CABLE NEWS.

(Special Despatch to Daily News.)

Liverpool, Aug. 8.—The English cricketers sailed to-day in the Sarmatian for Quebec, and the team comprises Messrs. A. and E. Lubbock, W. G. Grace, W. M. Rose, R. A. Fitzgerald, A. Appleby, Hon. George Harris, C. K. Francis, W. H. Hadow, F. Pickering, A. N. Hornby, and C. J. Ottaway. Both Mr V. D. Walker and his brother Russell have unfortunately been prevented by serious illness from fulfilling their engagement.

[The substitution of Mr E. Lubbock and Mr Pickering for the two Walkers will scarcely weaken the strength of the Englishmen. Mr V. E. Walker is recognized as perhaps the best captain of the game in England, but has taken part in few matches of late. Mr Russell Walker, the famous racket player, will be missed as much for his joviality and humour as for his accomplished performances both with bat and ball. A representative team of English gentlemen without a Walker is certainly a lamentable anomaly; but the substitutes are both well known in the cricketing world and Mr Pickering, as the nephew of one who did good cricket-service in Canada, will be warmly welcomed by many an old resident, who will "come into town" to see the matches.—Ed. *Mail.*]

London, Aug. 8.—The crew of the yacht Livonia have struck for an increase of wages, and Ashbury refuses to accede to their demands. Unless the difficulty is arranged the name of the Livonia will be scratched from the list of yachts entered for the Cowes Town Cup Regatta.

London, Aug. 9.—In the House of Commons last night the resumed debate on the motion of Mr Butt for the removal of Justice Keogh from the Bench for his decision in the Galway election case, most of the prominent Irish members strongly denounced the course of Justice Keogh which was approved by the government. The debate was excited and did not conclude until four this morning, when a division of the House was taken and the government sustained by a hundred majority.

The Royal Yacht Squadron Regatta will terminate to-morrow. The match for the challenge cup is to be sailed to-day. The American yacht Sappho is entered for this race, but there is some doubt expressed as to her starting.

New York, August 9.—Accounts have been received from all parts of the country of a brilliant display of aurora last night.

Buffalo, N.Y., August 9.—The attendance was very large at the races yesterday. The first race, purse $1,500, for five year olds and under, was won by Lady Maud in three straight heats beating the favourite, Golddust, easily. Best time, 2.27¼. The second race, $10,000 for horses never trotted better than 2.30, was won easily by Kilburn Jann in three straight heats, beating Gazelle who was a hot favourite. Time 2.25, 2.23, 2.25¼. The third race, purse $2,000 for horses never trotted better than 2.50, was won by Sensation, the favourite, in three straight heats. Best time 2.25.

THE *GLOBE'S* NEXT MOVE.

It is a curious question what Mr George Brown and his organ the *Globe* will do when they and their party have been beaten at the polls in the general election. Our own opinion is that they will turn anti-Unionists. It is not in the nature of Mr George Brown to sit down contented with defeat; and the thought of five years' possession of power by his political opponents is enough to drive him frantic. In his desperation there is, we believe, nothing that he will not attempt, and we know from the experience of the past that there are no means, however dangerous or injurious to the country, that he will not grasp at to obtain his ends. His conduct in connection with the question of representation by population proves that the disunion of the Provinces is not a thing that would hold him back, whenever his passions or interest is concerned, and that these have been his guides through life, no one who knows him ever doubts. To carry the question of representation by population he endangered the union of Upper and Lower Canada, because he imagined that the terms of that connection kept the party, of which he was the leader out of power, and if he conceived that the Union of all the Provinces tended to the same result, he would have as little hesitation or compunction in one case as in the other. In fact, when the elections are over we expect to see the *Globe* going in for the disruption of the Dominion. We may be mistaken in the matter, but time will show.—*Montreal News.*

RECAPITULATION.

Ministerialist	52
Independent	4
Opposition	9
	65

Last month the Archbishop of Utrecht, in Holland, made the tour of the Old Catholic congregations of Germany to administer to them the right of confirmations. It is two hundred years since the followers of Jansen were anathematized and persecuted for the very divergence of views which has just produced the Old Catholic schism. Although still claiming to be Catholics, and walking in all the ordinances of the church blameless, they have been trodden out, until but a feeble remnant of about six thousand are left. Owing to one fact, however, they have suddenly sprung into great importance. They have an archbishop and two bishops—those of Haarlem-Deventer. These dignitaries have, at every successive ordination since the secession, duly reported themselves to the Pope, and have in regular form been excommunicated. The whole Old Catholic movement has not a single bishop, and as the Apostolic Succession is a part of their creed, they have been forced to officer their church from the Dutch prelates. The result must be a large and influential church with an organization independent of Rome, and not unlikely to seek alliance with the Greek and Anglican Churches. What the effect would be on these churches, and how it will affect at present the well defined boundaries of Protestantism, it will be interesting to watch.

TO KEEP ICE.—Make a double pocket of strong woollen cloth, no matter how coarse and faded it is. Have a space of two inches or so between the inner and outer pockets, and pack this space as full as possible with feathers. You have no use to use geese feathers; hens' feathers are just as good. With a pocket thus constructed and kept closely tied at the mouth, a few pounds of ice may be kept a week.

Everything is now ready for the reconstruction of the Column of the Place Vendome. Only one section of the bronze band which covered it being too much broken to be repaired, and consequently having to be replaced, the monument will be in the main the same that was so absurdly destroyed by the Communists. It will be re-built exactly as it was originally; the only result of the Communist outrage to which it has being subjected being a loss to the public purse of the £10,000 that are to be expended in its re-construction.

Election Intelligence.

The election in Montreal will take place on Tuesday, the 20th.

Hon. Jos. Howe yesterday re-elected by acclamation, for Hants, N. S.

The Ottawa *Times* says: We find we were wrong in announcing Mr St. George, M.P., for Portneuf as an Opposition candidate, he having announced himself a supporter of the Government.

Messrs Palmer and Burpee were on Wednesday elected for the county of St. John, N. B. Both these gentlemen are strong supporters of the present administration, and defeated lukewarm Independents.

Meetings have been held in Marquette and Lisgar, Manitoba, in view of the approaching election. In the former place Mr Cunningham and Dr. Lynch are the only candidates out. Mr Hayes and Dr Schultz will contest Lisgar. It is rumoured that Atty Gen. Clark will contest Provencher against Ried. Selkirk will elect Mr Donald A. Smith.

HAMILTON.—The Hamilton *Spectator* contains the following reply to the *Globe's* villainous attack on Mr Binny:

"The attack on Mr Binny in to-day's *Globe* is one of the most scandalous we have ever seen in a Canadian journal. That gentleman was absent from the city for over two weeks until Monday last, and has taken no part whatever in the election. On the train he purchased one of the Horace Greeley fans now so popular on "the other side," and when invited to the hustings, he took it with him, and showed it to his friends as a good joke. This was the head and front of his offending. The *Globe's* story that he organized a gang of rowdies is a deliberate lie, which no one who knows Mr Binny will believe for a moment.

HON. MR O'CONNOR'S TRIUMPH.—The Hon. John O'Connor gained a glorious victory in Essex yesterday. He, above all men, was the greatest sinner in the eyes of the Grit party, and his downfall was predicted with a terrific flourish of trumpets. Instead, however, of being defeated he defeated his opponent by over 700 votes. Upon the last occasion he carried the Riding by only seven votes. The influence of the *Globe* and the strength of the Catholic League were brought to bear upon Mr O'Connor, but instead of weakening his chances the opposition thus offered, in fact, elected him. This snubbing of the factionists should have its effect upon the elections yet to come off. We heartily congratulate the hon. gentleman upon his great victory.—*Leader.*

Ministerialists have already been returned to Parliament from thirty-six constituencies, a full third of a majority of the House. The Grits have nine members; just a fourth of the number the Government have; and Grits and Independents together make twelve; just a third as many as the Government supporters. As the Grits do not hope for a majority in the House, they care little for that. But they have hoped to get a majority from Ontario. In that they seemed doomed to as bitter disappointment. Twenty-two elections have taken place in Ontario—one-fourth of the whole; and the results are that fifteen Ministerialists, five Grits, and two Independents have been returned.—*Hamilton Spectator.*

ON THE STUMP.—We call the attention of the Rump Government to the fact that Mr McLellan, calling himself "Professor," Government Inspector of Schools, is now holding a series of meetings in West Toronto in the capacity of a candidate for Parliamentary honours. If he has not resigned his position he should be called upon to do so at once. We call upon Messrs Crooks and Gow—there is no use in referring to the other members of the Government, for they have no time to give to public duties—to demand this man's instant resignation; or, else, that he shall cease his candidature. In the name of an outraged people we demand speedy action in the matter.—*Mail.*

DR. LIVINGSTONE.

The correspondent of the *Times of India* writing from Zanzibar on the 30th May says:—Messrs. Stanley, Henn, New, and Morgan, sailed from Seychelles on the 29th, *en route* for Europe, in the screw steamer Star (Messrs Oswald & Co.) Mr Stanley, with his usual activity, chartered the steamer. Two days before leaving, Mr Stanley dispatched men and supplies to Dr. Livingstone, who awaits them at Unyanyembe. Mr Stanley was very anxious to go to Bergamoyo to start the party, and accompany them for one day's march, when they would be sure to go on; but he was unable to do so without being detained one month longer in Zanzibar or Seychelles. The head native employee in the American Consulate went to Bergamoyo for this purpose; and, in the event of difficulty occurring, arrangements were made for ensuring the forwarding of the relief expedition with all possible despatch. Heavy rains still continue, and the country to the west of Bergamoyo may be impassable. Mr Stanley has sent the supplies in charge of an Arab, along with 57 men, well armed and in light marching order. These men will be at the disposal of the Doctor, being under engagement to that effect. Since February constant rains have prevailed in Zanzibar.

"Where are you going so fast Mr Smith?" demanded Mr Jones. "Home, sir, home—don't detain me, I have just bought my wife a new bonnet, and I must deliver it before the fashion changes."

Two neighbours living in Westchester county had a long and envenomed litigation about a small spring which they both claimed. The Judge, wearied out with the case, at last said:—"What is the use of making so much fuss about a little water?" "Your honour will see the use of it," replied one of the lawyers, "when I inform you that the parties are both milkmen!" The roar of laughter which followed proved that the entire audience saw the point.

To the Electors of the Riding of Addington.

GENTLEMEN,—I beg leave to offer myself as a Candidate for your suffrages at the approaching election for the House of Commons. I, as you are well aware, have long taken a somewhat prominent part in the municipal affairs of my native county, and if elected as your representative to the House of Commons of Canada, shall endeavour to the utmost of my ability to aid in passing all measures that are for the benefit of our rising Dominion, and oppose all that will be injurious to our interests. If elected, I shall give the present Government a fair support, as I consider that their legislation on the whole has been advantageous to the country. It is my intention to see as many of you as possible before the election, when I shall explain my views more fully to you on the great questions now before the country.

I have the honour to be, gentlemen,
Your obedient servant,

SCHUYLER SHIBLEY.
