☞ Railroad Time Table and Steamer announcements upon 4th page.

CITY AND VICINITY.

PROBS.—Winds again shifting towards the east, cloudy weather, followed by snow in the northern portion and rain in the southern.

HOSE ARRIVED.—Three hundred feet of new hose has arrived at the Fire Department. This, with the present supply, will place the Department in good trim for a fire of any importance.

NOT SOLD.—The Ashley property, on Bagot street, was not sold to-day. The highest offer was $3,000, and that not being as high as was expected, the buildings were not disposed of.

ALL HAVE APPLIED.—All the teachers at present in the employment of the School Board have applied for re-engagement, though some were behind the time limited for the reception of applications.

APPOINTED.—Mr. S. W. Scobell, Clerk in the office of the Montreal Transportation Company, has been appointed Accountant of the Penitentiary. He will enter upon the duties of his office as soon possible. Mr. Scobell is a reliable Accountant and a worth man.

THE MAYORALTY CONTEST.—We have good authority for the statement that unless the present condidates for the Mayoralty favour a reduction of the salary allowed at present to the head of the Council, Ald. Gaskin will take the field against them. Economy will be the principal plank in his platform.

CANADIAN ALMANAC.—We are indebted to Mr. John Henderson for the Canadian Almanac for 1880—the most reliable and useful publication known by the name of almanac. It contains a vast amount of miscellaneous and valuable information, recourse to which is had equally by business and literary men.

FREE ROADS AND NO TOLLS.—Despite the dampening effect of the City Council's action in refusing to treat on the subject, the agitation for this much-needed reform is not quenched. The Township Council of Kingston has resolved, as a report in another column shows, to have the question submitted to the people at the municipal election in January.

MASONIC.—At a meeting of Prince Arthur Lodge, No. 223, Odessa, the following officers were elected:

Rev. Bro. F. Stratton.....W. M.
W. Bro. Geo. Aylesworth.....S. W.
" N. L. Smith.....J. W.
" John McKay.....Sec.
" Isaac Aylesworth.....Tres.
" B. Derbyshire.....Tyler.

Installation, 27th Dec., '79.

BIRMINGHAM'S STATION.—To-day the Lord Bishop of Ontario left for Birmingham's, to hold a confirmation in St. James' Church. This week the Rev. Mr. Prime, the Incumbent, leaves for another station, Moulinette, to which the Bishop has appointed him, vice Rev. Mr. Morris, recently promoted to the Carrying Place.

ST. VINCENT DE PAUL.—This Benevolent Association is being re-organized for this season, and it is desirable that it should be as strong and as well supported as possible, since it will have a great work to accomplish during the winter. A meeting of its members will be held in St. Mary's Vestry to-morrow evening. It is likely that the President will be selected at this meeting.

BACK TAXES.—We are requested to state (in connection with Ald. Gaskin's case which came before a city committee) that he purchased a property from the corporation in 1864, and that afterwards he was billed for taxes due in 1862. The Council, in selling the property, was supposed to give Ald. Gaskin a clear deed; and hence the remission of taxes which his colleagues recently made.

SPECIAL MEETING.—The Warden has caused the Clerk to summon a special meeting of the County Council, to be held on the 15th. We believe it is called for the purpose of permitting of a compromise of the equalization difficulty, if the Councillors feel like making a settlement. The case now before the Judge and Sheriff has been adjourned until the 16th, so that the Council will meet on the day before.

SUCCESSFUL CLASSES.—The Mechanics Institute classes, held at the Collegiate Institute room, under the ablest masters, are attended by a large number of pupils. The amalgamation with the public school classes is a success. It is estimated that, with the new books about to be obtained, the library will consist of about 2,000 volumes, the majority of which are the latest works on almost every branch of literature.

WOODBURN L.O.L., PITTSBURGH.—At the annual meeting of L.O.L. No. 912, the following officers were elected for the ensuing year:

Bro. Henry Thomas....W. Master.
" Wm. Brown.....Dep. Master.
" Thomas Elliott....Secretary.
" Gerald Johnston..Treasurer.
" John Bell.....Chaplain.
" Robt. Brown.....D. of C.

Committee — Walter Bell, Andrew Brown, George Wm. Abrams, Alex. Jackson and James Laverty.

DENIAL AND ADMISSION.—The Warden of the Counties of Lennox and Addington, in an address to the Council, saw fit to make certain denials in reference to the investigation of the financial affairs of the united counties; but he admitted at the same time that he had tried to stop the issue of the Government Commission, that E. J. Hooper carried a letter to Toronto to that effect, and that the latter had also been engaged to watch the case in the interest of the county. Why was all this necessary if there was nothing to conceal?

ANNUAL ELECTION.—The following officers for Elysian Lodge, No. 212, Garden Island, were elected, and will be installed on St. John's Day:

W. Bro. Anthony Malone....W. M.
W. " Abraham Malone....P. M.
" John Agnew.....S. W.
" Richard Raymond...J. W.
" Henry Rooney.....Chap.
W. " Geo. Cumming.....Treas.
" D. Kennedy.....Tyler.

Brother Malone has held the dignified and responsible office for a number of years, to the great acceptation of the Brethern.

WIND WAFTS.

FROM VARIOUS SOURCES AND ON VARIOUS THEMES.

—Mr. C. Counter, C.O.O., is in the city.

—Sir A. Campbell has been on a visit to the city.

—The frontage question is troubling the Toronto people.

—The warm weather this afternoon drew out the corner statuettes.

—Mayor McIntosh of Ottawa is to have warm opposition if he runs for a second term.

—An exchange says a mince pie at bedtime is the shortest route to a menagerie.

—It is said that Col. Flower has been awarded a large railroad contract in Connecticut.

—Male labour is at a discount at the Napanee woollen mill and brush factory. Females are in demand.

—The tolls on the Perth road have been sold, gate No. 3 to Mr. John Gibson for $475. The other gates were unsold.

—A County Councillor advocates an example being made of some township assessors, who do their work by favoritism.

—Mr. W. Waddingham, of Topeka, Kansas, son of the late Mrs. Waddingham, is in the city. He remains a few days.

—Voting on the Camden by-law, granting $20,000 to the N. T. Q. Railway, will take place on the 8th of January, 1880.

—Col. Powell, Adjutant-General, and Col. Macpherson, Militia Department, members of the Board of Visitors, have been paying their usual respects to the Military College.

—The schooner 'Dominion,' ashore at Ford's shoals, is so badly strained and broken that she will prove a total loss. She has been stripped and the rigging taken to Oswego.

—The statement of the Collector of Customs of Belleville shews that the exports have decreased some $55,868 during the past year.

—The *Central Canadian* is glad the people of Carleton Place heard the Tandy Bros., since their presence was a "baptism of blessing rarely received."

—The City Council of Oswego and Utica have bear fights so frequently that it is proposed to charge an admission to see them. The suggestion is not unappropriate in so far as some of the Kingston Council meetings are concerned.

—The Newburgh *Reporter* remarks: "Next year is leap year. We hope the ladies will bear in mind that it comes but once in four years, and make it as eventful as possible." Our bachelor friend may find the next twelve months more eventful than he desires.

—An eastern exchange declares (referring to the banquet) that "Sir John Macdonald was on the mountain top on Thursday evening last, as were also the hundreds of loyal followers who gathered about him in the fullness of a banquet to do him honor." That is certainly an expressive way of describing the situation.

Queen's College Building Fund.

The Treasurer of Queen's College acknowledges the receipt of the following payments on account of subscriptions to the Building Fund. Subscribers who are in arrear are earnestly requested to pay to the Treasurer the instalments overdue. Another list will be published in January:

Acknowledged to 5th Nov....	$17,090.00
J. Power, second instalment on $100.....	$20.00
Wm. Stewart, second on $100....	20.00
R. & J. Gardiner, second on $100	20.00
Mrs. J. McIntyre, second on $100	20.00
Mrs. T. Hendry, second on $500	100.00
G. S. Fenwick, second on $500..	100.00
A. Swanston, second on $100....	20.00
A. Chown, second on $100.....	20.00
Rev. R. McKay, first on $25....	12.50
G. S. Hobart, balance $100.....	50.00
Rev. F. McCuaig, first and second of $50.....	20.00
J. H. Kenning, second on $50....	10.00
Dr. McCammon, second on $100..	20.00
S. P. White, second on $100.....	20.00
R. J. Davis, second on $50.....	10.00
C. Wright, second on $100.....	25.00
Geo. Mair, first on $25.....	5.00
Total to December 1st, 1879.	17,582.50

Bazaars.

The Methodist sale was a great success, and the musical event of last evening was a fitting finale to it. The ladies have reaped a great reward for their labour, the receipts, it is said, amounting to over $300. The attendance at the concert was very large, there not being comfortable standing room for the large audience present. The programme was very acceptable, and those who contributed to the entertainment were the recipients of applause and other expressions of favour. All the pieces were well received—both vocal and instrumental music. With one exception the programme was carried out as advertised.

The Congregational bazaar in St. George's Hall was attended by a large number of the friends and adherents of the church. During the course of the evening Misses Fenwick, McKelvey, Ferris, Mr. K.F. Hendry and Prof. Smith presided at the piano and discoursed sweet music. A number of solos were also given by the choir. In a financial point of view the ladies are well satisfied with the amount, which is over $200.

Old Resident Gone.

Information has been received here of the death yesterday morning at Ottawa of Mr. William Allen Geddes, for many years a member of the Civil Service. The deceased was formerly a resident of the city, and a good worker in every good cause. He was at one time actively engaged in business here, and during his connection with St. Paul's Church acted as Church Warden. He has been so long removed from the city that he is unknown to the rising generation; but he never forgot the place in which he labored and lived so pleasantly and happily. And it is to be the repository of his remains, which arrive by Grand Trunk Railway to-morrow, the funeral taking place on the arrival of the train from the east at 4 o'clock. Dean Geddes, of Toronto, is a brother of deceased, and His Honour Judge Wilkinson, of Napanee, is his son-in-law.

GEORGE MULLER.

HIS LIFE AND LABOURS—THE RESULTS ATTRIBUTED TO FAITH AND PRAYER.

To-morrow evening Rev. George Muller will deliver in Chalmers' Church the first of a series of evangelistic addresses in this city, and in view of this fact it will be interesting to know something about the man, his life and labors. He was born in the Kingdom of Prussia on the 27th Sept., 1805, and was intended for a minister of the Lutheran Church. His early education was conducted with that object in view, but in his youth he was led away by the pleasures of the ball room without feeling happy. He travelled through Germany and Switzerland but without a contented mind. He returned to the University of which he had been studying, and on a certain Saturday was induced to attend a prayer meeting where he became converted. In 1829 he went to England and became pastor of a Church. Perceiving that the Deacons had difficulty in collecting the pew rents from the poorer he relinquished his claim to a fixed salary. That was forty-one years ago, since which time he has had no fixed income, but "trusted in God" for his temporal supplies. Sometimes he has been pretty well reduced, but he has never been in want. Having thought much over a plan for the relief of orphan children on the 5th of March, 1834, he founded the "Scriptural Knowledge Institute for home and abroad." He began with one school, but now he had 118 schools with an aggregate attendance of 10,080 pupils. The total number of pupils who have attended his schools is over 71,000. The schools are conducted at an annual cost of $50,000. He and those associated with him are circulating about 12,000 bibles, and 60,000 testaments yearly, very many of these in Spain and Italy. Since the beginning of his work he has circulated 66,000,000 copies of books, pamphlets and tracts over the world, and has spent in this object alone over $1,000,000. He and his co-workers have now accommodation in the institute for 2,050 children and 108 assistants. They received yearly about 250 children and send about that number out to do for themselves. The yearly cost of carrying on the work is $230,000, or $650 per day. The total receipts since the beginning are $4,250,000, which was contributed in sums varying from half a cent to $45,000. The details of Mr. Muller's work he will likely recount to-morrow evening.

Unpleasant Position.

Mr. Walkem, Premier of British Columbia, stands in a very unpleasant position just now. During the proceedings of an arbitration, going on in that Province between the Dominion Government and Mr. Barnard, Mr. Walkem admitted that he was "the counsel for the Dominion Government as his client." By accepting this position Mr. Walkem violated the provincial constitution and forfeits his seat in the Assembly, of which he is the nominal leader. The 15th section of the British Columbia Act reads as follows: "No person accepting or holding any office, commission or employment, permanent or temporary, to which an annual salary, or any fee, allowance or emolument, or profit of any kind or amount whatever from the Dominion of Canada is attached, shall be eligible as a member of the Legislative Council of this Province, nor shall he sit or vote as such." On the strength of this enactment Mr. Walkem has been requested to step down and out.

Agricultural Schools.

The Ontario Government should institute an Agricultural School for the free grant districts. It should be located in Palmerston or Clarendon. The influence it would exert in directing attention to the resources of the interior of Ontario is beyond estimate. There are thousands of young men who would as readily attempt to hew out a farm for themselves in the bush, as to settle on the prairie, but they do not know how to begin. A farmer in Kennebec has been fairly successful in the management of one thousand breeding sheep. What if the vast inland region between Ottawa and Lake Huron should prove, under good management, as well adapted for sheep farming as New Zealand. It would add immensely to the wealth of the country. An agricultural school and breeding station in one of our rear townships would do more to equalize taxation between the front and rear of the county than a host of appeals or any amount of juggling and wire pulling.

Alarming Information.

The correspondence of Mr. E. R. Rees, in another column, conveys alarming information—that the country is so much overrun with vagrant dogs that energetic measures must be taken to protect the live stock of the community. Several farmers have lost sheep by the worrying of these apparently ownerless dogs, and on Tuesday night Mr. Rees had some forty-nine sheep killed, and twenty-seven were so much injured that they had to be slaughtered! This is a record which must increase the uneasiness of those who do not feel fortified against the ravages of the dogs. We do not know what course is most expedient under the circumstances, but this week's work is sufficient to stir our Councils to put in operation what machinery is available for the removal of those curs which are not licensed or fed, and which are driven to the destruction of sheep as a means of satisfying their hunger.

Police Court.

Thomas Gallagher yesterday stole a coat from the premises of Mr. P. Julian, a second hand merchant on Princess street. He afterwards sold it to another pawnbroker on King street. Thomas afterwards found out that "the way of the transgressor is hard." This morning he was committed for trial for the robbery.

James Breen stole a quantity of rope off a schooner lying at the M. T. Company's wharf, owned by Mr. Horne. The goods were traced to the pawnshop of Mr. P. Julian, Princess street, and the seller found out. He has been sent up for trial.

Three young boys and a girl were remanded until to-merrow for assaulting Mary Lowrie.

M. Ryan, who is a vagrant, was sent up to gaol for thirty days.

FEE vs. KINGSTON.

A LEGAL DECISION OF MUCH INTEREST AND IMPORTANCE—ALD. FEE'S SUIT FOR DAMAGES.

It will be remembered that early last spring Ald. Fee lost a valuable horse, which was injured and had to be shot on account of what is now termed the carelessness of the city. The worthy member for Rideau Ward presented to the Council a request (per his attorney) asking for compensation, but it was not granted, and the petitioner became a plaintiff in a suit against the corporation. Among the pleas put in by the defence, however, was one which involved a question of law, which was submitted to Judge Price in the County Court in Term, and upon which His Honor gave judgment. The Judge set out by recounting the issues of the case—that it was an action to recover damages alleged to have been sustained by plaintiff by defendant's negligence in allowing ice and snow to accumulate and remain in banks and mounds upon the street. The defendant's plea that at the time of the happening of the alleged grievance, and also at the time of the commencement of this action, plaintiff was and ever since has been an Alderman of the city of Kingston. The plaintiff demurred to the defendants' pleading upon the ground that it was immaterial whether he was a member of the Municipal Council or not. The defendants took issue with the plaintiff's demurrer, and also with the following exceptions to the declaration:

1. That the declaration did not disclose and give the grounds of action.
2. That the declaration did not allege that the cart (into which Dr. Fee's horse ran) was the property of the defendants, or if it was lawfully where it was stated to have been.
3. That the said declaration showed negligence on the part of the driver of plaintiff's horse.
4. That the alleged damage is too remote from the alleged cause, etc.
5. That it is not alleged that it was the duty of defendants to remove the snow and ice.
6. That it does not allege that defendants' had any notice of snow or ice being on the said highway.
7. That it was not the duty of the defendants to remove snow and ice until they had notice.
8. That the declaration does not show how and where the plaintiff's horse was injured.
9. That the law generally set forth in the declaration was bad in substance.

The Judge held that it was unnecessary for him to discuss the exceptions to the declaration. He thought it stated a good cause of action, and that the defendants' counsel did not rely upon or urge these exceptions. The real question to be considered was, whether a member of the Municipal Council could sue for damages sustained through the negligence of the Corporation and while he was a member of the Council. Upon this point there was no authority stated, but the argument of counsel was exceedingly full. The defendants' counsel contended that the same argument must apply to this case as in the case of an individual sueing the firm of partnership of which he was a member; that the plaintiff should be considered legally interested in both sides of the question. The real question, His Honour said, for him to consider and decide was: Does a member of the Municipal Council hold such relations toward the Corporation as a partner does toward a firm? Is he at all restricted as to his rights? The Municipal Act defines a municipality to mean any locality the inhabitants of which are incorporated. The name of the body corporate (defendants) is "The Corporation of the City of Kingston." The powers of the body corporate are to be exercised by the Council thereof. Certain arguments and rulings of the Court having been cited the Judge said: It appears to me that the cited authorities confirm the well recognised distinction between a partnership and a corporation. A corporation which is simply created by special authority, without body or soul, endowed with existence or capacity to acquire rights and new obligations, is entirely distant from the individual member. A person, by becoming a member of the municipal council, neither loses his distinct nor independent being, nor his right as a citizen to recover damages by loss sustained by the negligence or misconduct of the corporation, nor does he absolve himself from liability to the corporation. Defendants' counsel urged that the interest of the plaintiff in the action was in conflict with his duty as a member of the Council, that as such member he might use his influence to his own benefit in settling his suit, and therefore should not be allowed to sue at all. Our municipal system requires that there should be some faith in men's honesty, some confidence that the scale will balance fairly, even when self-interest and public duty come in conflict. The old rule, therefore, that a man could be neither judge, jury nor witness when he had any pecuniary interest in the result, has been relaxed in the case of corporations.

The Mayor of a city may by his note enact a by-law creating many penalties. He may sit as Chief Magistrate and construe the law which he has been instrumental in passing, and give judgment against some individual fellow citizen. He may issue his warrant and collect the penalty and apply it in payment of some liability that he, himself, might otherwise have to contribute to. In an action by a corporation a citizen is not disqualified from acting as a juror, because he would be giving a verdict which would go into the City Treasury in which he, as a taxpayer, is interested. Having quoted authorities in support of this grant His Honor, continued: The same ruling is applied to our law. While the Legislature has entrusted the affairs of the corporation to the Council and officials, and invested them with power and duties that may at times conflict with their personal interest, it is quite wisely and properly done as little as possible to deprive any member or officer of his full rights and remedies as a citizen against the corporation. Members of the Council are prohibited from entering into any contract with or on behalf of the Corporation, and he had no doubt many of them thought that quite sufficient restriction when they consider the generous appreciation of their unnumerative services.

The concession of this point in favour of Dr. Fee does not close the case. It will be tried at the Court which opens in a few days, when the question of damages will be disposed of.

CANCERS AND TUMORS CURED.

A large Cancer killed in three hours without use of knife, loss of blood, or eating plaster. The cancer will fall out in ten days, and the place where the cancer was will heal in a short time. Persons not able to come to my Infirmary, 146 Michigan Avenue, Detroit, Michigan, for $25.00 sent me by Post Office Order, will be sent medicines sufficient to cure their cancer at their homes.

Dr. Thomas cures all Chronic, Nervous and Private Diseases. Send stamp for journal, which will give full information of Cancers and all other Chronic Diseases, with names, addresses and dates of treatment of a number of persons cured of Cancers. Address

H. S. THOMAS, M.D.,
146 Michigan Avenue, Medical and Surgical Institute and Cancer Infirmary, Detroit, Michigan.
Nov. 24th, 1879.

Princess St.
Nov. 22.

BURNETT'S FLAVOURING EXTRACTS.

CAUTION! CAUTION!!

TO HOUSEKEEPERS—The attention of the heads of families is respectfully invited to the superior quality of these Extracts. They are entirely free from the poisonous oils and acids which enter into the composition of many of the factitious fruit flavors now in the market. They are highly concentrated, have all the freshness and delicacy of the fruits from which they are prepared, and are sold at retail at the same prices as the inferior makes, viz.: 25c. per bottle for all kinds except Vanilla, which is sold at 35c. per bottle. Ask for Burnett's. Take no other.

For sale by W. R. McRAE & CO., Golden Lion Block, Kingston, Ont.
Nov. 25th, 1879.

No. 66 Brock Street, Kingston.
Nov. 5th, 1879.

A CARD

TO THE LADIES OF KINGSTON

Who are not acquainted with the fact that I am making quite a large number of

LADIES' ULSTERS, CHESTERFIELDS, JACKETS AND MANTLES this Season.

I have better facilities for meeting the requirements of Ladies in this Department than any other one in the city. My work is far superior and the general appearance of every garment I make commands universal admiration.

I have no objections to cut and make up materials furnished me, and my charges are very moderate and I study to please.

G. W. ANDREWS,
The Ladies' Tailor, Wellington Street.
Dec. 1st, 1879.
