THE FARMERS' SONS' FRANCHISE.

TO THE EDITOR OF THE DAILY NEWS.

Sir,—Will you be kind enough to give the following an insertion in your paper, and oblige a subscriber: Chap. 9. 40 Vic. is entitled an "Act to give the right of voting to Farmers' Sons. Now, the question is this, as opinions are very different in the back townships it is likely to cause consternation at the municipal elections: Has the father to subdivide his property and have a portion sufficient to qualify the son assessed to him, or in other words, is it sufficient for the father to be assessed for say $400 to qualify himself and one son, the son to be entered on the Voters' List for the same lot as the father. If the latter is so, what was the use of the Legislature passing the act referred to above, as the father could subdivide his property before the said act passed. By publishing the above and drawing out replies, you will oblige, yours, &c.,

A RATEPAYER.

MARKET TOLLS.

TO THE EDITOR OF THE DAILY NEWS.

Dear Sir,—Will you be so kind as to insert the following few lines in your paper, so as to draw out an expression of opinion on some legal decision in the matter of farmers from the back townships taking grain to market on the cars of the Kingston and Pembroke Railway Company. I refer to the market tolls. When a car arrives loaded with grain, the Collector of market tolls hangs like a leech around the cars, demanding seventy-five cents per car. Now, as I was lately on the road, and had one third of a car loaded with grain, and the said individual came around I paid him twenty-five cents, but the other parties would not pay, and he threatened to have them arrested, but they were in Kingston all the next day, and he made no effort to collect their toll. It seems there is something wrong in the city by-laws, and I would advise the City Fathers to regulate the matter, as it will be the means of driving a good deal of trade away from the city if farmers have to pay taxes for the railroad, a high fare for cars, and also passenger fare over a rough road. When they arrive in the city they don't like to be dogged around by a man for money. The way it is now collected looks like a grab game.

A FARMER.

Bedford, Nov. 30th.

OUR PUBLIC SCHOOLS.

TO THE EDITOR OF THE DAILY NEWS.

Sir,—I observe in Dr. Agnew's letter published in the News of last week a remark to the effect that a number of our city Public School teachers are at present teaching without possessing any *legal* qualifications whatever for the positions which they at present fill. I observe also that neither the Chairman of the Public School Board nor the city Inspector has replied to that particular charge preferred against the city Board by the county Inspector. If their silence implies that it is true, does it not place the members of the city Board in a somewhat disagreeable fix. As I understand the school act, trustees employing unqualified teachers render themselves personally responsible for the salaries of the teachers. They appear to have no authority to collect taxes, or, in this case, to demand money from the City Council, if they do not employ duly certificated teachers; but, may be compelled to pay such out of their own pockets. Nor is this all; the Government, if it pleases, may withhold its usual grant to our schools, some $1,200, which the members of the Board would have to make good to the city. Can you give me any information on the subject? It is too serious a matter to be lost sight of for many reasons, chief of which is, that if some of our teachers do not hold legal certificates of qualification, they cannot be fit for their positions, and ought to be got rid of immediately.

Yours, &c.,

QUERIST.

Dec. 3rd.

AGRICULTURAL INSURANCE CO.

TO THE EDITOR OF THE DAILY NEWS.

Dear Sir,—Will you please be kind enough to inform me through your columns of your valuable journal, how about the Agricultural Insurance Company. They became, as I suppose you are aware, insolvent, some time ago, and it seems that they have given all their outstanding policies over to the Watertown Agricultural. A great many have been inquiring how it is that they do not pay up their losses. It seems they say they will pay and were to pay some time ago and have not paid any that I am aware of yet. If you can give any information on the subject, you will much oblige,—Yours, &c.,

A SUBSCRIBER.

Kingston, Dec. 3, 1878.

TO THE EDITOR OF THE DAILY NEWS.

Sir,—In a communication from Mr Kidd, I.P.S., to the DAILY NEWS of the 28th ult., he makes the statement that "members of the Board of Examiners for the County of Frontenac examine their own pupils' papers, assign marks and grant certificates." Mr Kidd has either been misinformed or has written without information. Since I became a member of the Board in January, '75, the greatest care has always been taken that no member of the Board should examine any of the papers of a candidate who had been his pupil, and further, so far as practicable, no member examines the papers of any candidate with whom he is personally acquainted.

With the question in dispute between the county and city Inspectors, I have nothing to do, but it seems only right that I should reply to Mr Kidd, since I am the only member of the County Board, against whom the charge is not made.—I am,

Yours Truly,

IRWIN STUART.

Morrisburg, Dec. 2nd 1878.

TO THE EDITOR OF THE DAILY NEWS.

Sir,—In your issue of the 27th inst., Mr Kidd says: "In the county of Frontenac where Dr. Agnew presides, teachers examine their own pupil's papers, assign marks and grant certificates." Permit me to say that neither the undersigned nor his associate examiner, the able Mathematical Master of the Collegiate Institute, has ever taken the slightest part, directly or indirectly, in the examination of his own pupil's papers.

From my knowledge of Mr Kidd, I feel sure he will deem it his duty either to withdraw the statement or produce the information on which it is based.—I have the honour to be, sir, your obedient servant,

J. E. BURGESS,
Head Master High School.
