NEW YORK DESPATCHES.

New York, Dec. 14.—Another will of Horace Greeley has been discovered, dated 1861. John F. Cleveland has been appointed administrater of the Greeley estate pending the controversy.

Troy, N. Y. Dec. 13.—A fire broke out to-night in the tenant's room on the third floor in the new iron building of the Troy *Daily News*. The part occupied by the *Times* escaped injury, except by water. Loss is estimated at about $15,000.

New Orleans, Dec. 13.—The Louisana militia having refused to obey General Longstreet, they were ordered to surrender their arms and armory, but refused. Thereupon General Badger with about 100 armed metropolitans, was ordered to take the armery. They moved to within half a square of it when a parley ensued. The Metropolitans finally withdrew, leaving the militia in quiet possession. The militia offer to surrender to any United States military officer, but decline doing so to any other existing authority.

Cincinnatti, Dec. 14.—The residence of James McKehan in Avondale, a suburb near this city, was totally destroyed by fire yesterday; loss $20,000.

Portland, Me., Dec. 14.—The Hon. Israel Washburne, collector of this port, gave a reception last night to his brother, the Minister to France. A large number of citizens were present.

New York, Dec. 14.—The testimony before the Coroner implies that Bleakley, instead of endeavouring to reform Maud Merrill, whom he murdered, habitually persecuted and blackmailed her, and that she was in mortal terror of him, frequently locking herself up for fear he would kill her when under the influence of Rum.

The proprietors of the 5th Avenue Hotel publish a card stating that they have taken care of and intend to take care of the sufferers by the fire, and deprecating the newspaper comments pending the investigation now in progress.

BREVITIES.—The lecture on the "Coming of the Lord," by Mr Hector Maiben, in the Good Templar's Hall last night was very well attended.—Venison is one of the staple articles of the market now-a-days. There are scores delivered in the city weekly.—The export of sheep still goes "bravely on." The exist of this stock to Cousin Johnathan's country is not diminishing.—There was a large and well supplied market to-day. The prices cannot have changed since Thursday.—The vessels in the harbour are not altogether settled yet. There are a few still seeking safe winter quarters.—The workmen are engaged in erecting the new organ and choir gallery in the Queen Street Wesleyan Methodist Church. It will be completed by Christmas.

READINGS AT PITTSBURG.—The popular gatherings known as "readings" are not confined to the city. Last night a large audience assembled in the school house on the front frontroad, Pittsburg, on which occasion Messrs John McIntyre, M.A., E. McLarren, B.A., Thomas Alexander, of Kingston, and Peter Graham, Esq., Reeve of Pittsburg, read good selections, much to the gratification of those present. Several ladies contributed music during the evening. The Rev. Peter Livingston, B.A., pastor of St. John's Church, Pittsburg, presided. The meeting was in connection with Mr Livingston's church, and proved so successful that he will doubtless be induced to get up a similar entertainment at another time.

CONCERT.—We beg to draw special attention to the musical and literary entertainment on Wednesday evening next in aid of the organ fund of the Queen street Church. We have no doubt the City Hall will be filled on that occasion, and that the programme which will appear on Monday, will be one of the best of the season.

NOMINATIONS.—The proclamations are issued for the holding of nominations in the several wards of the city on the 23rd inst.

SALE OF FIRE ENGINE.—We are informed that some weeks since No. 2 Fire Engine was sold to a manufacturing firm of Perth for $225. The machine has not yet passed into the hands of the purchasers.

THE SIGN NUISANCE.—Alderman Price has to all intents followed the advice of a respected colleague, and allowed the by-law with which to abolish the unsightly signs of the city to remain in *statu quo* until after the municipal elections. At any rate the by-law "has not made its appearance;" press of business on the part of the worthy alderman was ample apology at the previous meeting, nearly three weeks since, but on Thursday evening not one sentence was said in reference to the document, and we presume the signs have now got a "furlough" until after New Year's.

REMINDERS.

Sermons of Sabrevois Missions in St. James' and St. Paul's Churches to-morrow by Rev. Mr Fortin.

Meeting of the Ladies' Association in connection with the Mission on Monday evening.

Local Weather Report.

Range—max. 31, min. 25. Rainfall 0.20 inches.

The Barometer is read, corrected for temperature, and reduced to Sea Level.

R. WOODS.

The proprietors of Johnson's Anodyne Liniment, Parsons' Purgative Pills, and Sheridan's Cavalry Condition Powders, have published a readable and instructive pamphlet, which may be had free at the stores—*Adv.*

Dominion of Canada.

It is stated that Mr Anger, advocate, will oppose Mr Cauchon in the County of Montmorency.

The *Morning Herald* comes out strongly in favour of the general increase to salaries of civil service employees.

A new stone church, All Saint's Church is being erected at the corner of King and Queen streets, Hamilton, at the sole expense of Senator Samuel Mills; $20,000 will be required to complete it.

His Excellency the Lieutenant-Governor has been pleased to associate Mr John McDougall, of the city of Montreal, to the commission of the peace for the district of Montreal.

Another action has been taken against Mr Cauchon for the purpose of imposing the penalty of $500 for each and every day he has illegally occupied a seat in the Legislative Assembly since the opening of the present session.

A large whale was caught on the Stanhope shore the other day. It was first espied by Mr Angus McMillan, floundering among the breakers. He immediately procured assistance and after considerable labour the fish was haulded on shore. The whale measures about 18 feet in length, and weighs some three tons.—*Charlottetown Patriot.*

The following ladies and gentlemen had the honour of invitation to the State dinner at Rideau Hall on Thursday:—Hon. Jas. Cockburn, Hon. Jno. and Mrs O'Connor, Mr Alonzo Wright, Col. and Mrs Brown, Chamberlain, Mr and Mrs Sandford Fleming, Mr and Mrs Perley, Col. and Mrs Brunel, Mr and Mrs Robert Cassels, Rev. Dr. and Mrs Bedford Jones, Hon. W. Muirhead, the Mayor of Ottawa, Mr Cowper Cox, Col. and Lady Harriet Fletcher.

The first curling match of the season came off at Fergus, on the 11th, between the married and single men. The married men won.

The rate of insurance in Perth has been raised one per cent. At the last meeting of the Town Council a deputation was appointed to proceed to Kingston to purchase a fire engine worth $225.

We take the rollowing extract from the London *Times* of the last mail, received to-day:—The Queen approved the appointment of Mr A. G. Archibald, recently Lieutenant Governor of the Province of Manitoba, and Mr H. Bernard, Deputy of the Ministers of Justice of the Dominion of Canada to be companions of the order of St. Michael and St. George.

The Cook Extract Company are doing an immense business in the manufacture of tannin. Forty teams, each loaded with some carrels of extract, drove through Perth on Thursday to the railway station.

M. Ponchet, in his great work "The Universe," says that "Anatomically and physically speaking, the human mechanism is very rude and coarse compared to the exquisite delicacy revealed in the organism of certain animals. But in us, the intellect, the real sceptre of the universe predominates over the apparent imperfection of matter. Through it man alone approaches the chosen creatures who shine near the throne of the Eternal, and form a bond of union between heaven and earth. If in his structure he belongs to our sphere, he seems already to elevate himself towards the Supreme Essence by the splendour of his genius. A grand and philosophic truth, and yet how comparatively small the number, and rare the genius, displayed in proportion to the number of the earth's inhabitants. Were man to conform more to the laws of health and of nature, and he be less addicted to the gratification of his passions, it would not be necessary to advertise Fellows' Compound Syrup of Hypophosphites as a restorative for the powers of the brain and nervous system, while the world's progress in enlightment would indeed be marvelous.—*Adv.*
