County Council.

Friday morning.

The Council resumed at 11:15, the Warden presiding. The members were all present.

The minutes of yesterday's session were read and confirmed.

SPECIAL REPORT.

Mr Anglin submitted the following report:

The Committee appointed to apportion the amount payable to the County by the City Corporation under the award dated December 1876, of the sums paid by said County on account of the Court House beg to report, that they have examined the accounts for 1877 in the Treasurers' hands, and have extracted therefrom all items which in anywise related to the subject of their examination, and could be apportioned without further difficulty. As to accounts, such as for coal, gas, water and the like, where it is impossible to ascertain the quantity relatively consumed, they were obliged to ascertain the relative superficial areas of those parts of the building occupied conjointly with those occupied by the County alone. To arrive at this they had to have recourse to Messrs. Power & Son, architects, who gave details of the cubic measurement of the building. From their figures it was shown that that part of the Court House occupied jointly had a superficial area of 9,072 feet, while that part occupied by the County was 3008 feet, or in other words the superficial area of the portion occupied jointly is two thirds of the whole, and on the relative proportion they have apportioned the city liability of 10-23rds of such charges. They had not thought it advisable now to do more than examine the accounts for 1877. In conclusion, it was only right the Council should be made aware of the difficulty there was, and always must be in arriving at anything like a correct estimate of the relative liability of county and city as to this expenditure, and the extra work that is entailed on the Treasurer in separating the items, and they suggest that no account be received unless it specifically states the department to which it applies. A schedule was appended, which showed that the city liability amounted to $462.11 for 1877.

The report was adopted.

BY-LAW.

Mr Flynn introduced a bylaw to confirm a bylaw of the township of Olden, which was read a first second and third time, and was passed.

THE CARETAKER.

Moved by Mr Anglin, seconded by Mr J. R. Dawson, that it was not the intention of bylaw No. 161, passed by the Council, to debar Mr John Ashley from serving as Constable for the several Courts, when such service did not interfere with the discharge of his duties as caretaker and messenger, and that the Board of Audit be requested to pay his account now before them. Carried.

GAOL ACCOUNTS.

Moved by Mr Anglin, seconded by Mr J. R. Dawson that whereas it appears that a number of the Gaol Accounts have not for several years been submitted to the Board of Audit, whereby the County has sustained considerable loss, be it resolved that the Warden and Mr Strachan be a special committee to enquire into the same, and take such steps as may be advantageous in the interests of the County. Carried.

COUNTY PROPERTY.

Mr Strachan presented the report of the Committee on County Property, recommending that Wm. Spencer be paid $14.25 for clearing snow on the Waterloo Road. On the communication of Judge Price the Committee recommend that they be given power to act in the matter as may seem in their judgment advisable. Adopted.

The Council adjourned until 2 p.m.

Friday afternoon.

The Council resumed at three o'clock, the Warden presiding.

THE TURNKEYS.

A letter was read from Sheriff Ferguson, calling attention to the fact that owing to the escape of a prisoner last spring he had to discharge the head turnkey. He had then advanced the second turnkey, and had since been unable to procure a second owing to the smallness of the salary, $200 a year. He requested the Council to increase the salary, so as to get a good man for the position, $300 being suggested as a suitable compensation.

ROADS AND BRIDGES.

The Committee on Roads and Bridges reported the payment of the sum asked for by the Reeve of Camden for repairing a road, between Camden and Portland. On the petition for a grant towards a road in Olden, the Committee recommend no action. adopted.

THE TURNKEYS AGAIN.

After Sheriff Ferguson had addressed the Council,

Mr Watkins moved, seconded by Mr Sexton, that on Sheriff Ferguson's letter, the second turnkey receive $300 per annum, the resolution to be authenticated as a bylaw, and to take effect at the date of appointment. Carried.

MAPS.

Moved by Mr Strachan, that A. R. Perry, P.L.S., be paid $7.50 for two maps of surveys of York Road. Carried.

PAYMENT OF ACCOUNTS.

On motion of Mr Joyner, the Council went into Committee of the Whole on Bylaw No. 173, regulating the payment of accounts, Mr Ruttan in the chair. The bylaw was read clause by clause, and passed with a slight amendment.

The Committee rose and reported, and the bylaw was read a third time and passed.

THE CLERK'S SUGGESTIONS.

Mr Sexton presented the report of the Special Committee on the letter of the Clerk as follows: 1st. Respecting the issue of licenses to auctioneers and pedlars, the change has been provided for by bylaw of the Council passed at the present session. 2. The paragraph relating to the apprehension of horse-thieves has also been dealt with. 3. With reference to clause 3, the Committee cannot see their way to interfere. 4. As to this clause we would recommend that all accounts, both for submission to Council and Board of Audit, be handed in ten days before the meetings, and that the Clerk examine the items of each account, designating between those which should go to the Board of Audit and those which the County pays, as well as those of which the city pays part, and see that separate bills are rendered for each claim; and that the Clerk be peremptorily instructed not to present any account received after the time specified. 5. Relating to bylaws they would recommend the repeal of the bylaw respecting the percentage to be retained by the County Treasurer on the Kingston and Napanee Road, and would recommend that Messrs Strachan and Sexton be appointed to assist the Clerk to examine the existing bylaws and report to the Council such action as they think may be necessary. 6. With reference to payment to Crown witnesses, they recommend that a memorial be sent to the County Judge, the Clerk of the Peace and the Clerk of the Crown, calling attention to clauses 7, 8, 9 and 10 of chapter 87, Consolidated Statutes of Ontario, and request that they see that the provisions of the Statute be carried out. 8. That no change be made in the system of assessment at present. 9. They recommend that the Warden, Messrs Joyner, J. R. Dawson and the Clerk, be appointed to prepare an address to the Governor-General, and make arrangements for its presentation. Adopted.

BARRIE FINANCES.

Moved by Mr Tapping, seconded by Mr J. R. Dawson, that the County Treasurer, be authorized to receive the $150 in full of all demands for arrears of County Tax, due up to the 31st December 1878, on condition that the said sum of $150 be paid on or before the 31st December 1878.

Mr Tapping made an eloquent appeal on behalf of his township, representing the great poverty which existed the township. He went into details of its finances.

Mr McGrath moved, seconded by Mr Walker, that the financial condition of the County will not permit of any reduction in its claims for County Tax.

Mr Walker raised the point of order that the resolution of Mr Tapping was over riding a by-law.

The Warden said it was hardly in order, but he would allow a vote to be taken on it.

[At this point a number of members left the Council Chamber, leaving no quorum. The Warden left the chair, but in a few minutes a sufficient number came in to make up a quorum and the Council resumed.]

Mr Tapping made another appeal for consideration.

Mr J. R. Dawson supported the resolution, showing that in his opinion the acceptance of $150 by the Council would be quite a gain, as otherwise the township would be utterly unable to pay it.

Mr Watkin's favoured the acceptance of the $150, as thereby the county would gain.

After a considerable amount of conversational discussion, the amendment was put and carried. The yeas and nays were taken on the amendment: Yeas, 11; nays, 5.

REPEAL OF A BYLAW.

Mr Joyner moved the second and third reading of Bylaw No. 176, repealing Bylaw No. 15 of the United Counties of Frontenac, Lennox and Addington. Carried.

The bylaw repealed had reference to the percentage received by the Treasurer on collections on the Kingston and Napanee Road.

NOTICE OF BYLAW.

Mr J. R. Dawson gave notice that he would to-morrow introduce a bylaw to repeal Bylaw No. 170.

FINANCE REPORT.

The Finance Committee through Mr Dawson recommended payment for the following accounts:—S. Woods, $89.51; Gas Co., $21.93; B. M. Britton, $5; Hunt & Rawlinson, $7.58; J. Reid, $10.75; J. Redden, $19.50, Water Works, $9.42; A. McMillan, $41.67; James Redden, $5.30; W. J. Mahood, 60c; D. McGuire & Son, $5; A. McCartney, $28 75; John Cockburn, $1.20 James Swift, coal, $393.75; W. Robinson, $19.49; Shannon & Meek, $80.20; *Frontenac Gazette*, $56 27. Several accounts and parts of accounts which property belong to the Administration of Justice, they have laid over to be presented to the Board of Audit, and would respectfully urge the carrying out of the scheme for the presentation of accounts recommended by the special Committee on Mr Elkington's communication. The Committee would also recommend that the Warden or Chairman of the Committee be authorized to order the payment of any account the nature of which is such as to make it necessary or advisable in the interest of the county should be paid before a meeting of the Council, provided always that they present to the next meeting a copy of such accounts with the reason for every payment attached. They have several reasons for recommending such action, one to the point being that by not being able to pay the gas account within a certain time the county lost from 17 to 25 per cent allowed as discount for cash.

Mr Dawson moved the adoption of the report.

Mr Strachan moved in amendment that the last clause be struck out. This was not seconded.

The report was adopted.

ANOTHER MOTION.

Moved by Mr Joyner, seconded by Mr Ruttan, that the County Treasurer give a release to any claim which he might have under the provisions of Bylaw No. 15, of the United Counties of Lennox, Frontenac and Addington, and the motion referring to the percentage.

The Council adjourned until ten o'clock to morrow.

THE CONSOLIDATION SCHEME.

The scheme as presented by consolidating the debt is as follows:
