WOMAN'S COUNCIL.

A Graphic Report—Memorial Tablet Nearly Ready.

Notwithstanding the unpleasant weather yesterday, the meeting of the woman's council, postponed from Monday on account of the storm, was attended by a considerable representation of charitable and other women's organizations. The principal feature was a graphic and interesting report by the delegate to the annual meeting at Victoria, Mrs. Cochrane, who was listened to with much pleasure, as she detailed the pleasant experiences of the journey, and the proceedings at the convention. The delegates from the east were treated with every attention, being hospitably entertained at several places on the way, including a reception on behalf of lord and lady Aberdeen at their ranch of Coldstream. At Victoria the council were entertained and feted by the lieutenant-governor and other wealthy citizens, owning grounds commanding some of the views of that beautiful capital. Among the items of business at the council, perhaps the most interesting was the description of the way in which the Doukhobor women had profitted by the loan made to them last year by the local councils, to supply material for their skilful hands. Some account of the handicrafts in which they excel gave an idea of their industry and skill. Another feature was the interest taken in Victoria in the early closing movement begun by the council. Mrs. Cochrane received a standing vote of thanks for the interesting report.

The president, Mrs. Fraser, mentioned that the tablet in memory of lord Sydenham, to be placed in St. George's cathedral (instead of the original one destroyed by fire with the church), at expense of the Ontario government, petitioned to this effect by the Woman's national council of Canada, in the initiative of the local council, would soon be ready and would be a handsome memorial of the distinguished governor. It will be as nearly as possible a reproduction of the one destroyed. The meeting closed with the national anthem and was followed by one in the interests of the Victorian order of nurses.

FOR A FIENDISH CRIME.

A Mob Pursues a Brutal Kentucky Father.

Lexington, Ky., Nov. 29.—A special from Catlettsburg says that William Gibson to-day killed his two-year-old stepdaughter by running a red-hot poker down her throat. Gibson had been married but a short time and has quarrelled frequently with his wife about the disposition of the children. Gibson has evinced a dislike for the girl from the beginning, and has complained about paying for the keeping of the child.

There was an especially violent quarrel between the husband and wife to-day, and he brooded over it. He waited an opportunity when the wife was out of the house and heated the poker at the open grate. The little one was in its cradle cooing and clutched at the red-hot instrument in baby fashion. He caught the child by the neck and forced the iron down its throat. Horrified with what he had done, he set fire to the building in the hope of hiding his crime. The fire spread to the adjoining houses and the dead body of the infant with tongue and mouth seared was found, the poker being on the floor at the side of the crib.

A mob was at once organized and went in pursuit of the man. They say they will hang him to the nearest tree if they find him.

Dismissed From Office.

Shanghai, Nov. 29.—Liu Shu Tang, governor of Che Kiang, was dismissed from office by a special edict received to-day. He published an anti-foreign edict last June, ordering the extermination of foreigners in his jurisdiction. He subsequently recalled the edict, but it effected its purpose, having resulted in the massacre of over twenty missionaries at Chuchow. For more than a year he has had trouble with missionaries and the French, British and American consuls vigorously protested against his attitude. The three anti-foreign governors of Hunan, Shansi and Che Kiang have now all been removed from office.

Married Some Sweet Day.

The engagement of the Rev. Gaylard Hawkins Patterson, Ph.D., of Smethport, Pennsylvania, and Miss Millicent Louise Webber, third daughter of the Rev. George Webber, Toronto, is announced.

Miss Jeanne Langtry, daughter of Mrs. Langtry, de Batlie, is engaged to marry Arthur Hill, eldest son of lord Arthur Hill, uncle of the marquis of Downshire.

The engagement is announced in Quebec of Miss Isabel Benson, daughter of Edward C. Benson, Quebec, to Frank Walker, Montreal.

A Grave Mistake.

The First Baptist congregation is about to fall into the mistake other church bodies have made. They are going to tear down their old church, a good building, to provide a lot for a new church, which then will have to be crowded in. Why not leave the old church up for a school house and church hall, for which it would be well suited? Such accommodations have been sacrificed before, and then replaced at far greater cost later on than the first saving.

An Octogenarian Dead.

Yesterday the spirit of James Heenan, one of Kingston's oldest citizens, took its flight to the unknown shore. The deceased resided with his niece, Miss Carey, corner of Johnston and Division streets, and had reached the venerable age of eighty-seven years. He was a member of St. Mary's cathedral. Father Carey, Erinsville, is also a nephew of deceased. The funeral will take place to-morrow morning to St. Mary's cemetery.

The Rideau Will Boon.

Capt. Nooman was very successful in his mission to New York. The New York Central railway company will issue 75,000 descriptive pamphlets of the Rideau, and these will contain a 16x24 map of the great waterway. Next season the Rideau trip from Kingston to Ottawa will boon.

St. Andrew's society, Winnipeg, will celebrate by holding a big banquet this evening. Dr. MacArthur is president for the ensuing year.

A petition is in circulation for presentation to the city council protesting against a license being granted to the proprietor of the lunch waggon which stands on the market. The restaurateurs, whose places of business front the market square would not sign the petition.

A scrap of large dimensions took place last evening in an Ontario street hotel. A Queen's art student, identified some years ago with the senior football team, knocked a number of farmers around like so many nine pins. The farmers were the aggressors and were severely pummelled.

The news arrived in Toronto of the death in Aberdeen, Scotland, of Rev. John G. Inkster, B.A., well-known to Queen's students, as the manager several years ago of Varsity rugby team. Mr. Inkster was greatly beloved, and is mourned by a wide circle of friends.

By a vote of five to ten the Victoria, B.C., property owners on Thursday decided to give a bonus of $15,000 a year for twenty years and other privileges to a company, to build a railway and ferry to connect Victoria with Liverpool, the present terminus of the Great Northern railway in British Columbia.

Ontario Jockey Club.

Toronto, Nov. 30.—The annual meeting of shareholders of the Ontario jockey club was held at the club office to-day, when a statement of accounts for the past year was presented, which showed the affairs of the club to be in a satisfactory condition. To Improve The King.

During the present winter extensive repairs and improvements will be made to the steamer North King. It is intended to add a new saloon, removing the present upper works to the deck and rebuilding; more stateroom accommodation can thus be obtained. The work will keep a large staff of carpenters and other skilled mechanics employed all winter.

Catarrh Philanthropy.

Which means, do good as well as get good. This is how it operates.—Pearl Lake Mill, Que., August, 1900. "Enclosed find $6, send six outfits to friends" as follows—"A short time ago I wrote you for an outfit for Mr. Liberge, he would not now part with it for twice its value. I secured one in Montreal, having been informed of your remedy by my father—it has acted wonderfully in Nasal catarrh of long standing. Signed, Thomas Sissons.

Mr. Sissons says a great deal naive, but when a man sends out for six outfits of Catarrhozone that means more than a bushel of words. Such action stands for conviction that he has discovered a remedy of superlative value. Druggists all sell Catarrhozone, ask them to show it to you, ask them to let you try it. We will send it to you for $1 or a sample for 10c. N. C. Polson & Co., Kingston, Ont., Hartford, Conn.

Proved Successful.

On Sunday at the Guelph general hospital a very interesting experiment, from a medical standpoint, was made, consisting of injecting nitrogen into the lungs of three patients—inmates of the institution—suffering from tuberculosis. The work which was of a skilful character, was performed by an eminent Chicago specialist, and two prominent doctors of Kingston, and in each case proved successful, so far as could be judged. The idea is to destroy affected tissues of the lungs, so that the good tissues may be saved.

Selling Gold Mine Shares.

The North Gower correspondent of the Ottawa Citizen writes: "A man well up in years has been doing the town for the past few days selling stock in a gold mine located back of Kingston. All he asks is a dollar a share and he secured quite a few takers."

Seeking A Change.

To-day a committee of the ready-made clothing merchants waited upon city solicitor McIntyre to see if it were not possible to amend the by-law governing junk shops, etc., so as to have these places close at six o'clock each evening, at the same hour as the clothiers intend closing.

For Weak Kidneys,

BLADDER AND URINARY TROUBLES.

Dr. c's Kidney Liver Pills.

Are of Incalculable Value—A Grateful and Unsolicited Testimony.

The most painful and most fatal of diseases are those which attack the kidneys, bladder and urinary organs.

The symptoms of these disorders are not difficult to read, and there is no reason why anyone cannot diagnose their own ailment and apply the most successful treatment known to science—Dr. Chase's Kidney-Liver Pills.

Irregularity or difficulty in urinating, pains or weakness in the small of the back, deposits in the urine after it has stood for 24 hours, are the characteristic and unmistakable symptoms of kidney and bladder troubles.

Amongst the most dreadful developments of neglected kidney disease are stone in the bladder, which causes the most excruciating pain of any ailment known to man, and Bright's disease, a wasting away of the tissues of the kidneys which can only be stopped and cured when taken in its early stages.

To prevent the dreadful diseases the kidneys should always be kept in perfect order by the use of Dr. Chase's Kidney-Liver Pills. No other treatment for kidney derangements was ever so successful, and none has such an enormous sale as Dr. Chase's Kidney-Liver Pills. They are now used in the great majority of homes in Canada and the United States with most excellent and beneficial results, and frequently prescribed by physicians when ordinary treatments fail.

Such grateful, unsolicited testimony as is contained in the following letter is not given to remedies of ordinary qualities. It is the spontaneous, heartfelt praise of a man who was cured of painful and dangerous disease by using Dr. Chase's Kidney-Liver Pills.

Mr. Wm. Giles, carpenter, Sault Ste. Marie, Ont., states:—"Unsolicited I write to tell you of the good qualities of Dr. Chase's Kidney-Liver Pills in curing urinary troubles. I do not write for your especial profit, but for the good of those afflicted as I have been. I have used eight boxes and do not now feel the old trouble in the least.

"I felt relief one hour after taking the first pill. It is a great source of comfort to me to know that there is a medicine to help my weak kidneys. Those wishing further particulars may address me as above."

Dr. Chase's Kidney-Liver Pills are specific for all kidney, bladder and urinary derangements, and liver troubles. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Dr. Chase's Ointment has never failed to cure piles.

The output of "Slater Shoes" is so large that the makers are able to control their own tannage in most leathers.

"Canuck Calf," made from the best selected calfskins, in black, light and medium tan and seal brown.
