THE FOOTBALL PROSPECT.

HAMILTON AND TORONTO ARE PREPARING.

New Clubs Spoken of at Hamilton and Toronto—Sailor Men Preparing For the Coming Race Off Charlotte—Notes of Doings Among the Boxers.

The Park Nine baseball team has the Toronto senior league pennant as good as won.

At Hamilton the home team defeated the touring Philadelphia cricket team by a score of 129 to fifty-nine.

At Toronto Saturday next Tim Callaghan, Philadelphia, and Ole Olesson, Chicago, will meet in the ring. Both are clever boxers.

Jimmie Hatton has returned from South Africa just in time for the football season. He knows a thing or two about the game.

The Canadian cricket association will meet at Toronto next week to name a team to meet the Philadelphia team at Toronto, Sept. 21st.

The Galt lacrosse club has decided to push the protest of the game which Brantford won on Saturday at Paris by the score of four to nothing.

J. L. Counsell, the erstwhile footballist, is playing great cricket for the Hamilton team. At Guelph, Saturday last he ran up 101 and was not out.

Carson pitched to-day at Cape Vincent for the Granites. McCammon was unable to get away. Easton and a couple of other members of the Ponies assisted the Cape Vincent nine.

John A. Rumohr, the oarsman, lately of Toronto, is thinking seriously of entering the professional ranks, to meet Tom Eyck, providing a sufficiently large purse can be hung out.

The alleged new twenty-four hour road record of 305 miles, claimed to have been established by John Smith, of Toronto, will not be allowed by the Canadian road club, proofs of the ride not having been furnished.

Nothing has lately been heard of the scheme to form a central Canada football union, comprising Kingston, Brockville, Ottawa and Peterboro, with possibly Belleville. The scheme had its origin in Brockville, and Granites partly consented to go in with it.

The Royal military college will not have as strong a football team in the field this season as last, because some of the strongest men have graduated, but there is plenty of good material to be worked up. The back division suffered most by last June's graduation.

McCarthy, the Hamilton heavyweight scrimmager, decided last fall to make Kingston his home, but he has not turned up as yet. As a citizen he would be welcome, but as a footballist he would have been doubly so had he come along in time to be of assistance to the Granites.

The second definite challenge for the Seawanhaka cup has been received by the Royal St. Lawrence yacht club from the Bridgeport yacht club, Black Rock Harbor, Bridgeport, Conn. This makes two definite challenges, the other being from the White Bear club, St. Paul, Minn. The English challenge is still in abeyance.

There will be no yacht race in the harbor next Saturday, nor has it been decided when the race of last Saturday will be re-sailed. Next Saturday all the Kingston yachts will leave for Hub Rock, near the Thousand Island park, where yachtsmen will remain until Monday night.

A road driving association is to be formed in this city. William Robertson, Sydenham street, has the arrangements in hand. Already 125 citizens have subscribed towards membership. The members will meet in a day or two to complete organization. Club rooms may be engaged for the winter season.

In his recent fight with sailor Sharkey, Fitzsimmons began fighting at 11:15. He had won his battle before 11:20. He had settled his money affairs by 11:30, and at midnight, with only a small cut to show the terrible fight through which he had passed, he was at Bergen beach leading the dance in the grand ball of the Percy S. Williams' employees' association.

The Toronto Argonauts are to meet this evening to talk over football prospects for the fall campaign. The Argos expect to have a swift team in the field and count on having the services of Kent, Hardisty, McKenzie, Ripley, Parmenter, Ardagh, Chadwick, Hill, and in fact nearly all of last year's team, as well as Kerr and Wylie, formerly of Hamilton, who are now residents of Toronto.

A senior football team, to be known as the Torontos, is talked of at the queen city, the senior lacrosse team forming the nucleus of the new organization. A committee has been appointed to consider the matter and report. It is suggested that a league composed of the Torontos, Shamrocks, Montreals and Capitals be formed, but in the event of this not being feasible, application will be made for admission to the O.R.F.U.

Tommy West and Joe Walcott, rivals of ten years' standing, met at New York Monday night. The fight was fast and furious. Walcott was winning easily, when at the end of the eleventh round he refused to go on. He said his arm was injured. A doctor examined it and pronounced it all right. The referee gave the fight to West. The club withheld Walcott's end of the purse.

In his pace following, Johnny Nelson has brought forth a new style, placing his head directly at the back of the rear pacemaker, and riding with his head well over and face down in the shade of the body of the rear man. Others changed their style rapidly, but found it almost impossible to copy the exact style of Nelson. In his races Nelson has never been shaken in a race, a record in itself. He has found no pace sufficiently fast enough for him.

Charles G. Davis who sailed the Genesee to victory in last summer's Canada cup races, will act as skipper of the great 35-footer in the races for the Fisher cup to be sailed with a Canadian challenger off Charlotte next month. Mr. Davis arrived at Rochester Friday and went at once to the house of the Rochester yacht club. He made a critical inspection of the Genesee, and Saturday had her out for a spin, remarking that she was better than ever.

E. Manley, a graduate of Harvard university, has invented patent safety football goal posts, with a view to preventing accidents to players while play is centred around the goal posts. His scheme is to set the goal posts back a safe distance from the touchline, but to have the cross bar project out from the posts so that it will come directly over the line. Needless to say the innovation will not be kindly received in Canada, simply because the need of such a thing is not felt.

Speaking of football matters, a Hamilton despatch intimates that it looks as if the monarchy of the old Hamilton rugby football club is to be thrown down and a republican government instituted. There has been dissatisfaction among the players for two seasons and this year many of the pigskin chasers are members of the St. Patrick's athletic club. This club wrote to secretary Mowat asking if it could enter a team, but no answer has been received. A meeting of St. Patrick's club was held a few nights ago, when the matter was discussed. J. L. Counsell, former captain of the Tigers, spoke. A motion to offer amalgamation with the Hamilton club was defeated. It is hinted the organization of a rival team is really to form a coalition and get rid of some of the fossils in the old club.

There is one man in this world who desired to have the South African war cease by July 1st, and he resides right here in Kingston, "Capt." Geoghegan, secretary of the Granite football club wanted to have "Colt" Metcalfe and "Old Man" Ross back by August 1st, so that they might be eligible to play in the fall matches. His desire to have them back raises a nice point for the patriots of the executive committe of the O.R.F.U. to settle. Supposing Ross, Metcalfe, Walters and the rest of the footballists return to Canada in time to play football in October, will they be debarred from indulging in the game by the two months' residence rule? They are fighting the battles of queen and empire and will the union discriminate against them as against professionals? If so, it will certainly be a hardship.

PERSONAL MENTION.

Movements of the People — What They Are Saying and Doing.

Miss Gould, Kingston, is visiting Miss Luella Tennant, Caintown.

Police constable-elect Hazlett will be sworn in and begin his duties on Sept. 1st.

James Hatton, the returned warrior, left to-day for Watertown, N.Y., to visit his sister.

Mrs. A. E. Greaza, St. Paul, and Miss E. V. Greaza, left by C.P.R. for Toronto and Niagara.

Mrs. Neil and Miss Lottie Neil, Johnston street, left to-day to visit William Neil, Buffalo, N. Y.

Peter Milne, of the Canadian Freeman composing room returned this morning from a holiday outing up the Rideau.

Hugo Craig has resigned the position of purser on the steamer Ella Ross on account of ill health. Clarence Skinner, of Gananoque, succeeds him.

Little Miss Kathleen McCammon, daughter of Thomas McCammon, of Rockwood hospital staff, was severely bitten by a dog in the village of Portsmouth a day or two ago.

Mrs. Peirce, matron at Rockwood hospital for the insane, met with a painful accident lately. In stepping into the carriage she slipped and sprained her knee.

Rev. Frank Bradley, Bracebridge, is in the city. He came down to attend the Methodist conference at Cataraqui to-day. Mr. Bradley was at one time in the employment of the local street railway company.

Sergt. Frank Hamilton, "A" field battery, last evening entertained many of his friends at his home in honor of the recent marriage of his daughter. A very happy evening was spent, dancing, games, etc., being indulged in.

Corpl. Gray, "A" field battery, who returned yesterday from South Africa, with a broken leg, has been grafted three weeks leave of absence, and may have this period extended if his leg is then not sufficiently well. Corpl. Gray lives in the city.

Letters have been received from Dr. Sidney Gould, late of St. John's church, Portsmouth, who is now stationed at Acre, Palestine. Dr. Gould says they fear that the plague will attack them as it is raging both north and south of them. The natives are all greatly excited too.

MARINE INTELLIGENCE.

Notes Regarding the Movements of Vessels.

The tug Thomson arrived from Charlotte with two coal laden barges.

The steamer Persia, from Toronto, called at Craig's wharf this morning.

The schooner Burton arrived to-day from Oswego with coal for Crawford & Co.

The tugs Active and Thompson cleared to-day for Montreal with seven laden barges.

The schooner Eliza White arrived this morning from Oswego with coal for Folger Bros.

The steamer Myles cleared to-day for Fort William to load grain for Richardsons' elevator.

The steamer Unique had an excursion from Ogdensburg to Glenora yesterday. She passed down last night.

Arrivals at Swift's wharf: Steamer Toronto, on down and up trips; steamer Rideau Queen, from Ottawa; schooner Fabiola, with coal from Oswego.

Heavy Excursion Season.

H. M. Folger, president of the Thousand Island steamboat company, stated to-day that the excursion business on the river this year was greater than ever before. Among the Thousand Island resorts the business increases year by year as can be seen by the additions to the "White Squadron" since 1892, three steamers being added in that time to the fleet. The excursion traffic from Kingston to river points has also slightly increased this year over 1899, which was probably the best the Thousand Island steamboat company ever had. Competition on the river has not affected the company. The rates have been lowered somewhat, but the travel increased, as also did the demand for meals on board the steamers.

School Attendance.

Inspector Kidd predicts that the school attendance will be very larger nearly all the grades will have more pupils in them than ever before. He is of the opinion that an additional teacher may be required in one of the senior grades—i.e., that the teacher supplying Mr. Staples' place will have to be retained after the model school closes.

MISS M'CARTNEY MARRIED.

THE EVENT OCCURRED AT ONE O'CLOCK TO-DAY.

The Charming Vocalist Became Mrs. Meiklejohn and Will Reside in St. Thomas—Regret at Her Removal — Carries Off Tokens of Esteem.

At one o'clock to-day, at the residence of the bride's mother, 234 University avenue, Rose Lavina, youngest daughter of the late John McCartney, was married to John Allen Meiklejohn, B. A., of St. Thomas, Ont. The bride was given away by her brother, Ald. William McCartney. The wedding gown of handsome white satin brocade was very becoming to the tall and graceful bride, the bridal veil, orange blossoms, and shower bouquet of white roses adding an appropriate finishing touch to her dainty toilette.

Miss Gertrude Anglin, in pink organdie, and Miss Mertie Day, in heliotrope organdie, acted as bridesmaids, each carrying a bunch of white carnations. The groomsman was James Macdonnell, of Montreal.

The ceremony was performed by the Rev. E. B. Langeley, of Sydenham St. Methodist church, the bridal party standing within a floral bower. The mantel was banked with palms and ferns interspersed with vases of pink and white asters. The curtains were festooned with delicate sprays of green caught at intervals with pink and white asters. The general effect was charming, as it was a pink and white wedding, but the pink and white Rose was the centre of attraction, as she was the queen of all the flowers in that room.

The musical part of the programme was in the hands of Miss Shaw and Miss Ethel Armstrong, and the tones of piano and violin blended sweetly together the plaintive strains of "O, Promise Me," while, after the ceremony, they rang out assuredly in the triumphant wedding march of Mendelssohn.

At the conclusion of the marriage service, the bride and groom received the congratulations of the relatives and intimate friends who formed the wedding party.

Dejeuner was served in the dining room, where the bride's table was done in green and white. The bride cake was banked around the base with white asters and asparagus fern, and the same combination appeared on top of the cake.

The wedding gifts were displayed in the sitting room upstairs and were much admired. Amongst them were handsome silver spoons from Sydenham street church choir, a purse of gold from the congregation of the same church, and a handsome chair from the Sunday school, three very valuable gifts, which after all are only a small token of the very high esteem in which the bride is held by the church in which she has so willingly rendered the services of her voice in song.

It is not alone in the church and Sunday school that her sweet voice has been heard. In the ladies' musical club, in concerts, social, patriotic, or charitable, time and again has Miss McCartney been solicited to sing, and she was always most gracious and obliging in responding to such solicitations. She will be very much missed in Kingston, and St. Thomas will be the richer by one sweet soprano.

Although a comparatively small number of guests had been invited to the wedding, the large number of gifts from friends who were not present indicated the popularity of the bride. Cut glass, china, silver, fancy work, ornaments, cutlery, linen, cheques, and many other articles were included amongst the array of pretty gifts which covered the tables on two sides of the sitting room. The bride's travelling suit was navy blue serge coat and skirt, with white silk blouse and navy blue hat with grey feathers. Mr. and Mrs. Meiklejohn left by the steamer Toronto, for Rochester and other cities in New York state. Their new home will be in St. Thomas, where Mr. Meiklejohn is engaged in teaching at the collegiate institute.

ASTHMA FOR 35 YEARS

Doctors Said They Could Only Give Him Temporary Relief—Clarke's Kola Compound Cured Permanently.

R. D. Pitt, Esq., Kamloops, B.C., writes: "For thirty-five years I have almost constantly suffered with asthma and difficult breathing. I spent a fortune on remedies and doctors. At last my doctor said I might get temporary relief, but would always be troubled. When first hearing of Clarke's Kola Compound I tried it. The first bottle did not relieve me much, but after taking four bottles I was completely cured. I can now breathe as naturally as ever and asthma does not trouble me in the least." Clarke's Kola Compound not only relieves, but permanently cures asthma. Sold by J. B. McLeod, druggist, Kingston, or the Griffiths & Macpherson Co., limited, Toronto.

New Religious Sect.

Almost every month some new sect or religious dissenters is heard of in Russia. A new one has just been found in Siberia, which has for its chief doctrine the idea of the "spiritual marriage." These people are known to the authorities as Tolstoians on account of the similarity of their beliefs to the theories laid down by Tolstoi in "The Kreutzer Sonata." The members of this new sect are extremely industrious and they abstain from meat, wine and tobacco.

The Charges Are High.

Seven persons in a party partook of dinner at Gananoque Inn recently and the bill was $8.75, or $1.25 each, though only the ordinary dinner was served. Later two of the party went to the bar and ordered drinks, two whiskeys, putting down a half dollar, which the bartender quickly placed out of sight. The gentleman paying for the drink asked, in a tone of sarcasm, "Is that enough money?" and the urbane wine clerk replied, "Oh, that is near enough."

A detachment of the 14th regimental band received Corpl. Grey at the depot upon his arrival home Tuesday morning. The bandsmen alone were at the depot to greet the returning warrior.

To Attend The Fair.

The steamer America left at 8:45 this morning for Cape Vincent, having about 100 on board bound for the Cape fair. The Granite baseball club went over, and will play there this afternoon. The 14th regimental band was engaged for the occasion.

Died In Brockville.

The death occurred in Brockville on Tuesday of W. H. B. Smythe, a leading citizen of that town. Deceased was born in Merrickville in 1832. His wife, a sister of Mrs. Judge McDonald, Brockville, died two years ago. The remains will be interred at Cataraqui cemetery to-morrow.

Classes begin Monday, Sept. 17th, at 9:30 a.m. For further information apply to Miss M. Gober, M.A., 267 William street.

Changes Of Teachers.

A meeting of the management committee of the board of education was called for last evening. Chairman Lambert and J. G. Elliott attended and departed, as a quorum of members was lacking. As a teacher will be needed to take Mr. Staples' place while he is conducting the model school, inspector Kidd will give Miss O'Shea the junior fourth class in the Central school and Miss Fraser will temporarily take charge of the senior third class in the same school from which Miss O'Shea is promoted.

Batterymen's Daily Duty.

Few people have any idea of the order of things at Tete de Pont barracks. Here is the daily programme gone through by the men of "A" field battery: 5:30 a.m., reveille; 6:15 to 7:15 a.m., attending to horses in stables; 8 a.m., breakfast; 8:45 a.m. till 11:20 a.m., parade; 11:30 to 12:30 p.m., stables; 1 p.m., dinner; 2 to 4 p.m., parade; 4:30 to 5 p.m., stables; 5 p.m., supper; 5:30 p.m., guard mounting. After that hour all those not on duty for the night are at liberty till ten o'clock, when they must return to barracks unless they have a permit to remain out longer.

Go At Once To The Root.

Of the evil: doing by halves makes waste, half the energy expended by mankind. Why should you trifle with disease? When indications are given that something has gone wrong, make the restoration of normal conditions the real, not incidental business of life. Few curative agents have equalled Hamilton's Pills of Mandrake and Butternut, compounded of purely vegetable substances, on scientific principles, and beautifully sugar coated. They constitute the most certain, safe and pleasant family medicine in existence. Try Hamilton's Pills of Mandrake and Butternut. Sold by all dealers in medicine.

Mayor Minnes Kept Busy.

Mayor Minnes is having a very busy time just now attending affairs as chief magistrate of Kingston. On Monday he received the two returned South African fighters; to-day he welcomed the electrical convention; to-night he attends the complimentary civic excursion to this convention, and to-morrow night he speaks at their banquet. On Saturday night he attends a presentation to a former Kingstonian. Next week he will do civic duty in connection with the masons' convention to be held here, and the week after he will have a busy time in connection with the fair. Mayor Minnes has had an unusually heavy year in the way of receptions and attendances at patriotic affairs.

A Grumbler Disposed Of.

Some people are bound to criticise any and every proposed movement or work. Yesterday a man watched the work being done at the King street breakwater, and asked parks caretaker Phillips, who was in charge, why alderman Walkem wanted to spend the city's money in such a useless way. Caretaker Phillips is the chairman's strong defender, and he pitched right into the man who railed at the breakwater as being a monument of folly and uselessness. "Him knows more about it than you," he exclaimed, "and is not wasting the people's money." The chairman and the caretaker are fast friends, as the former has sustained Mr. Phillips in all his rulings on horse-speeding and bicycle riding in the parks.

Want To Introduce It.

Mrs. Shortt and Mrs. DeKalb attended at the board of education rooms last night to confer with the management committee as to arranging for the attendance of ninety pupils from the senior classes at the domestic science classes of the Y.W.C.A. Mrs. Shortt has been at Toronto and Hamilton consulting those concerned in domestic science and she comes back more deeply impressed than ever with the benefits flowing from a knowledge of household science being imparted to the girls. The proposal is to give a year's course in the W.C.A. classes, under a most competent teacher, to ninety pupils of the public schools for $300. The board will also be given a voice in the conduct of the classes.

The chairman of the board of works says that in most cities of any consequence it is the custom for a strip on each side of the street to be left unwatered for the benefit of bicyclists, whom he thinks are entitled to consideration as well as others. He is satisfied that few citizens will complain about his action.

Beyond A Doubt.

THOUSANDS GIVE TESTIMONY.

Letter upon letter pours in from every point in Canada testifying to the marvellous power of Dr. Pitcher's Backache Kidney Tablets to cure kidney and bladder troubles both of the young, middle aged and aged, and such other troubles as find their origin in a faulty kidney action—and they are many. Such a mass of evidence puts its power to cure these afflictions beyond a doubt, and shows that the Tablet is the right thing in the right place.

This is what Mrs. W. J. Hutchins, 82 Portland street, Toronto, has to say: "I cannot say too much for Dr. Pitcher's Backache Kidney Tablets. Before using them I had a gnawing pain in the back all the time, and an acute lameness across the loins. I had not so much aching in my head as between my shoulders and in the back of my neck. Since using the Tablets my back is as it used to be, and the rheumatism in the shoulders has disappeared. Formerly when I did a washing I was utterly tired out, not having a bit of energy left; this morning I did my washing in two hours and did not mind it. I have no hesitation in recommending Dr. Pitcher's Backache Kidney Tablets, for I never had anything do me as much good."

Any reader of this paper can test the merits of Dr. Pitcher's Backache Kidney Tablets free, by enclosing two cents postage for trial package to The Pitcher Tablet Co., Toronto, Ont. Regular size, 50c. per bottle.

YOU'LL AGREE after using Swift's Scranton Coal.

It's the most for your money.

Jas. Swift & Co.

Coal of Quality

We believe we know how to buy coal quality. Our Coal is the purest we know of hard, bright, shiny coal, free from slate. This is the coal's condition at the mines.

Our coal is always kept under cover from the time it reaches our yard until you buy it. But before it reaches you house, we screen it and remove all the dust and dirt. You pay for good coal, and if we sell it to you, you will get a coal that burns so up, having but little ash, a coal that lights easily and burns steadily, making an even fire.

For all this coal quality you only pay

$5.50 a Ton.
