A FOOTBALL CARNIVAL.

Three Stirring Matches at Deseronto—A Serious Accident.

Deseronto, Oct. 18.—Thanksgiving day was fittingly observed here. After ten o'clock the stores closed and large crowds made their way to the driving park to witness three football matches: Napanee vs. Belleville, Deseronto vs. Picton, and the winners of the first mentioned game to play Deseronto team for the championship cup of the Quinte district. Napanee and Belleville lined up at 1.55 and a hot contest ensued. Belleville had the wind and scored one point in the first half. Both teams worked hard, but time was called before another goal was made.

Picton and Deseronto lined up at 3.10, and both teams played forty minutes, neither scoring. They were then given twenty minutes more, when just before time was called Deseronto passed the ball through Picton's goal. While the ball was well kept around Picton goal, the strong backs and clever goal keeper kept it out.

At 4.15 o'clock Deseronto and Belleville lined up and when time was called neither team had scored. Time was added until darkness set in, and both teams went at it briskly, but failed to score. The Deseronto band was in attendance.

Thomas Johnson, riding his wheel on the driving track, took a header, and was picked up unconscious. He was driven to a doctor. His injuries may prove serious.

Mrs. A. G. Knight, Cornwall, is visiting friends in town. R. Price, Kingston, was in town on Thursday. Alexander Calliston was visiting his sister, Mrs. Mackie, Kingston, this week. W. Crews, of Queen's college, was in town Thursday.

KILLED ON THE TRACK.

William Buck, Sectionman, Struck by a K. & P. Train.

William Buck, Harrowsmith, a sectionman on the Kingston & Pembroke railway, was struck and killed by the K. & P. outbound mixed, near Murvale, about half past eight o'clock on Thursday morning.

In company with another sectionman, Mr. Buck was on a hand car when the train came around a curve. The other sectionman jumped off the car, but Mr. Buck endeavored to pull it clear of the track, to avoid damage to the train. His efforts were in vain, and before he realized his danger, the train struck him and the hand car. The unfortunate man was run over by the engine and badly cut up. He died almost immediately after being picked up.

Deceased was about forty-five years of age, and leaves a wife, but no family. He carried no insurance. The funeral takes place to-morrow.

Ladies will be welcome at the meeting to be held in the city hall on Saturday evening, and special arrangements will be made for their accommodation on the platform. The meeting will be addressed by Hon. W. S. Fielding, minister of finance, B. M. Britton, Q.C., M.P., and others.

It is officially announced that the duke of York will be accompanied to Australia by a body guard chosen from every branch of the British army, including volunteers and native Indian troops.

BREAK WITH POWERS.

Russia Has Secured What She Desires.

HER ATTITUDE IN CHINA.

TSUNG-LI-YAMEN BUILDINGS GIVEN TO GOVERNMENT.

Troops Not to go Outside the Concessions at Shanghai Without Notice—Arrogant Note From the Plenipotentiaries—The Capture of Teh Chow.

St. Petersburg, Oct. 19.—The Russian government permits it to become known that its attitude in China will be increasing independence of the concert of the powers. Russia, it is explained, is disposed to attach less value to joint action since her interests have been fully secured by the successful campaign in Manchuria. Moreover, Russia is not willing to "follow the irreconcilable policy of some of the powers."

Concession To China.

London, Oct. 19.—Li Feng Luh, Chinese minister, says the powers have handed back the Tsung-Li Yamen buildings to the Chinese government. Negotiations were begun since the court was in Shensi. Communication would thus be much facilitated. It was the opinion of the southern viceroys that the negotiations would be better controlled, now that the court was in Shensi.

As a result of the Shanghai taotai's protest against foreign troops going outside the concession limits, the consular body has agreed to prohibit their doing so in the future unless the Chinese authorities are first notified. This action has greatly reassured the Chinese.

An Arrogant Note.

London, Oct. 19.—The Pekin correspondent of the Times describes the tone of plenipotentiaries' note to the ministers as characteristically arrogant, as if the position were that China was offering terms instead of Europe dictating them. The correspondent says that the note begins with an expression of regret for the recent occurrences and promises that they will never recur, but impudently ascribes them to the Boxers. It does not mention the concurrence of the imperial troops, though it admits that the certain princes and ministers supported the Boxers.

A force of French troops numbering a thousand men have captured Teh Chow, south of Pao Ting Fu, province of Shan Tung.

Will Be Handed Over.

Paris, Oct. 19.—The Havas agency has received the following despatch from Pekin: "The diplomatic corps has received a joint note from Li Hung Chang and prince Ching, saying that it is time to end the present situation and to treat for peace, and that the princes and ministers, who were accomplices of the Boxers, will be handed over to the courts to be judged and punished according to Chinese law."

Replying to the note M. Pichon, the French minister, said that China, having recognized that she had violated the law of nations, was bound to accept for that very reason, the responsibilities involved. Consequently he demanded that an exemplary punishment be inflicted upon the principals, namely, prince Tuan, prince Chwang, Kang Yi, and Tung Fu Hsiang, and adding that so long as these heads had not fallen it was impossible to cease hostilities.

HAS ROBERTS DECLINED?

Now Stated Buller May Succeed Lord Wolseley.

London, Oct. 19.—Under reserve the Express publishes a report that Gen. Sir Redvers Buller has been summoned from South Africa to succeed lord Wolseley as commander-in-chief, lord Roberts declining to accept the position without a free hand.

Gen. French has occupied Carolina. It is hoped with his force and Gen. Smith-Dorrien's to surround and capture a large number of Boers.

Former president Steyn and the commander-in-chief are reported to be at Belfast.

Gen. Barton had an engagement with 1,500 Boers at Welvedland. He killed five of them and scattered the commando. He also captured 11,000 head of stock.

Gen. Clements has made a great raid on cattle, which the Boers were driving along the Magalisberg range.

At Pietermaritsberg Gen. Buller was presented with a sword of honor by Natalians. In thanking the donors he made a lengthy speech, in which he replied to critics. He landed at Cape Town, Oct. 31st, 1899, a general without an army, and as the army would not be on hand till the end of December he had to decide to act with the material he had or sit down for seven weeks and see Natal over-run. He did the best he could and failed, but the failure was not as disastrous as it might have been had he rested. He lost his command but he was, nevertheless very glad he was in South Africa for he became associated with the most gallant army a general ever had the honor of leading.

Lord Roberts has issued an order removing the restriction on exports from the Transvaal and the Orange River colonies.

The departure of Mr. Stowe, American consul at Cape Town, was made the occasion of a masonic function. Mr. Stowe expressed the hope that future generations would reap blessings from the war in South Africa.

GET THEIR DEMANDS.

Sliding Scale Abolished—In Effect Till April 1901.

Philadelphia, Oct. 19.—The great strike of the anthracite mine workers of Pennsylvania which began Sept. 17th, practically ended when the Philadelphia & Reading coal company and the Lehigh valley coal company agreed to abolish the sliding scale in their respective regions, and to grant an advance in wages of ten per cent. net, the advance to remain in operation until April, 1901, or thereafter.

Scranton, Pa., Oct. 19.—Representatives of all the big coal mining companies met yesterday and decided to insist on a decrease in the price of powder, to be computed as part of the increase in wages to contract miners. President Mitchell, of the united mine workers, was directed to get a straight advance and that another miners' convention will be necessary before the strike can be declared off, even though the officers are disposed to accede to the conditions.

Germany Commemorates.

Berlin, Oct. 19.—The German nation celebrated yesterday the anniversary of two of the most important events in the history of the fatherland. It was on October 18th that the battle of Leipsic was fought in 1813, and on the same date of the year 1831, the lamented emperor Frederick was born in the new palace at Potsdam. The president of the patriotic federation, Herr Theime, the mayor of Leipsic, and the dean Kaemmel of the Leipsic university, made addresses. The multitude then sang national airs. In honor of emperor the royal theatres were closed, and the imperial standard on the palace of the empress Frederick was lowered half mast.

Want White House Enlarged.

Wilkesbarre, Oct. 19.—The daughters of the American revolution held their annual conference here to-day. As this is the anniversary of the surrender of lord Cornwallis at Yorktown, in 1781, the addresses made many illusions to that important event. The conference emphasized its approval of the project to enlarge and remodel the White House. The Daughters of the American revolution will appropriately observe the anniversary of Washington's death in December.

It Made Divorce Too Easy.

Newark, Oct. 19.—Legal aid will no longer be furnished free to parties seeking divorce, by the New Jersey legal aid association. Miss Philbrook, counsel for the association, says the offer was prompted by the fact many poor persons had not the necessary funds to procure divorce, but many applicants able to pay expenses took advantage of the offer, and that many who applied for aid were planning to marry again as soon as they were divorced.

Opens Savannah Cathedral.

Savannah, Ga., Oct. 19.—Mgr. Martinelli yesterday dedicated the new Roman cathedral, in the presence of all the Roman Catholic bishops in the south and many from other sections of the country. The new structure is built on the site of the one burned two years ago. This event is one of the most memorable in the history of Georgia, as the golden jubilee, or fiftieth anniversary, of the Savannah see, which fell on July 19th last, but is observed coincident with the cathedral's opening.
