LETTERS TO THE EDITOR.

An Old Question Revived.

Kingston, Aug. 30.—(To the Editor.) Last evening myself and a friend wheeled out to Lake Ontario park to have a swim, and on arriving there we were requested by a guard stationed at the gate that we would have to pay a fee to get into the grounds, or stay out. Now sir, if you look at last night's paper, you will see that they say "Admission free," to the grounds, and if so, who orders the man who is stationed there to collect five cents from every one who does not enter by electric cars. It seems to me that this is a pretty small piece of business, and I for one would like an explanation. WHEELMAN.

This matter was fully discussed a year ago, and for a while the electric railway company advertised in their notices, "admission free to those who ride on the cars to the park." The people got to understand, and it has been ever since recognized as the company's right to charge all who go to the park in vehicles and on wheels. Those contributing car fares help to pay for the entertainment, while those in vehicles and on wheels do not, and so are charged admission.—ED.

Is Nearly Completed.

The King street breakwater has undergone a great improvement during the past week. It is expected that the filling in of the crib work will be completed on Saturday. On the rough stone alderman Walkem has had placed six inches of binding and three inches of slag. This is now being rolled. The parks chairman deserves credit for the undertaking. He secured material at a very small cost, and set men to work at once. The breakwater will soon be a pleasant boulevard.

Not So Slow.

Smith's Falls News:

It may be all right enough for the Brockville and Belleville papers to refer to Kingston as an old slow-going city, but certainly the old limestone city is getting for itself a reputation of late that cannot be excelled by any city in the wild and woolly west. During the past few weeks the old city has come to the front with a new sea-serpent sensation, several lively street rows, and a post-office row. Oh, no, Kingston isn't so slow after all.

Last week of the holidays. Already the small boy is calling for cash to buy outfits.

DIREFUL DESECRATION

Committed By Chinese In The Foreign Cemetery.

RAZE PEKIN AND PALACE.

THIS MUST BE DONE TO WARN THE CHINESE

That They Cannot Play With the Nations of the World—Britain Will Not Undertake to Govern China—British Troops Likely to Go to Amoy.

London, Aug. 30.—Accounts from Pekin describe the wild enthusiasm which marked the meeting between the besieged foreigners and their relievers. The men and women cheered and shook hands with the officers, soldiers, camp followers—in fact anybody who accompanied the allies. The food supply had not failed, though the people in the legations had to eat horse flesh. The Tsung Li Yamen promised to supply them with food but sent only a few melons. When asked for fresh meat the Chinese officials replied that a state of war existed and that, therefore, it was impossible.

The Chinese pushed their attacks fendishly. Placards were posted throughout the city, declaring that the foreigners must be exterminated within five days. It was only the cowardice of the Chinese who feared to meet the foreigners in a hand-to-hand fight which prevented their success.

Baron Von Kettler, the German minister, was found in a native coffin under a heap of sand close to the spot where he was murdered, showing the story of the Tsung Li Yamen that it had been carefully deposited in a house, was false.

One of the worst things was the shocking desecration of the foreign cemetery outside the west wall. The details are too revolting for publication. Every day details of Chinese atrocities accumulate, that only the severest punishment that will be felt by the whole people will be equal. The consensus of opinion is that unless the imperial city is razed and the palace destroyed the Chinese are likely to interpret the few bearance of the allies as weakness.

The despatch to the Daily Telegraph from Taku, dated Aug. 26th, says that rumors of increasing friction between the Japanese and Russians probably are based on the fact that both are pouring troops into Northern China.

An extraordinary situation has been created by Great Britain and the United States not being at war against China. It is believed that Russia will ask the powers to withdraw the troops from Pekin as their object, the relief of the legations, has been accomplished. The despatch adds that the country around Taku and Pekin has been devastated with the result that the Boxers are most unpopular with the country people who are attacking them. The Boxers who were moving north from Shan Tung are now hastening to their homes.

It is reported from Shanghai that the allies won a victory at Tehchou, on August 28th and that prince Tuan was killed in the battle. The Chinese loss was 1,500 men. The Japanese drove the remainder of the enemy into Chili. It is reported that Li Hung Chang, finding the allies obdurate, has sent to the dowager empress a memorial to be delivered, whenever she is found, asking her to appoint prince Ching Lung Yu, prince Chun Chi Tung and viceroy Kuk Wang joint peacemakers to treat with the powers.

In the course of a speech at Guilford, to his constituents yesterday, the right Hon. William Brodrick under-secretary, said that the government was prepared to support the loyal viceroys in southern China, who had hitherto held themselves aloof from insurrection and also to do all that was possible to preserve trade in China which England, of all nations, had done the most to build up. On the other hand it could not undertake the responsibility of governing China either by itself or with the assistance of the powers.

The Hong Kong correspondent of the Daily Mail says that he understands that Gen. Gazalee, the British commander with allies has countermanded his order summoning more troops to the north and that probably the British troops will go to Amoy.

The Shanghai correspondent of the Times says that a native official telegram from Paio Tig Fu announces the arrival of the court, last Sunday, at Tai Yuen Fu.

Communication between Pekin and Tien Tsin is interrupted because bands of Boxers make the road unsafe for couriers. The country north of Ying Tun is said to be flooded.

A German firm is negotiating with Chang Chi Tung, the Wu Chang viceroy, to lend him 1,000,000 taels on the security of certain vice-regal industrial undertakings.

A correspondent at New Chwang says that the Russians at Hai Cheng are awaiting re-inforcements, whose advance is delayed by the impassable condition of the roads to Lao Yang and Mukden. Meanwhile the native population of the district is being treated with the utmost severity. Eye witnesses report an indiscriminate slaughter of non-combatants and the reduction of the country in the vicinity of Port Arthur to a state of utter desolation.

Caused The Disturbance.

London, Aug. 30.—The Hong Kong correspondent of the Daily Telegraph says that the Japanese created the disturbed situation at Amoy with the purpose of aggression. A Japanese cruiser quickly landed men at Kulang Sen and Amoy, claiming that the Japanese subjects there required protection. These subjects belong to the Chinese criminal classes who escaped justice, and register in Formosa as Japanese.

Situation Is Critical.

Berlin, Aug. 30.—The Frankfort Zeitung has received a despatch from Shanghai saying a plot has been discovered there to burn the whole city. It is added that the Europeans consider the streets unsafe after nightfall and the situation is described as critical.

The German naval commander at Taku telegraphs that, according to returns obtained by the senior admiral of the allied fleets, the troops landed up to August 18th were: Americans, 155 officers and 447 men; British, 189 officers and 5,492 men; French, 115 officers and 2,693 men; Italians, 13 officers and 227 men; Japanese, 573 officers and 19,080 men; Russians, 275 officers and 11,500 men.

A cable despatch from Che Foo announces that the telegraphic cable between Che Foo and Shanghai will be ready for traffic on September 7th. The commander of the German gun boat Caguar reports that communication with Pekin is still exposed to temporary interruption.

Moccasins For China.

Quebec, Aug. 30.—Within the last few days the Canadian government, acting for the imperial war department, has made extensive purchases here of footwear for the British army in China. In fact the supply of what is known as "beet moccasins" the favorite footgear of our habitants and lumbermen, and heavy work in all weathers, has been about exhausted. The purchases aggregate nearly thirty thousand pairs, representing an expenditure of about seventy thousand dollars on this item alone, but in addition to this, considerable sums have also been spent for the purchase of socks, shoes, etc.

Slaughtered Them.

Che Foo, Aug. 30.—Yu, governor of Shen Si, is reported to have invited the foreigners in the province to come to his protection. About Aug. 21st fifty accepted the invitation and all were massacred.

KILLED AT BELLEVILLE.

She Tried to Get Off a Train While in Motion.

Belleville, Ont., Aug. 30.—Miss Tillie McCrudden, of this city, while returning home from a visit in Toronto, met with an accident at the station here which cost her her life. It appears that the young lady was asleep when the train arrived here and awoke only after the train was in motion again. She attempted to get off near the east end of the platform and was thrown between the platform and the train, where she was terribly crushed, dying at the city hospital a few hours later. Miss McCrudden leaves a mother, two sisters and a brother.

Toronto, Aug. 30.—A special general meeting of the Argonaut rowing club was held last night. It was decided to enter three teams in the Ontario rugby football union, a senior, intermediate and junior. Ralph C. Ripley and Capt. "Bush" Thompson were appointed chairmen of the managing committee.

Hamilton, Aug. 30.—The annual meeting of the Hamilton rugby football club was held last night at which these officers were elected: Honorary president, William Hendrie; honorary vice-presidents, alderman Frank Walker and Daniel Cameron, president, Hendrie Leggatt, vice president, R. B. Harris, Thomas Power, Rev. Father Hinchey, secretary treasurer, D. S. Gillies; assistant secretary, W. Weatherstone.

Travelled 15,000 Miles To Marry.

Buenos Ayres, Brazil, Aug. 30.—Miss Faith Ripley, of Minneapolis, and Howard G. Atterbury, a prominent young business man of this city, will be married here to-day. There is a touch of romance in the affair, as the prospective bride has made a journey of over 15,000 miles for the wedding. Mr. Atterbury found that his business interests would not allow him to return to the states for any definite length of time, and his fiancee readily consented to make the journey. Elaborate preparations have been made by the young man's friends for an appropriate demonstration.

Lima, Peru, Aug. 29.—Late last night events occurred which completely upset the coalition ministry. Two members refused to accept the portfolios tendered them, and then Dr. Candamo and Senor Carlos Pierola, who have been co-operating with president Romana in the matter, announced that they would retire from all further connection with the people. The president is still without a cabinet.

GEN. BOTHA GETS AWAY

But French Is In Hot Pursuit After Him.

AND THERE MAY BE SPORT

BECAUSE FRENCH HAD NEVER BETTER MOUNTS.

Rundle Made a Capture of Boers and Cattle—He Had a Few Casualties—Made a Good Average For a Month—Boers Lost Heavily; Left Dead on Field.

London, Aug. 30.—The attempted British enveloping movement at Machadodorp apparently has not succeeded. Gen. Botha has gone north with the Lydenburg road open. Gen. French is nearest to him, with better mounts than he has had hitherto in the campaign, and there may be an exciting pursuit. The country is difficult and fever is following the rains. Gen. Botha claims to have 15,000 men, of whom 5,000 will fight until death.

President Kruger is reported to be at Watervalonder sticking to the railway.

Lord Roberts cables the war office under date of Belfast, Aug. 28th:

"Gen. Rundle reports that he made a reconnaissance in the Branwater Basin, on Aug. 26th, and suffered some casualties. One Boer was killed and seventeen captured. He also secured 700 head of cattle.

"The force of Gen. Baden-Powell and Hickman's mounted infantry are holding Warm Baths, sixty miles north of Pretoria.

"Gen. Ian Hamilton and Col. Mahon, have arrived here with troops. Col. Mahon had only two days rest last month. He made many long marches and took twelve prisoners a day on an average.

"In an action yesterday near Machadodorp, the Boers lost heavily. Many of their dead were left on the field. One pom-pom was captured.

The Emperor's Words.

London, Aug. 30.—"Dr. Leyds' interview with emperor Nicholas," says a despatch to the Daily Mail, from St. Petersburg, "lasted barely five minutes. The czar said he was sorry that he could do nothing for the Transvaal except urge them to make peace as he hated war."

Will Listen To It.

Berlin, Aug. 30.—The foreign office confirms the news to the effect that a German deputation from the Transvaal will be received and listened to. It was stated yesterday that complaints of the deputation would receive careful attention and investigation.

May Drag On A Long Time.

Cape Town, Aug. 29.—Sir John Gordon Sprigg, premier of Cape Colony, said in parliament, yesterday, that he felt unable to predict a cessation of hostilities between England and the Transvaal for some time to come. He feared that guerilla warfare would drag along for a considerable period since the conditions in South Africa where wholly unlike those of Europe.

Addresses G.A.R. Veterans.

Chicago, Ill., Aug. 30.—William Jennings Bryan, who is here as a guest of the grand army, will address an audience of veterans in the Coliseum this evening. A large attendence is promised. The principal event of the encampment to-day was a monster sham battle at Washington park. The first and second regiments, Illinois National guard, the first Illinois cavalry, and the United States artillery from Fort Sheridan participated. It included 1,500 soldiers and 60,000 rounds of ammunition were used. Col. Bryan was the principal guest on the field.

Sharbot Lake, Aug. 30.—Fishing is reported to have never been better than it is this season. A number of villagers purpose taking in the excursion down the river on Sept. 1st. Rev. T. C. Brown, and wife, of Kingston, are the guests of their son, Rev. W. F. Brown. Mr. and Mrs. H. B. Roberts and son, Arthur, have returned after visiting friends in Picton. Welburn Boon, son of Charles W. Boon, Tyler, Texas, who is recuperating here, is recovering from a serious attack of illness. Union hotel arrivals are: Dr. McGivan, Mr. Bowen, New York; Mr. Rechnitzer, London; William Marshall, and John Strachan, Toronto; Mr. and Mrs. Bowen, London; William Askins and A. Taylor, Toronto.

Had Both Legs Broken.

The ten-year-old son of David Cunningham, Queen street, had a narrow escape from meeting death this morning. He had been sent on an errand and was proceeding eastward along Queen street. In attempting to run past a street car on the depot branch, he was struck and knocked down. His right leg was broken above the knee and his left foot crushed badly. The little sufferer was taken to l'Hotel Dieu in the delivery waggon of James Thompson, bottler, where Dr. Ryan attended to his injuries. The boy had a miraculous escape from death.

A mother enquired of the city clerk this morning as to whether or not the marriage of her son had been registered; she had heard he had married recently unknown to his friends, and she was anxious to learn if the rumor was true. The marriage had not been reported. The young man in question conducts a store for his father in the western portion of the city.

The Toronto lacrosse club announces that arrangements have been made for a championship match to take place on the Rosedale grounds, Sept. 8th, between the Capitals of Ottawa and the Dufferins of Orangeville, champions of the senior lacrosse series.

AMERICAN CRICKETERS WIN.

Quite An Exciting Game of Cricket Played.

Toronto, Aug. 29.—The Philadelphia cricketers went up against the strongest aggregation they will meet on their tour to-day when they played Upper Canada college, past and present. They defeated them by two runs in one of the most exciting finishes ever seen on a cricket field. Philadelphia made 130 runs in their inning and that was hardly considered enough when such bats as Counsell and Hal McGiverin had to be counted with.

The fielding of the Philadelphians was brilliant. Martin and Lonsborough made a great stand and it looked rosy for Upper Canada college. But Martin was clean bowled by P. Clark and Hal McGiverin, who took his place, fell before a terrible drive that Donohugh accepted.

It was the catch of the day and the applause was liberal. But the finish was the exciting part. U. C. C. had two wickets to fall and three runs to make to win and it was thought to be all over. Then Climenson bowled Beemer. There was a wait of a minute and then Climenson's first ball connected with the wickets and they carried Climenson off the field.

The good feeling between the contesting clubs is the most pleasing features of the series. Score: Philadelphia, 130; Upper Canada College, 128.

CLEVELAND WILL NOT ADVISE.

Each Man's Vote Decided by Individual Conscience.

New York, Aug. 30.—A few days ago Dr. Hepworth, representing the New York Herald, wrote to former president Cleveland, asking for an expression of opinion on the political situation. He declared that thousands of citizens found themselves greatly embarrassed as to their duty on election day, and that Mr. Cleveland's large experience would enable him to give such advice as would solve the problem and make the way clear.

The letter in reply shows that the former president himself is somewhat perplexed, and that the conscience of the individual voter is the only safe guide under the circumstances.

Farmer Committed Suicide.

Watertown, N. Y., Aug. 29.—Charles Newton, aged seventy five, a well-known farmer of Tagmaine's Corners, in the town of Rodman, hung himself at his home last night. Early this morning his lifeless body was discovered in his bed room hanging by a clothesline from the ceiling. He was then quite dead and the body was cold.

The motive of Mr. Newton's act is not known. He had had some disagreement with some relatives, but it was not thought that the matter was so serious as to prompt his self-destruction.

Driven Insane By Grief.

New York, Aug. 30.—William Winters, eighty-six years of age, met a violent death early yesterday by falling or jumping out of a second storey window at his home in Kearney, N.J. Winters' aged wife died on Monday and his grief was inconsolable. He had spent much of the night sitting near the corpse of his wife with his head bowed. The old couple will be buried side by side.

Honor For Gen. Chaffee.

Washington, Aug. 30.—There is no doubt that Gen Chaffee will be appointed brigadier general in the regular army upon the retirement next week of Gen Joseph Wheeler.
