THE BARBECUE A SUCCESS.

AN IMMENSE CROWD GATHERED AT LAKE ONTARIO PARK.

The Ox Was Roasted To a Turn—Little Flesh Left At the Close Of the Day—High Officials Of the Order Were Present and Made Excellent Addresses.

Judging by the attendance, every man, woman and child not out of the city on one of the excursions must have gathered at Lake Ontario park during yesterday afternoon and evening to take part in the barbecue held under the auspices of Court Frontenac, No. 59, I.O.F. If there is enthusiasm and success in numbers, then this affair must be counted a brilliant achievement. At least 5,000 persons paid the fee that admitted them to the ground and to the privilege of partaking in feast attending the consumption of a roasted ox.

To prepare this carcase for consumption, the work of roasting it was begun at five o'clock Saturday night under the able management of market clerk McCammon, assisted by T. McCambridge, F. McCambridge, John Fraser and A. Lannigan. They watched the cooking process until seven o'clock Monday morning, when the carcase showed nicely browned sides, and was pronounced ready for serving. It was kept covered up during the day, and about half-past four o'clock was exposed to view, when market clerk McCammon began cutting it up and serving it, together with liberal quantities of bread, to all who desired to partake. Before the day closed there was little flesh left on the bones. The carcase was that of a three-year-old Durham heifer weighing 500 pounds, and donated by B. W. Folger.

The barbecue was graced by the presence of Dr. Oronhyatekha, S.C.R., and Dr. C. D. Clark, Tamworth, H.C.R. for eastern Ontario. During the afternoon they each delivered a short address, as did also Dr. Herald, C.R. of court Frontenac. Dr. Clark, who is a graduate of Queen's college, spoke of his pleasure at visiting Kingston, incidentally mentioning the rapid growth of Forestry and the benefits to be derived from connection with the order. Dr. Herald followed in a similar strain, relating incidents coming under his personal observation where the order has been of great benefit to members and their families.

Dr. Oronhyatekha had not come to make a speech, but to partake of a portion of the roasted ox. Like the previous speakers he liked to mingle in the society of Foresters, but the society of their wives, their daughters and sweethearts was more agreeable. He regretted that the necessary act of the supreme court had not been passed, throwing open the doors of forestry to ladies. Many years ago such a proposition was first considered by the supreme court. Besides the speaker there were only six other "civilized men" who then supported the measure. The process of civilization is advancing, however, and at the last session of the supreme body there were sixty men who favored admitting women. It is expected that at the next meeting of supreme court in August next the necessary sanction will be obtained. Strange to say the men who did not favor admitting women were those who trotted off to attend supreme court without the company of their wives. From his personal observation these are the very men who should not be allowed to go away to supreme council without being accompanied by their better halves.

The speaker mentioned the custom of physicians in keeping patients in bed longer than necessary, in order to run up a large bill, and said that in order to be cured quickly it was only necessary to become a Forester; as court physicians received the same fee when all the members were well as when on the sick list. In 1880 the mortality in the order was ten in one thousand. Prior to that date the Canadian branch was under American rule. For the first ten years after the Canadian branch became independent, the mortality was reduced to 6.40. In 1892 it fell to 6.25. A year later it went down to 5.47. The speaker had about concluded that there would come a time when, perhaps, there would not be any deaths in the order.

Referring to the vast crowd, the speaker thought that perhaps many had gathered to see him attired in his blanket, carrying his tomahawk and scalping knife. These, however, he never wore except at supreme court. There was not so much need of the tomahawk and scalping knife as in the days of his grandfathers, when they were used with such good effect in "protecting the grand old flag we live under."

When the Canadian branch cut loose in 1881 there were only 369 members. These had to face an indebtedness of $4,000. There are now over 120,000 members, and claims amounting to over $4,500,000 have since been paid, while there is in the treasury $2,360,000. During last month this sum was increased by $40,000.

During the afternoon and evening dancing was indulged in, music being furnished by Neilson's orchestra. A detachment of the 14th P.W.O.R. band was also present and discoursed sweet music. The gathering was also entertained by the biograph, a new set of views being exhibited. The affair passed off without a hitch. The different committees performed their work faithfully and left no fault to be found. It was nearly midnight before the last of the crowd returned to the city.

One of the county commissioners has received letters from eighteen applicants for the position of county treasurer, each asking for his support. There is a feeling among the commissioners that the lowest bidder should get the position.

A Bright Particular Star.

London Spectator.

People have all at once, as it were, made the discovery that a vigorous nation is arising amid the snows of the north which may produce a great effect on the world. Canada had, so to speak, found her soul, and the world has recognized the discovery. A new and decidedly brilliant constellation has appeared in the political firmament.

On Thursday last the steamer Arundell made her last trip to the Thousand Islands. She has been chartered by the Lake Ontario steamboat company to take the route of the North King while that steamer is engaged in carrying excursionists to the Toronto exposition. The Arundell made the North King's trip Alexandria Bay yesterday.

THE NEWS FROM NAPANEE.

THE FLOWER SHOW WAS A FINE SUCCESS.

The People Thronged the Hall to Have a Look at the Display—Labor Day—Caught With the Clothes He Stole on His Back—Sent up For Six Months.

NAPANEE, Sept. 6.—The members of the horticultural society held a very successful flower show in the covered skating rink on Friday afternoon and evening last. It met with such success that the promoters decided to still hold it open on Saturday afternoon, when the people from the country had an opportunity of viewing the beautiful sight. The skating rink was transformed into a veritable fairy bower. At the entrance "V.R." and underneath a crown were handsomely made with daisies and below this was another crown in pansies which was very attractive. At the opposite end of the rink the initials of the society "N.H.S." was tastefully made of golden rod and sunflowers, and overhead and all about the place was made gay with bunting. The centre of the rink was allotted for potted plants, of which Mr. Lloyd, florist, had an elegant display, very tastefully arranged. The Ferris wheel and the modern battle ship were also works of art in their line. Two bicycles were handsomely decorated with flowers, making, indeed, a lovely picture. Mrs. D. Daly's was decorated with green on the spokes and the rim and hub of marigolds. Miss Ward's wheel was also very pretty with sweet peas for decorations. A lemon grown by Mrs. Ross, of Picton, was on exhibition, as was also a fig tree. The cut flowers were handsomely arranged in fancy holders down the sides of the rink, and were greatly admired. The band was in attendance on Friday evening and discoursed sweet music to the throng who visited the display and enjoyed a promenade. The promoters of the idea feel greatly encouraged that their efforts to please proved so successful. They certainly spared no pains to make it successful and deserve the reward of their labors.

Mrs. Ezra Pringle is spending a week with friends in Niagara. Mrs. Dr. Wylie, of Dresden, is on a visit to her sister, Mrs. Alexander Karr. Dr. McDonald, James Roblin and George Thompson have gone to the Bald mountains for a few days recreation, which will be spent fishing and shooting and inhaling the salubrious breezes of that district.

NAPANEE, Sept. 7.—Labor day in Napanee was very quietly observed. The greater number of our town people went to Deseronto and took in the sports, and all agreed that the day's programme was excellent.

Our police magistrate had a busy day yesterday. The proprietor of the Brisco house was up with three convictions against him; one for selling liquor to minors, another for selling liquor during prohibited hours and a third for keeping a disorderly house. Judgment was reserved until Thursday next.

Another of the light fingered fraternity was caught, not red-handed but with the clothes he stole on his back, which was nearly as bad. On Saturday night Mr. Edwards, section boss on the G.T.R., had a suit of clothes and a pair of boots stolen from his house near the G.T.R. station and it occurred to him after he missed the articles to visit the tramps' resort near the station, and sure enough he spied his clothes on one of the frequenters. He was brought before magistrate Daly and admitted the theft. He couldn't well do anything else seeing he had the articles on, and he was committed for larceny to the Central prison for six months. He gave his name as William Stonehouse. He is an English emigrant boy about eighteen years of age. He has been in this country about two years, and was working for a farmer near Whitby and left him about a week ago.

HAD AN EPILEPTIC FIT.

John Meyer, of Belleville, Taken to the General Hospital.

Motorman Rayman was hailed at Shortt's corner, Portsmouth, on Saturday evening about six o'clock by a man who, according to the story told by several passengers on the car, had just left an hotel. The man stepped aboard. When the car had reached the "Penitentiary hill" the man stiffened out in his seat, and after a few convulsive struggles fell to the floor. Several of the passengers went to his assistance, but he was quite unconscious. He was laid on one of the seats and there remained until the car reached the corner of King and Brock streets, when he was carried into Wade's drug store. Dr. J. Harty was called in. After having placed the man in the position most favorable to his recovery he searched his clothing for some clue to his identity. The only article found that served this purpose was the following certificate: "The bearer of this, John Meyer, has been in Belleville hospital, suffering from epileptic convulsions, and is liable to be attacked by the same disease.—Medical superintendent, Belleville hospital."

Drennan's ambulance was called and the stranger was taken to the general hospital.

Several of the passengers on the car on which Meyer rode from Portsmouth state that he walked as though he had been drinking heavily. He is apparently fifty years old, full faced, wearing sandy moustache and side whiskers and fairly well dressed.

FORSAKES HIS VOWS.

Father Richer Marries A Young School Teacher.

A great sensation has been caused in the county of Labelle by the retirement of Rev. Mr. Richer from his parish in the township of Masson. He owns considerable property at Notre Dame de la Salle, and has decided to settle on his estate there. A young girl named Cote was left an orphan at a tender age and was brought up by the young priest. The child blossomed into a charming maiden. The priest and his ward became very attached to each other, in fact an ardent love sprung up. At the beginning of the summer Rev. Mr. Richer asked for a leave of absence, under the pretext of ill-health, and it was granted. He then retired to his estate and has just announced his firm intention to forsake his vows and to marry Miss Cote. There is now tremendous excitement in the country. It is stated that the couple were married recently by a Presbyterian minister in Montreal.

Political Driftings.

Dundas Banner.

Those tory journals which are calling out for "a change" do not say whether they want a change of conscience or a change of shirt. . . . It was worth being in opposition for eighteen years to make such a splendid hit as Mr. Laurier has made, and all within a little over a year. . . . Good times are evidently at the door. The grits did not make them, but they have met them half way and are doing what they can to help them along.

CITY AND VICINITY.

Sore Pair Of Hands.

A day or two ago Charles Fortescue, while enjoying a row in the harbor in his skiff, had the misfortune to blister his hands. The blisters broke and blood poisoning set in. He now has a very sore pair of hands.

At The Artillery Camp.

"A" battery, in camp at Deseronto, under command of Lieut.-Col. Drury, consists of eighty men, forty-four horses and six guns. "B" battery detachment, under Col. Wilson, camp commandant, has thirty-five men, eighteen horses and two guns. Kingston and Gananoque batteries shot off in the competition yesterday.

Had A Fine Outing.

On Saturday night several members of the K.U., club and a few friends, to the number of eight, left for a canoe trip in four canoes. Going up the Rideau, they struck east by way of the Gananoque river, returning in a steam yacht from Gananoque by way of the St. Lawrence The outing lasted forty-eight hours.

Vallaincourt "Not Guilty."

After having heard the testimony of the complainants in the case of Grooves vs. Vallaincourt, in which defendant was accused of indecent assault on an eight-year-old child, and also hearing the testimony as to good character of the accused, judge Price, Saturday afternoon, dismissed the charge, acquitting the prisoner.

Wants A Better Service.

Said a citizen to a WHIG reporter: "I cannot understand why our city council or our board of trade does not move to secure better train service between Ottawa and this city. The service now given is disgraceful. I left Ottawa at ten o'clock this morning by the G.T.R., was obliged to wait several hours at Brockville, and finally reached home at half-past seven. Something should be done to better this state of affairs without delay."

At The Police Court To-day.

At the police court this morning Alexander Slomesky, an old offender, admitted being drunk. A fine of $3 and costs was imposed, with the option of going to jail for one month.

John Agnew was not present, but constable Ballantyne testified to picking him up on Queen street, where he was lying asleep. He was drunk, and people living in the vicinity had telephoned, asking for his removal. Three dollars and costs or one month in jail was the verdict of the magistrate.

The New Woman Will Wed.

Dr. Lyman Abbott believes in co education. At least he says that the main argument against the mingling of the sexes at college is that "they are apt to fall in love and get married, and that," he asserted in a recent after-dinner speech to the Berlin college alumni, "is a thing of which I heartily approve. I fell in love and got married myself, and I think it was the best thing I ever did. Indeed, if I were addressing undergraduates I am not sure but that I would advise them to elect the study of human nature with one tutor each."

To The Better Land.

Last evening the angel of death touched the heart of Isabella Jacks, the wife of Capt. Andrew Dunlop, and the spirit of a true christian left this weary earth and entered into realms of eternal bliss. Mrs. Dunlop had been ailing for the past three months, but during the past three days had been unsually well and to within a few minutes of her demise was speaking to her friends. But the end came suddenly and death closed the scene of her earthly oxistence. Heart failure was the immediate cause of her taking away. Deceased was married in Kingston in 1853 to Capt. Dunlop, and was sixty-five years of age. Three sons and two daughters survive: A. W., James and Herbert, all residing in Kingston; Mrs. Ashley, of Montreal, and Mrs. D. J. Dick, of this city. Mrs. Dunlop was a consistent member of Cooke's Presbyterian church which she had attended for the past forty-four years. She was quiet and unassuming, and bore with christian patience her long illness. By her death her husband and family lose a faithful wife and a kind and loving mother.

Captain Dunlop left on Sunday afternoon on the Algerian, as his wife seemed much better, but arrived home this morning too late to bid an earthly farewell. The funeral takes place to-morrow afternoon at half past two o'clock.

THE SCHEDULE ARRANGED.

How The Footballists Will Play Off The Ties.

On Saturday night the executive committee of the Ontario rugby football union met at Toronto and arranged the schedule of matches for the present season. J. M. Farrell, Dr. Ross and Dr. Ford represented Kingston clubs. The schedule as drawn up is:

JUNIOR SERIES.

Hamilton vs. Hamilton Y.M.C.A.—October 9th and 16th.

Petrolia vs. London—9th and 16th.

Brockville vs. Granites, Kingston—9th and 16th.

'Varsity vs. Wellingtons—9th and 16th.

Winners of groups one and two, at Petrolia or London on 23rd October. Winners of groups three and four, at Brockville or Kingston, same date. Date and place for final to be named by the executive.

INTERMEDIATE SERIES.

Brockville vs. Cornwall—9th and 16th.

Granites, of Kingston, vs. Royal military college—9th and 16th.

Osgoode vs. Queen's—9th and 16th.

Varsity II vs. T.A.C.-Lornes—9th and 16th.

Hamilton vs. St. Catharines—9th and 16th.

London vs. Petrolia—9th and 16th.

In each case the first match is played on the first mentioned date at the place first named.

SENIOR SERIES.

First round—

I—Osgoode v. Queen's, at Kingston, October 16th; at Toronto, October 23rd.

II—T.A.C.-Lornes v. 'Varsity, at 'Varsity, October 9th, at Rosedale, October 16th.

III—Hamilton, a bye.

Second Round—

III v. winner of II at Hamilton, October 23rd; at Toronto, October 30th.

I, a bye.

The final to be arranged by the union.

Curtis will be on deck with three new players whom he has been coaching for some time past. They come from Glengarry county.

Had the Queen's vs. Osgoode match been pulled off on the 9th of October H. H. Horsey would have remained over long enough to participate. As it is he will leave the city before the 16th, the date of the first match.

The schooner Rooney, Oswego, 300 tons, and Hunter, Charlotte, 350 tons of coal, are at Crawford & Co's wharf.

The sloop Maggie L., Belleville, arrived this morning with 3,000 bushels of peas, consigned to Richardson & Sons.

GREAT DAY AT DESERONTO.

SPLENDID FESTIVAL AND MUSICAL COMPETITION.

Kingston Lacrosse Club Defeat Gananoque at Watertown, N.Y., Six to One—172 Musicians in Line at Deseronto—The Athletic Events—14th Batt. Band Not Competitors—Poor Train Accommodation.

Beautiful weather and a large crowd combined to make labor day at Deseronto a decided success. The demonstration was under the auspices of the Central Ontario musical association, and the Deseronto band, aided by a citizens' committee, provided a long and interesting programme of music and sports. Nine bands lined up at the market square at 1:30 o'clock at the command of marshall Russell and marched to the fair grounds in the following order: Marmora, Wooler, fife and drum of Kingston, Yarker, Napanee, Trenton, Picton, 14th P.W.O.R. and Deseronto—a grand total of 172 musicians in line. The selections by the combined bands of the association, under the able leadership of Prof. Denmark, were admirably rendered, and the programme of four numbers merited the applause accorded by the large audience of 3,000 people present.

The athletic events were in charge of the indefatigable chairman of sports, A. D. McIntyre, and though not as promptly brought on as a spectator might desire, were faithfully carried out. In the march past, Picton band won amid great applause, though it is only fair to say that the Citizens' band of Trenton were a good second. The 14th P.W.O.R. were not competitors, having left earlier to catch their train. It looked very much as if the band competition events were held until late so the 14th could not take part in any of them.

The only Kingstonians who succeeded in carrying off prizes were W. Dehaney, second in the half-mile running, Norman Robinson, third in the one-mile bicycle, and C. W. Powell, third in the two-mile bicycle race.

About 300 took in the excursion to Deseronto yesterday from Kingston, and there were large excursions to the same place over the Bay of Quinte railway and per steamers Ella Ross and Deseronto. The accommodation from the junction at Deseronto into the town is meagre. The "one-horse shay" that does the work on that branch yesterday had to return several times to accommodate the crowd.

The Watertown Party.

Over 200 people took advantage of the Kingston lacrosse club excursion to Watertown yesterday and by all reports were handsomely treated. Leaving here at eight a.m. Watertown was reached shortly after eleven, just in time to see the trades' procession which was both unique and gorgeous. After dinner the event that most interested Kingstonians was the lacrosse match between Kingston and Gananoque, and they, together with thousands of others assembled at the beautiful Glen Park where the sports were held.

Promptly at two o'clock the teams faced and for two hours gave the prettiest exhibition of Canada's national game that was ever seen in Watertown. The Kingston players soon captured the crowd by scoring and it was apparent from the first that they would win. In the two hours, seven goals were scored, of which Kingston counted six, Gananoque one, but this is no criterion of the play as the teams were more evenly matched than the score would indicate. Gananoque was assisted by four Brockville men but the faithful training of the Kingston boys overcame all obstacles, and as a result they bring home a beautiful silver cup given by the trades' assembly. H. H. Tout and W. D. Scott, former Kingstonians, were prominent officials in yesterday's display, the lacrosse team being looked after by the former and nothing was too good for them.

A baseball match between Sackett's Harbor and Watertown, a wedding speech and specialty performances were the other events. Rev. D. Libby, whose elopement caused a sensation in Watertown some time ago has returned, and was a prominent speaker yesterday.

STOLE A BAG OF FLOUR.

The Thief Caught and the Missing Article Recovered.

On Saturday last a farmer, supposed to be Andrew Jackson, of Portland township, had a sack of flour stolen from his rig, left standing in the yard adjoining the Albion hotel. The man who took the flour was seen, and a description of his appearance supplied the police. As a result they arrested John Kenna, alias William Wilson, alias Walter Thompson, who boards on lower Bagot street. To constable Ballantyne he admitted his guilt, saying that he thought the flour did not belong to anybody in particular. The sack was recovered and awaits an owner at the police station.

Kenna was brought before the magistrate this morning, and pleaded not guilty to the charge, and was remanded for one week. After being returned to the cells he expressed a desire to be tried by judge Price.

AN X RAY

SNAP SHOT

Of your internal organization would reveal: if your back pains, congested kidneys; if your tongue is coated, disordered stomach; if your head is heavy, sluggish liver. Take another snap shot after you've used Mack's Rheumatic Pills—and note the change—the kidneys will be filtering the poisons from the system, the stomach actively digesting and the liver pouring out bile. You'll say you never felt better in your life. The system has been cleared of poisons by Mack's Pills, that's why. Fifty cents, all druggists.

"Cough Chaser" will cure that hacking Cough. 10c. druggists.
