FRIDAY EVENING, AUGUST 2.

Letter from the North West.

The following extracts from the letter of a young Kingstonian, written from Fort Francis, will be received with interest:

Fort Francis, Rainy River,
Tuesday, July 16th, 1872.

"I came to Toronto by mail steamer from Toronto, to Collingwood by Northern Railroad ninety-five miles, Collingwood to Thunder Bay, Lake Superior, by steamer five hundred and sixty miles. Fare, Toronto to Thunder Bay, including meals and state room, $20. Thunder Bay to this place about fifty-five miles by land, and two hundred and twenty-five by water conveyance. The land, roads and portages are most of them in good order. The conveyance by water is done by small tugs and the government boat that were building at the time the first troops came here in 1870. There are now on the route from Thunder Bay to the northwest angle, on the water communication seven small tugs, and three additional new tugs at Thunder Bay to be put on the lakes and rivers besides the two new steamers building here, one of which is one hundred feet long and nineteen feet beam, and the other one hundred and twenty feet long and twenty feet beam, both fine boats, and expected to be ready, the first one, for the Rainy Lake, in four or five weeks, and the other one for Rainy River and the Lake of the Woods, in some two months from now, which will make twelve steamers and tugs on the route from Thunder Bay to the Northwest Angle. From this place to Fort Garry is about one hundred and thirty miles by water communication through Rainy River and the Lake of the Woods, and one hundred and ten miles by land conveyance from the Northwest Angle to Fort Garry. The land from Thunder Bay to this place is mostly rocky, and not fit for farming, but is considered valuable as mineral land. The country from here to Fort Garry is said to be mostly a good farming country and fit for cultivation. We have very hot days here and very cool nights now. Winter sets in in October. Great country for rain, thunder and lightning, will take the prize out of any country for that, and also for mosquitoes, black flies and the small midge. 'Bite 'em-no see 'em,' the Indians call them, and an appropriate name too. Our mails from Thunder Bay to Fort Garry are not as yet fairly established, and no certainty of sending or receiving letters as yet on this line."

Marine News.

BASE BALL.—A base ball match was played yesterday afternoon on Drill Shed common between the Orange Lily Club of Kingston (a junior organization), G. Backus, Captain, and the Williamsville Club, R. Gunn, Captain, resulting in a victory for the Orange Lily Club by a majority of 26 runs and 1 innings. The following is the score:

ORANGE LILY.		WILLIAMSVILLE.	
G. Backus, P.	11	R. Gunn, S.S.	6
R. Coleman, C.	7	E. Wandel, P.	4
C. Dearnaly, 1st B.	7	D. Harris, C.	3
J. Pogue, 2nd B.	4	A. McAuley, 1st B	3
W. Coleman, 3rd B	7	J. Frenchman, 2nd B	7
J. Pollie, L.F.	6	G. McConiel, 3rd B	3
W. Dearnaly, R.F.	5	L. Harris, L.F.	2
J. Wilson, C.F.	7	W. McWanner, R.F	3
A. Wilson, S.S.	6	R. Lauder, C.F.	3
	60		34

The Orange Lily Club deserves great credit for defeating an old club like the Williamsville, the former being composed of boys, while the latter were men.

BROCKVILLE & OTTAWA RAILWAY.—The Brockville & Ottawa Railway Company are doing an extensive freight business, particularly in lumber. The above company send daily 70 or 80 cars from Brockville averaging 2,500 cars per month—80,000,000 feet of lumber has been contracted for so far. The shipments for the next three months will exceed 20,000,000 feet. A line of barges in connection with the company will make three trips weekly to Oswego with lumber. The increase in the freight business of the Brockville & Ottawa Railway, particularly the lumber trade, is owing entirely to the untiring efforts of the Managing Director, H. Abbott, Esq.—*Times.*

SURVEYING PARTY.—The United States fleet surveying the St. Lawrence and Lake Ontario is now at work, with headquarters at Ogdensburg. The steamer Ada and two smaller crafts comprise the fleet, and there are two shore parties. Capt. W. R. Livermore of the U. S. Engineer Corps is in command, with Mr Lampson, Senior Assistant, in charge of the shore parties.
