CATARRH.

The Constitutional Remedy.

The Constitutional Catarrh Remedy is the first article placed before the public that proposed to cure Catarrh by building up the Constitution. It struck at the root of the whole difficulty, and thousands upon thousands of letters have been received by the proprietors, setting forth the marvelous cures, and what is remarkable, curing not only the Catarrh, but all other ailments at the same time. This is what it always does. The following statements are only samples of what we are constantly receiving, from well known people to whom you can write, and not bogus ones. Catarrh and its attendant evils, cold in head, hacking cough, incipient consumption, headache, pain in the back and loins, dizziness, languidness, loss of appetite and general weakness, all leave together when the Constitutional Catarrh Remedy is taken as recommended.

Home Testimony in favor of Littlefield's Catarrh Remedy:

T. J. B. HARDING, Esq.,

Brockville, 12th Feb, 1876.

My Dear Sir,—I can carefully endorse, from my own experience, the favorable account of the Constitutional Catarrh Remedy. It has afforded me relief from Catarrh and Cold every time I used it, and then when I could not take proper care of my self in bad weather

Yours respectfully, C. W. VOLNEY.

T J B Harding, Esq.

Brockville, Feb. 9, 1872.—Sir: Having had Catarrh for a number of years, and having tried nearly all the remedies advertised that promised relief or cure, without the desired result. I came to the conclusion that it was useless in trying to cure the disease. I was advised last fall to give the "Constitutional Catarrh Remedy" a trial, and did so, with very little faith as to the result. But I am happy now to say, that after using three bottles, I am entirely cured and do not feel as if I ever had Catarrh. I also cheerfully recommend it to all those that suffer from that disease, and am satisfied that if they will only try one bottle, it will need no other recommend, and will convince the most sceptical.

Yours Respectfully, JOHN C. BANN, St. Lawrence Hall.

For sale by all Druggists. Price $1.00 per bottle.

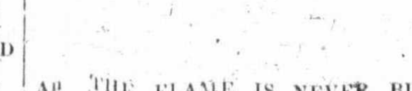
THE

ELLIS'

PATENT

GAS BURNER!

Will make a better Light with a Less consumption of Gas than anything at present in use in Canada or the United States. Parties using this Burner have entire control of their Gas Bills as the flow of Gas can be reduced at will, and EVERY PARTICLE OF WASTE STOPPED WITHOUT REDUCING THE LIGHT in THE LEAST;



No More Gas can pass the Burner than is actually consumed!

As THE FLAME IS NEVER BLUE or SMOKY but always

Brilliant and Highly Satisfactory

It will in short Reduce your present Gas Bills materially.

Although the Invention is covered by Letters Patent in Canada, the Price is the same as for ordinary Burners.

Over $6000 worth of these Burners and the Oval Shades have been sold in Montreal!

And to the best of our knowledge and belief every person using them is perfectly satisfied with the result and will cheerfully recommend them. In the City of Boston, (the home of the Patentee), where every kind of Burner has been introduced and tried

Over Two Hundred Thousand Dollars' worth of the Ellis have been sold in two years,

And have been adopted by all the large Hotels, Public Buildings, purely on the ground of economy.

We refer to the following parties in Montreal all of whom have large quantities of them in use in their places of business and private dwellings:

FRIDAY EVEN'G, SEPT. 1, 1876.

HIS MESSENGER.

Majorie, with the waiting face,
Majorie, with the pale brown hair,
She sits and sews in the silent place,
She counts the steps on the outer stair.
Two, three, four;—they pass her door.
The patient face droops low again,
Still it is as it was before—
Oh! will he come indeed no more,
And are her prayers all prayed in vain?

Through the warm and the winter night,
Marjorie with the wistful eyes,
She keeps her lonely lamp alight
Until the stars are dim in the skies.
Through the gray and the shining day
Her pale fingers, swift and slim,
Set their stitches; nor one astray,
Though her heart it is far away,
Over the summer seas with him.

Over the distant summer seas
Marjorie's yearning fancies fly;
She feels the kiss of the island breeze,
She sees the blue of the tropic sky.
Does she know as they come and go,
Those waves that lap the island shore,
That under their ceaseless ebb and flow
Golden locks float to and fro,—
Tangled locks she will comb no more.

Many a hopeless hope she keeps,
Majorie with the aching heart;
Sometimes she smiles, and sometimes she weeps
At thoughts that all unbidden start.
I can see what the end will be:
Some day when the Master sends for her,
A voice she knows will say joyfully,
"God is waiting for Majorie!"
And her lover will be His messenger.

INSTALLATION AND DEDICATION.

On Wednesday evening R. W. Bro. Woods, P. D. D. G. M., and R. W. Bro. G. M. Wilkinson, P. D. D. G. M., installed the Rev. John Gallaher as W. M. of St. John's Lodge, No. 340, Pittsburgh, and dedicated the hall. The brethren were accompanied by Bro. W. Geraghty, Past Master of Minden, and Bros. Shannon and Rose of Cataraqui Lodge. Bro. Wilkinson occupied the Senior Deacon's chair, and Bro. Geraghty that of the Junior Deacon. The following is a list of the officers:

W. Bro. Rev. John Gallaher, W. M.
" Alfred Brown, S. W.
" George Hunter, J. W.
" Matthew Halliday, S. D.
" Jas. Laverty, J. D.
" Alex. Adams, Sec.
" John L. Jackson, Treas.
" Wm. Whitney, I. G.
" Matthew Clarke, Tyler.
" Thos. S. Stark, Chaplain.
" Wm. Hyssop, S. Steward.
" A. Rea, J. Steward.
" W. Bowles, M. of C.

After the installation the hall was formerly dedicated according to ancient usage. It is a handsome brick building, 37x22, fronting the middle road about nine miles from Kingston. The lower part of the building is used as a school house for School Section No. 6. The hall is well ventilated and neatly finished and furnished. The lodge has got the necessary working tools complete, and handsome regalia. The lodge has made a very favourable start, and with a W. M. of the high character and ability of the Rev. Mr. Gallagher its prospects of success are excellent.—*News.*

"CENTENNIAL" EXPENSES.

The fact is, that accommodations in Philadelphia rate now no higher than before the exhibition opened. The principal hotels charge $4,50 to $5 per day; from that the rates run down to $2, the rooms being comfortable and board excellent. In private boarding houses the charges are from $5 per week up. Single men or women sharing the same room may find boarding in respectable houses at even less than that if due care be exercised. The usual plan for visitors who wish to remain for a week or more at as small expense as possible, is to take a furnished room and obtain meals elsewhere. Comfortable rooms for two persons may be had in hotels and rooms adjoining the grounds as low as $1, or even 50 cents per day. The meals may cost in the grounds what you please, and range from the most luxurious *menu* of Parisian cafes to sandwiches and coffee, at ten cents each. Indeed, the variety and cheapness of the different kinds of food offered make one of the features of this Exhibition. For fifty cents you may revel in unknown German pudding kaese, or taste Viennese kipfeln, and a cup of coffee and whipped cream, which shall cause you to abhor the familiar home coffee-pot forever after; or sip black Mocha from Tunis, looking on bewildering dancing girls the while; or eat the enchanted sherbet and rose-conserves and magic cheese cakes of which we have read as in a dream, in the "Arabian Nights." Several whom we know, with full brains and empty pockets, have brought in their satchels enough food to last them during their stay. Crackers and ham are a feast when the wonders of the world are served as *sauce piquante.*

WINNIPEG PRICES.

A Winnipeg correspondent of the Napanee *Express* writes: The crops here beat anything I ever saw. Ontario cannot begin to compare with Manitoba for productiveness. To give you an idea of what will grow here, I will give you a few of the estimated averages, viz: Wheat, from 35 to 45 bushels to the acre. Barley, from 40 to 60 bushels. Oats, from 50 to 75, and some say 100 bushels to the acre. Potatoes, from 150 to 300 bushels to the acre, and other grain and roots in proportion; and from my own judgment I feel inclined to say that these averages are not beyond the mark. To give you an idea of prices here I will quote a few: Oxen, $125 to $150 per yoke; Cows, $25 to $40 each; Horses, $75 to $200; Waggons, $75 to $85; Spring Waggons, $75 to $125; Ploughs, $12 to $30; Combined Mower and Reaper, self rake, $200 to $225; Harness, $20 to $40; Oak Wood $3 to $5 per cord, according to place. Butter 20 to 25cts. per lb. Flour, $2.50 to $3 per sack of 98 lbs; Bread, 14 loaves for $1; Potatoes, 50cts. per bushel; Lumber, from $20 to $40 per M; Shingles, $4.50 to $6 per M; Nails 8cts. per lb; Labour, from $1 to $2; Carpenters, $2 to $3 per day. Clothing is somewhat higher than in Ontario, and so also are groceries and dry goods of all kinds. The climate so far has been much better than that of Ontario; the warmest days the thermometer has shown 90 to 94 in the shade. The nights are cool and a person can sleep so comfortable that you will rise completely refreshed and invigorated in the morning.

DIVORCE AND BIGAMY.

Daniel Bowes, formerly of Canada, but now of Brooklyn, has begun a suit for absolute divorce against his wife, Margaret Bowes, on a charge of adultery and bigamy. The complaint in the case alleges that the couple were married in St. Patrick's Church, Montreal, by Rev. Mr. Dowd, March 4, 1861. The fruit of the union was one son, and it was through his instrumentality that the whereabouts of the wife and her criminal proceedings were made known to the husband. After living together, however, for about five or six years, a separation took place, as alleged by Bowes, through the fault of his wife, who took the son and went away. Shortly afterwards Bowes left Canada and went to Ohio, where he worked for a short time, and saved some money, and finally came to this State and purchased a farm, in partnership with a brother, near Verona, Oneida County. Early in the present year Daniel left the farm in charge of his brother and came to New York in search of employment, thinking that perhaps he could better the pecuniary condition of both by doing so. He finally found his way to Brooklyn, and went to board at a house on Myrtle-avenue. After remaining there a short time he was informed one day that there was a boy in the neighborhood who resembled him closely, and was asked if he had a son living in the vicinity. The next day Bowes asked his informant to point out the lad, which request was complied with and Bowes sought an interview with the boy. He soon became convinced that he was his son, and learned also that the lad's mother was living near by with a man to whom she was married, and that she went by the name of Mrs. Garvey. Bowes shortly after procured the arrest of the woman on a charge of bigamy, and recently instituted proceedings against her for absolute divorce, and the custody of the boy. Mrs. Bowes' explanation is slightly different from that given by her husband. She says that it was Bowes who deserted her, leaving her with a young child to support, and that she first went West, and finally found her way to Brooklyn, where she learned, by means of a letter from a friend in Canada, that her husband, Bowes, was dead, whereupon she thought she was justified in contracting a second marriage.

THE GALOPS.—There has been in course of construction for some time past, in Montreal, a powerful chain tug, for the purpose of being used in the deepening of the channel at the Galop Rapids, about seven miles below Prescott. The tug is now in place, being held by a powerful iron cable, seven thousand feet long, which was made expressly for the purpose in England. The cable is one inch and a half in diameter, and has stood a test of forty-six tons in five lengths, which is a strain equal to one hundred per cent. over the Admiralty test. The tug is moored to this cable, and is to work four steam drills. The work is of a novel and exceedingly difficult character, as the rapidity with which the river runs at this point of the St. Lawrence is so great—somewhere about 8 miles an hour—that it has not even been practicable heretofore to take soundings. The arrangements are now so far complete that the operation of drilling will commence in a few days.—*Ottawa Times.*

A *Question.*—Why will people keep four or five ill-looking sickly horses to do the work that one good horse might perform? If the horse has the heaves, is broken winded, has a cough or cold or his wind in any way affected; if his appetite is bad, or his digestive organs deranged, has a rough skin or is hide bound, we would in all cases recommend the use of "Darley's Condition Powders and Arabian Heave Remedy," it never fails to benefit and almost always removes the disease; is free from anything that can injure, and may be used at all times with safety. Try it and you will be satisfied. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors Sold by all medicine dealers.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Farnham Centre, P.Q. writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas Eclectric Oil, and since then have had no attack of it. I would recommend it to all." —J. H Earl, Hotel Keeper, West Shefford, P.Q. writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil and are pronounced by the public 'one of the best medicines they have never used;' it has done wonders in healing and relieving pain, sore throats, etc, and is worthy of the greatest confidence."—Joseph Rusan, Township Percy writes, "I was persuaded to try Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M Hamilton, Warkworth writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Maybee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine." ☞ Sold by all medicine dealers. Price 25 cents.
