The Daily News.

WEDNESDAY EVENING, MAY 15.

Correspondence.

TO THE EDITOR OF THE DAILY NEWS.

In reading carefully a communication in yesterday's *News*, which summed up means to say the harbour requires no improvement, farther than a dredge to remove the filth. The writer, who adopts the name "Kingston Harbour," commences by very solemnly saying that he is constrained to exclaim, "Save me from my friends." The harbour of Kingston, whose cause he professes to uphold, may well apply the exclamation to him. For although he wants no improvement but the dredging of loose filth, yet he says I am much pleased that my *professional* friends still stand firm, and that the *practical* knowledge of my old friend Capt. Taylor is on my side, although this same Capt. Taylor at several meetings of the Board recommended that a pier one mile long be constructed. This is the way we go to work in Kingston and exert ourselves to be conservative of all things as they are.

He then favours the public with a long dissertation of personalities. Some "*wise saws and modern instances*," some of which is that he "will be glad if a dredge can be got to remove the filth, in which case the Water Works Company will be able to supply a purer article than they do at present, although I don't think there is much to complain of just now."

On this it may be said I agree with him, when he says "there is not much to complain of," as the W. W. company have very judiciously expended a large sum of money to guard the mouth of their supply pipe, and the water supplied is excellent indeed *(except in grog shops.)*

When he says "I am pleased to see that some members of the City Council are determined to maintain the dignity of our Chief Magistrate as well as their own," I agree that should be done, but the Board of Trade don't desire to detract from that dignity, but desire that both bodies should co-operate for the public benefit.

The writer in concluding takes credit to himself for sincerely and honestly entertaining the views which he expressed—to some extent this may be accepted, but it is neither honest nor praiseworthy to attribute, as he does, bad or selfish motives to others, the prominent members of the Board of Trade, nor is it honest in him to assert that the one quarter of a mile of breakwater recommended to be constructed by the Board of Trade would cost about as much as the city bonus to the Kingston and Pembroke Railway, viz., $300,000, when in face of such a statement a very reliable constructor of such works already tenders to do the work and find materials for about one-third of that sum.

COMPROMISED.—The strike of the scowmen has ceased—the difficulty between them and the wood contractors has been satisfactorily compromised by a slight advancement of the rate of freight, and the "mosquito" fleet has sailed for the Rideau Canal.

IMPROVEMENT WANTED.—The sidewalk on the east of the block known as the carter's stand has become so bad that unless one wishes to be placed under a physician's care, and perhaps undergo a little surgery, it would be advisable for the public to avoid travel on it after dark. We will not ask like some, what is the committee on streets and improvements about? but would respectfully urge that such action be taken as will ensure safety to the pedestrians.

The residents of Charlottetown have recognized the eternal fitness of things by a present to Mr Craig, M.P.P., consisting, according to the Cornwall *Freeholder*, of a handsomely bound "Life of Jesus Christ."

The Manitoba *Liberal* says:—The Hon. Alexander Morris has for some time been spoken of as Mr Archibald's successor. We doubt if another man exists in the Dominion whose appointment would be hailed with more general satisfaction by the people of this Province than that of the hon. gentleman spoken of, as the deep interest which he has taken for the last fifteen years in the North West and its requirements, pre-eminently qualify him for the Governorship of Manitoba and the North West territories.
