ESTABLISHED 1834.

THE BRITISH WHIG

is published by E. J. BARRETT every Evening, at the Office, Brock Street, Kingston, Canada, at Six Dollars a Year, Cash.

The WEEKLY BRITISH WHIG is published every Thursday morning at One Dollar and a Half a Year, if paid in advance; otherwise Two Dollars a Year.

Advertisements under Six Lines are charged $1 for three insertions and 15 cents for further continuations. Those under Nine Lines are charged $1.25 for three insertions, and twenty cents for continuations. Other Advertisements are charged at the rate of Eight cents per line for the first insertion and four cents per line for each subsequent insertion; except when ordered once or twice a week, when they are charged Eight and Six cents per line respectively.

Notices in editorial columns, the object of which is to promote class, society, pecuniary or private interests, to be considered advertisements, and payment is rigidly enforced. For notices of births, marriages and deaths a small cash charge of Fifty cents is made; if beyond marriages are charged one dollar.

☞ Special contracts made for monthly, yearly Advertisements are payable at the time of contract.

Letter Press Printing in all its Branches. A large and complete office. ☞ Beautiful specimens of work to judge or select from.

The British Whig.

Glass Ball Furniture Castors.

For Bedsteads, Pianos, Organs, Chairs, &c. The best and most ornamental Castors in the market. Do not cut, soil or ruin carpets or matting. Centre Bearing. Do not split Furniture.

WARRANTED NOT TO BREAK.

They improve the tone of Pianos and Organs fully 25 per cent, and are recommended by Oliver King, Pianist to H.R.H. Princess Louise; J. W. Harrison, Musical Director Ottawa Ladies College; F. H. Torrington, Professor of Music, Toronto; Henry Walsh, Professor of Music, Hamilton; S. R. Mills, Professor of Music, Steinway Hall, New York; Max Maretzek, and hundreds of others.

The old varnished castors are removed from furniture and these beautiful castors replaced. Thousands of sets are now in use and the demand continually increasing.

They are highly recommended by physicians for nervousness, rheumatism, &c., by having bed spends insulated, preventing loss of vital force; also safeguards against lightning.

Tenders For Fuel Wood.

TENDERS addressed to the undersigned will be received at this office until

Thursday, 7th Oct'r. Next,

For supplying the steamers of the

Richelieu & Ontario Navigation Company,

With Fuel Wood at the Port of Kingston during the navigable season of 1881, viz:

Five Thousand Cords (5,000) of Hardwood and one Thousand (1,000) Cords of Soft Wood.

The Hardwood to consist of Hard Maple, Birch, Beech, Iron Wood and Hickory, to be of good sound merchantable quality, and to be not less than four (4) feet in length from point to point.

Six hundred (600) cords thereof to be dry for Spring use, and the remainder to be wood cut green during the ensuing Fall or Winter.

The Soft Wood to consist of mixed soft, except Poplar and Basswood, which will not be received.

The quantity of Hard Maple delivered shall not be less than the quantity of Beech.

The said Wood to be delivered free of wharfage at such times and in such quantities and on such wharfs as the Company or its Agents may direct, and to be fairly and closely piled by the Contractor in piles of (8) forty eight feet in length and six (6) feet in height, and the said wood and piling to be to the satisfaction and approval of the Company or its Agents.

The Company shall not be bound to accept any inconveniently large, crooked deadwood, or small limbs.

The genuine signatures of two responsible parties willing to become security for the due fulfilment of the Contract to accompany the Tender.

The Company shall not be bound to accept the lowest or any tender.

CHANCERY NOTICE

TO

Creditors of CALVIN WHEELER,

DECEASED.

PURSUANT to a direction of the Referee in Chambers of the Court of Chancery, made in the cause of the Trust & Loan Company vs. Wheeler and others, the creditors of Calvin Wheeler, late of the Township of Sheffield, in the County of Addington, who died in or about the month of March, 1868, are on or before the 15th day of October, 1880, to send by Post, prepaid, to Messrs. Deroche & Madden, Barristers, Napanee, Ont., their Christian and surnames, addresses and description, the full particulars of their claims, a statement of their accounts, and the nature of the securities (if any) held by them; or in default thereof, they will be peremptorily excluded from the benefit of the distribution of the monies in Court for the credit of the said cause. Every creditor holding any security is to produce the same before me, the undersigned Referee of the said Court, at my Chambers, in Osgoode Hall, in the City of Toronto, on the 20th day of October, 1880, at 10 o'clock in the afternoon, being the time appointed for adjudication on the claims.

Dated the 6th day of September, 1880.

(Signed) R. P. STEPHENS,

Referee.

Apply on the premises to MRS. C. BECKER.

Kingston, Sept. 25, '80.

CONSUMPTION

CAN BE CURED

IS A FACT ATTESTED BY THE HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

A CAREFUL observance of the laws of health, and the systematic and persistent use of SCOTT'S EMULSION OF COD LIVER OIL, with HYPOPHOSPHITES OF LIME AND SODA will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form *perfectly palatable*, and acceptable to the most delicate stomach, and we make the unqualified statement that SCOTT'S EMULSION is being used with better results and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it, such as Chronic Coughs, Bronchitis, Scrofula, Anæmia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet is truly marvellous.

See what Physicians and the People Say about it.

MESSRS. SCOTT & BOWNE,—*Gentlemen*—Within the past year I have used in my own family and in my private practice prescribed very extensively *Scott's Emulsion of Cod Liver Oil* with *Hypophosphites* and found it most valuable preparation, especially in diseases of children. It is agreeable to the most delicate stomach, which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases.

October 12, 1879. Yours respectfully, A. H. SAXTON, M.D., Baltimore

MESSRS. SCOTT & BOWNE,—*Gentlemen*—Within the last two months I have fairly tried SCOTT'S EMULSION OF COD LIVER OIL with HYPOPHOSPHITES, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the lungs and other wasting diseases we can count her it our most reliable agent, in a perfectly elegant and agreeable form.

Dec. 10th, 1878. Very truly, J. SIMONAUD, M.D., New Orleans, La.

MESSRS. SCOTT & BOWNE,—*Gentlemen*—In September, 1877, my health began to fail and my physician pronounced it spinal trouble, under his care I got some relief from pain, but my general health did not improve, and early in the winter I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your EMULSION and before it was all taken I was better. I then bought a dozen bottles, and have taken all with the following results: Cough subsiding, night sweats stopped, appetite returned, pains in spine disappeared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your EMULSION, and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks what cured you, and I answer SCOTT'S EMULSION OF COD LIVER OIL, &c. I have a friend who has not spoken aloud for 15 months and he is getting better. I gave him a bottle and he bought two more, then got a dozen and says it is food and medicine for him. He was given up to die a year ago, but he is improving now wonderfully. My recovery is exciting the surprise of many people, and I shall do all can to make known your valuable medicine.

Jan. 20th, 1879. Very truly yours, H. F. SLOCUM, Lowell, Mass.

MESSRS. SCOTT & BOWNE, Lynn, Randolph Co., Ind., July 2nd, 1878.

About the 24th of last April I got a bottle of your EMULSION, and at that time I was so prostrated that no one who saw me thought I could live but a few days at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the EMULSION in small doses, it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose, and from that hour I commenced mending, and now am able to ride and walk and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.

For sale by all Druggists at $1.00 per bottle.

R. W. HAMILTON, M.D.

PICTURE OF CHILDHOOD

sleep near a bush of wild roses.
Somebody's darling I see.
Her doggy snuggled beside her,
Cosy as cosy can be.

How came she out here in the meadow,
Far from the house on the farm,
With no one but doggy to watch her,
Trying to keep her from harm?

I fancy some fond mamma misses
Sweet dimpled face of her Pearl,
Asleep here with lap full of roses,
Wild little runaway girl!

But up from her dream she has started,
Laughing and dancing with glee.
"We'll take all those roses to mamma,
Doggy, come right home with me."

Oh! innocent child of the meadow!
Changed will that sunny face be
When to a knowledge of evil comes to thee,
And darkness that old eyes now see.

Regardless of beast or of reptile,
Afraid of no "snake in the grass,"
The sleep of an angel she slept there,
Nor dreamed one danger could pass.

Oh! would that the hearts of the old ones
Pure as the child's be kept!
Then, many a heart that has wept for,
Happily never would be wept.

The furrows and lines on our faces,
Marked the through the process of years,
Are made by our sorrows, with evil
Tracks, too, left there by our tears.

Florence Barnes

The minutes of the last meeting were read and confirmed.

COMMUNICATIONS.

The Mayor announced that he has received communications from Mr. Hickson, General Manager of the Grand Truck Railway, the reading of which in Council was not desirable until they were laid before the Finance Committee at the next meeting.

LICENSE BOARD'S OFFICE.

From W. Glidden, asking if the License Commissioners could rent the room formerly occupied by Mr. Conley in the City Buildings, as they would soon require another office, and the place indicated was the most convenient for the Inspector.

Ald. McRossie stated that the Committee on City Property had informed Mr. Glidden that he could have the office referred to for $60 per annum.

Ald. Harty—How much has been paid for their present office?

Ald. McRossie—The same amount.

Ald. Allen—And what will be the saving?

Ald. McRossie—$60 per annum. The city pays a portion of the rent.

On motion of Ald. McRossie the communication was referred to the Committee on City Property with power to act.

PRINCESS STREET DRAIN.

From Johnston Orr, complaining that the cellars of his two houses, on the north side of Princess street, had been twice flooded this year in consequence of defective drainage; and he thought it hard that any body of men should attempt to drown him out by constructing a drain or tunnel with an insufficient outlet. He asked that the drain be carried out with the same width and depth that it was above his house. He had suffered from drain overflows since 1877.

Quite a discussion followed, Ald. Allen entering into a lengthy explanation of the difficulty, and suggesting a remedy which he calculated would not cost a great deal, namely, an enlargement of the connection of the main drain with that of the Grand Trunk running beneath the railway track. The necessity of having some improvement made at once being conceded, a motion was made that the communication be referred to the Special Committee with power to act, and that the cost be limited to $50.

Ald. Harty enquired if the expense could not be taken out of the special grant for Princess street.

Ald. Gaskin said the special had been pretty well taxed by the levelling of Princess street prior to the holding of the fair; besides the special was not intended for drainage purposes.

Ald. Harty asked how much Ald. Gaskin had of a balance?

Ald. Gaskin said a statement prepared ten days before showed that there were $8 to the good.

Ald. Harty—I think Princess street is all right. Many thanks for the information.

Ald. Allen, under the circumstances, would support the suggestion made by Ald. Harty, and the motion was amended accordingly.

LAW SUIT.

From Mr. Agnew, notifying the Council that the suit of Burrows vs. the City would again come up at the Assizes, which would commence Oct. 21st.

KINGSTON AND PEMBROKE RAILWAY.

From the President of the Fingston and Pembroke railway (Ald. C. F. Gildersleeve), stating that the railway directors desired to meet the City Council at a convenient time to discuss the report which had been recently submitted by Ald. Snook for their consideration.

The Mayor suggested a trip over the line, at a time to be named by him, and that he would have them entertained to something at the present Mississippi terminus.

Ald. Snook moved Monday evening next as a suitable time for the meeting mentioned.

Ald. McMahon said the report made by Ald. Snook had been referred to a Committee. Should not the Council refrain from action until the Committee reported.

Ald. Allen explained why the Committee had not met—that he had been attending meetings of another Committee and had not the time to attend to the railway matter. The report would be made by the Committee before the meeting of the Council.

Ald. C. F. Gildersleeve said Tuesday would be a more convenient appointment for himself and others connected with the railway. The communication explained its object. The position of the railway was as he had explained in a correspondence printed in the newspapers. Some 61 miles of the road had been built, and some 45 miles more were to be built, to join the Canada Central at a point at or near the village of Renfrew. From that point the Railway Company had running powers into Pembroke, and 100 miles further to Lake Nipissing. Work was progressing on the line between Pembroke and Lake Nipissing, and long before the Kingston & Pembroke could reach Renfrew it will be completed. The completion of the Pembroke & Lake Nipissing branch [illegible] necessity for the K. & P. RR. taking steps to finish the road. During the last three years everything had been done by deputation or otherwise to induce the Government to make use of the money and part of the road between the Mississippi and Renfrew. For the northern fifteen miles a bonus was not applicable, the thirty miles on this side had a first grant of $8,000 per mile. If the Company could get the bonus extended for the last fifteen miles the money would be forthcoming, to build the whole road. Capitalists were not willing to advance except the road became a through line, capable of doing business. If the road were built for the thirty miles for which the Government had granted its bonus, he feared the Company would have to go on and finish it in order to save themselves. Men of means, in making investments, liked to see some prospect for a return of their money, and the history of the Kingston Pembroke RR. certainly indicated that it would take a considerable time—perhaps many years—before it would begin to make profits. Since the commencement of it in 1872 it had not made any money for the investors. It had during the last three or four years been slowly improving in its receipts, but the probable effect of the construction of the remainder of the road would be that for a time it would be leading only to a development and improvement of the country, the future being looked to make up what it had failed to return at the beginning. As regards our own people he questioned if they would make advances on the present condition of things. It was with a view to lay the whole case before the Council—the cost of the road, its earnings, expenses, etc., that he desired a meeting at which the subject could be discussed, and at which it might be possible to provide for the completion of the whole line. With the northern end without any aid whereon to found a basis for securing the money required for construction the company was not in a position to go on. Were this assistance forthcoming the company would be able to extend on the 1st of December.

Ald. Harty mentioned an important point—the impropriety of taking this matter into consideration at all. There was no doubt that the road required aid for fifteen miles, and he knew personally that the strongest exertions had been made to induce the Government to bonus that portion of the road. Pending the action of the Government, however, he did not think the Council should interfere and venture an opinion as to whether the city could give a further bonus or not. He was a staunch friend of the Kingston and Pembroke Railway, and he was prepared to stand his share of taxation for the improvement of the road, but the time was inopportune to discuss the bonus question so long as the Ontario Government had not positively refused to give anything to the road. When it did this the time would have come for the Council and citizens to consider whether it could add to the bonus already granted by the city. The city should not relieve the Government of a right and saddle itself with a burden.

Ald. C. F. Gildersleeve said that was one of the points which would necessarily come up at the joint meeting of Council and Railway Directors. He did not desire that the Government should be relieved in any way. He did not wish to discuss the subject now as at the special meeting views could be exchanged. The resolution was one which he thought commended itself to the Council and citizens.

Ald. Allen did not think Ald. Gildersleeve would relieve the Government of any responsibility which rested upon it. He also thought there was ground to fear that the Council would not act hurriedly, and that the road should be built so far as the Government had granted a bonus.

Ald. Harty mentioned another point. Whilst a member of the Railway Company he had contended that Renfrew should be called upon to pay something for the road going through that country, and connecting with the Canada Central which runs into Brockville. He contended for the same thing now. It was doubtful propriety on the part of the Company and the Directors to discuss at all the possibility of another bonus from Kingston.

Ald. C. F. Gildersleeve stated that the Renfrew Council would meet about the middle of October, and it would be wise to have the Councils discuss the question simultaneously.

Ald. McMahon felt this question to be somewhat surprising. The citizens had lost confidence in the road as a result of the bad handling which it received.

Ald. Harty—I hope not.

Ald. Gildersleeve—The figures will be submitted, and the Council and citizens can then form a better opinion on that point.

Ald. McMahon would not consent to the granting of another cent. The city had given the railway $300,000 and received little benefit from it. Mr. Gildersleeve's letter to the press was a kind of feeler as to whether the railway was going to get any more money. The citizens would vote the thing themselves.
