WOMAN'S NARROW ESCAPE.

Her Body Prepared For Grave, But She Was Alive.

New York, Oct. 25.—The Evening Telegram has a special despatch from Shippenburg which says that, after lying all night on an undertaker's coffin, being prepared for the preparation of her body for burial, Mrs. John Stroke was found to be alive, and there is a possibility that her existence may be prolonged. The undertaker had been ordered to embalm the body, but he thought he detected a twitch of an eyelid and left the supposed corpse on the cooling board. In the morning there was still evidence of life, and a physician was summoned who discovered the woman to be in a state of coma. She was immediately placed in bed. Her disease has been diagnosed as acute nephritis.

Offical Hint Thrown out in London

ABOUT THE NEW ALLIANCE

NO INTENTION OF INTERFERING WITH RUSSIAN PLANS.

French Suggestion That the Agreement Was Made Because of Mutual Distrust as to the Yangtse Valley.

London, Oct. 25.—A statement, apparently from an official source, is in circulation to the effect that the Anglo-German agreement is in no wise aimed at ignoring Russia, whose railway concessions in Manchuria are not affected by it. The object of the agreement is to uphold the integrity of China without reference to the potential arrangements of the powers regarding the construction of railways in the empire.

Paris, Oct. 25.—The Temps publishes a statement in reference to the Anglo-German agreement, which, while purporting to be a telegram from London, was not improbably inspired by the French foreign office. It is to the effect that diplomatic circles now pretty well understand the exact bearing of the agreement, namely, that it is simply a mutual guarantee by Great Britain and Germany against any secret design on the part of either to seize the Yangtse Valley to the detriment of the other, a case which each nation was suspicious the other would attempt.

Demands Of Nations

Washington, Oct. 25.—Secretary Hay has taken important action to centralize responsibility in China. After consultation by cable with minister Conger, he has instructed the American diplomat to demand the abolition of the Tsung Li Yamen and the appointment of a minister for foreign affairs who shall speak at least one European language. The object of this is to ensure the placing of responsibility when future negotiations with China are under way.

London, Oct. 25.—The Berlin correspondent of the Standard asserts that despite rumors to the contrary, Dr. Mumm von Schwartzenstein, the German minister to China, will not begin negotiations until the Chinese plenipotentiaries give proof, not only of the validity of their credentials, and guarantees for the punishment of the chief offenders, but undertake to abstain from prescribing conditions.

Boxer Leaders' Fate.

Shanghai, Oct. 22.—A telegram from a reliable source at Taiyuen fu was received here to-day. It states that prince Tuan and prince Chwang, the notorious Boxer sympathizers, are still at that place, which has been abandoned by the court as the capital, waiting to hear what penalty is to be imposed on them for their connection with the anti-foreign uprising. This penalty is to be determined at Pekin by the members of the imperial clan court, who still remain there and not at Singan fu, the new capital.

Meeting The Rebels.

Hong Kong, Oct. 25.—The governor of Hong Kong has been informed that 1,000 villagers in the Samtoshwink Kwanshin district were attacked by rebels at Peng Kok. The villagers were defeated and 2,000 of them killed. The rebels, who lost 100 killed, burned two villages containing 3,000 houses. A force of 2,000 troops went to the assistance of the villagers and engaged the rebels on Oct. 22nd.

Gen. Ho, with 25,000 troops, has returned to Hong Kong, having burned the villages of Shanchauten and Malatawz.

Killed 200 Boxers.

Kiau Chau, Oct. 25.—A detachment of German marines in a battle near Kaunn with Boxers, killed 200 of the latter.

To Whom Entrusted.

Berlin, Oct. 25.—Germany has agreed to Japan's proposal that peace negotiations with China shall be entrusted to the foreign representatives at Pekin.

Will Run For Algoma.

Winnipeg, Oct. 25.—Hon. A. C. Patterson, late lieutenant-governor of Manitoba, has received a telegram from chairman King, of the conservative association in Port Arthur, offering him the unanimous nomination to contest Algoma in the conservative interest at the coming election. It is understood that Mr. Patterson will accept the nomination.

Hope It Will Be Done.

Belleville, Ont., Oct. 25.—At a political meeting yesterday Sir M. Bowell spoke in reference to Mr. Cook's charge re the $10,000 senatorship, and said: "When I again take my seat in the senate I shall be very much surprised if a motion is not made to appoint a commission to investigate this matter."

SNIPED AT BY BOERS.

Gen. Settle's Column Was Attacked Twice.

EIGHT OF THE ENEMY DEAD

SETTLE IS PACIFYING THE HOPSTADT DISTRICT.

Lord Roberts Cables to the War Office—Prisoners and Cattle Captured—Talk of Interference Not Believed.

Cape Town, Oct. 24.—A despatch from Hopstadt, Orange River Colony, says Gen. Settle's column is doing a great deal towards pacifying the disturbed district in that neighborhood. The column halted at night recently and the rear guard was attacked by the Boers, who poured in a heavy rifle fire. The Boers crept up over the sand and were not leaving until they poured in several volleys. The British had twenty wounded. Subsequently, when returning to Hopstadt, the column was sniped at by nine Boers, who were concealed behind the bush on the river bank. A well aimed shrapnel shell was sent into the bush. Eight of the Boers were killed, and the ninth, who was wounded, surrendered.

Gen. Hunter's column has burned the village of Rothaville, thirty miles from Commandos Drift, to the ground. The reason for this is that the Boers in that vicinity have been sniping at the British continuously.

Lord Roberts' Report.

London, Oct. 24.—Lord Roberts telegraphs from Pretoria under date of Oct. 22nd as follows: "French reached Bethel on Oct. 20th. He was opposed during the greater part of his march from Carolina.

"Terrell has reached Buffelshoek and Settle has reached Hopstadt.

"Methuen's convoy was attacked near Zeerust on Oct. 20th, and Barton was attacked at Friedericksstad.

"Paget has captured sixteen Boers and a number of cattle and sheep."

Tenure Of Office Extended.

London, Oct. 25.—The Standard announces that lord Wolseley's tenure of office as commander-in-chief of her majesty's forces, which nominally terminates on Oct. 31st, will be extended owing to the prolongation of Gen. Roberts' stay in South Africa. It was hoped when Gen. Roberts' succession to lord Wolseley was gazetted that he would be able to begin his new duties on November 1st.

Is Not Believed.

The Hague, Oct. 25.—Little credence is attached here to the utterance of St. John Gaffney, of New York, to the effect that president Kruger's mission to Europe is to induce the powers not to recognize British sovereignty in South Africa and that the ex-president of the Transvaal probably would visit the United States. Mr. Gaffney is absolutely unknown in Holland, even to the Boer partisans. His declarations are so totally opposed to those made by president Kruger, and the Dutch consul, at Lorenzo Marquez, that it is believed here that either he has been misquoted or has been misinformed as to the ex-president's intentions.

Entertained Buller.

Cape Town, Oct. 24.—The town council entertained Gen. Buller at luncheon to-day. In replying to a toast in his honor Gen. Buller said that when he arrived at the outbreak of the war he found the same spirit of determination to uphold the flag and defend its rights prevailing the colonists as he found when he was last here twenty years ago. There was no doubt that if in 1878 Sir Bartle Frere had been supported in the policy that he had been dispatched from England to carry through much misery would have been prevented in South Africa. Fortunately Sir Alfred Milner had been supported, and he was sure that the spectacles through which South African affairs were now looked upon by those in power in England, were considerably better than they were twenty years ago. From that he deduced that the sacrifices made and the misery endured by the people of South Africa had not been in vain. Henceforth South Africa would be a prosperous country under one flag.

An enormous and enthusiastic crowd witnessed the presentation of addresses this afternoon. In replying Gen. Buller said that he had felt extreme pleasure in commanding troops who had been trained by himself. He paid high tribute to the devotion and loyalty of the soldiers, especially mentioning the South African light horse. He said that after the war it was hoped that there would be permanent peace, when all the people were alike under one flag, all joining in the creation of one common country. It would be impossible, however, to secure permanent peace unless the very best feeling was shown by those who had the best of the fight.

Homeward Bound.

London, Oct. 25.—The war office publishes a despatch from Gen. Roberts saying that he will leave for England about Nov. 15th. The commander-in-chief reports that 125 prisoners, and many cattle are reported captured.

Bowell Seeks Sweet Revenge.

Ottawa, Oct. 25.—Posters are being issued in Lanark announcing that Sir Mackenzie Bowell will speak at Carleton Place in favor of Dr. Preston, the independent candidate, running against Hon. John Haggart, the nominee of the conservative convention. Bowell is after the "nest of traitors."

Killed In An Explosion.

New York, Oct. 25.—A special from Woodbridge, Va., says that at least twelve men were killed during the series of awful explosions at the Indian Head navy proving station on the Potomac river. The entire post is demolished.

CARTWRIGHT AT STRATHROY.

Enthusiastically Received—A Catastrophe Narrowly Averted.

Strathroy, Ont., Oct. 25.—Sir Richard Cartwright addressed a largely attended meeting held here last night in the interests of Mr. Calvert, the liberal candidate for West Middlesex. Sir Richard, on his arrival from Toronto, was met at the station by a large crowd carrying torches, a band, and a mounted escort of fifty strong, and was carried in procession through the principal streets to the Lyceum, where the meeting was held.

What narrowly escaped being a catastrophe occurred just before the meeting opened. While the stairway, which is about ten feet wide, was crowded from top to bottom a number of the steps began to give away. A warning cry of "stand back," was raised, and the crowd above and below stepped quickly and quietly back and allowed those on the caving steps to scramble to safety. About eight steps dropped a distance of two feet at the south end, but the pressure was removed before they fell completely through. A few moments afterwards the entire stairway settled to the same extent, but by the time all the people were clear of the stairway, and all danger of injury was past.

FIGURING IT OUT.

So Fnr the Insurance Companies Are the Gainers.

Toronto, Oct. 25.—The civic committee which insured the lives of the Torontonians in the first and second contingents is figuring up how the matter stands. Of 122 men insured in "C" company, seven are dead, and of 165 men in the mounted rifles, three are dead. The friends of these ten men each will receive $1,000. A considerable number of the city men, chiefly regulars, remain in South Africa and the death list may be increased. As matters stand, however, the companies gain handsomely, the total premium paid by the city having been $14,911.

ELECTIONS AT DAWSON CITY.

The Two Reform Candidates Were Successful.

Victoria, B. C., Oct. 25.—News brought by the Danube, says that in the elections for seats in the Yukon council, held in Dawson, on Oct. 17th, Arthur Wilson and Alexander Prudhomme, the peoples' candidates, were successful so far as the votes counted show. The elections were the first held in the territory and the contest was between the two candidates nominated by the upholders of the present administration, Auguste Noel and Thomas W. O'Brien, and the candidates nominated by the reform party.

COL. PIQUART WINS SUIT.

Gets 30,000 Francs Damages—His Calumniators Imprisoned.

Paris, Oct. 25.—Col. Picquart's suit for libel against Le Journal arising from the Dreyfus polemics, was decided in his favor to-day. The court condemned the manager of the paper, M. Pouch, to pay a fine of 2,000 francs and M. Posien and Galli, the writers of the articles, were sentenced to six months and a month's imprisonment, respectively, and all three were sentenced to pay 30,000 francs damages.

BURGLARS AT WORK.

They Pick Up Considerable Stuff At Marmora.

Marmora, Ont., Oct. 25.—Burglars entered Lavine & Co's store and stole ten watches and mismated boots. They also broke into Golding's hotel and stole $125. They took the cash register out near the railway and there broke it open and secured the money. The burglars also broke into William Hughes' hardware store and secured some bibs.

Mr. Chamberlain's Speech.

London, Oct. 25.—Mr. Chamberlain made his first public appearance in London last night since his re-election for West Birmingham. While closely identified with the midland city the colonial secretary is a descendant of a London mercantile family. His father and grandfather were members of one of the London guilds, and he himself was last night admitted to the freedom of the Fishmongers' company. The keynote of his speech was the unity of the British empire, and for the most part his remarks were conceived in a spirit worthy of such a great theme.

Drowned While Deer Hunting.

Fort Coulonge, Que., Oct. 25.—Israel Villeneuve, barber of Fort Coulonge, was drowned to-day, at Crooked Lake, about ten miles from here. Deceased was hunting, and when in the act of shooting at a deer from his canoe the canoe upset. The body has not yet been recovered. Villeneuve was about thirty-six years of age. He leaves a wife and family of eight small children.
