THE TICHBORNE TRIAL.

Termination of the Case.

Arrest of the Claimant for Perjury.

The City of Washington Spoken

London, March 5.—John Bright has written a letter to the anti-Income Tax Association, in which he declares that only in the reduction of Government expenditures can he see a chance for the abolition of the odious tax. He despairs of the creation of a real economical party, and advises the witholding of confidence from a Government which cannot govern without taking £70,000,000 annually from the nation's industry.

In the House of Commons to-night there was a long debate on the resolution introduced by Mr Muntz to remedy defects in the education law.

Mr Fortier offered an amendment to the effect that the law had not yet a fair trial. The amendment was adopted by a vote of 323 to 98.

Mr Blennerhassett, the new member from Kerry, introduced a bill providing for the purchase by Government of railways in Ireland.

London, March 5.—The claimant in the Tichborne case has summoned a meeting of his friends.

Sir Charles Mordaunt has applied for the appointment of a medical practitioner to examine into the sanity of Lady Mordaunt.

William Lowther, Earl of Lonsdale, formerly Postmaster-General and President of the Council, died to-day, in the 85th year of his age.

Calcutta, March 5.—General Brownlow telegraphs, under date of the 27th ult; that the Northern Howlong chiefs have submitted, bringing peace offerings and binding themselves to peace, with the usual oaths and ceremonies, and all captives have been recovered.

London, March 6.—The celebrated Tichborne case was brought to a sudden and most unexpected termination this morning upon the opening of the court the counsel for the claimant to the Tichborne estate announced that their client had decided in view of the action of the jury on Monday, in saying they had heard sufficient evidence whereon to base a verdict, to withdraw his cause before the court. After this announcement, the counsel for the defence asked Lord Chief Justice Boville to issue a warrant for the arrest of the claimant on a charge of perjury, and fix his bail at £50,000. The petition was granted, and a bench warrant was issued for his arrest. The claimant was not present at the sitting of the court this morning, and it is believed he has fled from the city.

LATER—The claimant to the Tichborne estate did not, as was at first supposed this morning, leave London immediately upon his decision to withdraw his cause. Shortly after the issuance of the warrant for his arrest by Lord Chief Justice Boville he was taken into custody by the police and conveyed to New gate.

London, March 6.—Arrived out, the steamships City of London and Anglia from New York.

The steamer Atlantic, which arrived at Queenstown yesterday from New York, reports having spoken the City of Washington on Sunday evening at 7 o'clock in lat. 50 degrees 30 min. long. 23. The City of Washington had broken her main shaft, and was making for Queenstown under sail. All on board were well.

NEW YORK DESPATCHES.

A Man Nearly Buried Alive.

Reception of the Japanese Embassy.

Pacific Railway Interrupted by Floods.

Poughkeepsie, N. Y. March 5.—A man was found at Halls Corners, Westchester Co., last night apparently frozen to death. The body was taken to Tarry Town, and a Coroner from Hastings held an inquest over it, a verdict being rendered accordingly. The body was placed in a coffin and started for Sleepy Hollow Cemetery. As the coffin was about to be lowered into the grave a noise proceeded from it, which caused the interment to be delayed long enough to discover that the man was alive. To-night the supposed corpse is sitting by the fire at Tarrytown Depot reflecting upon things earthly. His name has not been ascertained.

Washington, March 2.—The government to-night gave a grand reception to the Japanese Embassy at the Masonic Temple.

Salt Lake City, March 5.—The situation on the Union Pacific road is discouraging. The heavy snows are rapidly thawing and creeks and water courses are raising, and have already swept away the track in several points. What with snow and flood the road is likely to remain closed sometime. No one knows when the road will be clear and the authorities will not tell.

New York March 6.—A society has been organized in this city to obtain funds to liquidate the French war debt with Mademoiselle Brusson, who during the late war was so active in securing food and clothing for the French soldiers, as the leading spirit. An address to the ladies of America setting forth the object of the society is published, and similar associations throughout the Union is earnestly requested.
