CHILDREN MADE HAPPY BY KINDLY FORETHOUGHT.

Annual Children's Festival at Napanee—Arranged for Through the Kindness of John A. Shibley—Over 500 Children in Attendance—A Joyous Occasion.

Napanee, Aug. 23.—The children's festival in the driving park yesterday, given free to 500 children by our generous townsman, John A. Shibley, was a thoroughly enjoyable affair, judging from the happy smiling faces of the children assembled. Descronto, Yarker, Newburgh, and Strathcona were represented, and on the arrival of the trains, rigs were in waiting to convey the children to the park, and a like service was rendered when the sports were over.

It was truly a gratifying picture to see the 500 children seated at the tables, enjoying their dinner in open air, and the way the viands disappeared spoke well for their growing appetites. They were served and helped to everything they could eat, and frequently the remark was heard when pressed to have some more: "Oh, dear no, I can't eat another mouthful." The dinner was a most substantial one and it is no wonder the little ones had appetites, for everything was both tasty and dainty. The tables were set under the trees in the park, and the children were waited upon by a bevy of our town's nicest young folk, who seemed to be enjoying the occasion as well as the children.

Numerous swings were erected throughout the park and the children played about and enjoyed themselves until the sports were announced at two o'clock, when the following events were run off and the winners made happy.

Boys' 100 yards dash—Gordon Minchinton, Charles Pearson.

Boys' seventy-five yards dash—Harold McAfee, Willie Hunter.

Boys' fifty yards dash—Lorne Plumley, Charles Shorey.

Girls' seventy-five yards dash—Mary Woodcock, Mary Charade.

Girls' seventy-five yards—M. Charade, Marion Stevens.

Obstacle race, 125 yards—John Lynn, Harold Willison.

Barrel rolling contest—Charlie McCabe, Cameron Lee.

Barrel rolling for larger boys—Gordon Minchinton, John Lynn.

The 14th regimental band from Kingston enlivened the afternoon's proceedings with choice selections of music. The day could not have been more pleasant had the weather been ordered, and nothing occurred to mar the proceedings from start to finish. Mrs. A. R. Boyes had the management of the entertainment in hand and too much praise cannot be given her for her tact and ability in supervising the day's proceedings. The children cheered heartily their generous entertainer on leaving the park, and in fact all the way to the station lusty cheers were echoed.

In the evening a fine promenade concert by the famous 14th band was given. This was also arranged by the same worthy philanthropist and many citizens spent a very pleasant evening listening to the music, and chatting pleasantly with acquaintances. After the concert in the park the bandsmen were entertained at Mr. Shibley's home, where they spent a pleasant hour in music, singing, etc.

T. W. Casey attended the funeral of his cousin, Hiram W. Casey, in Kingston yesterday. Palmer McKim, Deloraine, Man., is visiting his parents, Mr. and Mrs. J. M. McKim. This is his first visit home in eighteen years. E. Percy, Mount Forest, is visiting relatives in this vicinity. Miss Alice Neilson is attending the millinery openings in Toronto, and will be absent for the next two weeks. F. S. Selwood, science master of the collegiate institute staff, has resigned his position and intends to study law. A new science master has been advertised for. A number of citizens attended the "gathering of the clans," at Belleville yesterday. J. C. Hardy, who so competently managed the business for the Mowat estate for some months, said good-bye yesterday to his many acquaintances and left for his home in Kingston.

Read It In the Faces

Of the People You Meet—This Irritability, the Gloom, the Despair Caused by Brain Trouble, Starved Nerves and Impoverished Blood—There is Hope in

Dr. Chase's Nerve Food.

This is the age of brain trouble, of heart failure, of paralysis and of body weaknesses. You can read it in the faces of the people you meet.

The business man, the factory hand, the professional man and laborer alike find their nervous systems giving away before the terrible strain of keen competition.

Nerve force is being consumed at a tremendous rate, and the blood which must make good this loss becomes thin, weak and watery. The whole secret of preserving health and curing disease in all such cases is to supply an abundance of rich, red blood.

Stimulants may drive the heart at a more rapid pace for a time, but the breakdown will come with greater force. The blood demands nourishment, the nerves cry for sustenance from bodily pains, aches and irregularities disappear by the use of Dr. Chase's Nerve Food, the great blood builder and nerve restorative.

It is vain and suicidal to delay with the hope that nature will make a cure. Nervous diseases do not get well of their own accord. Sleeplessness, nervousness, irritability, brain fag, loss of memory and energy, headache, nervous dyspepsia and similar symptoms are merely the beginnings of what will most assuredly end in nervous prostration, paralysis, epilepsy, insanity or other dreadful nervous diseases.

By a regular and persistent use of Dr. Chase's Nerve Food new, rich blood is formed, wasted nerve cells are restored and revitalized and the system is reinvigorated with new life, new vitality and new confidence. Disease is positively and permanently overcome and gloom and despair give place to new hope and courage. The form rounds out, the weight increases, the color returns to the cheeks.

The phenomenal success which has been accorded Dr. Chase's Nerve Food in Canada and the United States is due to its strengthening, invigorating influence on the blood and nerves and through them on the whole body. It makes people well. In pill form—50c. a box—at all dealers, or Edmanson, Bates & Co., Toronto.

Eczema, Salt Rheum and every form of itching skin disease is positively cured by the soothing, healing, influence of Dr. Chase's Ointment, 60c. a box, at all dealers.

CORBETT WILL BET.

He Has $10,000 to Say He Can Beat Fitzsimmons.

New York, August 23.—The Journal says: Jim Corbett would like to have a match with his old-time rival and conqueror, Bob Fitzsimmons, and offers to wager $10,000 at even money that he will defeat the latter in another battle.

Corbett is busy preparing for his coming encounter with "Kid" McCoy, which takes place at Madison square garden on Aug. 30th, but he found time after his work out at Bath Beach to reply to Fitzsimmons' statement and make known his desire to get another chance at the lanky Cornishman.

Corbett said: "I see that Fitzsimmons says McCoy and myself are second raters. Well, if he really thinks so, I will give him a chance to fight a second rater and at the same time win a good side wager.

"Jeffries knocked him out in eleven rounds, and I made the champion look like a novice for twenty-three rounds. If I can beat a man for twenty-three rounds who stops Fitzsimmons in eleven I think I have the call on the latter.

"There is no doubt in my mind that I can defeat Fitzsimmons at any time, and just to show that I have confidence in my ability I will wager him $10,000 on the result of the battle between us. The fight can take place any time agreeable to Fitzsimmons. This proposition holds good whether McCoy defeats me or not.

"If there is any man in the ring whom I believe I can whip it is Fitzsimmons."

Sporting Notes.

Hamilton may place an intermediate team in the O.R.F.U. this season.

The Toronto lacrosse club is considering the idea of forming a rugby team and entering the O.R.F.U.

Cornwall lacrosse club has lost money this season. They started out with $1,000 and on Saturday individual members of the club had to go down in their own pockets to pay the Toronto club's expenses.

The sixteenth annual tennis tournament for the international championships, under the auspices of the United States national lawn tennis association and the Canadian lawn tennis association is in progress at Niagara-on-the-lake. This tournament is the oldest established tennis event in Canada, the first tournament having been held in 1884.

The members of the New Westminster lacrosse club, champions of British Columbia, have arrived in Montreal. It is claimed by the western people that the team is superior to any eastern twelve, and that this team will amply demonstrate this claim during their tour. The first appearance of the visitors will be this afternoon, when they will play the Montreal team on the M.A.A.A. grounds. They will play the Torontos at Rosedale on labor day.

George R. Gray, of Coldwater, Ont., holder of the world's record for putting the sixteen pound shot, made three wonderful trials on the old parliament grounds, Toronto, finishing up only two inches behind his own best mark. T. Flanagan, the well-known Irish athlete, and brother of champion John, measured the puts and vouches that they were of forty-four feet ten inches, forty-five feet, eleven inches and forty-six feet, ten inches. This is the best mark ever made by a shotputter on Canadian soil, though it will not go on record.

Many do not understand why the English rowing authorities are apparently so arbitrary in their rules concerning eligibility. Englishmen say that mechanics artisans or laborers are not amateurs, the feeling being that men so employed have an advantage muscularly over those who are not engaged in every-day life in a way to develop their muscles. Many think it is snobbishness on the Englishmen's part, but this is not so. No slur is meant in a social way, it simply being a rule to confine competition to those who have no advantage physically, such as one who makes rowing a business or one who is engaged daily in a way to develop his muscles.

CANADIAN PRODUCE TRADE.

An English Syndicate Formed to Control It.

Montreal, Aug. 23.—It is reported that a syndicate composed for the most part of English capitalists has been formed with a capital of $2,800,000 for the purpose of carrying on trade in Canadian produce. It is understood that there are one or two Canadian financiers in it, but they are gentlemen who have not hitherto been engaged in this branch of commerce.

For the past few months representatives of the company have been in Canada investigating, and it has been decided to erect a mammoth cold storage of the most improved design at Montreal, and tributary ones at Toronto, Belleville, Hamilton, and other places in the west. The company proposes to deal in Canadian cheese, butter, eggs, poultry and meats. Numerous Canadians have already been engaged in the interests of the syndicate, and business may be commenced in a small way very shortly, but it is expected that it will take two years before everything is in working order. It is said that the management will come to this country from England, but otherwise Canadians will be very generally employed.

St. Paul Beaten In The Race.

Washington, Aug. 23.—The population of the twin cities of Minneapolis and St. Paul is announced by the census office. For 1900, Minneapolis leads with 202,718, and St. Paul has 163,632. In 1890, Minneapolis had 164,738 and St. Paul, 133,156.

England Depleted of Soldiers.

London Court Journal:

Not for nearly eighty years has there been such a small line force in the united kingdom as at present. There are now at home only four cavalry regiments, the 1st Dragoon guards, 2nd Dragoon guards, 7th Hussars, and the 21st Lancers, exclusive of the Household cavalry and its present strength of about eight hundred men; and eleven battalions of infantry. On paper there is a fairly strong force of artillery, but as many of the batteries at home are recently formed, three dating only from last Saturday we are not so well off in this as numerically we appear. The British garrison in India is also lower than it has been for years. The normal white garrison of India was fixed at a certain strength by politicians of both sides, but it is now some ten or twelve thousand below what has always been considered a safe margin. Owing to the necessities of South Africa, there is at present less British cavalry in India than has been known since the time of the East India company, only five regiments being now in India, and the artillery is also very much below the hitherto accepted standard.

Piccadilly Points.

Piccadilly, Aug. 21.—Harvesting is now about completed. John Campbell is already around with his machine and has threshed out several barns. The grain turns out well. The lawn social at Verona this evening, in aid of the Methodist church, will be attended by a goodly number from this vicinity. On Friday evening, 17th inst., a ball was given in the hall, in honor of R. T. Thompson, who is about to leave for the west. A fine crowd was present and a most enjoyable time was spent. Supper was served at F. Leslie's hotel.

School has re-opened with the usual large attendance. A Charlton, Verona, is doing a fine job on the addition to C. Godfrey's barn. S. Goodberry, sr., on the sick list for some time, is considerably improved. M. J. Haney and family, Toronto, are at present visiting Mrs. M. Godfrey, Mrs. Haney's mother. Miss Della Spider, Oak Flats, at W. Clark's, and Miss S. Harker and W. Alton at D. J. Goodfellow's.

Vennachar Varieties.

Vennachar, Aug. 21.—Farmers are busy with their harvest. A good yield of grain is expected. Those that went from here to the picnic at Cedar Lake grove, given by the Denbigh boys, were well pleased with the day. Some did not get home till the "small wee hours in the morning." Rev. A. McGoone preached on Sunday evening in the Methodist church. Prosper Cowan returned from Verona with a felon on his thumb. Those on the sick list are recovering. Visitors: Mr. and Mrs. McLaughlin at J. Gilmour's; Harvey Perry at R. W. Connor's; Rev. R. W. Irvine at R. Connor's.
