WHAT OUR CORRESPONDENTS HAVE TO TELL US.

The Tidings From Various Points In Eastern Ontario—What People Are Doing and What They Are Saying.

Injured His Foot.

Point Traverse, Dec. 24.—There was a good attendance at our school examination on Friday afternoon. Emerson Hineman had the misfortune to cut his foot quite badly, recently. Wait Hudgin is home from sailing. Our school teacher, H. B. Shortt, has gone to his home at Green Point to spend Christmas holidays. A large number were in town on Saturday. A few from here attended the party at P. McAmmon's on Tuesday evening. Visitors: Mr. and Mrs. L. A. Ostrander at J. W. Dulmage's; Mr. and Mrs. Hicks at Capt. L. Spafford's; Mr. and Mrs. W. A. Head at J. Hyatt's.

Bell Rock Jingles.

Bell Rock, Dec. 24.—The social at Isaac B. Wheeler's on the 13th inst., was a decided success, and a pleasant evening was spent. The annual Christmas tree entertainment, under the auspices of the Methodist Sunday school will be held to-morrow evening. W. A. and Miss Minnie Wheeler spent Thursday in Kingston. Schuyler Simmons, an old resident, is renewing acquaintances. Misses Violet Close and Edith Yorke, Tamworth, are visiting at J. York's. It is rumored a wedding will soon take place in our midst. Miss E. M. Lake has resigned her school, and has left for her home in Sydenham. She will be greatly missed in social circles.

Burridge Breezes.

Burridge, Dec. 23.—Farmers are drawing wood to Westport. Mr. Shibley passed through here buying horses. The Christmas tree concert was a grand success. Fifteen dollars was realized. We are sorry to hear that Rev. Mr. Metzler is going to leave the parish. Miss Elsie Crozier is home after attending the model school at Kingston. Miss McCougherty has gone to her home in Bath. Her pupils here presented her with an address and a number of beautiful presents. She will be greatly missed. Miss Nellie Stinson is spending holidays with her parents. Visitors: Misses Anderson and Swabrick and R. Anderson at Tichborne; Mrs. Morrow and Mrs. W. Walrath at C. Thompson's; Mr. and Miss Hickey at J. McCann's.

Sharpton Sayings.

Sharpton, Dec. 24.—The Christmas tree concert at the school house last night was a great success. The building was packed to the doors with an intelligent and appreciative audience. Everything passed off in a most orderly manner. The programme was lengthy and interesting. The children, in rendering their different parts, did remarkably well, reflecting much credit on the teacher, Miss Alice Lemmon, whose untiring endeavors in training the children are highly appreciated. The tree was loaded with presents, which were distributed principally to the children. Mr. Sharp filled the chair in a most graceful manner. The proceeds will go towards buying presents for the scholars, according to the merits of each one in the school. The "Quilting Dialogue" and "Scenic Railway Station" caused great merriment. The female portion of the school presented the teacher with a fine present in the shape of an album. Miss Lemmon is re-engaged to teach for the coming year. The school house was nicely decorated for the occasion. F. Smith and family, Harrowsmith, spend Christmas with his parents, Mr. and Mrs. W. Smith. J. Brethen arrives home from the states to-day to visit his parents. Walter Smith contemplates a trip out back. Horse distemper is prevalent.

A NATION OF WORKERS

With Good Health for Capital the Great Majority of Canadians Rely on Brain And Muscle for a Livelihood—With Ill-Health All Is Lost.

Canada is a nation of workers. The few who have acquired positions of wealth and leisure have done so through hard work, and the vast majority find it necessary to toil day after day, and year after year, to support themselves, and those depending on them. Their capital is good health. So long as this lasts, they are happy and contented; but, alas! too many are robbed of this capital, and find themselves unable to keep up the struggle. With no earnings coming in, their small savings are soon exhausted, and want as well as disease stares them in the face.

Disease is humanity's most deadly foe. Silently, gradually, it steels upon one, until at length it closes its fangs on its victim and secretly robs him of energy, ambition and strength. In this age of keen competition, strenuous work and ceaseless struggle, it is the nervous system that most readily feels the strain. Nights of sleeplessness, days of tired, languid feelings, depression, discouragement and despondency, neuralgic pains, shattered nerves, weakness and irregularities of bodily organs. These are some of the warnings of the approach of such serious and fatal diseases as nervous prostration, paralysis, locomotor ataxia and insanity.

Maintaining good health is, to the majority of people, the most vital question in the world, and nature affords no more efficient strengthener for the system and restorative for the nerves than Dr. Chase's Nerve Food. Naturally, gradually, and certainly, it forms new red corpuscles in the blood, creates new, healthy nerve cells, and puts into the system the snap, energy and vitality that defy the disease.

Dr. Chase's Nerve Food is unlike any treatment you ever used. It does not act as a stimulant, to whip up the tired nerves into exhausting action, nor, on the other hand, does it deaden and destroy the feeble nerve tissues, but, by filling the shrivelled arteries with rich, red, life-sustaining blood, it repairs the waste and revitalizes and restores the body to health and strength. As a permanent cure for nervous headache, nervous dyspepsia, sleeplessness, irritability, and the weakness and irregularities which accompany an exhausted nervous system, Dr. Chase's Nerve Food is unapproached; 50 cents a box, 6 boxes for $2.50; at all dealers, or Edmanson, Bates & Co., Toronto.

TIRED OF TRAVEL.

Emperor Wilhelm Wanted Applications Looked Into.

Cassel, Dec. 27.—Tired of travelling continually about the country unveiling monuments and statues and dedicating churches, museums and city halls, the kaiser has issued an order to his ministers directing that any application for such service on the part of the chief of the state must be indorsed both by the provincial president and ministry, and the reasons which demand the emperor's presence clearly stated. The order is the result of the injury which the kaiser's health has sustained recently from exposure and much travelling on such occasions.

GIFTS FROM CERVERA.

Good Offices of Vicar-General to Spanish Prisoners.

Concord, N.H., Dec. 27.—The Very Rev. E. M. O'Callaghan, rector of St. John's Roman Catholic church in this city and vicar general of the diocese of New Hampshire, has received as a Christmas gift from admiral Cervera a casket containing autograph portraits of the admiral and members of his family.

After the Spanish war, while many Spanish soldiers were imprisoned on islands in Portsmouth harbor, vicar-general O'Callaghan, who was then in charge of the parish at Portsmouth, looked after their spiritual well being.

RETURN TO ZION.

Rejoice in Plan to Re-Establish Jews In Palestine.

New York, Dec. 27.—An enthusiastic meeting of Hebrews was held at Cooper Union in celebration of the fifth international Zionist congress at Basle, Switzerland. Much progress was reported by the various speakers in the movement to re-establish the Hebrew people in Palestine under a government of their own. The success of the movement will depend largely on the outcome of an interview with the sultan of Turkey, arranged by Dr. Theodore Hersel, founder of the movement.

Notable Gathering In Washington.

Washington, D.C., Dec. 27.—Many men of prominence are here for the annual meetings of the American historical association and the American economic association, which will be in session here during the next few days. Arrangements have been made for two joint sessions of the associations, the first to be held this evening, when addresses will be delivered by Prof. Richard T. Ely, president of the American economic association, and Charles Francis Adams, president of the American historical association.

Senator Depew's Wedding.

Paris, Dec. 27.—Word comes from Nice that the civil marriage of senator or Chauncey M. Depew and Miss May Palmer, takes place there to-day. The religious ceremony will be performed to-morrow in the presence of a small but distinguished company. The couple purpose to spend a week on the Riviera, following which they will sail for America.

Lost $50,000 In Gold.

New York, Dec. 27.—Somewhere between London, England, and Lima, Peru, are 10,000 English sovereigns, worth $58,000, in the hands of persons who don't own them. Where or when they were stolen in transit nobody knows. Suit has been brought in England to make the carriers who accepted the gold for shipment pay up.

New Industry In Northwest.

Everett, Wash., Dec. 27.—The Coast Compo company is the name of a new industry about to be started here. Compo is a material which is used as a substitute for laths and plaster and the factory to be located here will be the only one of its kind on the Pacific coast.

In Washington Society.

Washington, D.C., Dec. 27.—The third of a series of notable dinners given this month by the secretary of the interior and Mrs. Hitchcock, takes place this evening. The function is in honor of Miss Alice Roosevelt, the president's daughter.

Great Sale Of Clothing.

Prevost is selling boys' suits for $2, boys' reefers for $2.25, boys' overcoats for $3.50, men's overcoats for $5, men's all wool suits for $6.75. This is a genuine snap and great variety to choose from.

JOHANNESBURG STAR.

Conditions In The Gold City Show Much Improvement.

Johannesburg, Dec. 27.—A despatch from Johannesburg states that the Star newspaper will recommence publication on January 2nd. It is agreed that two mines are to restart weekly until January 15th, with fifty stamps each. On this basis, presuming that no increase is sanctioned in the above rate of development after January 15th, it is estimated that by the end of February one-fourth of the whole mining industry will have restarted.

The railways have been running satisfactorily. There has been no interruption of traffic for months past, and the new rolling stock which has been placed on the line is now completed.

The output of gold for the month of November from the Witwatersrand mines amounted to 3[illegible].75 ounces. This is an increase of about 7,000 ounces over the October output.

CLERGY CONDEMN BEER.

Blamed For Permitting Students To Drink It.

Boston, Dec. 27.—Beer drinking among the students of the Massachusetts institute of technology, which has become a feature at "the student kommers," advocated by the president, Dr. Pritchett, who is a believer in the German custom, was condemned by Methodist, Baptist and Congregational ministers.

Dr. Pritchett wrote that the amount of beer drunk at the "student smoker" was only fifty-six pints for ninety-seven men, and that he allowed the gatherings on the property of the institute, where a simple lunch was furnished with a moderate amount of beer, rather than to have the students meet at hotels and restaurants. It was declared that this was not a question of pints or quarts, but of principle.

Tammany To Reorganize.

New York, Dec. 27.—Interest in political circles centres in to-night's meeting for the re-organization of Tammany Hall. It is known that Richard Croker desires to be relieved as much as possible from the burden of leadership for the next two years. Tammany is out of power so there will be little to do. A deputy will therefore be chosen to act for Mr. Croker. There is much speculation who this deputy will be. John F. Carroll is the logical candidate, but it is said that Mr. Carroll will not take the place. Others suggested as leaders during Croker's absence are Maurice Featherson, Patrick Keenan and John Whalen.

It is said that Daniel F. McMahon, who for four years has been chairman of the executive committee, is to be turned down to-night. McMahon is said to have incurred the displeasure of the Tammany powers by protesting against the nomination of Van Wyck, Jerome and Unger, and by demanding the removal of Devery.
