DOMINION OF CANADA.

The Manitoba Legislature assembled on Wednesday.

The Ontario Legislature assembles on the 18th.

The St. Catharines *Journal* says that a lad in that neighbourhood was recently taken ill "on the following day." We trust he will get well on the "previous" day.

Small-pox is frightfully on the increase since Sunday in Montreal. Death is restricted not to the poor but to the wealthy classes, chiefly living in the best part of the city. Active sanitary measures are being enforced.

Dr. Sterry Hunt has resigned his position in McGill College, Montreal, and accepted the chair of Geology, in the Massachussetts Institute.

Dr. Ross, of the General Hospital, Montreal, for a week past, has been ill of fever. His life is dispared of.

Small-pox is worse in Ottawa at present than ever before. Testimony of medical gentlemen confirm this statement, and the matter will probably become the subject of further Municipal Legislation.

Chatham, Jan. 11,—An exciting steam engine test took place here to-day between an American engine and one manufactured in Chatham. The latter got up steam and threw a steam several minutes first, and proved to be a superior machine. The test closes to-morrow.

His Lordship the Bishop of Ontario, who has been ill for some time past with a nervous billious attack (not typhoid fever, as previously stated), is now much better, but still unable, through weakness, to leave his bed. His medical attendant thinks that he will be able to leave his room in about ten days.

Captain White, the able and zealous Secretary of the Post Office Department, is preparing for early publication a Post Office Gazetteer of the Dominion. Such a work has long been needed by all classes, and its appearance will therefore be hailed with lively satisfaction.

Lancaster, Jan. 10.—The first meeting of Shareholders of the Montreal and City of Ottawa Junction Railway Company took place at Lancaster this day, when the following were elected directors for the current year: D. S. McDonald, E. McGillivray, Hon. James Skead, John Rankin, Alfred Brown, R. S. McDonald, Peter Kennedy, A. McNab, and Thomas Fraser. After the election of Directors D. A. McDonald was elected President; E. McGillivray, Vice-President. The directors have decided to advertise for tenders for the roads at once in order to have it under contract by the sixth February next.

Tamworth, Jan. 10.—On Sunday last the new M. E. Church at Marlbank, in the Tamworth mission of the M. E. Church in Canada, was dedicated to God. The church is a frame building, twenty eight feet by forty, of good style, and nicely finished inside and out, and has a neat bell-tower and spire attached. The dedicatory tea meeting was held on Monday night, when a sufficient sum was raised to clear the church of debt, and leave about eighty dollars towards the building of sheds. The church was erected under the superintendence of the Rev. W. Service, who deserves and receives great credit for such signal success in church building.

FIRE—THE RANKIN HOUSE NEARLY DESTROYED.

Chatham, Jan. 9.—About 5:50 p. m. a fire which was likely to have proven rather serious and destructive, broke out in the rear of the Rankin House. It is supposed to have first broken out in the laundry, being the wooden and rear part of the building. In ten minutes after it was first noticed a most dense and suffocating smoke filled every portion, and enveloped the hotel. The guests up stairs had great difficulty on account of the smoke in finding their way out of the house. For nearly a block all around the smoke was stifling.

The engines were soon on the ground and began to play, and after forty minutes hard work the fire was completely quenched. The wooden part of the house in the rear being destroyed, while considerable damage was done by water and smoke to the barroom. The loss is not yet estimated. Much sympathy is felt for the servants of the hotel, who lost all their wearing apparel, except what they had on. The house was owned and occupied by Mr F. R. Bissel.

SHOCKING MURDER.

Halifax, Jan. 11.—A shocking murder has been committed at Grand Grave, Richmond County, C. B. A young man named Wm. Butler, was found on the evening of the 5th inst, in an exhausted condition near his residence, with a gun-shot wound between the shoulders. Dr. McDougall, of St. Peters, was sent for immediately and pronounced the wound fatal. A deposition was taken to the effect that while Butler was sitting near the fence of William Lafford's field, Alexander Lafford, son of the latter, approached Butler from behind with a gun and unexpectedly, when within six yards, cocked the gun, fired and without a word ran away. It appears Butler was engaged to Lafford's sister and the family disapproving the match, he had arranged for a elopement and expected to meet Miss Lafford clandestinely that evening. He died in 28 hours after. At the *post mortem* examination it was found that the shot or slugs had penetrated the lungs. The coroner's jury returned a verdict of "wilful murder" against Alexander Lafford, and he has been committed to jail to await his tril. He is only 20 years of age.

OTTAWA AND RIDEAU FORWARDING COMPANY.—The annual meeting of the Ottawa and Rideau Forwarding Company, was held in Montreal on Thursday. The following gentlemen were elected Directors for the following year: Messrs L. Barnes, A. M. Foster, L. Jones, J. W. McRae and James Carew. The following were also elected officers: L. Barnes, President; A. M. Foster, Vice-President; L. Jones, Manager; James Carew, Secretary.
