GRAY'S SYRUP —OF— RED SPRUCE GUM.

TRADEMARK REGISTERED.

Price 25 Cents

Every one has heard of the wonderful effects of the Spruces and the Pines in cases of Lung Disease. The Rev. Mr. Murray, in his book on the Adirondacks, lately published, relates the case of a consumptive young man who was entirely cured by a three months' camping out among the pines. In France the physicians regularly send their consumptive patients to the pine woods, and order them to drink a tea made from the spruce tops.

Gray's Syrup is a scientific combination of the gum which exudes from the Red Spruce tree. In this preparation the gum never separates, and all its anti-spasmodic expectorant tonic and balsamic properties are preserved.

For Coughs, Colds, Hoarseness, Throat Affections &c. it acts like a charm.

BUSINESS FAILURES!

There were 7,740 business failures in the United States, last year, involving liabilities amounting to over $200,000,000. Messrs. Dun, Barlow & Co. report 5,334 in the first three months of 1876; liabilities, $131,172,000. Failures have averaged about 5,000 a year for several years past. In the face of such uncertainty and of the great and continued depression of the times, business men do well to make sure of one resource for their families in case of disaster. A life policy in a sound company is a sheet anchor that holds when all others drag, when strong financial cables part, when fortunes disappear in the waves of commercial revulsion, and everything else of value is swept by the board.

It is well known that a silver dime placed before the eye, will hide a dollar, at some distance from it. It is no uncommon thing for men to do this in business life—fix the vision on an immediate gain, to the exclusion of a far greater good, eclipsed by the near advantage. Nor is there any department of human interests in which this fatal economy is more frequently lamented, than in that only one which protects the producing power of the insurable life. "Can't spare the money now" too often hitherto has prevented the great good of an insurance policy, when most needed.

It is the duty of every man of moderate means, whose death may deprive a dependent family of a support which his daily efforts provided in life, to see that a substitute for his personal aid shall at least in part be afforded when he is gone, so that the double affliction of death and heavy financial loss shall not come by the same blow.

The following are a few of the cases recently paid by the ÆTNA LIFE INSURANCE COMPANY, in Eastern Ontario:—

Thomas Irwin	Cambellford	2,000
A. Brough	Hastings	500
G. Viker	Murray	2,000
George Anderson	Kingston	208
Isaac N. Rose	Morrisburg	5,000
Nelson S. Hicks	Odessa	1,000
Rev. E. Harris	Picton	2,000
Robert Leighman	Arnprior	500
R. A. Webster	Montague	1,000
C. W. Collins, M.D.	Havelock	1,000
Richard Dowling	Napanee	1,000
Hiram Lount	Bondhead	1,000
J. J. B. Jones	Brockville	1,000
Thos. Moffatt	Morrisburgh	1,442

IN THE PAST 26 YEARS,

The Ætna Life Company

HAS PAID AS FOLLOWS:

Death and Endowment Claims	$11,300,582.12
Dividends, &c., to Policyholders	17,158,044.10
And has on hand	22,092,734.32
And an Income of nearly	6,000,000.00

with which to pay future Death Claims and Dividends.

☞ Don't wait for an Agent to call, send for the necessary Blank Form and Rates, to

WILLIAM H. ORR,

DOMINION MANAGER.

Montreal, Oct 18, 1876.

CITY OF KINGSTON.

PUBLIC NOTICE is hereby given to all whom it may concern that the Council of the Corporation of the City of Kingston intend passing a By-law after the expiration of one month from the date of this notice, namely, on the 20th day of November next, for

Opening Up the Following Streets,

or continuations of streets, and taking the necessary lands, namely:

1. A Street continuing Montreal Street from Princess Street in a direct line to Brock Street.
2. A Street continuing Sydenham Street from Johnson Street to Princess Street.
3. A Street connecting Bagot and Bond Head Streets.
4. A Street continuing Division Street from Johnson Street to David Street.
5. A Street continuing Grove Street from River Street to Montreal Street.
6. A Street continuing Young Street to Gordon Street, and
7. William Street to be continued to Division Street produced.

And according to plans of the same surveyed and laid down by John C. Innes, Esquire City Engineer, which plans are filed in the City Clerk's Office, where they may be seen in office hours.

All persons whose lands are affected and who petition to be heard, will be heard by the City Council either in person or by Counsel or Attorney.

AND NOTICE IS ALSO HEREBY GIVEN TO ALL WHOM IT MAY CONCERN that the City Council will contribute one half of the cost of opening up, levelling, grading, making, macadamizing and laying sidewalks on said streets, and intend to assess and levy the remaining half of the said cost from the owners of real property to be directly benefitted by said improvements, respectively under Section 466 Municipal Act of 1873.

M. FLANAGAN,
City Clerk.

TUESDAY, EVEN'G, OCT. 24, 1876.

PROGRESS.

We travel faster than we did
A hundred years ago,
And send by wire and not by road
Our messages of woe;
Or else the price of stocks and shares
And wool and calico.
We conquer Time, make light of space,
And every passing day.
Snatch some new force from Natur's hand
And teach it to obey.
But are we happier than our sires,
Or brave and good as they?
Speak up, old History! tell the truth!
Give us the yea—or nay.

A SECRET AT HOME.

The maid that deceived me was fatal and fair,
With the curl on her lip and her arrogant air;
The wife I deceived is as tender and true
As the grass on the mountain slope covered with dew.
Ah! many a storm Love can safely outride,
But a secret at home is like rocks under tide.

The maid that forsook me was cruel and cold;
She cared not for love, she cared only for gold.
The wife of my bosom is simple and mild.
With the heart of a woman, the smile of a child.
Ah! many a storm Love can safely outride,
But a secret at home is like rocks under tide.

IRON WORKS.

THE COLEBROOK ROLLING MILLS CO'Y., MOOSEPATH, N.B.

SIR FRANCIS HINCKS, PRESIDENT.

The circular of the above Company comes to hand, and discloses a prosperous state of affairs. The last annual report shows that in 1874 they made 3,440 tons of manufactured iron, and divided amongst the Stockholders $35,406. In 1875 their profits were $23,796, this being a very exceptional year, and in which iron had reached its lowest point.

It is intended by the Kingston Iron and Steel Manufacturing Company to erect works of about the same capacity, capable of turning out 4,000 tons of manufactured iron per annum, worth $40 per ton, at a cost of $50,000, stock and plant included, all ready to go to work and make immediate returns. It will be well to recollect that the whole, or nearly all of this $50,000 will be spent in this city, causing a circulation of money, that will be extremely acceptable to our working and business men in these hard times.

It may be some satisfaction to those who have already invested in the proposed Kingston Iron Works, and an encouragement to those who have not now to do so to know that there is a great revival taking place in the iron trade. The following extract we make from the *Globe* of the 20th inst.:

"The improvement in business in the States has caused a good demand for iron of nearly every description. Prices are gradually rising as manufacturers and dealers do an increased trade. The Cleveland *Herald*, in reviewing the general outlook, says:

"It is gratifying to know that the favourable outlook for the iron and steel trade, to which we have several times referred of late, continues and steadily grows brighter. There is now a good demand for iron of all kinds excepting rails. Steel rails, however, find a ready market, with prices firmly held. This department of manufacture, not introduced here until 1867, has increased so rapidly that the importations now have practically ceased. Fully 45,000 tons of rails will be made this year at the works in Pennsylvania, Ohio, Illinois and Missouri, a much larger production than in 1875, and this supply will not exceed the demand, while prices, if changed at all, must advance. Iron stocks of all kinds are greatly reduced, and as producers have worked close up to orders instead of ahead of them, it would seem impossible for values to depreciate, while all indications point to a strong, healthy market. At Pittsburg there is at present an exceptional activity in bar iron, a continued demand for sheet plate and tank iron, and a much better market for nails than usual at this time of the year. Steel is in good demand for leading grades, the mills are generally busy, and the indications are that business will be very active during the winter. Prices for cheap grades are still firmer, while for the finer grades, in which there is less competition, a strong upward tendency is becoming apparent. The improved tone of general trade, the feeling that prices, though slowly, are surely advancing, the belief that stocks everywhere are low, and the knowledge that our present exports show an increase of seventy-five per cent. over the corresponding month last year, all combine to inspire renewed confidence among producers, and manufacturers, and dealers. Though the demand for rails is not at present active, the prices are so firmly maintained that in some cases orders for delivery next spring at present quotations have been refused. Orders now on hand at the mills will, however, keep them all running for the next three months, so that the outlook in this department may be considered good for the balance of the year at least."

THE FERRY.

To the Editor of the British Whig.

DEAR SIR,—I wish to call the attention of the taxpayers of the County of Frontenac, through the medium of your organ, to the conditions of the municipalities of Wolfe Island and Garden Island. These two municipalities pay a yearly ferryage of $4,000, representing a capital at 6 per cent. amounting to $66,670, say two-thirds of Wolfe Island and one-third of Garden Island. This is to be kept up for all coming time. There is two months of the year that they cannot get to the market at all. This is a drawback which would bring the amount to $33,000, making in all about $100,000. It is very clear that this amount should be struck from the value of these two municipalities. In addition to this the inconvenience of being confined to certain hours of the day that the people cannot approach the market deteriorates the actual value of the soil.

A TAXPAYER OF WOLFE ISLAND.

Wolfe Island, Oct. 24, 1876.

Dr. Wm. Osgoode Page, of No. 265 4th avenue, New York, suffered for many years with stiffness and intense pain in his knee, and at times was unable to walk, caused by an injury received on the Hudson River Railroad. Tried every remedy that skill or science could devise, without benefit. Giles' Liniment Iodide of Ammonia gave instant relief and effected a complete cure.

GOOD SLEIGHING.—A Three Rivers telegram says:—"A gentleman reports having driven fifty miles in a sleigh, on the best winter roads he had ever seen, one hundred and fifty miles north of this city, between Pine Lake and St. Emelie. He also reports the lakes completely frozen over; the ice two inches thick."

FOR THE DOCTORS.

The following extract from one of Rev. Mr. Talmage's recent sermons will be of interest to the doctors:

When you are sick and the Lord wants you to get well, He tells you how to treat you; and the reason that we have so many bungling doctors is because they depend upon their own strength and instructions, and not on the Lord God, and that always makes malpractice.

We do not know where Mr. Talmage received his information, but, if it be correct, we should suggest that a more immediate method of cure would be for the patient to be told how to cure himself, by means of which not only would the sick man be healed, but the doctor's bill avoided.—*Ham. Times.*

HEARTRENDING CASUALTY.—A heart-rending casualty occurred at Hoboken last Sunday night. A little child of Mrs. Stanton had died, and during the night the mother, worn out with sleepless watching, had thrown herself across the inanimate body of her child, where she cried herself to sleep. While she was sleeping the wind from an open window blew her clothes against one of the wax tapers which burned at the coffin, and set her clothes on fire. She was horribly burned. Her husband at once bore her to St. Mary's hospital insensible, but there are only slight hopes of her recovery.

THE PACIFIC RAILWAY.—A Montreal report says:—"The contract for section fifteen of the Pacific Railway has been awarded to Charlton, Bydder, Howley & Co., for $1,560,000. This work embraces the construction of about thirty-six miles of railway in the rocky section west from Rat Portage, on Lake of the Woods to Cross Lake, which latter lake is about seventy six miles east from Winnipeg. The same contractors have the ballasting and the tracklaying on section fourteen.

ATTENDANCE AT THE EXHIBITION.—Full fee admissions last week aggregated 614,725, or more than 102,000 per day, being the largest since the opening of the Exhibition. St. George's House on the Centennial grounds will be presented by the British Government to the city of Philadelphia after the close of the Exhibition.

WHAT NEXT!

A CONSUMPTIVE CURED.—When death was hourly expected, all remedies having failed, and Dr. H James was experimenting, he accidentally made a preparation of Indian Hemp, which cured his only child of consumption. He now gives this recipe free on receipt of two stamps to pay expenses. Hemp also cures night sweat, nausea at the stomach, and will break a fresh cold in twenty-four hours. Address Craddock & Co., 1,033 Race Street, Philadelphia, naming this paper.

CATARRH

Cannot be cured by Snuffs, Washes, or Local applications. Thousands have been cured some of 40 years standing, by using the CONSTITUTIONAL CATARRH REMEDY. Certificates and treatise on Catarrh mailed to any address on application to T. J. B. HARDING, Brockville, Ont. Sold by all Druggists. Price—$1.00 per bottle.

A CARD.—To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, *Station D., Bible House, New York City*

☞ A common cough or cold should never be trifled with, often when neglected it is converted into a serious and generally fatal pulmonary disease. The more prudent, aware of this, promptly use 'Bryan's Pulmonic Wafers,' a curative which has sustained its reputation for over twenty years—they are always efficacious and exert a most beneficial influence on all the bronchial and pulmonary organs. Sold by all druggists and country dealers. Price 25c per box.

Cure Your Horses.—It is to the interest of all who own horses to keep them in a healthy and sound condition; experience has proved that "Darley's Condition Powders and Arabian Heave Remedy" is the most efficacious, and has been used by thousands who will cheerfully confirm this statement. For heaves, coughs, colds, and all diseases which affect the wind of horses it has no equal, nor is it equalled as a 'condition medicine;' it purifies the blood, corrects and improves the appetite and softens the skin; in fact, so great is the improvement in the condition and appearance of of the animal as to have led many to doubt it it could be the same horse. Remember the name and see that the signature of Hurd & Co. is on each package. Sold by all medicine dealers.

ELECTRICITY.

Thomas' Excelsior Eclectric Oil.

WORTH TEN TIMES ITS WEIGHT IN GOLD—PAIN CANNOT STAY WHERE IT IS USED!

It is the cheapest medicine ever made. One bottle does cure common sore throat. One bottle has cured Bronchitis. Fifty cents worth has cured an old standing Cough. It positively cures Catarrh, Asthma and Croup. Fifty cents worth has cured Crick in the Back, and the same quantity Lame back of eighty years standing. It cures swelled neck, tumors, rheumatism, neuralgia, contraction of the muscles, stiff joints, spinal difficulties, and pain and soreness in any part, no matter where it may be, nor from what cause it may arise, it always does you good. 25c worth has cured bad cases of chronic and bloody dysentry. One teaspoonful cures colic in 15 minutes. It will cure any case of piles that it is possible to cure. Six or eight applications is warranted to cure any case of excoriated nipples or inflamed breast. For bruises, if applied often and bound up, there is never the slightest discoloration to the skin. It stops the pain of a burn as soon as applied. Cures frosted feet, boils, warts and corns, and wounds of every description on man or beast.

☞ Sold by all medicine dealers. Price 25c cents.
