The Printers' Festival.

Every body, who is any body at all, is more or less obliged to seek favors of the Press, for more services are rendered to the Public gratuitously than are paid for This being the case, the Printers naturally have a right to expect a quid pro quo, and an opportunity now presents itself. The Old Hands and the Young Hands in the several Printing Offices of Kingston have resolved this year, and for the first time, to celebrate the Birthday of Benjamin Franklin, on the 13th inst., by a Festival in the City Hall, at which, of course, the Bosses will also be present, and do all in their power to make the Evening pass off pleasantly. Now, therefore, is the time for the Public to appreciate the Press.

☞ The Legislature of Ontario re-assembled yesterday, after the recess. The business was quite formal.

☞ THIRD MILITARY DISTRICT.—No appointment has as yet been made of Assistant-Adjutant General of Militia in the Third District (Kingston) but every hope exists that Lieut.-Col Shaw, (late Brigade Major) will be appointed. He has every claim to the berth, and strong interest is being made with Sir John A. Macdonald in his behalf.

☞ It is a curious and rather creditable thing that General Butler, the leader of the Impeachment movement, paid a New Year's visit to President Johnson, and met with a very cordial reception.

SKATING.—The ice in some parts of the Harbor affords good skating, and is daily patronized.

Meeting of the Kingston Board of Trade.

The annual meeting of the Board of Trade was held in the Council Chamber on Tuesday evening last. The President, John Carruthers, Esq., occupied the chair. The Secretary read the minutes of the last meeting, which were adopted. The report of the Council of the Board was read by the Secretary, and on motion of Mr. Cunningham, seconded by Mr Voigt, was adopted.

A communication was read from Mr. Jones, of Brockville, Official Assignee, respecting the appointment of Assignees for the Counties of Leeds and Grenville.—No action taken.

A communication was read from Mr. St. Clair requesting the appointment by the Board for the office of Official Assignee for the Counties of Leeds and Grenville. A communication of a similar purport was read from Mr. Lathrop, of Brockville.

The recommendations of both persons were read by the Secretary, when it was moved by Mr. Frazer, seconded by Mr. Cunningham, that this Board appoint Mr. Lathrop, of Brockville, Official Assignee for the Counties of Leeds and Grenville upon his furnishing the usual securities of $2,000.—Carried.

Mr. H Cunningham will give notice of motion at the next meeting for the change of time of the annual meeting of the Board from the 1st Tuesday to the 2nd Tuesday in January in each year.

The Board then went into the election of officers for the present year. On motion, Mr. H. Cunningham was elected President; Mr G. M. Kinghorn, Vice-President; Secretary and Treasurer, Mr. H. C. Voigt; Recording Secretary, Mr. James Shannon. Council—Messrs. H. Cunningham, Kinghorn, Voigt, Carruthers, Chown, Rose, Livingston, Frazer, McRae and Fenwick.

On motion of Mr. Voigt, seconded by Mr. Frazer, a vote of thanks was passed to the retiring President, Mr. Carruthers.

On motion of Mr. McRae, seconded by Mr. Cunningham, a vote of thanks was passed to the Secretary and Treasurer.

A vote of thanks was also passed to the Recording Secretary. The Board then adjourned.

☞ The Dominion Telegraph Company stands before the public in a very bad light. It appears clear from the revelations which have been added in Canada West to those of the Trade Review, that a cunning unscrupulous, and partly bankrupt family circle in the United States, have engineered the whole affair for their own special benefit, and have made perfect tools and cat's-paws of a respectable list of directors in Toronto, who cannot be induced to come out with any clear statement of the affair, if indeed they themselves know anything about it.

*** This is not exactly so, but something very like it. The Montreal Telegraph Company buys off every opposition line, and the projectors of the Dominion Company expects or expected to be bought off too, and so make money. Therefore the Trade Review is down upon the new Company being in the interest of the other party. The Montreal Telegraph Company is a grasping overpaid monopoly, and no-one should be sorry when it is made to disgorge some of its public plunder, even if it be done by scheming Yankees. The Government here should imitate the conduct of the Home authorities, and if the Public are to be plundered, let the Public gain.

G. F. Train Speaks to the Baltimore Fenians.

DEAR BALTIMORE FENIANS: Congratulations on Beverly; three cheers for Baltimore! We must keep him over there; he represents the flunkeyism of America; he has told the truth. You know we are nobody. All native Americans call us damned Irishmen. They use us and kick us, and we are as much their slaves as the Irish in Ireland are to England. I went out American, I return Irish. I am with you for liberty. Three years ago ten thousand met me at Baltimore. Nagle was there—the next time a saw him he was in chains surrounded by Snyder rifles, with a regiment of dragoons and infantry on guard. Think of two thousand British soldiers guarding one American. James Stephens is Chief again! Our Jamie is back—all Ireland is with him—close up the break—down with Canada and up with Ireland. America is not the Land of the Free and the Home of the Brave. It is the Home of the Coward and the Land of the Knave—in allowing your Baltimore citizen to keep our flag at half-mast in England, because Seward tells him to, to please Stanley. It was all arranged when Thornton went to Baltimore to see Johnson off.—Sincerely,

GEORGE FRANCIS TRAIN.

QUEBEC.

Quebec, Jan. 5.

Henry Smith, a native of Portsmouth Devonshire, died in an underground cell in the station house on Saturday, of suffocation. The Coroner's verdict condemns the carelessness of the police in not removing the man's neck-cloths, and neglecting to visit him for two hours. The black hole cell and the want of proper police regulations were also condemned. Deceased leaves a family of eight children.

A child named Beneau met its death by falling into a tub of hot water, near Montmorenci Falls.

OTTAWA.

Ottawa, Jan. 5.

The City Council voted six hundred dollars to Mayor Friel as an acknowledgment for his services during the past year, and entertained him at dinner on Monday evening.

A surveying party is now engaged on the Canada Central Railway between Ottawa and Vandreuil.

The religious revival led by Lord Cecil, Dunlop and Hook, has excited the community here a good deal. The services at the theatre are numerously attended. All the religious bodies here have lost some of their members, who have been attracted by Lord Cecil.

Montreal

Montreal, Jan. 6.

Mr. James Munkittrick—a magistrate at Dudswell, in the Eastern Townships—has been arrested, and also his two sons, on a charge of conspiracy to defeat justice by a mock trial on one Bogart, a clerk of the paymaster of the receiving-ship Vermont, who absconded with a large sum of money while the vessel was in New York Navy Yard. The magistrate first arrested Bogart, but the latter was soon after set at liberty; and it is alleged that he paid Munkittrick $4,500 for releasing him.

The Nestorian arrived at Londonderry Judge Coursol left for Richmond to-day to make an important investigation.

SAVE YOUR DOCTOR'S BILLS.—When Dr. Wistar's Balsam of Wild Cherry will cure coughs, colds, bleeding at the lungs, and all the fell destroyer, Consumption it does more than most physicians can do. The use of a single bottle, costing one dollar, will satisfy the incredulous that they need look no further for the required aid.

A CHURCH ROW.—A rather disagreeable "scene" took place at a late meeting of the members of the Society for Promoting Christian Knowledge, in London. From all accounts, the noise and confusion were quite equal to the most uproarious of political meetings. The cause of all this was the voting of £2,000 to the diocese of Natal. All were agreed that the money ought to be voted. The point of disagreement was into whose hands its distribution should be put. Some were in favor of the Dean of Natal, and the Bishops of the Cape and Grahamstown, while others wished it to be at the disposal of the Standing Committee of the Society. The former arrangement would have put the money altogether to the support of the clergymen who repudiate the jurisdiction of Bishop Colenso; while under the latter arrangement those who do not believe in the legality of Dr. Colenso's deposition, would also have a share. On a division the latter plan was adopted by 765 against 674. In this way the Society is saved from taking a side in the Colenso controversy, as far as the validity of the deposition of the free thinking Bishop is concerned.

Earthquake in Persia—The Riot in Florence.

London, Jan. 5.

Telegraphic reports have been received from Alexandria of an earthquake at Anee in the neighborhood of Tabarez, a Persian city of about 60,000 people, on Sunday last. Though the shocks were described as very violent, no serious disaster or loss of life is so far known to have been caused.

Florence, Jan. 5.

The country is now perfectly tranquil. The recent disturbances caused by the collection of the odious taxes, were fomented by the reactionists.

Madrid, Jan. 4.

Several clubs of Communists established in the province of Navarre have been attacked by bands of Carlists, and compelled to close their doors.

Berlin, Jan. 4.

The motion for unconditional freedom of speech, which had passed in the Lower Chamber of the Prussian Diet, has been lost in the Upper House by seventy-two against forty-one votes.

The editor of the Beobachter, of Stuttgard, having brought charges against M. Bismarck, the courts has just condemned the editor to pay twenty dollars damage to the hero of Prussian indebtedness and greatness, for libel.

Stockholm, Jan. 4.

The festival given in honor of the Prince and Princess of Wales is to end to-morrow by a great dinner at the Royal Palace, and by a ball and supper at the residence of Prince Oscar. The Prince and Princess are to leave Stockholm in a day or two, probably to return to England.

Paris, Jan. 4.

Queen Isabella has bought the palace the Russian prince, Bassiewski, owned in Paris. The Queen is represented as being neither handsome nor distinguished, but as having a countenance full of intelligence and kindness. Public opinion, very unfavorable at first to her person, has completely changed. She is now one of the most respected women of Paris, as she is certainly one of the most respectable.

La Turquie says Russia urges the Conference to prevent the expulsion of the Greeks from Turkey. The Porte's representative will have the Conference if this point is introduced, and it warns Russia of another Crimean War.

A mixed commission, has been appointed to adjudicate the case of the Greek steamer Eros.

OMNIBUSES AND HORSE RAILROADS.—Messrs PERRY DAVIS & SONS.—Gents:—I have for many years used your valuable medicine, the Pain Killer, on my horses, and can testify to its efficacy in curing Galls, Spavins, Bruises, Cuts, Cramps, Weak Joints, Rheumatism, Swellings, Colic, &c., &c. I have had over forty horses in constant use, in the omnibus business, and I have never known it to fail in any case where I have used it. LEWIS A. PHILLIPS, Providence, R.I.

BREAKFAST.—A SUCCESSFUL EXPERIMENT.—The Civil Service Gazette has the following:—"There are very few simple articles of food which can boast of so many valuable and important dietary properties as cocoa. While acting on the nerves as a gentle stimulant, it provides the body with some of the purest elements of nutrition, and at the same time corrects and invigorates the action of the digestive organs. These beneficial effects depend in a great measure upon the manner of its preparation, but of late years close attention has been given to the growth and treatment of cocoa, that there is no difficulty in securing it with every useful quality fully developed. The singular success which Mr Epps attained by his homœopathic preparation of cocoa has never been surpassed by any experimentalists. Far and wide the reputation of Epps's Cocoa has spread by the simple force of its own extraordinary merits. Medical men of all shades of opinion have agreed in recommending it as the safest and most beneficial article of diet for persons of weak constitutions. This superiority of a particular mode of preparation over all others is a remarkable proof of the great results to be obtained from little causes. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle Maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Inaw23

Polonius.—To thine own self be true;
And it must follow, as the night the day,
Thou canst not then be false to any man.
Hamlet, Act 1. Scene 3.

Puffs are the known device of quacks and cheats,
Rapacious, striving by unscrupulous feats
Of turgid boasting, deftly to deceive
Victims unwary who their tales believe.
Disdain their arts, and vaunt no spurious ware—
Soundness in quality's my constant care.
In each transaction 'tis my anxious aim
Of MORRISON to keep the upright name.
No custom's sought where value's not refunded
Such is my scheme. Adulteration's spurned!

M. MORRISON.
