WASHINGTON, May 27.

Matters of interest crowd upon Congress. The events at Tampico and St. Domingo, and our uncertain relations with New Granada, and above all the recent transactions growing out of the slaver hunt of British cruisers, have moved Congress of the necessity of providing some suitable steam vessels of war, small sloops and gun boats, for service in those quarters. At the same time there are reports that before the Senate to enable the President to employ such means as are disposable to prevent or redress outrages to our flag, citizens or soil, in any quarter, by any power.

These measures meet with the sanction of the Administration. The Union takes care to intimate that Mr. Douglass's proposition is not intended as a menace to any power, to have special reference to the overhauling of our vessels by British cruisers.—But doubtless, were it not for the last consideration, the measure would find little chance of success.

If war measures are to be dispensed, then it must be understood that the dispatching the small steam vessels of war, the Water Witch, the Dolphin and Dale to the Gulf, has no particular reference to anything that has occurred or may yet occur off the coast of Cuba.

The number of guns of different calibre carried by the several vessels that have been ordered to join the home squadron, 40 in all, under the command of the British admiral on the West India station, are as follows of war mounting in the aggregate 371 guns.

The American cruisers will be ordered to prevent further aggressions upon our vessels, and to capture any British cruiser that may, after due warning, attempt the act.

No one who knows anything of Admiral Sir Hudson Stewart will suppose that he acted without or less or has misconceived his instructions. But it may be supposed that his views were those of the Palmerston, and not of the present Ministry.

In either case, it is somewhat remarkable that Lord Napier was not made acquainted with the orders. He has disclaimed any knowledge of them, but in his correspondence with Gen. Cass he had stated that the American construction of the right of search was such as to render it impossible to carry into effect any system, for the suppression of the African slave trade.

There is a strong feeling, in both Houses, against the assumption by England of the right of visit, which our government maintains is inseperable from the right of search.

There is not a man in congress who will stand up in his place and advocate the British doctrine of right of visit. There is no party to this question, but it is true, however, that few or no members attach very great importance to the flare up in the West Indies. They seem to think that the British government will revoke the orders, if they have given them, and the pretension asserted will not be insisted on. They will certainly not prolong the session on that account.

It is a question whether Mr. Douglass's bill clothing the President with power to restrain or redress outrages on the person, vessels, or soil of the United States will pass both Houses. But the tendency is that way. The President wishes it. The Union approves it. It opens the way for the relief of Douglas from an unpleasant position in regard to the party.

Were the Administration to fall short in any way, of a prompt attempt to redress the injuries which our flag has suffered on the coast of Cuba, the Republican opposition would have them. Witness the article in the National Era—the anti slavery Organ.

The President as late as last night expressed his determination, in the most decided manner to resist the exercise by England of her pretension in regard to the right of visit.

Township of Bedford,

NOTICE is hereby given that a By-Law is being Passed by the Municipal Council of Bedford for the Opening of a New Line of Road commencing about the centre of Lot No. 15, in 2nd Concession crossing Lot No. 14 in the 4th Concession, till it strikes the Concession line between the 4th and 5th Concessions at Lot No. 13; thence along the said Concession, between said 4th and 5th Concessions, till it comes in Junction with the Westport and Spikes Corner's Road.

By order in Council, dated the 12th day of February, 1858

JOHN N. BENNETT,
Township Clerk.

A BEAUTIFUL HEAD OF
RICH GLOSSY HAIR,
Completely Preserved
TO THE GREATEST AGE.

And who that is gray would not have it restored to former color; or bald, but would have the growth restored, or troubled with dandruff and itching but would have it removed, or troubled with scrofula, scald head, or other eruptions, but would be cured, or with sick head ache, (neuralgia) but would be cured. It will also remove all pimples from the face and skin. Prof. Wood's Hair Restorative will do all this, see circular and the following.

ANN ARBOR, November 5, 1856.

Prof. O. J. Wood—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glossy upon, and entirely over the head; she continues to use it, not simply because of its beautifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidentially recommend its use by all who would have their hair restored from white or gray (by reason of sickness or age,) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,
SOLOMON MANN.

Friend Wood: Twas a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs Mann's hair, as the surest test of its power. It has done at what you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim for it.

Again very respectfully and truly yours,
SOLOMON MANN.

Carlisle, Ill., June 28, 1852.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, premature gray, but by the use of his Restorative it has resumed its original color, and is no doubt permanently so.

LET not the sick die! for in Radway's R R R Remedies there is new life for all who have faith in them!

LET THEM BE TRIED!

RADWAY'S METHOD OF CURE IS
SIMPLE, QUICK, SAFE AND EFFECTUAL.

There is no pain, however torturous or excruciating, but that a simple application of Radway's Ready Relief will instantly stop and quickly allay the most violent pains, inflammations and congestions. There is no disease, however long it may have become established in the system, whether constitutional, chronic, humorous or of a loathsome character, but that Radway's Renovating Resolvent will exterminate and infuse new life, new blood, and a new existence throughout the broken down and emaciated organizations of the body.

If by irregularity or otherwise the organs of the system become deranged and incapable of performing their several functions;—if the Liver, Heart, Bowels, Stomach, Bladder, Kidneys, Skin, Nerves, Blood, etc., are at fault, a dose or two of Radway's Regulators will restore health and regularity to every organ throughout the body. They force each and every organ to the natural performance of its duty, and thus keep up a regular and healthy circulation of the blood.

If a dose of Radway's Regulators were swallowed the moment a person feels unwell, or when any unpleasant symptom appears, there would be no further trouble, for the diseased action would be arrested, and a healthy action re-established. On one fact the sick may depend—that disease cannot grow on the system fortified and under the influence of the R. R. R. Remedies.

MALARIA.

In countries where malarious diseases prevail, Fever and Ague, Dysentery, Cholera, Cholera Morbus, Typhoid, Typhus, Pneumonia, and other Malignant Fevers, Radway's Ready Relief, taken as a preventive, will securely protect the inhabitants of an infected district against any serious attacks; and if the infection has already spread, a prompt use of the Ready Relief and Regulators will quickly cure the patient and expel the infectious malady entirely from the system.

CONSTITUTIONAL DISEASES.

Many diseases that afflict humanity are inherited as heirlooms from the diseased bodies of sickly sires. Scrofula, Consumption, Syphilis, Fits, are among the most common of constitutional diseases. Now we care not how many generations the seeds of these diseases may have been established in the system, corrupting the blood—Radway's Renovating Resolvent will eradicate from the bodies of the afflicted every particle of diseased deposits, and fill the veins with new, pure and healthy blood.

Radway's Renovating Resolvent should be hailed as a blessing by every mother throughout the land whose infants are afflicted with Sores, Humors, &c. These breakings out (thus early) are evidences of disease transmitted from the parent stock. A few doses of the Renovating Resolvent will eradicate every vestige of the disease and insure the child a sound and healthy body.

A LONG CABLE OF CERTIFICATES.

(Since 1847, when we first commenced our good work of discovering remedies for the relief of the pain-ridden and diseased, and preparing the same for public use, we have the gratification of claiming to have received more letters of thanks and certificates of cures than all other medicine manufacturers and medicine practitioners in the world, put together.)

Among the Immense number of certificates are:

20,000 Cases of Costiveness, Indigestion, Liver Complaints, Heart Diseases, Kidney, Bladder and Urethra difficulties, cured by a few doses of Radway's Regulators, a dose of which once a week will keep every organ in the system in a healthy condition, and force them to a due performance of their duties.

JOHN HOGG, ESQ., OF COLLINGWOOD, CANADA WEST.

The following communication, addressed to us by John Hogg, Esq., Editor of the Collingwood, C. W., "Enterprise," should be a solemn warning to parents to have recourse to our life-saving remedies when their children are attacked by that dreadful Disease Croup, the cause of such a great mortality among children. No mother should be without a bottle of Radway's Relief in the house:—

Collingwood, C. W., June 1st, 1857.

Messrs. Radway & Co.

Gentlemen—A child of mine, about eight weeks old, was taken with a very severe cold. Nothing seemed to stop it, it settled on the chest, and unknowingly turned to Croup in its worst form. The best medical practitioners in town were called in, and after doing everything in his power to relieve her—in a few hours—then gave her up as dead. I saw you had her in hand myself, and rubbed her right and back with Radway's Relief thoroughly, when, in the course of a few hours, she was well again, and now is as well and hearty as a child could be.

I am, Gentlemen,
Yours obt. servt.
JOHN HOGG,
Editor and Proprietor Collingwood "Enterprise."

Mr. Hogg in conversation likewise informed Mr. John R. Moore, our traveler, that it cured his wife of a severe sprained ankle, occasioned by her falling down a flight of stairs.

John McWhinney, Esq., the well-known editor of the Woodstock "Sentinel" likewise informs us that he was laid up for weeks with Inflammatory Rheumatism.—The doctors could not assist him, but Radway's Relief cared him.

Important to Ladies.

DANGER OF LEAVING OFF TOO SOON!

Dangerous Condition of the Wife of the Deputy Sheriff of Frontenac Co., C. W.

HARRISMITH, Frontenac Co., C. W., June 24th, 1857.

In October, 1855, my wife giving birth to a child, left her bed too early, and caught a severe cold, which promised to terminate her life. The best physicians in this neighborhood and Kingston were in attendance on her, but all in vain—the Doctors had given her up to die. For seven consecutive weeks she was not her probable, lamentedly watching to see her breathe her last. I happened to see a copy of your paper, called "The Moving World," and there read of your medicines. I resolved to try them as a last resort. I gave her the Resolvent, with the Regulators—and Relief—according to directions, and in three days OBSERVED A WONDERFUL IMPROVEMENT. From this she daily recovered, and is now, thank God, better than ever she was in her life.

The child, when three months old, caught a bad cold, and dwindled away to a mere skeleton, nothing but bone and skin, his eyes protruded from his head, as if they would drop out. The physicians all unite in saying there was no use in attempting to save him; his case was hopeless, as he was too young and must die. But I thought different. Your Remedies gave life to my wife, while the doctors gave her up medically. I again had recourse to them. I gave him the Resolvent internally, and used it as a wash externally to his eyes—he is now a laughing, hearty, prattling child, enjoying the best of health.

Your most obt. and past fed servant,
RICHARD GRIFFITH,
Deputy Sheriff, Frontenac, Co., C. W.

Radway's Renovating Resolvent is for the cure for all diseases of a chronic, constitutional, or scrofulous character, skin eruptions, sores, salt rheum, tumors, &c. These remedies are pleasant to take, quick in action, and safe. No injury can result from their use. Let the sick give them a trial.

THE GREATEST
DISCOVERY
OF THE AGE.

DR. KENNEDY, of Rochester, has discovered in one of our common Pasture Weeds, a remedy that cures EVERY KIND OF HUMOR, from the worst Scrofula down to common Pimple. He has tried it in over seven hundred cases, and never failed except in two cases, (both of a tender temper.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two are bottles warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of blotches.

Two bottles are warranted to cure the worst anker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate case of Rheumatism.

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Chatham, N.H., Dec. 15th, 1855.

Dr. Kennedy—Dear Sir: In hopes to be a benefit to my fellow man, I write to you what your Discovery has done for me.

In December, 1852 I was taken with the Rheumatism; since then, I have suffered every thing but death for fourteen years.

I have paid $800 to different doctors, and never received any benefit, not even to the amount of one dollar.

Last June I heard of your Discovery. I told a man I would try it. He said I had tried everything and thinks was no help for me, I was so old, being 78 years of age. He was a good doctor so called. I told him nothing ventured nothing made.

I got one bottle of your Discovery. Before I got it I heard the clock strike every hour for five nights. On the fourth night I took one spoonful, and the next morning I was in no more pain—no more than a child two years old, and have been gaining ever since. I am now, Dec. 15th, 1855, on my seventh bottle.

When I first took any of it I had to walk or hobble on two crutches; this day I can go and have gone over the floor without any crutch or cane, but I am yet weak in my hips; but I feel better every bottle I take.

If I had a sheet four feet square, it would not hold one half I could write. Had I the voice to be heard from the North to the South pole, I would proclaim it as long as I live. If it cares me it will any one in God's world.

You would not believe how much better I feel. I am now almost a new man made out of an old one.

There have been over 200 people to see me since I began to recover,—they are surprised. One man said, if all the men in Chatham had told him what his eyes now see, he would not have believed them; but he must believe his own eyes.

CURE OF A HUMOR OF 14 YEARS' STANDING.

Mr Kennedy—Dear Sir: I address you with feelings of heartfelt gratitude for the wonderful cures your Medical Discovery has done on me.

For fourteen long years I suffered with a humor of the most distressing kind. It would break out, covering my body with sores and blotches, out of which oozed thick yellow matter, of the so offensive kind. I was an object of disgust to myself and every body else. When it began to dry up a little, it would itch and smart. I often felt that I could tear flesh off the bone; in this state I suffered during them long years, disconsolate and despairing of relief. Every winter the skin came off my face and the hair of my eyebrows came out by the roots. My ears looked like roasted meat, dry and black as a crisp, that I was an object of pity to all that knew me.

When I look back upon it I can hardly think that I am myself. When your Discovery first came to Maine, I looked upon it as a humbug and set myself against it; after a few months I heard of so many wonderful cures by it that I concluded to try once more. I could hardly believe it when I was getting better. You will excuse me when I tell you that I was the last to believe it. It seemed so impossible that I could be cured.

I took in all five bottles. I am now as well as I ever was in my life.

DENJAMIN SMITH, Athiesen, Me.

Charlestown, March 22, 1855.

Mr. Kennedy: Respected Sir—It is now two years since I began to use your Discovery, and feeling that my health has been greatly improved by the use of it
