FRIDAY EVENING, JAN. 16, 1863.

Trade, Commerce and Marine, Markets, &c., &c.

New York, Jan. 16.

The price of Gold to-day is 48 premium, and Exchange on London, 165.

New York, Jan. 14.

Bank drafts on New York were bought to day at 28 discount. Private drafts are sold at 29. American bills are at a discount of 33 per cent. and demand notes 15 discount. Sterling exchange unchanged.

The rapid growth of the trade in petroleum is shown by the quantities exported. During the year 1862 the exports from the three leading Atlantic ports were as follows, in gallons: Philadelphia 2,607,203; New York 6,783,563; Boston 891,616. New York has this year monopolized the larger part of the trade, because of the facilities for transport by rail from the oil region.

THE RICHELIEU STEAMBOAT COMPANY.—We learn with pleasure that at a meeting of the Richelieu Steamboat Company, held at Montreal on Friday last, Mr. J. B. Lamere was unanimously chosen as Manager of the Company, in the room of the late Mr. Levey. While we regret that Mr Lamere's new sphere of duties will compel his removal from this city, we are pleased to know that he has been called to the exercise of more active and important duties, for which he is eminently fitted.

Private letters received in Washington say that there are now at sea forty vessels that have been fitted out and loaded in British ports for the purpose of running the blockade. These vessels are laden with arms, ammunition, clothing, shoes, medicines, etc. Among them are enumerated the steamers Justitia, Juno, Firth, Wave, Queen, Calypso, Royal, Albino, Deiro Dunbigh, Flora, all said to belong to Mr. Lindsay. Also the Raven (ex Georgiana), Neptune, Prince Albert, Shelldrake, Lapwing, Janet Cahill, lately called the Julia Usher. The last include the following sailing vessels cleared from Liverpool before the 28th November:—Peep O'Day, Mary Frances, Clarence, Monmouth, Digby, Intombie, Queen of the Usk, and Severn.

THE ACTON MINES.—The Copper Acton Mining Company, at Actonvale, are now producing 1200 bbls. per week, of crushed ore for market, four and a half bbls. being equal to a ton; the working force being three hundred and fifty hands. In May next they are to increase the number of hands to fifteen hundred.

LOSS OF LIFE ON THE LAKES IN 1862.—The total loss of human life in the lakes during the season of navigation in 1862, was 156, against 167 in 1861. There was no great calamitous shipwreck, the greatest loss by any one disaster occurred on Nov. 2nd, by the great wreck of the propeller Bay State on Lake Ontario, near Oswego. All on board, twenty-one in number, were lost. The day following, seventeen lives were lost by the going ashore of six scows at Port Colborne. There was a loss of twelve lives by one accident on Lake Superior, and two schooners, crews of seven each by going ashore on Lake Erie. The balance of the one hundred and fifty-six were mostly lost singly.

NEW KIND OF NAIL.—The London Builder says a company has been formed to bring into practical use a spiral fluted nail, recently invented in England. They are fluted and twisted in a machine, and are manufactured as cheap as common nails. The holding qualities of the nail are remarkable. No holes are required to be made before driving, those of the largest size, and there is no danger of the board splitting, however near to the edge the nail is driven. The spiral point causes the nail to revolve as it advances, and its tenacity of holding is equal to that of a wood screw.

Toronto, Jan. 15.

The supplies of grain on the street market to-day were but very little better. About 300 bushels of fall wheat were sold at 90 to 91c per bushel. Of spring wheat there was more on the market, buyers were offering 80 to 82c per bushel. Rye, very little of which is offered, sells at 1c per lb, or 50 to 60c per bush. Barley was lightly supplied, and sold readily at 83 to 90c per bush. Oats sell at 40 to 42c per bush. Peas in demand, a few loads only being offered, sold at 50 to 57c per bush. Potatoes in moderate supply at 50 to 60c per bushel. Apples draw 75c to $1 25 per bbl. Turnips—None offering, prices, therefore, unchanged at 15 to 20c per bush. Pork in limited supply; prices somewhat better; light hogs at $2 25 to $2 per cwt, and heavy hogs at $3 to $3 80, and in one or two instances $4 was paid for well fed single hogs. Fresh butter sells at 15 to 16c per lb. Hay remains unchanged at $20 per ton. Straw sells at $12 per ton. Pelts and lambskins would draw $1 50 to $1 75 each. Wool—none offering. Hides are worth $5 per cwt. Calfskins sell readily at 9c per lb.

AFFECTIONS OF THE THROAT.—From the Rev. S. J. P. Anderson, Pastor of Central Church, St. Louis. "I have been in the habit of using 'Brown's Bronchial Troches,' or Lozenges, when compelled to speak though suffering from cold. They are very beneficial in clearing the throat, having no injurious tendencies of any kind. I can confidently recommend them to public speakers generally."

"I heartily unite in the above commendation."—Rev. M. Schuyler, Rector of Christ Church, St. Louis. 12

IMMORAL SICKNESS CURED BY MORAL MEDICATION.

It was not the righteous that our Lord and Saviour died to save—neither does the Physician prescribe for the sound is health. It is not for us to enquire as to the status of the sick man, or the respectability of his disease; philantrophy and humanity demand of us to cure him if we can, whatever may be the cause of his sickness, and the medicine that will rid the unfortunate sufferer from diseases induced by vice, immorality, excessive indulgence of lustful passions, whether he be of high descent, or a common beggar, is entitled to as much consideration as the Physician of royalty. Dr. Radway's

CLEANSING SYRUP,

Called Radway's Renovating Resolvent, will cure every species of Skin Diseases, Breaking out, Scrofula, Syphilis, Glandular Swellings, Swellings in the Groin, Nodes, Caries of the bone, Sores of all kinds, Fever Sores, Ulcers, Tumors, Strumerous discharges from the Ear, Sore Head, Sore Eyes, Sores in the Mouth, Cancers, Turbercles in the Throat, Lungs, &c., Salt Rheum, Rash, Tetter, Ring worm.

ONE TO SIX BOTTLES

Will positively rid the patient of the worst forms of the above named diseases.

RADWAY'S RENOVATING RESOLVENT

Should be given to infants and young children afflicted with Sores in the Gums, Sore Head, Sore Eyes, Sore Legs, Restlessness at Night. A half teaspoonful of the Resolvent will cure the child, and will in all cases ensure sleep. Price one dollar per bottle, or six bottles for five dollars.

HEALTH AND PURE BLOOD ARE INSEPARABLE.—Recollect that all sickness arises from the impurities of the blood, and that Judson's Mountain Herb Pills will so surely find out and cleanse these impurities from the system, that disease cannot exist. So simple and innocent are the herbs and plants that compose them, that it is not necessary to have them sugar-coated in order that the stomach can bear them. In most cases, Pills are sugar-coated because the materials of which they are made are so griping and malignant, that otherwise a delicate stomach could not bear them.

These Pills deal with disease as it is, and will not only cure by removing the cause, but will build up and restore the broken constitution. There are many who have so trifled with their constitutions that they think medicine cannot help them; let not even these despair; incredulity and scepticism is overthrown by a mass of testimony which is truly irresistible. At first, the virtues ascribed to the Mountain Herb Pills were deemed fabulous. The public had been so often deceived, that they could not believe the simple truths advanced by their discoverer. Yet facts undeniable, attested by witnesses of the highest character and respectability, have proved, and are proving each day, the virtues of this "mighty healer." They mark by their miraculous efficacy and power a new era in medicine.

BROWN'S BRONCHIAL TROCHES

"A SLIGHT COLD," Cough, Hoarseness, or Sore Throat, which might be checked with a simple remedy, if neglected, often terminates seriously.—Few are aware of the importance of stopping a Cough or "SLIGHT COLD" in its first stage; that which in the begining would yield to a mild remedy, if not attended to, soon attacks the lungs.

The efficacy of BROWN'S BRONCHICAL TROCHES is demonstrated by testimonials from Physicians, Surgeons in the Army, and eminent men wherever they have been used.

They where first introduced in 1850. It has been proved that they are the best article before the public for Coughs, Colds, Bronchitis, Asthma, Catarrh, the Hacking Cough in Consumption, and numerous affections of the Throat, giving immediate relief.

PUBLIC SPEAKERS & SINGERS

will find them effectual for clearing and strengthening the voice.

From Mr. T. Duncharme, for many years Chorister of French Parish Church, Montreal.

"It gives me great pleasure to certify to the efficacy of you Bronchial Troches, in an affection of the throat and voice, induced by public singing. They have suited my case exactly, relieving my throat and clearing the voice so that I could sing with ease."

From Rev. Henry Wilkes, D.D., Pastor of Zion Church, Montreal.

"When somewhat hoarse from cold or over exertion in public speaking, I have uniformly found Brown's Troches afford relief.

"I have been much afflicted with Bronchial Affection, producing Hoarseness and Cough. The Troches are the only effectual remedy, giving power and clearness to the voice."

REV. GEO. SLACK,
Minister, Church of England,
Milton Parsonage, Canada.

"Two or three times I have been attacked by Bronchitis so as to make me fear that I would be compelled to desist from ministerial labor, through disorder of the Throat. But, from a moderate use of the Troches, I now find myself able to preach nightly, for weeks together, without the slightest inconvenience."

REV. E. B. RYCKMAN, A.B.,
Wesleyan Minister, Montreal.

"Your Troches are too well and favorabl known to need commendation."

HON. CHAS. A. PHELPS,
Pres. Mass. Senate.

"My communication with the world has been very much enlarged by the Lozenge which I now carry always in my pocket, that trouble in my throat, for which the Troches are a specific, having made me often a mere whisperer."

N. P. WILLIS.

"I have never changed my mind respecting them from the first, excepting to think yet better of that which I began thinking well of."

REV. HENRY WARD BEECHER.

"The Troches are a staff of life to me."

Prof. EDWARD NORTH,
Pres. Hamilton College, Clinton, N.Y.

"A simple and elegant combination for coughs, &c." Dr. G. F. BIGELOW, Boston.

"I recommend their use to Public Speakers."

TO INTENDING SETTLERS AND EMIGRANTS.

THE Proprietors, with the design of establishing a good Village at Hopefield, on the Opeongo Road, for which the location is particularly well suited, offer the following inducements to Mechanics and others, viz:

To a Blacksmith, Shoemaker, Carpenter, Tinsmith, Tailor, and Wheelwright, they will give a ten acre lot each, on the sole condition of erecting a dwelling and residing thereon three consecutive years.

To a few Married Emigrants the Proprietors are prepared to give lots ten acres each, having a dwelling 20 x 18, and an acre of land cleared ready for crop thereon, on condition of giving one day's labour per week, with the provision that at the expiration of three years they may become proprietors of their holdings on the payment of $50,00 in two equal annual payments.

A good Frontage on the Main Road will be given, and a never-failing stream runs through each lot.

School, Church and Commons Lots will be given also.

From the rapid increase of Settlement in the Neighbourhood, and the extensive Lumbering operations carried on around, an excellent opening presents itself for a good Store or Tavern.
