CAUTION.

THE

Cornwall Manufacturing Co'y.

HAVE PLEASURE in intimating the complete restoration of their works at CORNWALL, which are now in full operation, producing large quantities of WHITE and GREY BLANKETS, and Heavy Medium Class TWEEDS.

They regret, however, having again to draw the attention of the public to the continuance of the disreputable practice of importing ENGLISH Blankets and selling them as Canadian. These Blankets are made largely of *Shoddy and Cotton Waste*, with a small percentage of Pure Wool, and though lightly in appearance, closely imitating the CORNWALL BLANKETS, and ticketed "CANADIAN MANUFACTURE," have neither WARMTH NOR WEAR, but can be sold at a lower price than the CORNWALL BLANKETS (which are made of PURE WOOL) can be produced for.

The public are cautioned against this attempted deception, and respectfully informed that the name of the CORNWALL MANUFACTURING COMPANY is printed on the Ticket of every Blanket made by them.

Correspondence.

KINGSTON AND PEMBROKE RAILWAY.

TO THE EDITOR OF THE DAILY NEWS.

Sir,—In your issue of the 18th another of the many letters appear for the western in preference to the eastern route, stating that a depot at Harrowsmith is further away from the thriving villages of Yarker, Celebrooke, Moscow and Petworth than at Shibley's Creek, and that Kingston would in consequence lose the traffic of the said villages, which will all go to Napanee. In reply to your correspondent's letter, I must say that he is either willingly or maliciously mistaken respecting the distances between these villages and Shibley's Creek and Harrowsmith. The distances are as follows:

Moscow to Harrowsmith.		To Shibley's Creek.	
	8 miles.		10 miles.
Petworth....	5 "		7½ "
Celebrook....	4 "		5½ "
Yarker.....	5½ "		5½ "

In addition to the above you may take in the village of Sydenham, which is four miles from Harrowsmith, and six from Shibley's Creek. There is within a distance of the wilds of Harrowsmith to the north and east three steam mills, where a large amount of shingles and lumber is cut. Of course Wilton is nearer to Shibley's Creek by 1½ miles than to Harrowsmith, but the traffic from that quarter would naturally go to Kingston in preference to any other place. Harrowsmith therefore is the natural outlet from all of Camden, including said villages. Another advantage in favour of Harrowsmith is the fact that it is a growing village, affording excellent accommodation for travellers, and will, from its central position, make an excellent market for purchasing grain. It is the only outlet for the immense back country to Kingston, which in a five years will be doubly populated, and its traffic of lumber, minerals, as well as agricultural produce, &c., &c., will add greatly to the success of the eastern route.

Hoping you will have the kindness of giving the above an insertion, and letting the public know the merits of the two routes, you will oblige yours, &c.,

HARROWSMITH.

Oct. 22.

POST CARDS.

TO THE EDITOR OF THE DAILY NEWS.

Sir,—The other evening I received a post card at the Battersea post office, which had been mailed at Spafordten, and consequently had passed through two other post offices—Loughborough and Kingston. The Spafordton post mark was of course on the face; that of Battersea was (very properly I think) the same; Loughborough (just as well) nowhere; Kingston (no business there according to my way of thinking) on the back, rendering part of the communication almost illegible.

Now, sir, what I wish to say is just this:—I see no reason why such a great public benefit as that of the post card system should be interfered with in the way above mentioned, viz., by having the writing almost or entirely obliterated in some places by these useless post marks. But if it be thought absolutely necessary to have the name of every post office the card passes through stamped on it, then let it be on the side containing the address. And if need be that some means must be employed in order that it may be seen which is the first post mark, let a special corner of the card be used for that purpose. For e.g., let the stamp be obliterated by it. This, however, I think is but of little importance, as the name of the post office is generally written at the head of the communication.

I would suggest that on the reverse of the address there be "The *communication* only on this side."—Yours, &c.,

L.

Battersea, 19th Oct., 1872.

ONTARIO MUNICIPAL RETURNS.—We have received municipal returns of Ontario for the year 1870-1.—printed by order of Parliament. These returns show at a glance the progress of the different municipalities for the year, and are, therefore, valuable on that account. In the County of Frontenac we find that the total number of acres assessed in 1870 was 554,233, in 1869 517,095, and in 1868 513,872, being an increase over 1869 of 37,138 acres, and over '68 of 40,361 acres. This is very gratifying, but there is still much room for improvement. The number of ratepayers assessed in 1870 was 5,350, being an increase of 225 over 1869, but a decrease of 62 persons as compared with 68, the number being 5,350 for 1870, and 5,412 for 1868; this is rather unsatisfactory. The assessed value of personal property shows a considerable increase, the figures for 1870 being $341,644; for '69, $330,777; and for '68, $228,449. The increase of 1870 over 1868 is therefore $113,195. The assessed value of real estate for 1870 was $2,591,302, being $378 less than the assessment for 1869, and $50,973 over 1868. The amount of taxes collected in 1870 was $50,078; in 1869, $44,931; and in 1868, $48,000. The expenditure for educational purposes in 1870 was $8,194, and in '69, $7,766. The expenditure for salaries and all other expenses of municipal Government in 1870 was $7,160; in 1869, $6,153; and in 1868, $9,062. The expenditure on account of Administration of Justice was in 1870, $10,257; in '69, $9,835; and in '68, $11,639. The expenditure on roads and bridges was in 1870, $8,692; in '69, $5,505, and in '68, $8,917.

PLOUGHING MATCH.—On Saturday next there will be a ploughing match, open to the township of Ameliasburg, on the farm of Mr John A. Howell, in the 2nd concession of that township. Driving over the front road to Ernestown a few days since, we were much pleased at seeing some very superior ploughing in a field beyond Ford's tannery. We have not seen any as good in Canada. We did not learn the name of the ploughman.

A letter from our Irish correspondent will appear to-morrow.
