

Mazda Mobile Start will change the driving experience

Mazda Canada now offers Mazda Mobile Start, the only Smartphone Remote Engine Start system engineered and designed specifically for Mazda vehicles.

Meeting all of Mazda's exacting factory standards and specifications, Mazda Mobile Start can be purchased and installed at local authorized Mazda deal-

ers.

Mazda Mobile Start allows owners to start and stop their engine from virtually anywhere with a smartphone.

With the app, owners can start their engine and allow it to idle for up to 30 minutes at a time to preheat or cool the car.

The app also features a timer to show how long the car has

been running and how much longer it will run. Once the vehicle is started using the app, the settings last used on the climate control system and defroster will activate to help ensure the car will be heated and cooled when ready to go. Mazda Mobile Start allows owners to check the door lock status and remotely lock or unlock doors leaving owners

confident in knowing the car is securely locked. In addition, the panic alarm can be activated for increased security.

Installed prices for the 2016 Mazda6 and 2016 CX-5 is \$681 while the 2016 CX-3 is \$720.

Installation price includes first year's subscription and it will be \$75 per year after the first year.
