DR. FOWLER'S EXT. of WILD STRAWBERRY

Grandma Used It. Mrs. Thos. Sherlock, Arnprior, Ont., recently wrote: "My little girl, three years of age, was taken very bad with diarrhœa, and we thought we were going to lose her, when I remembered that my grandmother always used Dr. Fowler's Extact of Wild Strawberry, and often said that it saved her life. I got a bottle and gave it to my child, and after the third dose she began to get better and slept well that night. She improved right along and was soon completely cured."

The funeral services were conducted in the Methodist church by Rev. T. Meredith. Mrs. Tasker, a good resident of this district passed away on Monday after a protracted illness. She was in her seventy-sixth year and had been a life-long resident of this community. The funeral service was conducted on Tuesday afternoon, by the Rev. Mr. Lynch, of Sydenham.

Joseph Rosen is with typhoid fever for some time, but is improving and is able to be around.

Last week while reeve Jameson was hauling his threshing engine up a steep hill on the Burnt Hills' road, the draw bolt broke, allowing the engine to run back down the hill; as a result it was overturned and quite badly damaged.

Rev. T. Meredith, being called home by the death of his father, his place in the pulpit was occupied by the Rev. Mr. Mackie, of St. Andrew's church, Kingston. THE TRANSVAAL SWAG.

$37,000,000 IN GOLD LANDED IN EUROPE.

President Kruger and the Transvaal Leaders Have a Little Money For Their Old Age.

London, England, Spectator.

In Monday's paper the Berlin correspondent of the Morning Post makes some very curious statements as to Boer funds, which he declares that he has received from a well-informed quarter. The total amount of bullion safely deposited in Europe by the Transvaal government amounts, he declares, to £7,500,000. Von Boeschooten, Dr. Leyds's occasional deputy, is now on his way back from the Transvaal with a further instalment; he will be followed on board the Koenig, now leaving Lorenzo Marquez, by Mr. Kruger's secretary, Mr. Eloff, similarly loaded. The main object of Von Boeschooten's mission to South Africa was to secure the necessary authorization to dispose of the moneys from Mr. Kruger and the other members of the government. The money is to be invested in France, Holland, Belgium and Switzerland. There are fifteen shareholders, and the signatures of ten will be required for each cheque. A committee of control has also been appointed, with power to fill up any vacancy caused by death in the ranks of the shareholders. The fund is to be exclusively devoted to the promotion of the national interests of the South African Boers, but it is not to be drawn on in any way until a year after the formal conclusion of peace. In addition to the sums exported to Europe, Mr. Kruger has now in hand about $2,000,000.

Peace Is Coming.

London, Aug. 29.—The war office expects that peace will be established in a few weeks, although to-day's telegraphs show an increase in guerrilla warfare in the Orange River Colony, with the reappearance of Gen. Dewet at Holbron. Boer commandoes are gathering at Senekal and Bethlehem.

Gen. Buller's capture of Bergendal was followed by two days of severe fighting. The Boers determinedly held their ground. Two hundred Rand police occupied a rocky kopje and it required a bombardment with lyddite and later a charge by the rifle brigade to compel them to vacate. Their commandant named Mothesaisen was taken prisoner.

The Boers continue to hold positions south of the railway at Belfast. On Monday two heavy guns shelled the British, compelling their transport to retire.

Gen. French is advancing slowly along the north parallel with Gen. Buller, while Gen. Roberts is awaiting developments in the centre.

COMMERCIAL MATTERS.

What is Going on in the Business World—The Market News.

According to the National apple shippers' association the crop of apples this year in the United States will be the largest of any crop in the history of the country.

A cable from Greece reports that the market there on Amalia grades of currants is equivalent to 9½c. to 9¾c. landed in New York, on currants shipped via the second steamer.

It is reported that three carloads of prunes held on the coast by a leading house in New York, were sold at 4½c in sacks. This price is equivalent to 6c in this market in 25-lb. boxes.

The Italian wheat harvest is officially estimated at 1,565,000 quarters. So 1,700,000 quarters imports will be required. The crops in Central Europe are up to expectation. Russia reports an average wheat crop.

The railroads in Kansas and Nebraska estimate the corn yield as follows: Nebraska, 207,000,000 bushels; Kansas, 200,000,000 bushels. The railroads expect a larger percentage than usual to be placed in storage.

The exports of cheese from Montreal last week totalled 80,000. Shipments since May 1st, 1900, 1,211,648 as compared with 1,097,504 last year. The butter shipments have been 148,725 packages as compared with 223,195 last year.

The recent rains in Virginia, which they undoubtedly did the peanut crop some good, are said to have come too late to save the crop. Letters from the growing district estimate that Virginias will be about a half crop. Spanish shell will do better, inasmuch as they do not require as much moisture as the Virginia variety. Said a local operator in peanuts: "The rain will help all the vines from which the pegs have not already rotted off, but many of the pegs are beyond hope."

Live Stock Market.

Montreal, Aug. 27.—There were about 750 head of butchers' cattle, fifty cheap and two sheep and lambs offered for sale. The very hot weather had a depressing effect and probably 300 cattle will have to be held over for a future market. George Nicholson bought twelve prime cattle at 4c. per lb., and several other very good animals were sold singly and in pairs at 4c. to 4¼c., and the common stock from 2½c. to 3½c. per lb., while the leaner old cows and hard looking small bulls sold at from 2c. to 2½c. per lb. Calves sold at from $3 to $10 each, or from 3½c. to 4c. per lb. Shippers paid from 3¾c. to 4c. per lb. for good large sheep and the butchers paid from 2½c. to 3½c. per lb. for the others. Good lambs sold in lots at about 4c. per lb. G. Martel paid $4 per 100 lbs. for a lot of superior lambs. Common lambs sold at from 3½c. to 3¾c. per lb. Fat hogs sold at from 5½c. to 5¾c. per lb. for good straight lots, weighed off the cars.

We fully expect this to be our last week at the Hardy & Co. stand. Our new premises are not quite complete, but as A. Roney, who opens a clothing business on premises now occupied by A.
