DON'T BE DUPED

There have been placed upon the market several cheap reprints of an obsolete edition of "Webster's Dictionary." They are being offered under various names at a low price

By

dry goods dealers, grocers, agents, etc., and in a few instances as a premium for subscribers to papers.

Announcements of these comparatively

Worthless

reprints are very misleading; for instance, they are advertised to be the substantial equivalent of a higher-priced book, when in reality, so far as we know and believe, they are all, from A to Z,

Reprint Dictionaries,

phototype copies of a book of over fifty years ago, which in 1889 was sold for about $5.00, and which was much superior in paper, print, and binding to these imitations, being then a work of some merit instead of one

Long Since Obsolete.

The supplement of 10,000 so-called "new words," which some of these books are advertised to contain, was compiled by a gentleman who died over forty years ago, and was published before his death. Other minor additions are probably of more or less value.

The Webster's Unabridged Dictionary published by our house is the only meritorious one of that name familiar to this generation. It contains over 3000 pages, with illustrations on nearly every page, and bears our imprint on the title page. It is protected by copyright from cheap imitations.

Valuable as this work is, we have at vast expense published a thoroughly revised successor, known throughout the world as

Webster's International Dictionary.

GOES ON SPECIAL MISSION.

FATHER TWOMEY TO TAKE A EUROPEAN TOUR.

As Agent of the Dominion Government—Archbishop Gauthier Desired Him to Go—A Gift From Old Parishioners — Visiting Dominion Points First.

Tweed News.

Last Sunday Rev. Father Twomey announced to his congregation that he had been requested by the dominion government to undertake a special mission on emigration from Ireland. He had accepted the position because his archbishop desired him to do so, and he would sail from Montreal on the steamer Tunisian on 7th September. Before that, however, at the invitation of the government, he intended to visit the experimental farms along the line of the C.P.R., going out to Calgary, and, if time permits, to the Pacific coast, in order to become acquainted with the conditions of life and the resources of Manitoba, the north-west territories and British Columbia.

A pleasant incident in connection with his departure was the action of some of his former parishioners of Morrisburg. Upon hearing of his trip abroad three of these gentlemen, Messrs. Poupore, McAuliffe and Rheaume, waited upon him at Caledonia Springs and presented him with a purse of $300 in token of their old-time friendship and regard.

On last Monday evening, a delegation from his present parish visited Fr. Twomey, and signified their desire of giving a tangible and substantial expression of their gratitude towards him. For the present he courteously declined to accept because, since his advent to the parish, he was forced to severely tax them on behalf of their terrible load of church debt. Nevertheless, he was very grateful for their spirit of self sacrifice and the extreme generosity which prompted their kindly action.

After his mission to Ireland shall be fulfilled, Fr. Twomey will visit Rome, London, Paris, Berlin, and other European centres. He expects to return home by the 1st of May next. Fr. Twomey left for Ottawa, Tuesday, and, during his absence, Rev. Fr. Mea, dean of Regiopolis college, Kingston, will occupy his pulpit.

WILL SAIL TO-MORROW.

Lieut. Col. Stone Goes Back to Hold Hengland.

Quebec Telegraph.

Lieut.-Col. Stone, inspector general of artillery, has resigned his position after serving fourteen months with the military force of the dominion, and will leave for England by the steamer Corinthian on Saturday. On reaching the other side he will report at once to the war office for duty. Lieut.-Col. Stone, during his short sojourn in Canada, has made himself exceedingly popular. Little time will likely elapse before he is given a command in the artillery branch of the service, which he is so well qualified to hold. On two occasions Col. Stone communicated with the governor-general, the first being a personal interview at the request of the minister of militia, to discuss the difficulty in regard to seniority and command, and on the second occasion by letter, requesting that in the event of his resignation being accepted by the minister, his excellency would be good enough to recommend him for active service in China. It will be seen that there was in no sense an appeal to his excellency against any action that he might think proper.

RHEUMATIC PAINS.

Why Do You Suffer When an Application of Griffiths' Menthol Liniment Will Take Out All the Pain in a Few Minutes?—It Penetrates Muscle, Membrane and Tissue to the Very Bone—Here is the Proof.

Robert Collett, 70 Elliott street, Toronto, writes: "I am sure if the poor rheumatic sufferer only knew of the virtues of Griffiths' Menthol Liniment there would not be so much suffering from this terrible disease. I had been suffering for several weeks with a painful attack in my shoulder. Half a bottle of Griffiths' Menthol Liniment removed every trace of my trouble. I have also found it exceedingly good for sore throat."

Sold by druggists, 25c. and 75c.

A Druggist Denies It.

An up-town Princess street druggist stoutly repudiates the story printed in a local contemporary that druggists use the same straws more than once when dispensing soda water. "Why, the straws are made of paper," he exclaimed last night, "and will not last. They are too cheap to even bother about washing them. I paid only sixty-five cents for 5,000 of them at the beginning of the season. The idea of using them a second or third time is absurd. My clerks are not allowed to do it. Such a story casts reflection upon every Princess street druggist."

It is a very common thing for young ladies, and even the older ones, to twist a straw up or break it in two as soon as they have finished using it. This precludes its use again.

To Manage The Races.

The following committees have been appointed to manage the grocers' picnic: Horse races, J. Carson, M. Conroy, H. J. Wilkinson, George Crawford and A. R. Martin. Bicycle races, A. Davis, H. N. Robertson, J. Purdy, T. Carson and D. McRae. Foot races, J. Kelly, M. P. Nolan, H. A. Dunlop and T. R. Carnovsky.

The managers of the picnic are: T. H. Johns, W. H. Dyde, D. Couper, D. F. Dennis, J. Lennon, D. A. Shaw, J. Gilbert and J. R. Henderson.

To Report At Ottawa.

Sergt. staff clerk Marks, private secretary to Col. Stone, inspector general of artillery, is under orders to report for duty at the militia department, Ottawa, to-day. Sergt. Marks, who was formerly attached to the garrison division of the R.C.A., Quebec, has been holding his present position for over twelve months, with the greatest satisfaction to his superior officer and all with whom he has come in contact.

A deckhand aboard the schooner Kate complained early this morning to the police that he had lost a silver watch, and accused a member of the crew of the theft. Constable Craig made a search of the schooner without finding any trace of the missing timepiece.

A young girl recently in from Bedford township complained to the police last evening that she had been assaulted by a member of "A" field battery. He had been "seeing her home," and when near Corrigan street he assaulted her. She was instructed as to how to proceed if she desired to prosecute.

A DISTRESSING CASE.

A Little Girl Sent to Reformatory for Stealing.

Magistrate Duff had a distressing case before him at the police court this morning. Miss Mary Jane Cooley charged her niece, Mary Jane Bowen, aged fourteen, who resides with her parents on Union street west, with the theft of $20 from the trunk of complainant. Defendant admitted her guilt, and stated that she had used $7 of the money in hiring horses and having a good time. The balance of the money, $13, was recovered. The mother of the girl appealed to complainant, her sister, to withdraw the case, but this was refused.

Miss Colley stated that it was the second offence of a like character the girl had committed; last winter she had stolen $65 from her trunk; the second offence could not be overlooked, and the girl should not go unpunished.

The little girl was committed to the industrial home for girls for two years. The mother, upon hearing the sentence, became hysterical and had to be carried out of court.

Ann Grey did not like having to spend two weeks in jail, and told the magistrate so. She was found guilty of the offence charged against her, but was given a week in which to find work, as she stated she could. If at the end of the week she is found unemployed she will be brought in and dealt with.

What Does All This Mean?

Editor Gardiner, of Hamilton, recalls that on one occasion he was compelled, owing to bad hotel accommodation, to occupy the same room with Joe Rymal, John Dickenson, and the late Nicholas Awrey. Toronto could have punished him much more severely than shutting him up with those three jolly gentlemen, but, of course, they wouldn't supply the place of a feather bed.—Brockville Recorder.

Who said they went to bed? The jolly boys knew something more interesting than that.—Ottawa Citizen.

Note carefully Bro. Gardiner's words, "compelled to occupy" the room. Evidence here that the quartette did not sleep. Was this before or after Mr. Gardiner's get-a-gait on letter?

A Kingston Boy's Success.

Owen S. Kennedy, of the Evening Journal, Jersey City, is visiting his mother in the city. He is an old Kingston boy, who learned the telegrapher's art with James Kearns, manager of the G.N.W. telegraph company. Mr. Kennedy now holds a good position as telegraph editor of the Journal. He will return home to-morrow, going by way of Oswego, N.Y.

Off On A Trip.

A detachment of twenty-five of the 14th regimental band left at half past five o'clock this morning for Campbell's Point, N.Y., where a big gathering of bands was held. The steamer Empire State went across, taking about fifty excursionists.

IN THE SPORTING CIRCLES.

THE PACER DEVERAS IN THE BUFFALO RACES.

Challenge Issued for the Fisher Cup—Michael Has Been Re-Instated by the N. C. A.—Archbold Again Made a Fine Record.

At noon to-day the Granites left for Gananoque to meet the baseball team of that place in a friendly match.

At the A.C.A. sailing races, C. E. Archbald, the famous canoeist, won the nine-mile trophy race, the big event of the meet.

The executive committee of the C.C.A. will meet to-night to consider the case of several riders, reported to have been doing wrong.

At the Toronto police games constable Robinson won the championship, defeating constable McArthur by thirteen points to twelve.

The Capital bicycle club has published letters from Ralph Ripley, who states that the Ottawa track has not been black listed, as previously stated.

Jimmie Michael has been re-instated by the National cycling association, making good losses sustained by non-appearance at advertised races, and agreeing to meet Nelson on the 22nd inst.

At Boston Wednesday, John Nelson defeated Archie McEachern in a one-hour's motor-paced match race by about 1 2-3 miles. Nelson's distance, thirty-five miles 701 yards; McEachern, thirty-four miles 165 yards.

The painters challenged the carpenters for a baseball match to take place to-morrow afternoon, but the workers in wood refused to accept. The painters will now try to get a match on with the iron workers.

To-morrow at Lake Ontario park Ponies and Ogdensburg teams will meet again. The last time these two teams came together Ponies were shut out, the score being seven to nothing. Since then Ponies have improved.

The noted pacer, Deveras, owned by Antoine Wendling, of Brockville, started in the 2.13 pace for a purse of $1,200 in the grand circuit races at Buffalo, last week. He was driven by George McPherson, and won a second, two thirds and a fourth. The best time was 2.10¼.

The R.C.Y.C., Toronto, has formally challenged the Rochester yacht club for the Fisher cup, won last year by the Genessee. Frank M. Gray will convey the challenge to Rochester from Toronto. The race will take place off Charlotte in September. Genessee will likely be the American defender.

According to the Gananoque papers, that man Charlie Jerome is an awful excuse for a baseball referee; he is practically accused of giving the game to the Ponies at Alexandria Bay, Tuesday. The worst they can say of him is not bad enough. It is asserted that in the eighth inning when Dehaney was at bat the umpire saw the batter deliberately jump in front of the ball, so as to get his base free. Dehaney was not struck on the back, as stated; neither did he jump in front of the ball; he bent forward, thinking to allow the ball to pass behind him, but it curved in and caught him on the left arm, not on the back. Gananoque sports know Charles Jerome too well to believe what the papers of that town say in disparagement of him. There is not a more reliable nor trustworthy umpire obtainable; he gives his decisions honestly and fearlessly.

MARINE INTELLIGENCE.

Notes Regarding the Movements of Vessels.

The schooner Kate, light, cleared to-day for Oswego to load coal for this port.

The tug Active, with two light barges, cleared this morning for Charlotte to load coal for this port.

The sloop Maggie L., grain laden, from Bay of Quinte ports, arrived at Richardson & Sons' elevator this morning.

The tug Thomson arrived this morning from Montreal with five light barges, and cleared again with three for Charlotte to load coal.

The tug Hall and barge Cornwall, of the M.T. company fleet, were floated out of the government dry-dock to-day after receiving repairs.

Called at Swift & Co's wharf to-day: Steamers Toronto, down and up; Swift, from Ottawa, on up and down trips; Hamilton, up, and Algerian, down.

The barge Toronto, of the M.T. company fleet, on the ways at the foot of Queen street, having her forefoot repaired, was slipped back into the water last evening.

Interred Near Her Old Home.

The remains of the late Mrs. J. Taylor were at noon to-day taken to her former home in St. Mary's, Ont. Her two surviving children, Charles, clerk with T. F. Harrison, and Harry, clerk in Mitchell's drug store, accompanied their mother's remains to their last resting place. The deceased lady's death took place yesterday at the residence of T. F. Harrison, where she had made her home for some time. Death released her from a long period of illness. Besides her two boys, she leaves a number of brothers and sisters: Dr. Marshall, Buffalo, N.Y.; E. Marshall, in California; J. Marshall, Sault Ste. Marie, Mrs. (Dr.) Stackhouse, Buffalo, N.Y., Mrs. O. Chown and Mrs. T. F. Harrison, this city. The latter, with her husband, accompanied the remains to the west. Mrs. Taylor was a Methodist, an adherent of Sydenham street Methodist church. She was a woman of kindly disposition, and one whose many noble qualities will not easily be forgotten. To the boys who are thus bereft of their parents their numerous friends extend heartfelt sympathy.

Sick Of It Themselves.

Belleville Ontario.

Some kind friend of the young man who writes "Timely Topics" in the Intelligencer should call him aside and gently break it to him that it was time Kingston was given a rest. Kingston may have a penitentiary, but it also has an institution that takes care of persons who get hobbies of different kinds. The Intelligencer man is eligible for one of them.

Laid A Counter Charge.

The three young men charged with assaulting the "old organ grinder," Sunday afternoon last, appeared before D. J. Walker, J.P., at Bay View hotel, Cataraqui, this afternoon at four o'clock to answer to a charge of assault. William Healey, one of the trio, laid a counter charge of assault against the old man, who he claims struck him over the head with a walking cane. A. B. Cunningham appeared for Healey.

From The Briny Deep,

The Belleville Intelligencer says: "The sea serpent has been seen in Kingston. It chased a tailor at a Sunday school picnic but retreated in good order when somebody threw it a chunk of custard pie. Even the sea serpent backs away from Kingston pie."

He was backing away to take a run at the pie, so he would be sure to get it all. See? Kingston girls made that pie, and it was tempting enough to call up creatures from the briny deep.

Married In New York.

Miss Minnie Wallace, a trained nurse in the Presbyterian hospital, New York a graduate of the Kingston general hospital was married on July 18th at Manhattan, L.I., to Thomas Johnston, druggist, New York. Both bride and groom were former residents of Canada, but the groom is a Scotchman by birth. The groom's father, now deceased, was a commander in the British navy for forty-seven years, commanding the naval reserve and took part in many hard battles, including those of the Crimean war.

Never Yet Vanquished.

Kingston Canton, I.O.O.F., will leave on Sunday for Rochester, N.Y., to participate in the competition drill there for a purse of $200. They have not yet decided whether they will bring the money home with them or spend it there. The canton has never been defeated yet, and has won from Yankees twice. They have been doing a lot of training at the skating rink, and are confident of again carrying off first prize. They will leave the city on either the steamer Toronto or the steamer North King on Sunday afternoon.

A Most Delightful Concert.

The city park was filled to overflowing last evening, the occasion being another of the people's popular concerts by the 14th regimental band. There were about forty bandsmen on parade. The entire programme was rendered with a finish and precision that showed careful training. A feature of the evening was a beautiful clarinet solo by Sergt. J. S. Robinson. Several encores were demanded and accorded. The concerts are drawing to an end, only two more being on the slate.

Despondency and Depression.

Too often result from causes, at the beginning easily remedied, but neglected most difficult to remove. The liver, allowed to become torpid and inactive, paves the way for a host of diseases, constipation giving away to indigestion, until at last the unfortunate victim has to undergo all the horrors of acute dyspepsia. No remedy so speedily and with such certainty corrects all diseases of the liver and stomach and bowels as Hamilton's Pills of Mandrake and Butternut. Vegetable in composition and always safe. Sold by dealers everywhere.

Eye Badly Injured.

Constable Arrell has a bad looking eye in his head. It is not naturally a bad looking one, but was rendered so in a duel that took place between himself and "Pete" Thompson, the Princess street barber, while the two were drilling at the canton meeting in the skating rink the other night. The point of "Pete's" broadsword struck the constable in the eye, inflicting a very unpleasant wound. The affable guardian of the peace and eye was put hors de combat at the beginning of the first round. Dr. Connell, eye specialist, is treating the injured optic.

Extensive Improvements.

The Watertown, N.Y., Times, speaking of the formation of a company to buy the steamer Unique, adds:

"Ten thousand dollars of the capital will be used in making improvements. The Unique will be hauled out at Kingston this winter and the engines thoroughly refitted. The pilot house and captain's rooms will be removed to the hurricane deck and the cabin finished with white enamel. There will be rotary chairs on all the decks and more forward deck room. The articles say that no person can own more than five $100 shares. The company will be known as the Rapid Transit company of Alexandria Bay, although several Syracuse and Watertown men are interested in the enterprise."

Another Convention Booked.

Following close upon the convention of the electrical engineers, which closes on the night of the 31st inst., will come the annual convention of Knights Templar, one of the highest branches of the masonic order. The delegates will convene here Sept. 5th and 6th and there will not be less than 300 of them. Many uniformed encampments will come along, so that for the time being Kingston streets will abound with handsomely uniformed men. The council should take the same precautions to send these strangers away pleased, as have been taken to give the visitors to the medical health officers' association a good time and to provide enjoyment for those attending the forthcoming electrical convention. Kingston is becoming a popular convention city and the holding here of these annual gatherings should receive every encouragement.

MAYOR MINNES SATISFIED.

HAS ATTAINED THE HEIGHT OF HIS AMBITION.

Will Not be a Candidate for a Second Term—He Has Been Asked But He Feels He Has Done His Duty.

Mayor Minnes is not a believer in second terms, at least so far as he is personally concerned. He states positively that he will not again be a candidate for the office of mayor, notwithstanding the machinations of the conservative party to the contrary. Mayor Minnes says he has reached the height of his ambition, politically; he has had a busy year, between one thing and another, and desires to drop out of politics in order that he may devote himself as he should to his business, and when not so occupied that he may have a little spare time to himself, with nothing to bother. He acknowledges, however, that he was approached more than once or twice and pressed to stand again, but each time he firmly and sincerely refused.

PERSONAL MENTION.

Movements of the People — What They Are Saying and Doing.

J. E. Dempsey, of the Sun, Belleville, was in Kingston, yesterday.

Frank Jackson, Peterboro, is visiting his parents on Dufferin street.

Joseph Smythe, of Nugent & Taylor's, is spending his holidays in Toronto.

The Misses Walker, Buffalo, visiting their aunt, Mrs. Hett, Queen street, left to-day for home.

William Wilson, jeweller, of Toronto, has returned home after a pleasant outing in Kingston and vicinity.

Miss Florence Traynor has returned to her home in Toronto after visiting friends here for the past two weeks.

Misses Walker, Buffalo, N. Y., visiting their aunt, Mrs. Hett, Queen street, returned to her home on Wednesday.

Howard Gamble, head clerk in Heag's drug store, has returned to work after enjoying his holidays at Lyn and Brockville.

A. L. Mundy and party, New Brunswick, N. J., arrived yesterday on their annual outing to Bob's Lake, where Mr. Mundy owns a cottage.

Fred. Murray, street railway motorman, to-day left the employment of the street railway company to enter that of Louis Abramson, clothier.

John Litton, the mason injured by a falling building a few weeks ago, has so far recovered as to be able to be out again. His injuries were very painful.

John M. Sherlock, the well known soloist, has been seriously ill at the home of his mother-in-law Mrs. Dunlop, Rideau street. He is now improving.

Patrick Lawless, formerly clerk in the British American, but now clerk in the Benson house, Lindsay, Ont., was in the city yesterday shaking hands with old friends.

Dr. George Barker and wife, Burlington, Vt., who have been visiting his mother on Wolfe Island for a couple of weeks, returned to their New England home to-day.

William Creamer, farmer, township of Kingston, was apprised yesterday of the death of his father, a former resident of the township, but recently residing in the northwest territories.

The Misses Lang and Flynn, Montreal, were the guests to-day of Mrs. M. M. Boyd, University avenue. The young ladies were en route home from a pleasure trip to Toronto, Niagara Falls and other western Ontario points.

Richard Graham, Portsmouth, is en route to England. He received word last week that a wealthy relative had died, and his presence was required to look after the winding up of the estate. He was a man of considerable means himself.

Mr. and Mrs. J. W. Stockwell, Toronto, have returned from a trip down the river, and speak in glowing terms of the new steamer Rideau Queen, and the Rideau route. They visited the Thousand Islands yesterday, and on their return will be the guests of Dr. H. L. Wilson, at Glen Island.

A Pretty Water Carnival.

The quiet inhabitants of Wolfe Island, together with their many summer visitors and hotel guests, made merry last night. The harbor at Marysville was as pretty a scene as anyone could wish to behold. A large crowd was present to take part in the illuminated water carnival. The affair was ably managed by Col. Janeway, Capt. Lewis, Dr. Spankie and Messrs. McCoslin, Gokey, Earnst and Schants. Capt. Lewis was the moving spirit permeating the entire event. About forty skiffs participated. These were divided into two sections. Hiram Calvin's steam yacht, Blue Bell, with the Wolfe Island band in tow, led the first section, while Mr. Gokey's steam yacht headed the second section of the aquatic parade. The carnival started at 8 p.m., and sailed around the harbor until 10:30 p.m. It was a novel and beautiful sight. All the boats were prettily decorated, and myriads of colored lights were shown. After the carnival was over three cheers were given for Mr. Calvin, Capt. Lewis and the band. The latter was under the leadership of W. J. Jacobs, instructor of the 47th regimental band. The Wolfe Island people are greatly delighted over the success of the carnival; and the same can be said of every guest on the island.

Income Of A Sleeping Car.

Kansas City Journal.

The income or earning capacity of a sleeping car is considerable. Take the run from New York to Chicago, 1,000 miles. Every road in the United States pays three cents a mile for the privilege of hauling a sleeper and contracts to return said car in as good shape as it is received and to pay for all damages. The journey on the limited expresses to Chicago is made in twenty-four hours, therefore, the car earns $30 a day for travel.

If it is full, which is generally the case, receipts from berths, sections and staterooms amount to $185, making a total revenue of $215 a day. Out of this must come the wages of the porter and conductor—the latter, however, usually having charge of several cars—the towels, sheets, soap, ice, etc., the whole amounting to but a small sum.

Then there are the wear and tear and general depreciation, the daily cleaning, the annual refitting and repainting. Set these charges down at ten per cent. and give the car three trips a week of 1,000 miles each, and we have its earnings at over $60,000 annually. Some can earn a great deal more.
