RESTORATIVE FOR THE HAIR.—The age in which we live is truly one of research and discovery and to Professor Wood the present and succeeding generations are indebted for one of the most valuable remedies produced for the restoration of the hair. Many persons while young in years begin to lose their hair, and soon turn grey, but by the use of this truly wonderful preparation, its tendency to fall off is arrested, or restored to its original color, and it is rendered soft and glossy in appearance. Remember this is not a dye. We hear it highly spoken of.—[Quincy (Illinois) Patroit, Nov, 3. 1853.

Money! Money! Money!

WHY BE WITHOUT MONEY, when it is just as easy to any one to be around with a purse full as not, if they only think so. I have got a nice article, from which from five to twenty dollars a day can be made, either by male or female. It is a highly respectable business, and an article which is wanted in every family in the United States. Enclose me two dollars by mail, at my risk, and I will forward by return mail a Gold Pen, with the instructions in the art. The best essay you ever saw, $1; if you are out of employment and you will recognize it, you will be better to you to pay the money and insure a good business, than to pay twenty times cents for a sunstroke advertisement. This is no humbug. Try it! Try it! Try it! Address your letters to
