Business did not continue to satisfy and after eighteen months he found it necessary to do all his first work over again. "It cost more to re-establish myself," he said "than if I had continued to take a reasonable amount of space in the newspapers the year 'round, but the lesson has been worth its cost."

A WAR TRAGEDY.

A Southern Bride Killed by a Cannon Ball While Being Married.

Writing about South Carolina's executive mansion, Mrs. Thaddeus Horton, in the Ladies' Home Journal, tells of the shocking tragedy that occurred there toward the close of the war. This was the death of the daughter of Gov. Pickens immediately after her marriage to Lieut. Le Rochelle. The Northern army began shelling Columbia, but preparations for the wedding continued. The guests were assembled and the clergyman had just joined the right hands of the happy pair, when, suddenly, there was an awful crash, and a cannon ball penetrated the mansion and burst in the middle of the marriage chamber, scattering its death-dealing missiles. There were screams and a heart-rending groan; mirrors crashed; the house shook; women fainted, and walls reeked to and fro. In all the crowd only one person was injured, and that was the bride. She lay partly on the floor and partly in her lover's arms, crushed and bleeding, pale but very beautiful, her bridal gown drenched with warm blood, and a great cut in her breast. Laying her on a lounge, the frantic bridegroom besought her by every term of endearment to allow the ceremony to proceed, to which she weakly gave consent, and lying like a crushed flower, no less white than the canal-lias of her bridal bouquet, her breath coming in short gasps, and the blood flowing from this great, angry wound, she murmured "yes" to the clergyman, and received her husband's first kiss. A moment more and all was over. She was laid to rest under the magnolias, and the heartbroken bridegroom, reckless with despair, returned to his regiment."

MANY PERISH.

Five Known Dead at Popular Bluff, Mo., Others Lost.

Popular Bluff, Mit., Nov. 13.—Many lives were lost in a fire which early yesterday destroyed the Glifford house, one of the oldest hostelries in south-east Missouri. Four bodies have been removed from the ruins. One man is missing, two persons were fatally injured, seven severely and twelve slightly. As there were forty-five guests in the house it is believed that several other persons met death.

Many of the guests had not registered and a full list in unobtainable. The only person awake in the morning was the porter. He was unable to give an alarm, the smoke and flames driving him back. The fire department responded promptly, but was unable to render much assistance to the guests. Those on the second and third floors, unable to descend by the stairs, leaped from the windows.

Chuck Clark jumped and broke his back. Etts Hargrave leaped from a third-storey window and sustained fatal internal injuries. Benjamin Shelby and his wife, who escaped by jumping, assert that they saw ten or more persons in the second storey hallway, overcome by smoke. Work was immediately begun on the ruins.

Pain in the Back.

Makes life miserable for many. Can it be cured? Yes; in a night. Nerviline gives a complete knockout to pain in the back, because it is stronger, more penetrating, more highly pain-subduing than any other remedy extant. One drop of Nerviline has more power over pain than five drops of any other remedy and it is true strength you want when you've got a pain. Your money back if it is not so. Druggists sell Nerviline.

BASIS OF A TREATY.

Foreign Envoys Agreed to Certain Terms.

TO BE PRESSED UPON CHINA

APOLOGY, DEATH AND INDEMNITY DEMANDED.

Rational Intercourse With the Emperor to be Permitted—Forts to be Razed—Suppression of Boxers and Compensation for Destruction of Property.

London, Nov. 13.—Dr. Morrison, wiring to the Times from Pekin says: "Pressed by the common desire for a speedy termination of present conditions the foreign envoys have finally agreed to the following terms to be presented in a conjoint note which, subject to the approval of the governments, will be pressed upon China as a basis of a preliminary treaty:

"China shall erect a monument to baron Von Kettler on the site where he was murdered and send an imperial prince to Germany to convey an apology. She will inflict the death penalty upon eleven princes and three officials already named, and suspend provincial examinations for five years, where the outrages occurred. In future all officials failing to prevent anti-foreign outrages within their jurisdiction shall be dismembered and punished.

"Indemnity shall be paid to the states, corporations and individuals. The tsung li-yamen shall be abolished and its functions vested in a foreign minister. Rational intercourse shall be permitted with the emperor as in civilized countries.

"The forts at Taku and other forts on the coast of Chili shall be razed, and importation of arms and war materials prohibited.

"Permanent legation guards shall be maintained and also guards of communication between Pekin and the sea. Imperial proclamations shall be posted for two years throughout the empire, suppressing Boxers.

"The indemnity is to include compensation for Chinese who suffered through being employed by foreigners but not compensation for native christians. The words 'missionary' and 'christians' do not occur in the note."

Uncalled For Act of Cruelty.

Washington, Nov. 13.—It is understood that the Chinese authorities at Pekin have been profoundly aroused by some of the executions of Chinese officials which have occurred of late and that they have made known in an official way their surprise and regret that this should occur while the peace negotiations are going on.

It appears that the execution of the acting viceroy of Chih-Li is looked upon as peculiarly reprehensible and has been the main cause of the present intense feeling of the Chinese officials at Pekin. This acting viceroy served during the absence of Li Hung Chang at Pekin, occupying his yamen and in all ways executing Earl Li's functions while he was conducting the peace mission. His headquarters were established at Pao Ting Fu, whence the allied forces under the German commander recently directed their expedition.

It is said that the acting viceroy made no opposition to the advance of the German and other allied troops, although he had an army capable of resisting. He is said to have come out of the city to meet the allies and to have turned over his yamen to them. Notwithstanding this he has been put to death, and this fact when communicated to Li Hung Chang, and his associates at Pekin, has caused the present intense feeling.

From the Chinese standpoint China is herself proceeding to punish guilty officials, and the question of punishments is also being considered in the negotiations now progressing. The Chinese officials maintain, therefore, that this summary execution of one of the highest officials, while he is said to have been non-combatant and peaceful, is both extraordinary and is calculated to stir up animosity among the Chinese people, which there is every desire to avoid.

THE FIRST CONFLICT.

A Meeting Prohibited Because It Would Do Harm.

Dublin, Nov. 13.—The first conflict between the Irish league under Charles Wyndham, as chief secretary for Ireland, took place yesterday at Ballindarrig, county Wicklow. A meeting there had been prohibited on the ground that it would provoke intimidation and disorder. John Redmond and John Dillon had previously spoken in Wicklow, denouncing the stupidity and tyranny of the government, but declared that its conduct synchronizing with Mr. Wyndham's arrival in Ireland was more valuable than if a hundred meetings were held.

Mr. Redmond led the crowd to Ballindarrig, where there was a strong force of police. A row ensued during which the police used their batons. Several men were injured. The meeting was subsequently held indoors.

RICHEST MINES IN CANADA.

But Alaskan Gold Seekers Will Fight to Claim Them.

Vancouver, B.C., Nov. 13.—It is said that a letter has been received here from Hon. Sidney Fisher, dominion minister of agriculture, stating that Canadian and American surveyors will officially locate the boundary line in the disputed territory comprising the valuable Mount Baker mining district. This work is to be begun as soon as the winter snow disappears.

Dominion surveyor Dean, sent here from Ottawa for the purpose, has reported that after investigation he believes that all the rich mines of the district, hitherto supposed to be well over the American boundary, are really in Canadian territory.

Col. W. L. Dudley, United States consul at Vancouver, states that representations have been made to him regarding the dispute by both American and Canadian officials and that he is in communication now with the state department at Washington, regarding the advisability of reopening the entire question.

All of the mines in the district are owned by Americans who maintain that their property is located in the United States but they have taken precaution also recording their claims in Canada.

THEY HERE DEPORTED.

Indiscreet Bride-Elect Goes Back in Tears.

New York, Nov. 13.—Among the passengers on the steamship Island, were Jan Jensen and Hilra Christiansen, who when they left Sweden, were engaged to be married. When they reached the large office Jensen told the board of inquiry that his bride-elect had flirted with the sailors on the steamer and he would not marry her. Flora cried and said she had meant no harm and that she loved her Jan even more than in Sweden. But Jan was obdurate. He was told both he and the girl would be deported unless he married her. He said he did not care, because he could find half a hundred girls in his part of Sweden whose affection would stand a sea voyage, and he asked that he be sent back forthwith. Both were ordered deported.

A UNITED NATION.

This is What the People of Canada Desire.

Winnipeg, Nov. 13.—Hon. Mr. Sifton, in the course of his speech at the meeting held last night under the auspices of the Winnipeg liberals to celebrate his victory in Brandon, said the results of the recent elections showed that the people of the province of Quebec had decided, against the belief that Canada would be ruled by the French, against racial animosities, and had determined to cast in their lot with the Anglo-Saxon race. S. A. D. Bertrand, the French liberal candidate for Provencher, expressed his thanks for the kind references of the minister of the interior to the French race. Such expressions, he said, were calculated to make the Canadian people of different races and creeds a united nation.

AT MERCY OF BOERS

But Now Occupied By Seaforth Highlanders.

PHILIPPOLIS IS RELIEVED.

CANADIAN WOUNDED WERE RETURNED TO BELFAST.

Kindly Treated By the Boers—Boer Commandants Prinsloo And Fourie Killed—Philippolis Held Bravely Out.

London, Nov. 13.—Lord Roberts in a despatch to the war office confirms the news that Maj. Mackintosh, of the Seaforth Highlanders, occupied Philippolis, in the Orange River Colony, on Nov. 8th. The Boers fled in all directions. The wounded were brought to hospital surgeon Hartley. Seven were wounded.

From Oct. 18th to Nov. 8th Philippolis was at the mercy of the Boers. The garrison, which consisted of nineteen townsmen, nine men of the Orange River Colony police, and eleven natives under Lieut. Tonkin, an intelligence officer, occupied the fort west of the town, consisting of a small kopje with schanses ground. The top was subject throughout the occupation to a persistent and searching fire from every direction. The Boers' fire was continuous from Sunday morning to Wednesday evening. On Tuesday an attack was attempted, but the Boers refused to obey their commanders when they got to close quarters. Our men distinctly heard the leaders urging their men on, but the enemy never got within 200 yards. Four times during the siege the garrison were called on to surrender and refused.

Lord Roberts telegraphs the war office that Gen. Smith-Dorien reports that some Canadians wounded, who fell into the hands of the Boers, were subsequently returned in British ambulances to Belfast. They speak highly of the kind treatment they received from the hands of the Boers. They were informed that commandants Henry Prinsloo and Joachim Fourie were killed and commandant Grobelaar was wounded in a recent fight. This is confirmed by lord Roberts.

Hanged For Murder.

Bloemfontein, Nov. 12.—Christiaan Plenaar, sentenced to death by the military court, for complicity in the murder of James Wilson, near Wynburg, was hanged this morning.

At a meeting of the town council, the mayor announced that the military authorities required a piece of ground for barracks for a permanent garrison of 7,000 troops. A committee was appointed to select a site for the purpose.

Killed or Captured.

Lorenzo Marques, Nov. 12.—A batch of forty Boers returning from Lorenzo Marques to join their commandoes, were met by a party of British, who killed eight, wounding or capturing the remainder.

NEWFOUNDLAND ELECTIONS.

The Bond Party Have a Good Lead.

St. John's, Nfld., Nov. 13.—The colonial general elections, from the Bona Vista district, with half the count completed, indicate the election of Mr. Morine, opposition leader and his colleagues, Messrs. Blandford and Chaplin, by majorities of about 700, as against 1,700 received in the previous elections. No other counts have been reported. This will give Morine four men, and premier Bond seventeen, so far as heard.

St. John's, Nfld., Nov. 13.—Morine's discomfiture is complete. Premier Bond with two colleagues carries Twillingate, increasing the majority of 200 to 1,000. Morine's majority yesterday in Bona Vista was reduced 1,100. Bondites also carry Placentia, majority, 1,300, last election, tory majority of 700. Bond now has twenty-seven and Morine four. Five seats are to report. Sectarianism completely failed to help Morine's fortune; purely Protestants increased majority against him seven-fold. Twillingate under like conditions increased five fold.

PEDLAR PALMER DEFEATED.

Harry Ware Won Fight in London Last Night on Points.

London, Nov. 13.—At the National sporting club, London, last evening a twenty-round contest for the bantam championship between Pedlar Palmer and Harry Ware, resulted in a victory for the latter, although Palmer showed himself far more clever than his opponent, who won the fight on points. Another challenge was issued after the contest on behalf of Palmer to Ware for a twenty-round engagement for £500 a side.

SEEKS YANKEE MANAGER.

President of the Grand Trunk System in New York on a Mission.

New York, Nov. 13.—Sir Charles Rivers Wilson, president of the Grand Trunk railway, who reached this city from England last Saturday, says that the main object of his visit is to secure a general manager for the Grand Trunk in place of Charles M. Hays. President Wilson says: "We have not decided to whom we shall offer the position, but it will go to an experienced American railroad man."

Dyment Likely Elected.

Sault Ste. Marie, Ont., Nov. 13.—Forty-three polling places in Algoma give Dyment, liberal, 537; Boyce, conservative, 252. Majority for Dyment, 285.

Winnipeg, Nov. 13.—In eastern Assiniboia Douglas, liberal, is leading by 237, with two places to hear from.

Sir Wilfrid Laurier's first public address since the conclusion of the campaign will be delivered in his own constituency, Quebec East.

WANT LAW ENFORCED.

The Lord's Day Desecrated in the Ancient Capital.

Quebec, Nov. 13.—The following petition to the mayor and city council is being circulated for signature through the city in regard to Sabbath observance:

"We, the undersigned citizens and ratepayers of Quebec, deeply interested in its welfare, the perpetuation of its good name and the conservation of the religious tone of the life of its mixed population, would respectfully call the attention of your honorable body to the flagrant infraction of by-law No. 49, which regulates the proper observation of the Lord's day within the city limits. And we do this all the more earnestly, inasmuch as the experience of other nations has been that the observation of the Lord's day has been the demoralization and enfeeblement of the people who have violated the Lord's day rest. In our city the violation of by-law No. 49, has in late years been apparent to all, in the growing number of open stores, the inception of public games and public places of amusement on the Lord's day, and this tendency to violate the Lord's day, shows no signs of abatement but is rather on the increase. We, the undersigned citizens, pray you as an honorable body entrusted with the managing of civic affairs that you will instruct the police force through its chief to enforce the said by-law No. 49 without fear or favor, and to conserve our city's good name and welfare."

DREAMED TRULY.

Dreamt He Killed a Woman And He Did.

London, Nov. 13.—Believers in presentiments are agitated by the extraordinary example afforded by one of the fatal accidents on the occasion of the return of the city imperial volunteers.

Maikart driver Wilkinson, on the morning of the procession, was awakened by his wife, as he was screaming. He said he had just dreamt that he had run his cart over a woman and killed her.

That afternoon he drove his cart through the crowd at Ludgate circus. Several people clambered upon it, the springs broke and the cart toppled over on the crowd, crushing a woman named Eleanor Ball to death. He related his dream at the inquest.

FULL JUSTIFICATION.

Otter Forwards Telegrams to Establish Good Administration.

Ottawa, Nov. 13.—A batch of reports was received to-day from South Africa. They contain little that is new. Maj. Ogilvie, commanding "E" battery and Maj. Hurdman sent reports. Col. Lessard says that the parade state of his battalion was 142 on march, eighty-seven sick, and twenty-six invalided and one missing. Col. Evans complains of sniping by the Boers. Col. Otter refers to complimentary telegrams received from Gen. Smith-Dorrien, which were a full justification of his (Otter's) administration since he took command.

A DASTARDLY DEED.

Negro Burglar Strikes Woman With Slung Shot.

Chicago, Nov. 13.—A negro burglar forced his way to the apartments of Mrs. Orrin W. Potter, wife of the millionaire steel man and banker, at their home shortly after one o'clock this morning, and when discovered in the act of applying a sponge saturated with chloroform to Mrs. Potter's nostrils, struck her a fierce blow on the head with slung shot. The shock of the blow rendered Mrs. Potter unconscious, and the doctor who was called fear that she may not recover.

Divorce Suit Led To Tragedy.

Bucyrus, Ohio, Nov. 13.—Mrs. Anna Dice filed suit for divorce in court here yesterday and at an early hour this morning her husband beat down her door with an axe, and command that she withdraw the suit. She refused to do so, and he opened fire on her with a revolver, one of three shots taking effect in her breast. Dice then shot himself, and also cut his throat with a razor, but Mrs. Dice fought him off until he dropped dead from loss of blood. Mrs. Dice is now in a critical condition.

Erb Is Elected.

St. Mary's, Ont., Nov. 13.—The official declaration made yesterday gives Erb (liberal) a majority of ten in South Perth over Pridham.

Vice-Regal Shooting Trip.

Ottawa, Nov. 13.—The governor-general and Capt. Graham have gone west for a week's duck shooting on the St. Clair flats.
