. "Mr Henry Kinloch, who acted as private secretary to the late Mr Sandfield Macdonald, has been appointed private secretary to Sir John A. Macdonald. So distinguished an appointment will be highly pleasing to Mr Kinloch's numerous friends."

ORDINATION.—Mr Hugh Taylor, who contributed so much to the amusement of Kingstonians by his amusing readings during the past two or three winters, was ordained and inducted at Iroquois on the 3rd September. Mr. Taylor has many warm friends in Kingston, who will be much pleased to hear of his success.

LOCOMOTIVES.—The Canadian Engine and Locomotive Company will to-morrow or Wednesday ship five first class locomotives for the Halifax and Cape Breton Railway. They are intended to reach their destination this week. The company is at present engaged in the manufacture of two locomotives for the Montreal, Occidental and Ottawa Railway.

FATAL ACCIDENT.—On Friday night a man by the name of Merritt Fargo, living on Wolfe Island, while in the act of shutting down a window in his house, stepped back and fell over a stairway behind him, which was unprotected. His leg was broken, and he probably received other injuries, for he died on Saturday morning. He was a man of steady habits, generally.

PROBABILITIES for the next twenty-four hours.—For the Lower Lake region: Fresh to brisk westerly to southerly winds, partly cloudy weather, stationary or rising temperature. St. Lawrence: brisk northwesterly to southwesterly winds, partly cloudy, cold weather with flurries of snow; sharp frost. Maritime Provinces: brisk southerly to westerly winds, and partly cloudy to cloudy cold weather, with rain areas.

PRIMITIVE METHODIST CHURCH.—The services at this Church yesterday were devoted to the children of the Sunday School. In the morning the Rev. W. M. Peacock preached from Christ's command to Peter "Feed my lambs," delivering a discourse very suitable to the young people. In the evening the Rev. T. W. Jolliffe preached to the children. The singing by the children was good, and consisted of hymns usually sung in the school.

ROWDYISM continues to be rampant in different parts of this city, and from the smallness of the force the police are utterly powerless to put it down. Last Friday evening a gentleman going home down the Montreal road, accompanied by a young girl, was attacked by a party of roughs who were attending a dance in the locality of Charles street. He would probably have been roughly handled had he not acted in a conciliatory manner. From the great increase in rowdyism in the city, a more powerful police force is absolutely necessary, and must be made before long.

FATAL RAILWAY ACCIDENT.—The *Brockville Recorder* says: Last Friday night while No. 1 express train on the G.T.R. was passing east out of town, an old man named John Gilleran, was struck by it while crossing the track at Bartholomew street and immediately killed. It appears that Mr Gilleran, who was over 74 years of age, was on his way home, being a resident on the hill over the track, on Bartholomew street, when the express dashing along at a good pace, struck him before he got clear across the track. The deceased gentleman, although old, was remarkably sprightly and agile, and it is thought he must have been ignorant of the near approach of the train. An inquest was held and a verdict of 'accidental death' returned, no blame being attachable to the engineer or driver, they doing all in their power to stop the train.

Police Court.

(BEFORE MR STRANGE.)

Monday, Oct. 28.

David Rogers and James McMaster, drunks, each paid $2 for the luxury.

Matthew Murphy was arrested last evening acting in a disorderly manner near the old Methodist Chapel, Bay Street. He had a stone which weighed over a pound in his hand, with which he threatened to smash anyone who came near him. A policeman came and conveyed him to the Police Station. Fined $10 and costs or three months in gaol.

College Societies

ÆSCULAPIAN SOCIETY.—The regular meeting of this Society was held on Saturday evening, the President, Dr. K. N. Fenwick, in the chair. A committee was appointed to make arrangements for the annual supper. There being but a small attendance, owing to the inclemency of the weather, it was resolved to postpone the debate on "Vivisection" until November 9th. The subject for debate next Saturday evening is to be: "Resolved, that phrenology is not based on true scientific principles," Mr Wm. F. Cleaver leading in the affirmative and Mr R. H. Horton in the negative.

ALMA MATER SOCIETY.—The regular meeting of the Society was held on Friday evening, but the business transacted was merely of a routine character.

Short Notes

Paris letter on fourth page.

Snow on the ground this morning.

Sir John A. Macdonald arrived in Toronto on Saturday evening.

The rain of yesterday kept many persons at home from Church.

School matters are keeping the Brockville people lively these days.

Principal Grant was to preach in St. Paul's Church, Hamilton, yesterday.

Now get up your coal stoves and shake the pepper out of your furs. Winter has come.

The funeral of the late Miss Carberry, which took place this morning, was very numerously attended.

The President of the United States has appointed the 28th November as Thanksgiving Day in that country.

Mr. Mercer, Deputy Sheriff of Kent, and Mr. Mewhinney, of the Post Office Department, were in the city on Saturday.

Dr. W. P. McKay, the English Evangelist, will be in Kingston to-morrow and Wednesday, when he will hold services.

The Australian cricketers had it all their own way in the game at San Francisco. They made 197 with with six wickets down, C. Bannerman making 78 and Spofforth 45.

Judge Ross, of Ottawa, intends entering an action for libel against the *Orange Sentinel* for libelling him in an article referring to the dismissal of Sergeant Hornidge from the police force.

A correspondent writes to the Ottawa *Citizen* suggesting that the Government should appoint a Day of Thanksgiving for the bountiful harvest and the other blessings the country has enjoyed.

Messrs George and Henry Taylor, sons of Captain W. R. Taylor, left to-day for Little Rock, Arkansas. We hope it will soon be unnecessary for our young men to go abroad to find employment.

Mr Thomas Tandy, the present Assistant Freight Agent of the Great Western Railway, Hamilton, is appointed to the same office on the Detroit and Milwaukee line. The appointment will involve the change of Mr Tandy's residence to Detroit.

Mr. W. H. Moutray, of Amherst Island, agent of Major Maxwell, of County Down, Ireland, has been presented by the Agricultural Society of Amherst Island with a portrait of himself, accompanied by a complimentary address. Mr. Moutray made an appropriate reply.

The Brockville *Recorder*, referring to the rumour of the *Argus* being revived and the protest against Mr Gunn, says: "The Kingston Tories are vainly endeavouring to keep down the pill they swallowed on the 17th." The *Recorder* is not well informed, as "the boot is on the other leg" at present.

Horatio Seymour is to contribute to the November-December number of the *North American Review* an article on "The Government of the United States," and James Parton one on "Antipathy to the Negro." William R. Martin, ex-President of the Department of Public Parks of New York, will write on "The Financial Resources of New York," and "The Congress of Berlin and its Consequences," will be the subject of a paper by "An Old Diplomatist."

THE CHURCHES.—It was announced yesterday that the formal re-opening of St. Paul's Church would take place on Sunday the 10th November. At evening service in Sydenham Street Church the Rev. William Galbraith continued his series of special sermons to young men. His text was in Daniel iii, 13 to 25 inclusive, from which he delivered an interesting, instructive and able discourse, addressed especially to young men. In Queen Street Church in the evening Rev. William Jackson continued his series of biblical historical discourses, that of last evening being on Saul and the Witch of Endor.

WILLIAM GUNN & CO'S FAILURE.—An evening contemporary (*Star*) refers to some difficulty which is said to exist between the Bank of Montreal and Messrs Wm Gunn & Co., grain merchants of this city, who are in financial difficulties, because of the disappearance of grain, the bills of lading for which are held by the Bank. The grain was brought to Montreal by Messrs Holcomb & Stewart, of Kingston, in their own barges, and by them handed over to Gunn & Co. We understand that Alex. Gunn, M.P., Kingston, will make good to the Bank any loss which has been incurred through the action of his employees, Messrs Holcomb & Stewart.—*Montreal Gazette.*

THE VICTORIA HYPOPHOSPHITES acts like magic, rapidly restoring the strength and appetite, promoting sound and refreshing sleep, and imparting Tone, Vigour and Energy to the whole system. Mrs. Youmans was presented with a silver ice pitcher on Saturday last.

Mr. Aaron Pierson, of Ameliasburgh, raised a pumpkin this season that weighed 180 pounds.

Mr. Robert Clapp, of South Marysburgh, has resolved to remove to Picton. His old friends and neighbours are sorry to part with him.

The steamer Picton left Picton on Wednesday for South Bay to load 2,000 barrels of apples, which she will take to Montreal. The fruit is destined for England.

BUSINESS NOTICES.

☞ "W. E. B." will hear where the three bags of potatoes are that he purchased from a farmer on Saturday by applying at this office.

☞ TRUSSES.—Mr. Hotchkin is again on his rounds with his Springless Truss and Supporters, and will be in Picton Nov. 11th and 12th; Napanee 13th and 14th; Kingston, 15th, 16th, 17th, and 18th; and Brockville Nov. 19th and 20th. Persons requiring Trusses will do well to bear those dates in mind and call upon Mr. Hotchkin.

A short time ago, a young lad was playing about the Esplanade in Toronto, when, by some carelessness, he got his foot severely injured—indeed, the heel was almost torn off. All the wealth of a Rothschild could not have saved that foot from amputation, in itself; but the timely application of Hagyard's Yellow Oil removed the pain as if by magic, and its further use effected a complete cure.

Mothers should use Freeman's Worm Powders for their children.

Deep rivers move with silent majesty; shallow brooks are noisy. Like the majestic river moves the man with good health; like the brook the man with ill health, always hawking, puffing, blowing, until he is repulsive even to his friends. Hoarseness, colds, coughs, quinsy, influenza, asthma, bronchitis and kindred complaints may be cured with Hagyard's Pectoral Balsam. For sale by all dealers; 25c per bottle.

FREEMAN'S WORM POWDERS produce the most salutary effects.

The average duration of life throughout the globe is thirty three years. And in order to attain this age, many are compelled to practice the laws of health with the utmost care, particularly females, who are subject to so many complaints to which males are not subject, and for which VIOLETTA BUCHU AND UVA URSI is the only great remedy, and if used in time would prevent diabetes, Bright's disease, and all derangements of the urinary organs. Old people, especially, will derive great benefit from the use of this medicine.

FREEMAN'S WORM POWDERS are a certain specific against worms, if given in time.

The Best Plan

The most profitable plan for operating in stocks is that of uniting the capital of various sums by combining or pooling the orders of thousands of customers and using them as one mighty whole, which has been done so successfully by Messrs Lawrence & Co., Bankers, 57 Exchange Place, N.Y. City. By this co-operative system each investor is placed on an equal footing with the largest operator, and profits are divided *pro rata* among shareholders every 30 days. An investment of $10 would pay $50, making 5 per cent on the stock during the month. $25 would pay $150, or 6 per cent; $100 would pay $1,000, or 10 per cent, and so on, according to the market. *Frank Leslie's Illustrated Newspaper*, June 29th, says: "The Combination Method of operating in stocks is the most successful ever adopted." *New York Independent*, Sept. 12th, says: "The Combination System is founded upon correct business principles, and no person need be without an income while it is kept working by Messrs. Lawrence & Co." The firm's new circular (copyrighted and sent free) contains "Two unerring rules for success in stock operations," and explains everything. All kinds of Stocks and Bonds wanted. New Government Loan supplied. Address Lawrence & Co., Bankers and Brokers, 57 Exchange Place, New York City.
