THEY FOUGHT FOR LIFE

THREE MEN SURVIVED; ONE DEAD OF EXPOSURE.

A Yacht Was Capsized at the Head of Raritan Bay—The Men Were in the Water For Over Ten Hours.

New York, Oct. 16.—The yacht Myrtle, owned by Charles Hughes, of Perth, Amboy, was capsized Sunday night off Great Beds light at the head of Raritan bay. Mr. Hughes, who was aboard with Ira Coddington, Conrad Vogtman and a Swede, whose name has not been learned, were thrown into the water.

They drifted about until six o'clock Monday morning, when assistance arrived. They were in the water over ten hours.

Votgman succumbed to the exposure early in the morning and Hughes grabbed him just as he let go his hold on the boat. Hughes held Vogtman afloat for an hour, when he discovered the man was dead. He passed a rope around the body and secured it to the overturned yacht.

Capt. Benjamin Tilton, of the lobster sloop Imogene, sighted the men this morning. Hughes, Coddington and the Swede were almost sinless. Hughes seemed to have suffered most. The three men and the body of Vogtman were taken to Perth Amboy. Vogtman was thirty-five years old and unmarried.

SIGHT RESTORED.

Young Percival Hart-Dyke Saw Bride For First Time.

London, Oct. 16.—Percival Hart-Dyke, son of Sir William Hart-Dyke, who was married here yesterday, received one wedding present which made the presents of gold and precious stones sent by a host of wealthy friends seem worthless trinkets. He regained his sight, which he lost twenty years ago when ten years old. He saw his bride, the daughter of admiral Cave, for the first time at the church door. For years Hart-Dyke has been under the care of a famous London surgeon, who maintained that the young man's sight would be restored if time was given to perfect the cure. The young man's marriage was arranged to take place on the day that his physician decreed the bandages might be removed from his eyes. Despite his blindness, Hart-Dyke entered and was graduated from Cambridge university.

Marriage Just Announced.

Coldbrook, Oct. 16. On account of the anniversary services at Yarker last Sabbath, there was no sermon in the church here. The majority from this place attended the service at Yarker. G. W. Ashley is repairing his water wheel. W. Burgoyne, Camden East, is superintending the job. Henry Woodruff is giving his house a new covering of shingles. Alfred Martin, the liberal candidate for Addington, has commenced his canvas. Mrs. Henry Salsbury has been very ill for the last week. She is somewhat better. The marriage of Everett Shangraw and Miss Effie Garrison, last August has just been announced. Henry Salsbury and Alfred Galbraith have returned from Manitoba. There was a good turnout from here to the township show at Odessa. George Garrison bought the prize cutter. George Garrison has purchased a new organ for his daughter. Visitors: Messrs. Fred Miller and James Young and their wives, at F. S. Wartman's; Mrs. Smith, Clayton, N.Y., and Mrs. McCabe, of Napanee, at G. Peters'; Harvey Warner, Napanee, at A. C. Warner's.

Charleston Items.

Charleston, Oct. 11.—Farmers have commenced fall ploughing. Mr. and Mrs. Strong, Brockville, who have spent the past few months here at the lake, returned home on Wednesday. Mr. Giles is spending a few days at Athens with his brother, Dr. Giles. C. J. Slack and daughter are visiting friends at Long Point. Cedar Park hotel closed on Friday after a very successful season. Mr. and Mrs. J. B. Webster, Lansdowne, visited friends in this vicinity last week. Mrs. A. E. Monitor returned home on Saturday, after spending a week with her parents at Sweet's Corners. Miss Julia Hudson is home from Carleton. The party at Oak Leaf hall was well attended by the young sports of Charleston. John Foster, sr., ill for a few days, is all right again. Mosie Kavanagh has purchased a new organ. John Foster, jr., Toledo, made a business trip to Charleston one day last week. John looks fine and drives the handsomest team between here and Toledo.

Queen's College Notes.

G. Chaplain won the final match in the gentlemen's singles at Queen's yesterday afternoon, defeating C. R. McInnis.

The postponed hurdle race in connection with Queen's sports were to take place at the college grounds this afternoon.

Although this was university day at Queen's, there was no holiday as this was given the students on the 10th. Classes went on as usual.

The inter-year football match at Queen's has been postponed, as was the case in previous years.

Will Be 700 Students.

There are fifty one more students registered in arts, science and medicine at Queen's now than there were last fall. When the complete registration returns are announced, it is expected that there will be 700 students in all faculties. Queen's is growing faster than any other Canadian college or university.

Released On Bail.

William Smith, Mountain Grove, who has been in jail for the past two weeks, charged with criminal assault, was released on Monday on $500 bail being given by his three brothers, and Jerome Thompson, Sharbot Lake.

Special Fall Importation Of 1900.

Prevost has received all his fall importations, consisting of Scotch tweed, blue and black serges and a great variety of overcoating. His $13.50 overcoats beats anything in previous years.

REPORT OF ASSAY OFFICE.

The Business Done at the Belleville Office For September.

The government assay office, Belleville, received in September 144 samples and made 298 determinations, of which latter 115 were for gold. The gold ores coming from Wabigoon district shows it to be the most promising district in Eastern Ontario; the values, while not high, are uniform. The Canadian Orford company is employing nearly 1,100 men in the mines and smelters at Copper Cliff, treating 800 tons of ore per day and turning out 160 tons of copper nickel matte, which is sent to New Jersey for refinement. This company is erecting a refining plant at Copper Cliff in view of the government regulations regarding export of matte.

The Ludwig Mond Co., are opening up mines in Denison township and erecting smelter and bessemerizing plant at Victoria station, on the C.P.R. The Great Lakes Co., Boston capitalists, are testing various deposits in the district. The Fischer-Neumann Co., Chicago capitalists, are operating deposits in the western portion.

The Algoma Commercial Co., a branch of the Coyne Co., at Sault Ste. Marie, are purchasing properties in the district.

The magnetic ore of the Mattawa range, southwest of Fort William on the Ontario and Rainy River railway being built, has been tested by diamond drill to a depth of over 900 feet and found to be of the same quality as the surface ore.

The Helen mine, one of the developed claims owned by the Lake Superior power company, in the Michipicoten district, has 10,000,000 tons of hematite ore in sight, which is being shipped to the three iron smelters in Ontario at the rate of 2,000 tons per day.

Recent finds in the neighborhood of Desbarats, Algoma, and the deposits of high grade magnetic ore near Lake Temagaming by Prof. Miller, government geologist, show that the north-eastern portions also contain iron ore deposits requiring only railway facilities to make them of commercial value. None of the deposits contain deleterious sulphur, which lowers the value of some of the deposits of iron ore in eastern Ontario.

Experiments are being conducted in the Pittsburg reduction works at Niagara Falls, New York, on titaniferous ores, to obtain a cheap and suitable flux for these ores, which appear to make good pig iron, but consuming excessive amounts of fuel with the ordinary fluxes. The experiments, conducted by A. J. Rossi, of New York, appear to be a success, as the product, ferro-titanium, claimed to be of value in making high grade tool steel, is being put on the market. If the experiments prove successful on a commercial scale, deposits of titaniferous iron ores in Eastern Ontario, now lying untouched, should be of commercial value.

The Canada corundum company, working in Raglan township, Renfrew county, have fifty men employed in mining and concentrating the corundum rock, the product of which is shipped to emery wheel works. The experimental concentrating mill is treating about thirty tons of rock per day containing about fifteen per cent. corundum. Plans are being made for a 300 ton mill, as the necessary ore supply, water power and capital are available and the product finds a ready sale at prices ranging from $50 to $140 per ton, according to grade.

A Reminder.

Puck.

The way to hell is not only well paved with good resolutions; but there are mighty few arrests for fast driving.

Too English For Me.

London Advertiser.

On the night of November 7th Sir Charles Tupper will be able to sum it all up by saying to himself, "Laurier is too British for me."

Senatorships Come High.

Montreal Herald.

Cooke says liberal senatorships are worth $10,000. That's nothing; it is estimated that the prospects of a conservative knighthood have cost the proprietor of the Star $100,000, and have also cost him the public respect that attended the champion political flip-on record.

On The Side Of Providence.

Here is a bright bit from Sir Wilfrid Laurier's pleasing speech at Acton Vale, in Quebec:

"Is it not true that there has never been a time in the life of any one of you when you were as prosperous as you are now? (Cheers.) Do you not sell your goods at better prices than ever? (Yes.) Do you not sell your butter at better prices than ever? (Yes.) Do your cattle fetch better prices? (Yes.) In every house there are bread in the cupboard, and meat in the larder, and money in the purse. Are there not? (Yes.) The conservative leaders who hear us say that this is the work of Providence. Providence has done much no doubt. In fact, Providence has done all. But Providence has chosen us as its instruments, and if Providence has chosen us, should you reject us? (Cheers and laughter.) God helps those who help themselves. He has helped us, and we have not been idle."

DIDN'T TURN BACK.

Chicago Times-Herald.

Backward, turn backward, O Time, in your flight,
Make me sixteen again, just for to-night!
Let me go tearing around as of yore,
With my own joys to think of and not a thing more,
With no one depending on me to make good
For house rent or coal bills or clothing or food,
With father still doing the stewing and I,
Not caring a cent nor inquiring why
Backward, turn backward, O Time, and permit
Me once more to sit here believing I'm "it"—
Put in my heart the delusion again
That I know the whole thing, as I thought I did then!
Fill me with dreams of high honors in store
That I'm always too busy to have any more;
Let me depend upon others instead—
Oh, yes! yes! I'm coming! I'll put 'em to bed!

We in Montreal are perfectly satisfied. We never were so busy in our lives. Our firm has been in business for over forty years, and I can say that we never experienced a tariff that worked so well and so smoothly as does the present, and I can say that this is the general feeling in Montreal. I only hope that the next five or ten years may give us a continuance of the era of prosperity we have enjoyed during the last two years.—S. Coulson, Montreal of the Canadian manufacturers' association.

"CHOOSE THINE OWN TIME."

Late! I know not what thou art,
But know that thou and I must part
And when or how or where we met
I own I'm no less vexed yet.
Life! We have been long together
Through pleasant and through cloudy weather
'Tis hard to part when friends are dear—
Perhaps 'twill cost a sigh, a tear
Then steal away, give little warning,
Choose thine own time;
Say not good night—but in some brighter clime
Bid me good morning.

Mistaken For A Rabbit.

Denver, Colo., Oct. 16.—Arthur W. Green was shot and instantly killed in mistake by C. W. Johnson, a rabbit hunter. Green was out with his sweetheart, Miss Katie Mockridge, taking pictures in the foothills near Golden. He had donned Katie's hat and she was just about to take his picture, when Johnston came over a hill. Seeing a moving gray object he mistook it for a rabbit and sent a charge of shot into Green's head.

Breaks Long Distance Record.

New York, Oct. 16.—Miss Gast completed her ride of 2,000 miles at 7.05 last evening. She covered the distance in 222 hours and fifty-three minutes, beating the record of Will Brown by three hours and one minute. At the conclusion of her ride Miss Gast was examined by two physicians, who pronounced her to be in good condition.

Returned The Money.

Havana, Oct. 16.—The branch here of the Merchants bank of Halifax, recently cashed a cheque for $5,300 which it was subsequently learned was forged. The money was returned to the bank by the father of one of the Cuban employees. It is supposed that this employee was implicated in the forgery.

His Trial On Wednesday.

Hamilton, Ont., Oct. 16.—George Arthur Pearson, charged with having murdered Annie Griffin, his sweetheart, on September 23rd, was arraigned pleading "not guilty." He was chewing gum or tobacco, and feigned indifference but it was apparent that he was nervous and ill at ease. His trial was fixed for Wednesday.

The Staff Resigned.

Halifax, N.S., Oct. 16.—Trouble between superintendent Kenny, of the Victoria hospital, in this city, and the staff which was brewing for a considerable time reached a climax when the medical staff resigned in a body. A truce has been arranged under which patients are being attended to.

CANADIAN INGENUITY.

Made Their Own Mattresses in the Field.

Toronto, Oct. 16.—The hospital commission of the imperial parliament, now hearing evidence on the alleged breakdown of the field hospital system of the army in South Africa, will probably have something nice to say of Canadian ingenuity.

Sir Thomas Taylor has received from his son, Lieut. Taylor, of the second Canadian mounted rifles, a copy of the Bloemfontein Post of September 4th, containing the evidence taken before the hospital commission on the previous day. One of the witnesses was a clergyman named Rev. Stuart Franklin. In the course of his evidence, Rev. Mr. Franklin said: "With regard to the mattresses I think something might have been done. On one occasion I saw a dozen men who were filling some mattress covers with straw, but they told me these were only for their own men in the hospital. In the hospital you could have spotted the men belonging to that corps, as they had all mattresses. They were the Canadian corps, and if it was possible for one corps to do this it should have been possible for the others."

FOUR FINGERED CHILDREN.

Papas Have Had Their Digits Smashed in by Car Works.

Preston, Ont., Oct. 16.—Four-fingered men are common in this place, and doctors say that most of the male children now born have one finger missing.

The Pressed steel car company employs scores of riveters. The men work in pairs, one inside and the other outside of a car. The man inside shoves the rivets through and the man outside swings the hammer. Often the rivet won't fit and if the man inside the car is new he sticks his finger through the hole to learn what is wrong. The man outside promptly though not purposely smashes the finger with his sledge.

All over town four fingered men can be found.

London Helps Galveston.

London, Oct. 16.—Col. Ochiltree's scheme of a benefit performance in behalf of the Galveston sufferers culminates to-night at Drury Lane theatre Royal, which is given free, with one act of Cecil Raleigh's drama, "The Price of Peace." Sir Henry Irving and his company will appear in "Waterloo," and he will recite "Eugene Aram." Beerbohm Tree, with his company from Her Majesty's theatre, will present the death scene in "Julius Ceasar," followed by the oration of Marc Anthony, and Mme. Melba will sing. The receipts will be large, as the tickets already sold and contributions received are very generous in amount. United States ambassador Choate has heartily supported the undertaking, and the boxes have been sold at prices ranging from fifty to one hundred guineas each.

Prestonvale Paragraphs.

Prestonvale, Oct. 15.—Thomas Richards spent a few days in Montreal last week. Misses Warren and Campbell, Perth, visited at John Richard's last week. The ladies' mission circle intend holding an open meeting on thanksgiving evening in the Baptist church. Miss Sinclair has returned after spending a few weeks visiting her sister, Mrs. Hendry, Ottawa. Our teacher, Miss McPherson, spent Thanksgiving at her home in Perth. Mr. and Mrs. W. A. Laugh, Ottawa, are visiting the latter's father, G. McFarlane. Miss Richards has returned after visiting her brother, G. H. Richards, Burritt's Rapids. Our assistant cheese maker, Mr. Morris, left last week for his home in Perth.

South Bay Breezes.

South Bay, Oct. 12.—Mr. and Mrs. Peter Lowry, Kingston, have been visiting friends in this vicinity. Capt. James Hudgin and wife, of False Ducks, spent a few days among friends. A. Collier has started his evaporator; there are lots of apples, but low prices. Mrs. Philip Carrington and daughter, Mrs. William Brown, Picton, are visiting James Hudgin and wife, False Ducks. E. O. Alcorn, the tory candidate for Prince Edward county, and his supporters, are holding meetings all over, but it will do them little good. The people of Prince Edward would like to see Sir Wilfrid at Picton; they would show him on Nov. 7th what loyal citizens they are.

Monument To National Dead.

Knoxville, Tenn., Oct. 16.—The monument to the memory of the federal dead of Tennessee was dedicated to the government to-day. The commander-in-chief of the G.A.R. presided at the ceremonies and unveiled the monument. The monument stands in the south-eastern corner of the National cemetery on a sloping eminence, and can be seen many miles. It commemorates 3,242 federal heroes who, for the most part, fell at Fort Saunders in November, 1863, and also forty soldiers who gave up their lives in the Spanish-American war.

A GLEN MILLER MAN

Suffered From Kidney Disease For Ten Years.

HE FOUND A CURE AT LAST IN DOAN'S KIDNEY PILLS.

P. M. Burk, who is a well-known resident of Glen Miller, Hastings county, Ont., was afflicted with kidney trouble for ten years.

So pleased is he at having found in Doan's Kidney Pills a cure for his ailments, which he had begun to think were incurable, that he wrote the following statement of his case so that others similarly afflicted may profit by his experience: "I have been afflicted with kidney trouble for about ten years and have tried several remedies, but never received any real benefit until I started taking Doan's Kidney Pills. My back used to constantly ache and my urine was high colored and milky looking at times. Since I have finished the third box of Doan's Kidney Pills I am happy to state that I am not bothered with backache at all and my urine is clear as crystal. I feel confident that these pills are the best kidney specific in the country."

Always ask for Doan's and refuse substitutes or imitations. The Doan Kidney Pill Co., Toronto, Ont.
