TUESDAY EVENING, SEPT. 10.

Mammoth Pic-Nic.

We greatly admire the push or pluck and energy of the Pittsburgh farmers, evinced not merely in their township meetings, for mutual progress and improvement, their successful management of cheese factories, or their agricultural fairs or cattle shows. The township is, as every one knows, very Conservative, and is about to set a pattern to the other townships of the county by having a mammoth Liberal Conservative pic-nic on Monday next, in honour of the county members, Messrs. Kirkpatrick and Calvin. The place selected is at Graham's Point, some five miles from the city, and an idea can be formed of the magnitude of the proposed demonstration, when we state that 2,500 "family" tickets have been issued, and that invitations have been sent to Sir John Macdonald, the Hons. Dr. Tupper, Mr Tilley, and J. H. Cameron, &c., to be present and address the meeting. For the convenience of the inhabitants of the county west of the city, and of citizens, boats will leave Kinghorn's wharf during the day at 9 and 11 a.m., and 1 p.m. We may add that no liquors of any kind will be allowed upon the grounds. Arrangements have been made for music, dancing, games &c. &c. This promises to be the most successful political demonstration ever held in Central Canada. Hurrah for Pittsburgh!

The Superintendent of the House of Industry acknowledges with thanks having received from Mr John McKay, jr., two boxes of blue berries for inmates.

A typographical error in yesterday's paper made us say that Dr. Maclean had left town to attend to his "professional" in place of "professorial" duties in Ann Arbour College, Michigan. Another spoke of Stoney Creek in the Diocese of "Ontario" in place of "Toronto."

NORMAL SCHOOL.—It will be seen that the Mayor has called a meeting of the citizens for to-morrow (Wednesday) night for the purpose of taking such steps as may be necessary to secure the establishment of a Normal School in the city. The matter is one of very great importance, and we hope there will be a large gathering of our citizens present on the occasion.

Mr Rowlands has repaired and painted the Herchmer Mansion, and offers it either for sale or to rent. Of the beauty of the situation overlooking the bay, from which it is separated only by the street, it is unnecessary to say anything. The accommodations, such as stabling, coach houses, &c., are quite ample for a gentleman's family, and cannot be exceeded. Several eligible sites for building are also offered for sale in the same locality by Mr Rowlands.

We have to thank Mr James Johnson for a large batch of late English papers. We have also to thank many kind friends, ladies and gentlemen, for late Irish papers.

"ERIN AND THE BRENNANS."—Mr and Mrs Brennan have gained for themselves the golden opinions of all who have heard them, not only in England but in the sister Isle, also in the land of brother Scots. Their duets are of so inimitable a cast, that they stand unrivalled in their peculiar line. Many of the most popular and highly valued of our English compositions, are rendered by them nightly in a style that at once stamps them as possessing vocal talent of no mean order. The respectability of their entertainment recommends itself, even to the most moral or fastidious audience; in fact, it is in itself a superior drawing room entertainment replete with comic incidents and sentimentality. They possess a fund of talent, romance, song and humour. Their combination of assumed characters is exceedingly clever and never wearisome. We welcome them on their return visit to Kingston (for one night only be it regretted) on Thursday evening next as energetic and deservedly popular artistes.

The mails by the Hibernian were delivered at the Kingston Post Office yesterday evening.

SOUTH RENFREW.—Some of our Grit contemporaries pretend to doubt whether Mr Quealy, the Returning Officer, has declared Mr O'Reilly duly elected. We can calm these gentlemen's doubts and fears by informing them that we have seen the duplicate of the return made by the Returning Officer, dated the 6th inst., by which Mr James O'Reilly is declared duly elected. Will those local Soreheads, who bet largely on the result, fork over the money and look as pleasant as they can?

WEATHER REPORTING.—We are happy to announce that the scheme of weather reporting, which has been received with so much favour throughout the country, is about to receive some practical illustration in Kingston. It is proposed to send telegrams from Toronto to the principal ports of the Dominion, giving notice of approaching storms. As soon as the arrangements are completed, weather drums will be hoisted in conspicuous places, giving notice by their position of the direction and probable force of the storm. Full particulars will be published in a few weeks, and in the mean time, telegrams will be sent to the various stations, and bulletins exposed at the telegraph office. Mr Woods has already received a full supply of blank forms, and in the course of a few days will be enabled to give all necessary information. It is unnecessary to state that the utmost care will be given to the preparation of all such items of news, and all due precautions taken to have the information diffused as widely as possible. Mariners and all interested in such matters will thus be enabled to gain useful information, and will guide themselves accordingly. It is not pretended that absolute certainty will be secured in the *probabilities*, but the caution given will enable some forethought to be exercised, and some additional preparation made. All that will be attempted just now will be to indicate the probable time of commencement, and duration and direction of the storm.

THE ELGIN ASSOCIATION MATTER.

Now that Mr Archibald McKellar is at rest from his labours as a political missionary, and has time, after defaming the character of others, to clear his own if he can, we would re-insinuate our desire for an explanation of his conduct in connection with the Elgin Association. His organ in this city made a feeble attempt to clear up the case, but its defence made our charge all the blacker. In order to give Mr McKellar and his champions a sound and broad basis for denial, we put the following questions:

1. Is it not true that in 1860 Mr McKellar and Rev. Mr King, of Buxton, went to England with a letter of introduction to Mr Wm. Millar, 49 Fenchurch street, London, from Haviland, Routh & Co., of Montreal?

2. Is it not true that they obtained from Mr Millar the sum of £2,137, 10s. stg. on behalf of the Elgin Association, the said sum to be repaid in 1864, with interest at six per cent?

3. Is it not true that payment of the interest was stopped in January, 1863, and that not a cent of the principal has yet been repaid?

4. Is it not true that no satisfactory account has yet been given either by Mr McKellar or Mr King as to how the money was spent, by whom or for what purpose?

5. Is it not true that the "loan" with accumulation of interest, now amounts to $17,000?

6. Is it not true that Mr Millar has made many ineffectual attempts through his solicitors, Haviland, Routh & Co., to recover the money, and that at one time criminal proceedings were seriously talked of?

7. Is it not true that the above questions, one and all, are answered in the affirmative by the letters of Haviland, Routh & Co. to Mr Sandfield Macdonald on the 17th July, 1869, 7th January, and 28th February, 1870, by Mr Macdonald's letter to Messrs. McKellar and King of the 29th March, 1870, by Mr H. L. Routh's telegram of the 23rd July last to Mr Rufus Stephenson, M.P., and by Sir John Rose's telegram to Mr Stephenson of the 30th July last?

8. Is it not right and proper that a full and impartial investigation should be held, in order that the people of Ontario may know whether the charge of obtaining money under false pretences, made by British philanthropists against a Minister of the Crown, is true or false?—*Mail.*

The Allan line to Halifax and Baltimore is to be increased to a weekly line, in consequence of the rapid development and increase of its business between these ports.

The Montreal River Division of the Canada Pacific Railway will soon be through with their portion of the line, and they will return to Ottawa in a few weeks.

The ship Tornado, Capt. D. Marshall, sailed from Greenock on Sunday morning, August 28, at two o'clock, and arrived at Quebec at 7 a.m., Sept. 5, thus making the passage in 8 days. This is the fastest passage of the season. The Allan clipper Glencoroe made the same passage in the same time last year.

In the international yacht race on Lake St. Clair, thirteen entries were made, only one of them being Canadian, the Jus, of Toronto. She, however, won the race, and the first prize of $200, by nearly three quarters of an hour. Time five hours. The Restless, of Sandusky, came in second, in 5h. 43m., and and the Lena, of Cleveland, third, in 5h. 47m. The Canadian residents of Detroit and Cleveland are very jubilant in consequence.
