Lord Lisgar's Successor.—It is with feelings of astonishment that we announce that Lord Lisgar has asked to be relieved from his post of Governor-General of the Dominion. There had been much conversation on this topic during the past year, but no person attached any importance to it. Lord Lisgar however can retire from the position with the satisfaction of knowing that he has assisted in laying the foundations of a wide spread and prosperous nation, and that his term of office has resulted in good to all the country. We are not prepared at present to give a historical resume of Lord Lisgar's residence among us, nor do we hardly deem it necessary; the events are so recent as to be in the recollection of every body. One thing is certain, the country owes much to him. He has always been genial and kind, and in his intercourse with all who had the honour to meet him proved himself a real gentleman. So far as we know at present, there is no reason for his recall except that he has himself asked to be relieved, and will take his departure from among us in June. We are also in a position to announce that his successor has already been named, and it will afford gratification to all to know that a good man has been chosen for the post. Irishmen especially will rejoice that another son of the Emerald Isle is to come among us. Our new governor is the Right Hon. Fredrick Temple Blackwood Dufferin, fifth Baron of Dufferin, in the Ministry as Chancellor of the Duchy of Lancaster, one of her Majesty's most Honorable Privy councillors, Knight of St. Patrick, only son and successor to Hon. Price Blackwood fourth Baron. Lord Dufferin was born in June 1826, and succeeded to the title in July 1841. He is a remarkable example of talent perpetuated in direct line, for his mother is Selina, daughter of the late Thomas Sheridan Esq., and sister of Hon. Mrs. Norton, and both are grand daughters of the Hon. Richard Brinsley Sheridan. This estimable lady as well as her sister is celebrated in the musical world by the exquisite lyric ballads composed and sung by them. Moore alludes to her in his beautiful lines:

Beauty may boast of her eyes and her cheeks,
But love from the lip his true archery flings;
And she who but feathers the shaft when she speaks,
At once sends it home to the heart when she sings.

Lord Dufferin is the ninth in lineal descent who has succeded in making a name for himself in our literary annals, and he is known already to many, not only in Canada, but wherever the English language is spoken, by his "Letters in High Latitudes," being an account of a yacht-voyage to Iceland in 1856. We therefore gladly welcome the son of the soil to our Canada, and express the hope that the talents which have shed lustre on so many successive ages will not grow dim when transplanted to our northern land, but will add a warmer tint to the genius which is honoured in the person of his great-grandfather Richard Brinsley Sheridan.

Manufactures.—The ball has been set rolling, and we wish it every success. From the minutes of the Board of Trade published in our issue of yesterday, it will be seen that every one of the five propositions which were approved by the Board recommends an exemption from taxation for periods of five or ten years. We may therefore conclude that this view of the matter is a settled fact. But it remains yet to be seen what action the city council will take. We have urged this view of the subject many times, and we are glad to find our ideas now receiving the sanction of the Board of Trade. But still with all, we are much inclined to agree with Mr Offord's first statement "want of interest by the public and by our moneyed men in particular." Here is the question of all others which meets us at the outset of any plan, Boards of Trade may urge resolutions, and pass many resolves, but if this is not backed up by energetic action, no possible result can follow but absolute failure. The business men of the city must make up their minds to put their hands into their pockets, and their shoulders to the wheel, and then we shall reasonably look for success. What is the gist of every one of the resolutions of Thursday evening? Why nothing more than that the city should contribute her mite, and then capital would flow in, surely the business men of this city could hardly be in earnest. The amount remitted would hardly be $1,000 per annum, and yet one would suppose by the resolutions that if that was granted, Kingston would become a second Birmingham, and a millennium of universal prosperity would ensue.

We are not quite so sanguine of success, and yet we hail the good already done, if it will only go on to something practical. The one thing needful is money, and we feel assured if some good manufactory was suggested, a Joint Stock company could be formed in a few days, which would induce men to come among us and increase our wealth in every way. Who will be the coming man? We could name half a dozen, and yet we do not care to do it, for fear others might take offence. The city cannot improve unless our business men and capitalists will come out of the shell in which they have been hibernating, and show to all concerned that manufactories can flourish in Kingston. The fact of our having one good popular paying interest of the kind supported by local money and local men, will do more to induce others to embark their capital here, than all the resolutions that can be passed by Boards of Trade from this till the crack of doom. Capitalists have a poor idea of our resources, when they see us calmly sitting down, and uttering the Macedonian cry "Come over and help us." Let us help ourselves, and our example will bear fruit and that too in abundance.

We hope the Council of the Board of Trade, at its meeting on Friday, will deduce something feasible, and lay it before the public. Let them endeavour to think that there are many in the city who would gladly invest their money where something reasonable can be got by way of return, instead of giving it out to building societies, banks, &c., at four per cent. And above all if a Joint Stock company is to be formed, let all who will subscribe have an opportunity to do so. The man of moderate means, may have $200 or $300 to invest. Let him have a chance, and do not confine the stock to two or three. The more people can be interested in such an undertaking the greater is the probability of its success, for every shareholder will try to advance his interests, and from the multitude of councilors, wisdom will ensue. Let us, then, be up and doing, and when we have made a beginning ourselves, we can then with good grace ask others to join us in the good work.

The Great Bass Singer, Rev. Father Barbarin, will sing a Bass Solo at the Grand Oratorio.

Vestry Meetings.

St. Paul's Church.—The usual Easter Vestry meeting of St. Paul's was held at the Church on Monday evening. Present—the Rev. John A. Mulock in the chair, Messrs John G. Stratton, R. A. Barker, R. M. Horsey, R. T. Burns, James Shannon, Geo. McCullough, Johnston Brown, Wm. Harmer, Wm. Gunn, J. Taylor, L. N. Putnam, E. Rose, H. J. Spriggs, T. C. Wilson and Z. Guy.

The meeting was opened with prayer. The minutes of the previous meetings were read and approved.

Mr Stratton presented the report of the finances for the year, which was considered very favourable.

Mr Wm. Gunn and Mr E. Rose were appointed auditors to audit the accounts and report to an adjourned meeting.

The Rev. Mr Mulock nominated Mr Stratton as his churchwarden, and Mr R. W. Barker was unanimously elected the peoples' warden.

The following gentlemen were appointed sidesmen:—Messrs William Gunn, Johnson, Brown, Wm. Harmer, H. J. Spriggs, J. Burns, and R. T. Burns, and Messrs Bastow and J. Keen for the gallery.

The following resolutions were unanimously agreed to:—

That the thanks of the vestry be tendered to the Rev. T. S. Cartwright, M.A., of Ancaster, for his great kindness in coming here at much inconvenience to preach and lecture in aid of the building fund of the church.

That the thanks of the vestry be given to the ladies and gentlemen who kindly got up and took part in the special musical services, the strawberry festival, and the sixpenny readings, held since last Easter for the benefit of the building fund; also to the bands of the Peterboro Rifles, and the P.W.O. Volunteer Battalion for their valuable assistance.

That a vote of thanks be given to Mrs Davis for her kindness in providing conveyances for the use of the G. T. R. Sunday School during the past season.

That a vote of thanks be given to Mr T. C. Wilson for his services as superintendent of the Depot Sunday School, and also as vestry clerk.

That a vote of thanks be given to the choir, and a copy of the resolution to be sent to Mr Beel.

Mr Burns read the following report of the building committee:—

Mr Chairman and Gentlemen,—

At a vestry meeting held in St. Paul's Church immediately after Easter last year (1871), it was proposed to erect a school house, and a committee was appointed to consider the propriety of so doing. At a meeting held on the 24th of April, 1871, that committee reported favourably, at the same time suggesting different ways of collecting money to defray expenses. A subscription was opened among those present, and a sum of $200 subscribed. A committee was appointed to collect subscriptions. The next meeting was held on the 23rd of May following, when a permanent building committee was appointed, consisting of the Rev. J. A. Mulock, Messrs J. G. Stratton, R. W. Barker, James Shannon, R. M. Horsey, E. Rose, J. Taylor, M. Sutherland and R. T. Burns. Mr Z. Guy has since been added. In the meantime the pewholders of the church were visited, and asked to subscribe something towards the project. The result was a list of about $500, a large portion of which has since been collected. Several entertainments have been given during the year, and money collected from persons outside of the church. The total amount of money realized to the present date, and the sources from whence it was obtained may be summed up as follows:

Proceeds of sermon in aid of building fund	$ 15 27
Special sermon on Ascension Day	37 70
Sixpenny reading 22nd May	59 00
Amount of money previously in Bank—proceeds of concert	198 10
Proceeds of strawberry festival, June 22nd	208 67
Lecture by Mr Cartwright, November 15th	43 60
Special service, Thanksgiving Day	38 97
Sixpenny reading, Nov. 24th	76 62
Sixpenny reading, Jan. 31st	71 00
Amount collected from pewholders and persons outside the church	282 50
	$1030 8

Making a total of $1,030 83 now in the hands of the treasurer. At a meeting held on the 4th of March last, plans for the building were submitted, and Mr Power, the architect, authorized to advertise for tenders. The amount still to be collected from the pewholders and previously subscribed by them is $304, which will bring the amount up to nearly $1,300.

Robert T. Burns, Sec. to Build. Com.—April 1, 1872.

On motion, the report was received and adopted, and ordered to be entered on the minutes.

Moved by Mr Shannon, seconded by Mr Hersey, that the Incumbent churchwarden and the mover and seconder, be a committee to devise ways and means for raising the remainder of the money necessary to build the school-house, and to report at the adjourned meeting of the vestry.

The meeting then adjourned to the 16th of April at 7:30 p.m.

The meeting was opened by prayer, after which the financial accounts were presented and referred to the auditors Messrs H. C. Voigt and E. Stacey to audit and report to an adjourned meeting.

Mr R. V. Rogers was reappointed clergyman's churchwarden, and Mr Peter Bates was re-elected the peoples' warden.

Mr E. J. B. Pense was re-appointed vestry clerk.

At a subsequent meeting of the congregation J. Penfold, Esq., was elected delegate to the Diocesan Synod, the other delegates are George Kirkpatrick, M.P., and R. V. Rogers.

Resolutions of thanks to the churchwardens, and to Mr Nash and the choir, for their services in the past year, were adopted.

Two committees were appointed to report at the adjourned meeting—one on the advisability of procuring a new organ for the church, and the other to make the free pew system new in use more liberal.

The meeting was dismissed with the benediction.

St. John's Church, Portsmouth.—The usual meeting was held in the school house on Monday evening at 7½ o'clock, the incumbent, Rev. F. W. Dobbs in the chair. Present—Messrs J. A. Allen, H. Betts, H. de L. Allen, Richard J. Cartwright, M.P., Thomas Painter, Thomas Carter, Thos. Smith, Eli Baiden, Samuel Watts, Charles George and Richard Graham.

The meeting was opened with prayer.

The financial statement was read and Messrs Thos. Painter and Richard Graham were appointed auditors for examining the churchwardens' accounts.

The incumbent appointed Major Wilson as his churchwarden, and Mr Thomas Painter was elected the peoples' warden.

The sidesmen for last year were re-elected.

The following resolutions were unanimously passed:—

That the thanks of this vestry are given to R. J. Cartwright, Esq., M.P., for his services as churchwarden for many years.

That the thanks of the vestry are especially due and are hereby given to the organists and members of the choir for their unremitting attention and gratuitous services.

Major Wilson was re-elected delegate to the Diocesan Synod, and Messrs W. C. Evans and Charles Grass also continue in office as delegates.

The meeting was adjourned to Monday fortnight.

St. Mark's Church, Barriefield.—The annual Easter vestry meeting was held at St. Mark's Church yesterday. The Rev. T. A. Parnell, Incumbent, in the chair. The meeting was opened by prayer. A statement of the accounts was presented, and referred to the auditors to report. The chairman nominated Mr James Hamilton as his churchwarden, and Mr George Batten was elected the people's warden. The usual vote of thanks to the choir and the retiring officers was passed. Mr F. J. George was elected delegate to the Diocesan Synod. The other delegates are Mr J. Ruttan and Mr John Wilmot. The meeting was dismissed with the benediction.

The Band of the 14th P.W.O. Rifles will play two overtures from Rossini at the Grand Oratorio.

Frontenac County Temple.—The regular quarterly meeting of this County Temple, is to be held to-morrow afternoon, at the Grand Trunk Station, Kingston. In the evening, at half-past seven, a public meeting will be held in the Wesleyan Methodist Church, when several addresses will be delivered by prominent members of the order. Friends from the city are cordially invited to attend.

We learn that Mr Keeley's benefit will take place on Monday evening, at the City Hall. We have no doubt an excellent programme, and a crowded house may be expected.

Messrs R. & J. Gardiner, and Mr J. Greenfield, are receiving large importations of spring goods which they will sell cheap for cash.

Boys Attention.—The Collegiate Institute (formerly Grammar School) will resume after the Easter vacation, to-morrow.

The members of the Battery of Garrison Artillery, will be inspected at the Drill Shed to-morrow evening, parties intending to join, are requested to attend early.

Police Court, Tuesday.—Before Mr Strange, P.M.—John Gagen, was charged with vagrancy. Being strong and able to work, but not very willing, he was sent to gaol for 15 days.

The wires of the Montreal Telegraph Company were badly wrecked by the storm on Sunday night, so that we are without our usual American despatches. It is expected that they will be all right to-morrow. Much curiosity is evinced to know the result of the elections in Connecticut.

Messrs McNaughton & Co., have a large and fashionable stock of hats and caps, ready-made clothing, and other articles of gentlemen's apparel in great abundance.

The Grand Trunk Railway.—Owing to the dissatisfaction expressed a few evenings since at the meeting of the Board of Trade, relative to the delays and excessive charges of the Grand Trunk. Mr Stephenson, Inspector, residing in the city, has informed Mr Livingston, President of the Board, that Mr Brydges will arrive in this city to-morrow afternoon, and will be glad to meet with the merchants and talk the matter over with them. The President requests us to say that it would be desirable that as many of the merchants as can make it convenient to attend, should do so at the Council Chamber to-morrow evening at 7½ o'clock, in order to meet Mr Brydges. On mentioning the matter to one of the prominent merchants of the city to-day, our reporter was informed that his firm are charged $2 per ton more for the freight of their goods than merchants' are charged in Hamilton, London, and Toronto, and that they intend trying the New York route next year. Now this and other such kindred complaints are what we referred to recently, and it will be well if a goodly number of the merchants will meet Mr Brydges to-morrow evening and endeavour to have these greivances rectified.

The gentlemen of the choir of St. Mary's Cathedral will meet Father Barbarin at the Grand Trunk Railway Depot, and escort him to the Palace, where he is to be the guest of Bishop Horan during his stay in the city.

Mr Samuel Harris, of the Montreal clothing store, Princess street, has a large stock of ready-made clothing, which he offers at prices to defy competition.

Room-paper.—In addition to his specialties in books and stationary, Mr Henderson has a very large stock of room-paper of new and choice designs, which, like everything else, he sells *cheap*.

The Oratorio.—The programme, which we publish in another column, will give our readers an idea of the rich treat in store for them at the oratorio to-morrow evening. The celebrated bass soloist, Father Barbarni, of Montreal, will sing twice, and the Princess of Wales' Own Rifles Band will perform upon the occasion.

Arrivals at the Anglo American Hotel.—V Selden, Belleville; Capt F S Coumcer, Chicago; W S Dewey, Watertown; Mr and Mrs Huston, Rome, N Y; William Wilson, Montreal; Mrs F H Brown and daughter, Boston; E Scott, Camden; W C McMillan, Toronto; George Norriss, Montreal; A D Mackenzie, Chicago; J Smith, Port Hope; E A Rosten, Napanee.

All lovers of music should attend the Grand Oratorio at St. Mary's Cathedral on Wednesday Evening, 3rd April.

Montreal, April 2.—Yesterday there was more water in the reservoir than there has been for a month past. As a consequence there was a pressure of fifty-five pounds to the square inch in Craig street.

Snow continued to fall yesterday, and the day was as wintry as we have had during the past four months. The snow now lies packed to a considerable depth. Wheeled vehicles, which made their appearance on Saturday, disappeared yesterday, to give place to sleighing, which was excellent.

At noon yesterday, a number of gentlemen met in the Mechanics' Hall for the purpose of presenting an address and purse of $300 to Mr D. Roymer, long connected with the *Herald* newspaper of this city, who is on the eve of departing for Ottawa, where he takes an appointment in the office of the Agricultural Department.

The theatre was opened last night for the first time since its renovation by the Holman Troupe, the Opera of the "Bohemian Girl" being presented. The theatre was crowded, one of the largest audiences it has ever contained being present.

Professor Andrews' pupils gave a rehearsal of the "Merchant of Venice" last night to one of the largest audiences ever assembled in the Mechanics' Hall. Before the curtain rose Master Smith recited a prologue, written by George Murray, B.A., which was rapturously applauded. By general request, the performance will be repeated to-night.

Yesterday being a public holiday, the prisoners arrested for minor offences on Saturday and Sunday morning were early in the morning discharged.

There are twenty-one cases of smallpox in the General Hospital.

Yesterday being Easter Monday, the courts, banks and public offices were closed.

A correspondent of the Sherbrune (England) *Journal* sends the following account of a chignon on fire in a church:—"Last Sunday evening, Miss Dalling, of Oliver Farm, was at church, at her devotions, kneeling. On rising to sit back in her pew her veil took fire from a candle. The network was speedily in a blaze, and the structure itself began to frizz and fume. The congregation, alarmed, rose in amusement, but before the parish engine could be fetched Mr Cousins sprang to her rescue, tore off her veil, and extinguished the fire."

Sir Charles Dilke stands in no need of a body guard. On leaving his house to address his constituents, a tall fellow stepped up and expressed an ardent desire to "punch his head," to which touching sentiment Sir Charles responded that he had a reciprocal desire to do a "little punching" also, with an advance movement which caused the coward to beat a retreat.
