Famous Doctor Urges Pyramid Pile Cure.

Dr. Williams a prominent official surgeon says: "It is the duty of every surgeon to avoid an operation if possible to cure in any other way and after many trials with the Pyramid Pile Cure I unhesitatingly recommend it in preference to an operation." For sale by all druggists. Little book, "Piles, Causes and Cure" mailed free. Pyramid Drug Co., Marshall, Mich.

TRAVELLING.

A CHUNK

Of my "Youghiogheny" Coal in your grate will do more to give your drawing room a tone of hospitality and cheerfulness than a handsome piece of furniture. It's full of life and animation, and an excellent companion.

P. WALSH,
55-57 BARRACK STREET.

THE MIGRATION TO CANADA.

MINNEAPOLIS PRESS SAYS IT CANNOT BE STAYED.

Farming Advantages of the West Drawing Young Men From the States — Good Outlook for Manitoba.

Ottawa, Nov. 19.—The Minneapolis Times has the following in reference to the exodus from the western states to the Canadian northwest:

"Numerous inquiries have been made of land officials of the north coast lines asking what can be done to stay the movement of immigration from Iowa, Illinois and other States into the Canadian northwest. The country to the north is drawing many of the healthy, able-bodied young men of those states. In speaking of the matter yesterday one well-known railroad land agent said:

"'The number of inquiries of this nature surprise me. They come from the homes of the young men, who are going into Canada, but as far as I can see nothing can be done to prevent the movement. We have thousands of acres of land in the west untaken and offered at a reasonable rate but land can be secured over in Canada at a very low figure. It is splendid farming land, too, and the Canadian Pacific is anxious to have it taken by homeseekers.

"'Iowa is the best state in the union for our purposes, but there is heavier emigration from there than from any other state. Farmers from the east come west and offer the Iowa farmers a high price for their land. The latter figure they can sell to advantage, go west and secure more at a nominal figure. This accounts for the movement. We are anxious to have the emigrants settle along our road, but nothing can be done to keep them on this side of the line as far as I know.'"

Why We Crow.

Brockville Recorder.

Canada may not only crow figuratively, but literally now since her poultry took $1,100 in prizes with an exhibit of 1,000 birds, while the United States, with 1,900 birds, only received $100 in prizes. We can teach our neighbors a few points in cattle and horse raising, dairying, fruit culture, and the production of poultry.

Here Is A Pointer.

Have you cold hands and feet, chills, pains in the back? If so your blood is impoverished and your constitution run down. Iron Tonic Pills will positively restore perfect health. As a blood maker and nerve strengthener they are unequalled. Each box contains 17 days' treatment. Price 25c. At Wade's drug store.

J. Uvilda, C.P.R. section foreman at Ducks, B.C., accidentally shot himself in the abdomen while fixing his gun.

Lame Back In the Morning.

There are many people who find it a difficult task getting up in the morning, on account of a terrible pain and soreness across the small of the back that makes rising a painful and discomforting operation. Ever know what it was to have your back so bad that when you'd try to get out of bed you'd almost scream with the pain?

Can't do much of a day's work starting off with a back as bad as that—not fit for pleasure either. Well, all this backache and pain, this stiffness and soreness comes because the kidneys are clogged up, can't do their work properly, and your back has to suffer for it.

Just try a box or two of Dr. Pitcher's Backache Kidney Tablets. What a change you'll find coming over you! You'll be able to spring from your bed in the morning as lively as a cricket, and feel refreshed and fit for your daily duties.

TOUCHED THE SPOT.

Joseph Weeks, Beckwith Street, Smith's Falls, says: "My back was in a bad way. I was desperately lame, and there was a dull grinding pain over my kidneys. At times I had headaches, and often I was dizzy, particularly if I had been stooping. I tried first one thing, then another, but there was no permanent benefit till I began using Pitcher's Kidney Tablets. They go right to the spot and I found prompt relief. Nothing before ever did me as much good. I would suggest to anyone suffering in that way to try them."

Dr. Pitcher's Backache Kidney Tablets are 50c. a Box, at all druggists or by mail, THE DR. ZINA PITCHER CO., Toronto, Ont.

TWO STORES—271 and 273 Princess Street.

AN ANTI-GIRL CLUB.

Young Men in Queen Street House Form Unique Club.

The latest innovation in the way of clubs and societies in the city is one just formed by the gentleman lodgers in a Queen street boarding house. The members have not hit upon a name yet, owing to the multiplicity of titles that naturally suggest themselves. The society is a sort of anti-girl movement, each young man being bound by a solemn and sacred oath to abstain from the company of ladies, young, medium-aged or old, for the space of two calendar months. No member is even permitted to walk on the street in company with one of the opposite sex, while the mere act of making "those goo-goo eyes" is a crime too terrible (in their eyes) to ever be perpetrated.

The breaking of any of the rules of the society brings down upon the head of the offender a dire penalty. Any member found, or proven to have been in the company of a young lady, whether on the street or at her home, will be fined twenty-five cents; if the culprit enjoyed the company of two fair ones, the fine will be doubled. The money thus collected goes into a general fund, which will be used to defray the cost of sundry oyster suppies to be enjoyed by the members during the winter.

The rules and regulations of this unique society went into effect on Sunday. Two members that evening broke their pledge; one was fined fifty cents and the other twenty-five, in accordance with the magnitude of their sins. The club has thus seventy-five cents in its treasury already. It expects to rake in a good many quarters, and visions of oyster "spreads" without number appear before the eager eyes of the bachelor members.

There are twelve young men in the "bunch" at the boarding house, and eleven of them have joined the society. The twelfth has refused to join. His fellows claim that the girls have thus influenced his decision by promising to buy oysters for him whenever he wants them, providing he will not desert them for the society. And their persuasion has had the desired effect.

CONFERRING TOGETHER.

Postmaster-General Mulock Visiting Washington.

Washington, Nov. 19.—Postmaster-general William Mulock, of Canada, conferred with postmaster-general Charles Emery Smith and assistant-postmaster-general Shalenberger, yesterday, on proposed improvements in the mail facilities between Canada and the United States, principally regarding the transportation routes which run over Canadian territory. Arrangements have been made under which Canada will take charge of the transportation of the United States mails across Canadian territory for Alaska after July 1st next.

HAYS SEES SIR CHARLES.

His Return to Grand Trunk Considered.

London, Nov. 19.—C. M. Hays is here with his family. He still talks of the Southern Pacific as "my road," and has nothing to say about his personal position. He has been, however, in conference with Sir Charles Rivers Wilson, and it is believed the question of his return to the Grand Trunk has been under discussion. It is officially denied that he will become president in place of Sir Charles, though it is expected that if he returns he will be given a hand in the management.

Marriage Epidemic.

Chicago Journal.

Servia is in trouble now with an epidemic of marriages. The cause is the system of marriage banks founded as an encouragement to thrift, but which have proved to have quite an opposite effect. The young men and maidens of Servia begin paying in to these institutions at an early age on the promise of a premium on marriage. Immediately a small sum has been accumulated the desire for marriage grows overwhelming, with the result that the first offer was snapped up. In consequence prematurely early and unhappy marriages are general. The matter has now reached such lengths that it is seriously troubling the government, and the advisability of abolishing these banks, which are held to be the root of the evil, is being debated.

To Establish A Library.

Fellows, Nov. 17.—Farmers are ploughing. Our annual school concert will be held next Friday evening, 22nd, the proceeds going toward the establishment of a permanent library. Chas. and Ernest Parrott, Storm's Corners, have taken the Brown farm to work another year, and are now doing the fall ploughing. Thos. Freemantle was drawing grain to Ernesttown last week. F. N. Dennys and A. M. Parrott attended market at the Limestone city last Saturday, and report prices above the average. Rev. Mr. McCall delivered a very eloquent address last Sabbath. Mrs. Nathan Fellows, ailing for some time, is slightly better. Frank Smith has rented the Jas. Wright farm.

Lively At Smith's Falls.

Smith's Falls, Nov. 18.—The C.P.R. is building a branch line to Frost & Wood's works. Mr. Leonard and wife, of Alexandria Bay, spent Sunday in town visiting at the home of Nelson Chisamore. D. A. Taggart, of Westport, has moved his family here, and is busy doing carpenter work. A. E. Gray has had a very successful chrysanthemum show here; he has one of the finest green-houses in Eastern Ontario. The carpenters and bricklayers seem to be very busy yet, as there are a great many buildings not finished. There are a great many shows advertised for the opera house early this season.

Great Sale Of Ready-Made Clothing.

Prevost is selling boys' suits for $2. boys' reefers for $2.25, boys' overcoats for $3.50, men's overcoats for $5, men's all wool suits for $6.75. This is a genuine snap and great variety to choose from.

We are really offering wonderful bargains during this annual purse sale, that we are now having, call and see.
E. C. Mitchell.

TO DISCUSS RECIPROCITY.

A CONFERENCE BEING HELD AT WASHINGTON.

Prominent Manufacturers of the United States are Present — The Objects of the Gathering.

Washington, D.C., Nov. 14.—Prominent manufacturers representing all sections of the country and every branch of the industry filled the assembly room of the Hotel Raleigh at ten o'clock this morning when the national reciprocity conference, held under the auspices of the National association of manufacturers, was called to order. It was in every sense of the word an important gathering of distinguished men. Among those present were delegates representing the commercial organizations of New York, Boston, Indianapolis, Chicago, Detroit, Charlotte, Atlanta, Cincinnati, New Orleans and other leading cities of the country.

In assuming the gavel, Theodore C. Search, Philadelphia, president of the National association of manufacturers, explained the objects of the gathering in the following quotation from the official call:

"The sole purpose of this conference is to discuss the expediency and practicability of the broader application of the principles of commercial reciprocity as a means of expanding foreign markets for American products, without sacrificing the interests of any of our industries. The object of this convention is to ascertain accurately the views of representative manufacturers on this subject, and to formulate, if possible, some practical suggestions for such legislation or diplomatic negotiation as may be necessary to establish more intimate commercial relations between the United States and other nations."

Following the opening remarks of Mr. Search, the remainder of the morning session was taken up with the appointment of permanent officers and committees and other work of a routine nature. The formal discussions were commenced this afternoon, the particular subject of consideration being the question of commercial reciprocity as applicable to relations with the Spanish-American countries. Tomorrow the problem of commercial reciprocity with European countries will be taken up, to be followed in the evening with a discussion of the question of reciprocity with Canada.

Fighting For Fortune.

Lacrosse, Wis., Nov. 19.—The will contest of Mary Ann Parker, the wealthy recluse who died in a hovel here, willing her property to Thomas Shimmin, came up for trial to-day. The contestants are Edwin Holt and Cecelia Savage of New York, distant relatives of the woman. The ground is that Shimmin in connection with others used fraud and undue influence with Mrs. Parker and that the latter was insane. For years the woman though wealthy, lived in a hovel and chose such filthy surroundings that the health authorities had to interfere.

Witch Killer On Trial.

Paris, Texas, Nov. 19.—The case of Solomon Notema, the alleged witch killer, was called for trial in the federal court to-day. There were originally three Choctaws indicted for murder, and Notema was indicted on two cases. At the late term of court the indictment against Sam Tannahubby, the witch doctor, was dismissed. Notema and Sam Frye were tried jointly on one charge and acquitted. The trial of the second case against Solomon Notema resulted in a hung jury.

To Try Col. Meade.

New York, Nov. 19.—The court martial to try Col. Robert L. Meade, of the marine corps met to-day, at the New York navy yard, rear-admiral George W. Summer presiding. Col. Meade is charged with intoxication while on duty, false testimony and violation of the naval regulations in failing to respond to charges made against him by Col. Denny and Lieut. Col. Lauchhelmmer, of the marine corps.

Rheumatism — What's the Cause? —Where's the Cure?

The active irritating cause of this most painful of diseases is poisonous uric acid in the blood. South American Rheumatic Cure neutralizes the acid poison. Relieves in six hours and cures in one to three days. For sale by E. C. Mitchell.—90.

There were six deaths from smallpox at St. John's, N.B., on Saturday.

ONLY A PENNY TO GET WELL.

I ask only a postal stating which book you wish. No money is wanted.

I want you to know how nerve power alone operates each bodily function. If some organ is weak, and fails in its duty, I want to tell you how more nerve power will correct it. I want you to know, as I do, that a permanent cure can come in no other way. I have spent my lifetime on this problem.

I will send with the book an order on your nearest druggist for six bottles Dr. Shoop's Restorative. Every druggist keeps it. I will ask you to accept the Restorative and test it for a month. If it cures, pay $5.50, if it fails it is free. I will pay your druggist myself for it.

This offer in five years has been accepted by 55,000 people. Practically all of them had difficult troubles, long endured. Most of them were discouraged. Yet 39 out of 40 who received those six bottles paid for them. They paid because they were cured, for otherwise no druggist asks a penny for it.

I cannot better prove my own faith in this remedy. No physician can do more than pay for your treatment if it fails. No other does so much. Won't you write a postal to learn if I can help you?

Simply state which book you want and name of your dealer, and address DR. SHOOP, Box 40, Racine, Wis.

Book No. 1 on Dyspepsia,
Book No. 2 on the Heart,
Book No. 3 on the Kidneys,
Book No. 4 for Women,
Book No. 5 for Men (sealed),
Book No. 6 on Rheumatism.

For Throat Irritation

Hoarseness, Dry Throat, Sore Throat, Bronchial Troubles, Coughs, Colds and Asthma Dr. Chase's Syrup of Linseed and Turpentine is a Cure of Proven Merit.

There are more ministers, singers and public speakers using Dr. Chase's Syrup of Linseed and Turpentine than any similar preparation, because it is exactly suited to their needs. By taking a dose of this preparation before going on the platform they feel certain of freedom from dry throat, hoarseness and throat irritation, than which there can be nothing more embarrassing to a singer or speaker.

Besides the annoyance of throat irritation public speakers seem to be especially susceptible to bronchial trouble, pneumonia and lung diseases, and for this reason it seems wise to have in your grip when leaving home a bottle of Dr. Chase's Syrup of Linseed and Turpentine, which is beyond all doubt the most thoroughly effective treatment for bronchial and lung troubles that is to be obtained.

Dr. Chase's Syrup of Linseed and Turpentine

aids expectoration, clears the throat and air passages, soothes and quiets the nerves which cause coughing, and thoroughly cures all throat and bronchial troubles. There are other preparations of Linseed and Turpentine put up in imitation of Dr. Chase's. Be sure that the portrait and signature of Dr. A. W. Chase are on the bottle you buy. 25 cents a bottle; family size, three times as much, 60 cents. At all dealers, or Edmanson, Bates & Co., Toronto.

LADY CARTWRIGHT.

A Pleasing Sketch of Her in Montreal Paper.

The Montreal Star publishes a portrait of lady Cartwright, the wife of a cabinet minister, and this kindly sketch:

"Lady Cartwright was Miss Frances Lawe, eldest daughter of Col. Alexander Lawe, of the East India service. She was born in India, but at an early age was sent over to Ireland to the care of some maiden aunts, the Misses Dobbs, of Cushiondall, and her childhood and early youth were passed with them. In 1859, Miss Lawe became the wife of her cousin, Richard Cartwright, who has finished his education at Trinity college, Dublin, and she returned with him to Canada. They made their home in Kingston, where the greater part of lady Cartwright's married life has been spent, for it is only within the last four years that she has accompanied her husband to Ottawa. Her happiest days probably are those spent at "The Maples," Sir Richard's summer residence on the St. Lawrence, below Kingston. When her children were young they loved "The Maples," and now, though several of them are married, they go back to "The Maples" in the summer time. Lady Cartwright is a quiet, sweet mannered woman. She wears her hair fastened down with black velvet bands as she wore it when first unarried. She cares little for society, or large public gatherings. Her entire interest seems centred in her home, but more especially in her husband, of whom she speaks with great enthusiasm and who in return treats her with the devoted homage of a lover. To each other Sir Richard and lady Cartwright seem never to have grown old.

Two Hunting Accidents.

Vennachar, Nov. 16.—Hunting season is over and the hunters have moved out. Deers seemed quite plentiful this season. One gang of hunters killed five deer the first two days they were out. Last Saturday morning while Simon Ball was putting up a target for Rev. Mr. Cassel to shoot at Mr. Cassel took sight at it and let the gun go off, striking Mr. Ball in several places about the head. Some of the shot went into the top of his forehead and came out the back of his head; some in the side of his face and through his ear; some lodged in his neck. Mr. Ball started on Sunday morning for Kingston hospital. He is getting along nicely. The same day Carmon McNeal was out watching on Copeland Lake for a deer, and he saw a partridge on the shore and went to shoot it. Just as he raised the gun the boat upset, and he went under the boat. He managed to get out from under it and swam to the shore. His gun went to the bottom of the lake. He had quite a distance to swim and had to walk two miles before he could change his clothing. He was about perished when he reached Mr. Connors'. Mr. Buffam returned home this week from the north-west. Rev. Mr. Barrett has married eight couple since he came on his mission. Mrs. Alfred Bebie started this week to meet her husband in the States. Miss Annie and Ella Bebee have returned to Oswego, N.Y. R. W. Connor made a business trip to Kingston this week.

The Only One.

The man who says that all patent medicines are worthless is a fool. For Dr. Hall's Rheumatic Cure has no equal. W. C. Switzer, Harrowsmith, O., suffered with sciatic rheumatism for ten years. He tried every known remedy recommended for the cure of rheumatism without obtaining relief. Six bottles of Dr. Hall's completely cured him. This great blood purifier is put up in bottles containing ten days' treatment. Price 50c. At Wade's drug store.

Chief Paipot, a noted Indian of the Qu'Appelle Valley, has been sentenced to a long term in jail for running amuck.

Unsightly and Foul Diseases Arising from Impure and Poisoned Blood Are Quickly Cured.

Paine's Celery Compound DOES THE GOOD WORK.

A Cured Man Says:
"It Would Mean the Use of Pages to Tell One Half of What Paine's Celery Compound Has Done For Me."

That great and noble genius, Professor Edward E. Phelps, M.D., LL.D., the discoverer of Paine's Celery Compound, spent years in perfecting his prescription before he gave it to a world of suffering and disease. Years of severe tests and tens of thousands of precious lives saved, have all combined to make Paine's Celery Compound the present day popular family medicine.

Paine's Celery Compound has triumphed over numberless cases of foul and deep-seated blood diseases. It effectually cleanses the blood, braces the weak nerves, builds up flesh and a constitution capable of resisting sickness and disease. A. E. Hammond, Mansonville, P. Q., cured by Paine's Celery Compound, writes thus:

"Some five years ago it was my sad misfortune to be afflicted with scrofula sores, of which I had five on one leg and three on the other. These were running sores for four years. In addition to this I was taken down with rheumatism in the small of my back so badly that I could not get off my bed; and to further intensify my sufferings, I had sick headache in the worst form.

"While in this condition, a friend of mine, Mr. Perkins, a merchant of this place, sold me a bottle of Paine's Celery Compound, with the express understanding that if it did me no good I should pay nothing for it.

"In accepting this offer, I had no idea of ever feeling under any obligation to pay for the Compound, as I had no faith in its doing me good. To my very great surprise, however, I grew better; and by the time I had used three bottles I was as well as ever, and what I never expected to see was realized, viz.: the sores on my legs were entirely healed.

"It would mean the use of pages to tell one half of what Paine's Celery Compound has done for me. This marvellous cure has been in effect for nearly a year."

OUR MOTTO:
'Accuracy, Care and Attention."

Our continued success in business is the best proof that we enjoy the unbounded confidence of the public. We dispense drugs with the greatest possible accuracy, care and attention. Our stock of toilet preparations is always up-to-date, and our perfumes the finest and cheapest.

ALL RANKS AND CONDITIONS of our people are now using Paine's Celery Compound the great health restorer. No other medicine in the world has such a record of cures to its credit. It makes new, fresh blood, corrects digestion, gives energy to body, nerves and brain. If you feel unwell, give Paine's Celery Compound a trial.

TENDERS FOR SUPPLIES 1902.

THE UNDERSIGNED WILL RECEIVE tenders up to noon on MONDAY, 25th inst., for supplies of butchers' meat, creamery butter, flour, oatmeal, potatoes, cordwood, etc., etc., for the following institutions during the year 1902, viz.:

At the asylums for the insane in Toronto, London, Kingston, Hamilton, Mimico, Brockville, Cobourg and Orillia; the Central Prison and Mercer Reformatory, Toronto; the Reformatory for Boys, Penetanguishene; the Institutions for Deaf and Dumb, Belleville, and the Blind at Brantford.

Exception—Tenders are not required for the supply of meat to the asylums in Toronto, London, Kingston, Hamilton and Brockville, nor for the Central Prison and Mercer Reformatory, Toronto.

A marked cheque for five per cent. of the estimated amount of the contract, payable to the order of the Honorable the Provincial Secretary, must be furnished by each tenderer as a guarantee of his bona fides. Two sufficient sureties will be required for the due fulfilment of each contract, and should any tender be withdrawn before the contract is awarded, or should the tenderer fail to furnish such security, the amount of the deposit will be forfeited.

Specifications and forms of tender may be had on application to the Department of the Provincial secretary, Toronto, or to the Bursars of the respective institutions.

The lowest or any tender not necessarily accepted.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

J. R. STRATTON,
Provincial Secretary.
Parliament Buildings, Toronto, November 11th, 1901.
