HE PLANS TO TRAP BOERS

KITCHENER CRUSHES BY A VISE MOVEMENT.

Present Silence is But a Forerunner to Offensive Operations Modelled on Napoleon's Famous Manoeuvres—Forces Moving in Opposite Directions.

Chicago, Jan. 8.—The Record prints the following from London: London hopes that lord Kitchener's present spell of silence is the forerunner of important offensive operations throughout the length and breadth of the South African war field. Sunday passed without a word from the commander-in-chief later than Friday, when he communicated some second-hand information from Cape Colony.

Such fresh tidings as come to hand bring unofficial news of fighting at Grootvoler, in West Middleburg, last week, when a party of Boers occupying their favorite kopje position repelled a British attacking force. This evidence of the invaders' strength is disquieting, inasmuch as it seems to indicate that the Dutch are determined to be fought, and not frightened, out of Cape Colony.

This week is expected to prove productive of vigorous measures against the intruders. Unless they are heavily reinforced it is believed that the home defence volunteers, operating in conjunction with such detachments as lord Kitchener has been able to send, will succeed in scattering the commandos that infest the country on the east, west and north, and drive them back into the arms of the British in the Orange River Colony.

Gen. Knox's tireless chase of Gen. Dewet divides attention with the Cape situation. The British general has three columns hunting the raider down in the Ficksburg region, but the guerilla chief evinces an unwillingness to stand up and fight.

Burridge Breezes.

Burridge, Jan. 7.—The sleighing is excellent. Miss Ada Kish was quietly married to Mr. Leman by Rev. Mr. Sanderson. The annual cheese meeting, held Saturday, was satisfactory to patrons and maker. On New Year's day Miss L. Anderson and T. Briggs were united in matrimony by Rev. Bryan. Miss B. Anderson acted as bridesmaid and Mr. Moore as best man. A number from here attended watch-night service at Westport. Mr. and Mrs. Alexander Bygrove have returned to Burridge from Perth. Miss McCaugherty opened school Monday with a good attendance. A number of our young people attended the ball at Westport. George Butterill is all smiles; it's a girl. Sugar parties are all the rage. Visitors: Mr. Genge, Kingston; Mrs. Wright, Toronto; Misses Murphy and Campbell, Michigan; Mr. Adrain, Forfar; Mr. Kerr, Elgin; Mr. and Misses Shellington, Parham.

A Kingstonian's Success.

Brantford Expositor.

The music loving citizens of Brantford were given a rare treat on New Year's afternoon in the Park Baptist church, the occasion of the twilight organ recital by Miss Singleton, of Kingston, assisted by those splendid vocal soloists, Mrs. Leeming, Miss Nolan and Miss Mabel Stockwell.

This was Miss Singleton's first visit to Brantford and she made a most flattering impression upon those who heard her New Year's afternoon. She is a young musician of rare accomplishment and her different numbers were splendidly executed. If any choice could be made it is possible that the audience enjoyed her second number most. "Overture to William Tell," by Buck, is certainly a gem when well executed, and it is safe to say that a Brantford audience never heard it played better than on this occasion.

A Yarker Resident Dead.

The ball in Yarker hall was a success, about fifty-seven couple attending. George Dear was caterer for the occasion. The councilmen elected yesterday are: Freeman, Paul, Stover and Tesky. VAST WEALTH OF SIBERIA.

Canadian Says That it is Richer Than Klondyke.

Woodstock, Dec. 31.—Fred Dunn, of the 13th line, has returned from Siberia, where he went in the interests of an English mining company. He left Canada last March. Mr. Dunn states that a wrong conception is formed of the Siberian climate. "People here," he says, "think that it is a frozen-up country, whereas it is very similar to Manitoba." Mr. Dunn had to encounter many difficulties after leaving the new Siberian railway from Moscow. He had to assist in building a waggon road about a mile in length into the interior. The representatives of the mining company took with them a large plant of hydraulic machinery, specially constructed for placer mining. Siberia ranks third in the gold-producing countries of the world notwithstanding the fact that the mining has been done by nomads, or wandering tribes, of Russia, in the crudest way. The government of Tomsk is considered by Mr. Dunn to be incomparably richer in gold than the Klondyke. The precious metal is found there from four inches deep in bed rock. The creeks and rivers are full of it, and the gold-bearing area is, perhaps, the largest in the world. In speaking of the people, Mr. Dunn says that the better class are highly educated, it being a common occurrence to run against well-informed men who can speak three or four languages. The inhabitants were very hospitable and treated Mr. Dunn and his party with every attention. He returns to Sibera in February.

WANT SOME HELP

In the Opening Up of Rich Undeveloped Territory.

Vancouver, Jan. 8.—Premier Dunsmuir, attorney-general Eberts, O. Gosnell, private secretary to the premier and Oscar Bass, chief clerk of the attorney-general's department, have left for Ottawa where they expect to be joined by Hon. C. W. Wells, minister of finance. The visit of the premier and ministers to the capital is to lay before the government at Ottawa the importance of rendering British Columbia some assistance in the opening of its rich, but, at present, undeveloped territory.

The snow fall during the last three days has been so heavy that no mails have arrived here.

Duff is spending the winter at Toronto. Election is the excitement of the day. S. Arthur is home from Queen's. Mrs. Shepherd is convalescent. Mrs. Sampson and daughter have returned to their home in Napanee. Owing to the illness of Rev. G. E. Wood, T. Maxwell occupied the pulpit in the Methodist church on Sunday morning. Holmes has given up her school and will remain at home during the coming year. Willie Duff has returned to Sydenham high school. Miles Wood and family have moved to Kingston.

Forty Years' Courtship.

Toledo, O., Jan. 8.—A license to marry was issued yesterday to Phillip Breidt and Mary Ball, each of whom is over 70 years old. Their courtship has extended over a period of 40 years. They were to have been married in 1862 and the groom duly procured a marriage license, but for some reason or other the engagement was broken off. The groom appeared at the court house and inquired if the document issued 40 years ago was valid and it puzzled the officials. He was persuaded to purchase a license of more recent date.

On leaving the office of the probate judge the aged lover remarked "I'm going to do the right thing by her now." The couple will be married to-day. Breidt has been a porter in the employ of a wholesale grocery house for the last 34 years without missing a day's work.

Queen's Team In Ottawa.

CATS FOR NORTH-WEST.

Rats Said to Be Eating Settlers Out of House and Home.

New York, Jan. 8.—A despatch from Woodstock, Ont., to the World says: A hearty welcome awaits the cat in the Canadian northwest territories.

Rats are playing the mischief with the homes of that section, while cats are astonishingly scarce.

The northwest settlers are rapidly realizing that feline aid must be obtained to hold the rat scourge in check.

Very largely upon the cat depends the survival of industry in these territories.

"Another year without cats," so experts say, "and northwestern Canada will be literally captured by its rodent invaders."

Already cat shipments from eastern Canada have begun. Four cats were shipped yesterday from this place in a furlined crate at a cost of $6 in express charges.

"They come high," say the rat-ridden settlers, "but we must have 'em."

All of the latter are submitted to the arbitration of queen Victoria.

The presidents of Chili and Argentine exchanged cordial telegrams over the advent of the new century.

Mother's Heroic Sacrifice.

Williamsport, Pa., Jan. 8.—Mrs. J. M. Poust, of Muncy, in a hospital here, yesterday paid a heroic sacrifice for the sake of her child. The child was born with a facial disfigurement of hair growth, extending over the brow and cheek. The doctor told Mrs. Poust that the hair growth skin could be cut away and skin from some other person grafted in its place. The mother declared she would submit to the operation of furnishing the graft, and a piece of the cuticle eight inches in diameter was cut from her back and transplanted on the child.

Eight thousand flags were used in decorating shields on 2,000 poles forty feet high joined by evergreens.

Better Than None.

Montreal Herald

1. I, too, am of opinion "that the church is a rather poor exponent of christianity." How could it be otherwise?

2. A poor exponent is better than none at all.

3. The church, poor as it is, has almost always taken the side of justice.

4. I hope the church will continue to do all that poor human nature—aided by the Divine Spirit—can do, whether all workingmen go to church or not.

5. Workingmen who attend church help on the good cause. Those who stay at home do not. This applies to others as well as workingmen.—G. M. GRANT.

Catarrhozone An Efficient Asthma Remedy.

No greater boon has been extended to sufferers from asthma. Catarrhozone is as certain to cure as anything in this world can be certain. Its effect is immediate and its prolonged use results in a radical cure. Several hundred testimonials from sufferers of this malady, enables us to make this strong claim. A trial will certify this. Sold by all druggists or sent post paid to any address in Canada or United States, on receipt of $1. N. C. Polson & Co., Kingston, Ont., Hartford, Conn.

The Editor of Ossland Has Been Rounded Up.

Cape Town, Jan. 7.—Advocate Malan, a member of the Colonial parliament and editor of Ossland, an Afrikander organ, has been arrested on the charge of defamatory and seditious libel. He was admitted to bail in the amount of $500. The hearing of the case was fixed for to-morrow. The article containing the alleged libel reflected upon Gen. French and his troops.
